## Hawai‘i CC Degrees & Certificates

To earn a Certificate of Competence, Certificate of Achievement, an Associate in Applied Science degree, an Associate in Science degree, an Academic Subject Certificate, or an Associate in Arts degree, all curricular requirements must be met. A student may receive an A.S.C. without completing the A.A. degree but must have the appropriate Grade Point Average for all courses required.

* Financial aid ineligible.
General and pre-professional students may earn the Associate in Arts (A.A.) degree. Students intending to transfer into STEM areas may wish to pursue an Associate in Science in Natural Science (A.S.N.S.) degree. Vocational-technical majors may earn an Associate in Science (A.S.), Associate in Applied Science (A.A.S.), or Associate in Technical Studies (A.T.S.) degree, a Certificate of Achievement (C.A.), or a Certificate of Competence (C.O.) in one of the 25 vocational programs.

**Associate in Arts (A.A.) Degree**

A general and pre-professional education degree consisting of at least 60 Baccalaureate-level semester credits at the 100 and 200 levels provides students with skills and competencies essential for successful completion of a Baccalaureate degree. The issuance of an A.A. degree requires that the student must earn a cumulative 2.0 GPA or better for all courses used to meet degree requirements. The A.A. degree is designed for students who are preparing themselves to transfer to a four-year college or university. (UHCCP #5.203)

Hawai‘i Community College offers two Associate in Arts Degrees: one in Liberal Arts and one in Hawaiian Studies.

**Program Learning Outcomes**

Upon successful completion, students are prepared to:

- Communicate Effectively - Speak and write to communicate information and ideas in academic settings.
- Think Critically - Retrieve, read, and utilize information and synthesize, analyze, and evaluate that information to gain understanding and make informed decisions.
- Reason Quantitatively - Use quantitative, logical, and symbolic reasoning to address theoretical and real-world problems.
- Apply Areas of Knowledge - Utilize methods, perspectives, and content of selected disciplines in the natural sciences, social sciences, and humanities.
- Engage as Global Citizens - Demonstrate awareness of the relationship between self, community, and the environment, respecting cultural diversity and an understanding of ethical behavior.

To earn the Associate in Arts Degree in Liberal Arts (LBRT) from Hawai‘i CC, a student must meet the following requirements:

1. Credits Required: A total of 60 credits earned at or transferred to Hawai‘i CC in 100-200 level courses
2. A minimum of 12 credits must be completed at Hawai‘i CC
3. Minimum GPA Required: A minimum cumulative GPA of 2.0 is required for graduation
4. CR/NC option may be used to satisfy area and general elective requirements (Policy Haw 5.503)

**Foundations (12 credits)**

**Written Communication (FW) (3 credits):**
- Eng 100 (Writing)

**Quantitative Reasoning (FQ) (3 credits):**
- Math 100‡, 115, 120, 135, 140, 241, 242

**Global & Multicultural Perspectives (FG) (6 credits) in 2 different groups:**
- Group A - Prehistory to 1500: Hist 151, WS 175
- Group B - 1500 to Modern Times: Geo 102, Hist 152, WS 176
- Group C - Prehistory to Modern Times: (none at this time)

‡ Students who intend to transfer may require a course higher than Math 100

**Hawai‘i CC Required Courses (6 credits)**

**College Reading Skills:**
- Eng 102 (Reading)

**Communication Skills:**
- Sp 151† or Sp 251†

**Graduation Requirements**

**Writing Intensive:**
- One WI course with a “C” or better grade

**Hawaiian, Asian, and Pacific Issues:**
- Three credits HAP (from Diversifications or Electives)

**Diversifications (19 credits)**

**Diversifications - Arts, Humanities, Literature:** Six (6) credits required in 2 different areas:

**Diversification - Arts (DA):**
- Art 101, 107D, 111, 113, 114, 115, 217, 230
- Dnce 153, 185, 190V, 195
- Eng 204
- HwSt 103, 130, 131, 230, 231
- Sp 151†, 251†

**Diversification - Humanities (DH):**
- Asan 120, 121
- Hist 120, 153, 154
- Haw 101, 102, 201, 202
- HwSt 100, 101, 102, 105, 107, 201
- Phil 100
- Sp 260

**Diversification - Literature (DL):**
- Eng 255, 256, 257A, 257E
- HwSt 270
Diversifications - Natural Sciences: Seven (7) credits: three (3) credits from Biological Sciences; and (3) credits from Physical Sciences; and one (1) credit any Natural Science Lab:

Diversification - Biological Sciences (DB):
- Biol 100, 101, 124, 156, 171, 172
- Bot 101, 130
- Geo 170
- Micr 130
- Phyl 141
- Zool 101

Diversification - Physical Sciences (DP):
- Astr 110
- BioC 141
- Chem 100, 161
- Erth 101
- Geo 101

Diversification - Natural Science Lab (DY):
- Biol 100L, 101L, 124L, 156L, 171L, 172L
- Bot 101L, 105L
- Chem 100L, 161L
- Erth 101L
- Micr 140L
- Phyl 141L, 142L
- Zool 101L

Diversifications - Social Sciences: Six (6) credits required in 2 different alphas:

Diversification - Social Sciences (DS):
- Anth 150, 200
- Bot 105
- ECEd 105, 110, 131
- Econ 130, 131
- Geo 122
- HDFS 230
- HSer 110
- Psy 100, 170, 275
- Soc 100
- SSci 111, 150
- WS 151

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.

Electives (23 credits)
Other 100-level and above courses may be taken at Hawai‘i CC or transferred in to Hawai‘i CC as electives.

NOTE: Students may not use Independent/Directed Studies courses (marked 199 or 299) to meet area requirements unless prior permission is given by the advisor and the Vice Chancellor for Academic Affairs.

Additionally, courses numbered 99 or below are not applicable toward an Associate in Arts degree.

Writing Intensive Classes
A variety of classes are offered which are writing intensive (WI). These classes require students to do a significant amount of writing totalling a minimum of 4,000 words. Writing is emphasized as an essential tool for learning class material, and a major element in determining a student’s grade. In WI classes, an opportunity is provided for interaction between the instructor and student as a part of the writing process. WI classes have a minimum prerequisite of completion of Eng 100 with a grade of “C” or better. Completion of one WI class with a grade of “C” or better is required for the AA-LBRT degree and the AA-HWST degree at Hawai‘i CC. Students who are planning to transfer to a four-year college or university are advised to check on that institution’s WI requirements and are recommended to take two or three Writing Intensive classes at Hawai‘i CC.

For more information about the Writing Intensive Program at Hawai‘i CC, visit www.hawaii.hawaii.edu/writing-intensive

HAP Designated Classes
Effective Fall 2019, the Hawaiian, Asian, and Pacific Issues (HAP) is a graduation requirement for Associate in Arts (AA) degree majors. Returning students declaring a prior catalog year have the option to use the FHAP (formerly Asian/Pacific Culture) designated courses which were approved for their prior catalog year. (Policy HAW 5.702)

HAP is a University of Hawai‘i system initiative designed to improve teaching and learning at UH regarding Native Hawaiian culture and issues from the Native Hawaiian viewpoint, and how they intersect with Asian and Pacific Island cultures. In order to receive the HAP designation, at least 2/3 of a class must meet the following hallmarks:

1. The content should reflect the intersection of Asian and/or Pacific Island cultures with Native Hawaiian culture.
2. A class can use a disciplinary or multi-disciplinary approach provided that a component of the class uses assignments or practices that encourage learning that comes from the cultural perspectives, values, and world views rooted in the experience of peoples indigenous to Hawai‘i, the Pacific, and Asia.
3. A class should include at least one topic that is crucial to an understanding of the histories; cultures; beliefs; the arts; or the societal, political, economic, or technological processes of these regions. For example, the relationships of societal structures to the natural environment.
4. A class should involve an in-depth analysis or understanding of the issues being studied in the hope of fostering multicultural respect and understanding.

For more information about HAP, and to see a current list of HAP designations at Hawai‘i CC, visit www.hawaii.hawaii.edu/hap

Sustainability and S-designated Classes
Hawai‘i CC offers a designation of “SF” for courses and classes which expose students to sustainability across a variety of academic disciplines. These are designed to meet the UH system-wide goals to develop and strengthen ecological literacy.
in students and address local and global environmental challenges. While not a graduation requirement for the AA degree, S-designated courses and classes allow students from all majors and programs to deepen their knowledge of core concepts of sustainability utilizing a cross-disciplinary approach. The designation can steer students towards classes that address issues of sustainability and encourage students to learn about social justice, cultural, economic, political, scientific, green building, and artistic approaches to sustainability, recognizing the valuable contributions from each academic discipline.

The S-designation of a course indicates that sustainability is a major theme, and S-designation of a class (a particular section of a course) indicates that the instructor has chosen to integrate sustainability themes into the class content and promotes active student engagement with global and local environmental issues.

For more information about Sustainability at Hawai‘i CC, and for a list of currently designated courses and classes, visit www.hawaii.hawaii.edu/sustainability

Fulfillment of General Education Requirement

Effective Fall 1994, students who have earned an articulated Associate in Arts (A.A.) degree from any University of Hawai‘i Community College shall be accepted as having fulfilled the general education core requirements at all other University of Hawai‘i campuses. While an articulated A.A. degree satisfies general education core requirements, students must also complete all specialized lower-division, major, college and degree/graduation requirements. Additional campus-specific requirements, such as competency in a foreign language or writing-intensive courses, may also be required. With planning, most, if not all, of the requirements may be incorporated into the A.A. degree; if not, they are required in addition to the A.A. degree.

Associate in Applied Science (A.A.S.) Degree

A career and technical education degree consisting of at least 60 semester credits provides students with skills and competencies for gainful employment in a career and/or technical education area. The A.A.S. degree is not intended nor designed for transfer directly to a baccalaureate program. A.A.S. programs may, however, include some baccalaureate-level course offerings. Components of General Education included within the A.A.S. must be consistent with levels of quality and rigor appropriate to higher education. The issuance of an A.A.S. degree requires that the student’s work has been evaluated and stated outcomes have been met. The student must earn a cumulative 2.0 GPA or better for all courses used to meet degree requirements. (UHCCP #5.203)

To earn the Associate in Applied Science degree at Hawai‘i CC, it is the responsibility of the student to meet the program requirements. Those requirements are:

1. Satisfactorily complete the program of courses prescribed for his/her major
2. Earn credits in prescribed communications and mathematics/thinking/reasoning courses
3. Earn nine (9) credits total by selecting one 3-credit general elective course from each of the three areas: Cultural, Natural, Social Environment
4. Earn a cumulative GPA of at least 2.0 in Hawai‘i CC courses
5. Earn at least a 2.0 GPA in major courses
6. Earn 12 semester hours at Hawai‘i CC

Associate in Applied Science General Education Electives: The following courses may satisfy the A.A.S. degree general education electives: Cultural Environment, Natural Environment, Social Environment. Check with a program advisor for program requirements.

Cultural Environment:

Through study of artistic, literary, and philosophical masterworks and by examining the development of significant civilizations, cultures and the nature of human communication, students gain an appreciation of history and achievements. This experience should enable the student to approach future studies of a more specific character with a broadened perspective.

- Asan 120†, 121†, 122†
- Dnce 153, 185, 190V, 256† (see ECEd 256), 285, 290V
- ECEd 256† (see Dnce 256)
- Eng 103, 105, 204, 205† (see Jour 205), 215, 255, 256, 257A, 257E

(continued on next page)
Natural Environment:
A scientifically literate person should know what science is, how scientific investigation is conducted, and that the activity of a scientist is a blend of creativity and rigorous intelligence. Independent investigation in the laboratory provides an understanding of the features of scientific hypothesis and their proofs that external accounts cannot wholly describe.

Social Environment:
Every educated person should have some appreciation of the role of culture and social institutions in the shaping of individual personality and the creation of social identities. Students should also develop an understanding of the extent to which scientific inquiry is appropriate to the creation of social knowledge and of the alternative ways of organizing human institutions and interpreting social reality.
4. Earn a cumulative GPA of at least 2.0 in Hawai‘i CC courses
5. Earn at least a 2.0 GPA in major courses
6. Earn 12 semester hours at Hawai‘i CC

**Associate in Science Degree General Education Electives:** The following courses may satisfy the A.S. degree general education electives. Check with a program advisor for program requirements.

**Diversifications – Arts, Humanities, Literature**
Through study of artistic, literary, and philosophical masterworks and by examining the development of significant civilizations, cultures and the nature of human communication, students gain an appreciation of history and achievements. This experience should enable the student to approach future studies of a more specific character with a broadened perspective.

**Diversification - Arts (DA):**

**Associate in Technical Studies (A.T.S.) Degree**
A career and technical credential consisting of at least 60 semester credits provides students with skills and competencies for gainful employment. This degree must be customized by using courses from two or more existing approved programs and is intended to target emerging career areas which cross traditional boundaries. This degree must have educational objectives which are clearly defined and recognized by business, industry, or employers who have needs for specialized training. This degree must have advanced approval and cannot be requested based upon previously completed coursework. This degree requires a GPA of 2.0 or better for all courses required. (UHCCP #5.203)
Certificate of Achievement (C.A.)

A college credential for students who have successfully completed designated medium-term career and technical education credit course sequences provides them with job upgrading or entry-level skills. Course sequences may not exceed 51 credit hours (unless external requirements exceed this number) and may not be less than 24 credit hours. The issuance of a Certificate of Achievement requires that the student must earn a cumulative GPA of 2.0 or better for all Hawai'i CC courses required in the certificate. The 12 semester hours of work must be completed at Hawai'i CC. (UHCCP #5.203)

Certificate of Competence (C.O.)

A college credential for students who have successfully completed a sequence of career-technical education courses within a BOR-approved CTE program that has been identified as fulfilling an employable set of skills recognized by Business and Industry. The C.O. may be awarded for successful completion of a sequence of non-credit CTE instruction. The issuance of a C.O. requires that the student’s work meets or exceeds competencies necessary for employment (e.g., courses resulting in a student’s competence to be employed as an automotive “brake technician”). Course sequences shall be at least 4 and less than 24 credit hours and may include General Education courses appropriate to industry requirements. In a credit course sequence the student must earn a cumulative 2.0 GPA or better for all courses required in the certificate. (UHCCP #5.203)

Academic Subject Certificate (A.S.C.)

A college credential for students who have successfully completed a focused, specific sequence of credit courses from an A.A. curriculum. The sequence must fit within the structure of the A.A. degree, may not extend the credits required for the A.A. degree, and shall be at least 12 credit hours. The issuance of the Academic Subject Certificate requires that the student must earn a GPA of 2.0 or better for all courses required in the certificate. Students enrolled solely for the purpose of obtaining an ASC will be identified as unclassified for admission and enrollment purposes. (UHCCP #5.203)

Residency Requirement for Graduation

To graduate with a degree from a University of Hawai‘i Community College, a student must have earned a minimum of 12 credits of program courses in the degree/major from that college. (UHCCP #5.208)

Assessment

Assessment is the process of gathering information on student learning and services for the purposes of evaluating and improving the learning environment. Assessment is the responsibility of everyone employed by Hawai‘i Community College. The College engages in systematic assessment of learning and service outcomes to ensure continuous improvement and to create increased opportunities for student success. The College Council’s Assessment Committee provides leadership to ensure that the College achieves its mission by sponsoring assessment activities, encouraging meaningful assessment practices and experiences, and promulgating discovery based on results of the assessment process.

Assessment across the Kauhale is governed by the College’s Assessment Policy. (Policy Haw 4.202)

In addition, standards and criteria from the Accrediting Commission for Community and Junior Colleges (ACCJC), as well as accrediting bodies providing oversight for career and technical education programs, serve as the overall guidelines within which the college establishes and revises its assessment activities.

The course assessment cycle requires that all courses be assessed at least every five years: specific details of the course assessment requirements are listed in the Assessment Policy. (Policy Haw 4.202). The non-instructional service and support unit assessment cycle requires that all units be assessed regularly on a schedule determined by the appropriate vice chancellor or director.

Assessment is integrated with biennium and supplemental budget and strategic planning through annual program and service-unit reviews, and comprehensive reviews on a three-year cycle that are initiated and monitored by the College Council’s College Effectiveness Review Committee (CERC) and Assessment Committee. For more information, visit the website at www.hawaii.hawaii.edu/files/assessment

Course Review Policy

The University Council on Articulation (UCA) policy requires that all of Hawai‘i Community College’s previously articulated general education core courses be reviewed over a five-year period. Hawai‘i CC has developed procedures to review 20% of all of its approved courses each year. Courses will be reviewed according to their approval date; the oldest will be reviewed first. The policy and procedures were developed by the Academic Senate in collaboration with the Dean of Instruction, and were approved by the Senate on January 26, 2001. (Policy Haw 5.250)
PROGRAM DESCRIPTIONS

Accounting (ACCT)

Faculty: S. Dill

The Accounting program prepares students for entry-level positions. Learning centers on the accounting equation and the accounting cycle, recording financial transactions, and preparing financial statements.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Perform basic accounting tasks and business math skills to maintain accurate accounting systems in for-profit organizations.
- Communicate with stakeholders in a manner that reflects organizational culture and sensitivity to diverse customer and community needs.
- Perform basic office functions using standard and emerging technologies.
- Demonstrate, in a work environment, effective self-management through efficient use of time and personal commitments.
- Participate effectively in individual and group decision making.
- Use critical thinking skills to make decisions that reflect legal and ethical standards of the accounting profession.

Administration of Justice (AJ)

Faculty: D. Madrid

This program provides students with a solid background in the field of Administration of Justice by offering a variety of courses designed to prepare students for careers within the criminal justice system. The program combines the scientific study of law enforcement, the court system and corrections, along with a focus on the administration of these systems. An important component of the program is the study of the causes and effects of crime and the ways in which society responds to such behavior.

This program is designed to prepare students to obtain a two-year degree with the knowledge and skills needed to enter a career upon graduation. It also academically prepares students who wish to continue their degree at a four-year institution.

A student who successfully completes 12 credits of AJ courses at Hawai’i CC may receive up to 6 additional AJ credits for completing basic police recruit training as required by government law enforcement agencies.

An internship program is also available to students who wish to earn college credit by working in the AJ field. Students can earn up to 6 credits, which can be applied to the program. Students interested in the internship program should contact the AJ Coordinator.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Express a foundational understanding of the three components (law enforcement, courts, and corrections) of the Administration of Justice system and how they interrelate and affect individuals and society.
- Work independently and interdependently with diverse populations to produce personal, professional, and community outcomes.
- Use technology to access, synthesize, and communicate information effectively in written and oral reports.
- Develop and initiate career plans to obtain jobs or continue a degree in Administration of Justice or related fields.

- †† Earn 9 credits total by selecting 3 credits from each of the three Diversifications categories: Arts, Humanities, Literature (DA, DH, DL); Natural Sciences (DB, DP, DY); and Social Sciences (DS).

Agriculture (AGR)

Faculty: L. Nakamura
This program prepares students for employment in government service, agribusiness, horticulture, livestock, flowers and foliage, landscape, macadamia nuts, papaya, and coffee industries.

Program Learning Outcomes
Upon successful completion, students are prepared to:
- Plan and manage projects and cultivate horticultural crops using legal; sustainable; safe; and ecologically, biologically, and technologically sound practices.
- Design gardens that demonstrate the aesthetic principles of unity, repetition, balance, color, and texture congruent with the customers’ desires.
- Operate and maintain tools and equipment.
- Set-up and manage a business enterprise.
- Interact with customers and co-workers in ways that effectively support the work to be accomplished.

### Architecture, Engineering and Construction Technologies (AEC)

**Faculty:** D. De Silva

This program prepares students for employment with architectural firms, contractors, engineers, surveyors, or government agencies. Job responsibilities range from making accurate working drawings of buildings to assisting a surveying crew.

**NOTE:** At this time, admissions will be temporarily paused for the AAS-AEC and CA-AEC programs. New students will not be accepted for the 2022-2023 academic year. For more information, contact the Counseling, Advising and Support Services Center at (808) 934-2720 or e-mail hawccssc@hawaii.edu

### Program Learning Outcomes

Upon successful completion, students are prepared to:
- Using computational and reasoning skills, demonstrates entry-level skills for accuracy in drawings, and identifies the relationship of features to demonstrate visualization proficiency.
- Formulate, design, revise, and construct projects utilizing knowledge of proper construction materials and resources based on design criteria, and be able to defend, explain, and discuss.
- Design and generate Architectural and Engineering documents using two-dimensional and three-dimensional CAD programs.
- Demonstrate operational competence in using surveying hand tools and equipment.
- Demonstrate communication, critical thinking, research, and problem-solving skills.
- Illustrate within the design process an understanding of the balance between cultures, community, and the environment.

### Entry Requirements

- Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:
  - **Subject Area** | **Minimum placement into course**
  - Mathematics      | Math 82X
  - Reading           | Eng 102
  - Writing           | Eng 100

Auto Body Repair and Painting (ABRP)

Faculty: G. Fujioka C. Koreyasu

This program prepares the student for employment in an auto body repair and painting shop. Graduates have found that completion of the ABRP program leads to better paying jobs and faster advancement once employed.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Demonstrate entry-level knowledge and skills required for the safe operation of tools and equipment necessary to perform repairs on modern automobiles.
- Apply proper safety procedures and regulated compliance standards applicable to the auto collision and refinish industry.
- Demonstrate structural panel repair techniques and advanced welding skills.
- Demonstrate competence in refinishing procedures.
- Employ industry standard operating procedures and repair techniques.
- Utilize research, communication, and problem solving skills to evaluate and operationalize repair tasks.
- Model professional conduct and practice desirable work habits and attitudes for successful employment in the auto repair industry.

Entry Requirements

- Possess a valid driver’s license
- Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

Automotive Technology (AMT)

Faculty: H. Fujii K. Shimizu

This program prepares the student for employment as a general mechanic in a service station or auto dealer’s shop, or as a specialty mechanic or a specialist on engine tune-ups or electrical systems.

Program Learning Outcomes

Upon successful completion, students are prepared to:

• Identify and demonstrate proper work readiness skills and respect for cultural differences.
• Maintain proper use of shop tools and equipment.
• Demonstrate access and use of online repair manuals.
• Diagnose and repair typical problems encountered by owners of vehicles.
• Perform routine maintenance functions on vehicles.

Entry Requirements

• Possess a valid driver’s license.
• Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

Business Technology (BTEC)

Faculty: G. Ching A. Chung

The Business Technology program prepares students for employment in positions such as administrative assistants, receptionists, clerks, or secretaries. Students will learn critical office skills, along with communication and organizational proficiency. The curriculum includes courses in office technology, business communication, office administration, accounting, and business math to enhance employment and promotion possibilities.

Program Learning Outcomes

Upon successful completion, students are prepared to:

• Work as a responsible member of a team to meet an organization’s objectives.
• Demonstrate professionalism in work quality, appearance, attitude, and workplace behavior as required in a diverse business environment.
• Use current and emerging technologies effectively to create and manage documents and handle multiple priorities.
• Communicate clearly and effectively through oral and written interactions, complying with standard office etiquette.
• Analyze, synthesize, and evaluate real-world problems using research, critical thinking, and decision-making skills to make informed choices and solve problems.
• Apply appropriate strategies to secure employment, retain a job, and advance in a career.

Carpentry (CARP)

Faculty: D. Vierra

The Carpentry program allows students to participate in the “foundation-to-finish” experiences necessary to build a basic residential house while completing the required carpentry coursework. Students will graduate from the Carpentry program with the knowledge and experience necessary to begin employment at the entry level in the construction industry, or enter a four-year apprenticeship program. Credit may be given in the apprenticeship program for work completed at Hawai‘i Community College.

Program Learning Outcomes

Upon successful completion, students are prepared to:
- Understand and utilize math computations, formulas, and measurements required in the carpentry field.
- Understand the properties of wood, its sustainability and how it dictates the fundamental principles and procedures involved in carpentry.
- Demonstrate safe practices concerning, personal safety, hand and power tool usage, and all aspects of fabrication/construction.
- Use appropriate tools, materials/fasteners and current building technology to complete projects.
- Practice good work ethics and quality workmanship with regard to industry standards.
- Construct projects by interpreting drawings, applying building code requirements where applicable.
• Synthesize principles, procedures and objectives using critical thinking, appropriate materials, tools/equipment and procedures to construct a residential dwelling.
• Demonstrate awareness of environmental and cultural impacts at the community and global level during planning and construction phases.

**Entry Requirements**

• Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

**Cisco Networking Academy (CNA)**

Cisco Networking Academy (CNA) is a global educational program that teaches students how to design, build, troubleshoot, and secure computer networks for increased access to career and economic opportunities in communities around the world. Networking Academy provides online courses, interactive tools, and hands-on learning activities to help individuals prepare for ICT and networking careers in virtually every type of industry. Since its inception in October 1997, more than a million students each year have been reached through more than 7,000 Cisco Academies in all 50 states, Washington D.C., Guam, American Samoa, and in 165 other countries.

**The Cisco Certified Networking Associate (CCNA)**

series of courses are intended for CCNA examination preparation; to prepare individuals for further education/training; to complement courses/training in electronics, computer technology, and engineering; to provide practical hands-on exercises in computer network design, implementation and maintenance; and to prepare individuals for entry-level (learning-oriented) jobs in the computer networking field. The CCNA courses are:

- CENT 140: Network Fundamentals
- CENT 240B: Routing Protocols and Concepts
- CENT 240C: LAN Switching and Wireless
- CENT 241: Accessing the WAN

For more information about the CNA and courses, contact:

Jason Santos  jhsantos@hawaii.edu  (808) 934-2645
or visit [http://cisco.netacad.net](http://cisco.netacad.net)

**Community Health Worker (CHW)**

Certificate is not offered at this time.

**Cooperative Vocational Education (CVE)**

Faculty:  See individual program faculty

CVE is an elective that is offered to all qualified students enrolled in vocational-technical programs and who, through a cooperative arrangement between the school and employers, receive part-time related instruction in the school and on-the-job training through part-time employment.

Alternating study in college with employment in private or public sectors is provided the two experiences being planned and supervised by Hawai‘i CC and the employers contributes to the student’s development in his or her chosen occupation.
Creative Media (CM)  

Faculty: M. Hu  
This program prepares students for employment in the field of digital media design and production. It gives necessary education and training to students seeking entry-level positions as digital media artists and/or transfer to a Baccalaureate granting institution. It provides professionals already in the field with updated technology training.

Program Learning Outcomes  
Upon successful completion, students are prepared to:  
• Demonstrate the ability to use technology effectively to create visual artworks.  
• Gather, analyze, and evaluate information visually.  
• Apply knowledge of aesthetics to the needs of the community.  
• Demonstrate professionalism with a digital portfolio.

First Semester  
* Intro to Art Art 101 or Art 113 3  
* Art 112 Introduction to Digital Arts 3  
* Art 115 Introduction to 2D Design 3  
** Eng 100 Composition I 3  
ICS 101 Digital Tools for the Information World 3  
TOTAL 15

Second Semester  
* Intro to Art Art 107D or Art 120 3  
* Art 202 Digital Imaging 3  
* Art Electives (see below) 3  
** Math Math 100 or Math 115 or Math 135 or higher 3  
Sp 151 Personal and Public Speech 3  
TOTAL 15

Third Semester  
Business Busn 158 or Ent 125 3  
* Art 125 Introduction to Graphic Design 3  
* Art 209 Image in Motion Studio 3  
* Art Electives (see below) 3  
Electives †† Diversifications - Arts, Humanities, Literature (choose from Art 101 (DA), Art 111 (DA), Art 113 (DA), Art 114 (DA), Art 230 (DA), HwSt 100 (DH), HwSt 107 (DH), or HwSt 270 (DL)) 3  
TOTAL 15

Fourth Semester  
* Experience Art 293 or Art 294 3  
* Art Electives (see below) 6  
Electives †† Diversifications - Natural Sciences (choose from DB, DP) 3  
Electives †† Diversifications - Social Sciences (DS) 3  
TOTAL 15  
TOTAL 60

Additional Requirement  
• One Writing Intensive (WI) course with a “C” or better grade.  
• A grade of “C” or better is required to earn a degree  
** Meets competency requirement in mathematics or communications  
†† Earn 9 credits total by selecting 3 credits from each of the three Diversifications categories: Arts, Humanities, Literature (DA, DH, DL); Natural Sciences (DB, DP, DY); and Social Sciences (DS).

Culinary Arts (CULN)  
Faculty: P. Heerlein (PAL) S. Sumiki  
Staff: T. Hiro  
This program is designed to provide for entry-level employment in hotels, full-service restaurants, fast food restaurants, institutions (schools, hospitals, corrections, etc.) and private clubs. Accredited by the American Culinary Federation since July 2005.

Program Learning Outcomes  
Upon successful completion, students are prepared to:  
• Apply appropriate ethics for purchasing and receiving in the culinary industry.  
• Demonstrate proper work attitudes and work habits.  
• Demonstrate general knowledge of culinary departmental functions and their relationship.  
• Demonstrate an understanding of the culinary industry business operations.  
• Demonstrate entry-level proficiency in technical skills required in the culinary industry according to the American Culinary Federation.  
• Choose an appropriate career path based on industry knowledge or requirements.  
• Apply appropriate etiquette, appearance, and hygiene as required by industry standards.  
• Demonstrate skills necessary for acquiring a job in the culinary field.  
• Integrate their knowledge of Hawai‘i’s culture and food into cuisine.  
• Apply nutritional concerns to the creation of menus.

First Semester - East Hawai‘i (Hilo)  
* Culn 111 Introduction to the Culinary Industry 2  
* Culn 112 Sanitation and Safety 2  
* Culn 120 Fundamentals of Cookery 5  
* Culn 170 Food and Beverage Purchasing 3  
** QM 120H Quantitative Methods for Culinary Arts (or Math 100 or higher (not Math 120)) 3  
Elective †† Cultural Environment - 3  
TOTAL (Hilo) 15 18

Art Electives - The following courses will be accepted (if not already used to satisfy requirements):  
• Art 101, 107D, 111, 113, 114, 120, 126, 156, 207D, 212, 214, 225, 226, 229, 248, 249, 257, 259, 293, 294
Diesel Mechanics (DISL)

Faculty: M. Soares

This program prepares the student for employment as a skilled tradesperson who troubleshoots, maintains, and repairs various types of diesel engines, trucks, tractors, boats, and other heavy equipment.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Function safely in a heavy equipment shop environment.
- Demonstrate ability to communicate effectively to gather and convey information.
- Apply theory and principles for proper diagnosis, repair, and maintenance in the heavy-duty truck equipment industry.
- Practice the minimum essential mental, physical, and behavioral skills necessary to maintain professional proficiency.
- Work collaboratively with others as well as independently.

Entry Requirements

- Possess a valid driver’s license

**Art Electives**

The following courses will be accepted (if not already used to satisfy requirements):

- Art 107D, 113, 120, 126, 156, 207D, 212, 214, 225, 226, 229, 248, 249, 257, 259, 293, 294

*A grade of “C” or better is required to earn a certificate*
### Electrical Installation and Maintenance Technology (EIMT)

**Faculty:** R. Dela Cruz P. Pajo

This program prepares students for employment with electrical appliance shops, utility companies, and electrical construction, and maintenance companies. Learning will center on planning, designing, constructing, installing, and maintaining electrical wiring and equipment.

**Program Learning Outcomes**

Upon successful completion, students are prepared to:

- Accurately demonstrate entry-level skills in residential, commercial, and industrial electrical installation and maintenance.
- Practice safety on the job and recognize potential hazards.
- Interpret and comply with the National Electrical Code NFPA 70 book and local codes.
- Read and interpret all sections of blueprints and draft electrical circuits.
- Integrate carpentry, masonry, plumbing, and HVACR systems with electrical installation and maintenance.
- Produce take-off lists, perform layout, and install new materials for existing and new projects.
- Think critically, do research, calculate minimum requirements, and solve problems.
- Demonstrate the qualities of an apprentice electrician: positive attitude and behavior, discipline, promptness and attendance, ability to work alone or with others, with cultural awareness, and good communication skills.

**Entry Requirements**

- Proficiency levels in reading, writing, and/or mathematics are required to register for some or all of the Program courses:
  - **Reading:** Eng 21 or ESL 21

### The Hawai‘i CC Children’s Center

The Hawai‘i CC Children’s Center, located on the Manono campus, provides a setting for early childhood students to gain practical experience with young children. The Center provides early education and care for children 18 months to 5 years of age and serves children of students, faculty, and staff from Hawai‘i CC and UH Hilo. Community children are accepted on a space available basis. The Center offers a high quality developmental approach to early education with qualified staff. Early childhood students work and study in the Center, under the guidance and supervision of early childhood faculty and staff. The Center is accredited by the National Association for the Education of Young Children.

---

### Curricula and Programs

The table below outlines the courses and credits for the Electrical Installation and Maintenance Technology (EIMT) program at Hawai‘i Community College for the academic year 2022-2023.
Second Semester  CA AAS  EIMT 22  Electricity Theory and Practice  12 12  Blpr 22B  Blueprint Reading and Drafting  3 3  ** Eng  Eng 21 or ESL 21 or Eng 22 or (ESL 22G and ESL 22W) or higher  3 -  Eng 102  College Reading Skills  - 3  TOTAL  18 18

Third Semester  CA AAS  EIMT 41  Commercial Wiring  12 12  Elective ††  Natural Environment (numbered 100 or above, Phys recommended)  - 3  Blpr 30C  Blueprint Reading for Electricians  3 3  TOTAL  15 18

Fourth Semester  CA AAS  EIMT 43  Industrial Wiring  12 12  Elective ††  Cultural Environment  - 3  Elective ††  Social Environment  - 3  TOTAL  12 18  TOTAL  62 71

* A grade of ‘C’ or better is required to earn a certificate and/or degree  ** Meets competency requirement in mathematics or communications  †† Earn 9 credits total by selecting one 3-credit general elective course from each of the three areas: Cultural Env., Natural Env., Social Env.

Electronics Technology (ET)

This program prepares students for employment in telecommunications, medical electronics, computers, and consumer electronics. The electronic technician fabricates, installs, maintains, and repairs electronic equipment.

Students applying to the electronics program should have two years of high school math including geometry or algebra, and two years of high school science including chemistry or physics.

Program Learning Outcomes

Upon successful completion, students are prepared to:

• Specify, design, build, install, program, operate, troubleshoot, analyze, and modify electronics systems, automated test, and manufacturing control systems.
• Specify, install, program, operate, troubleshoot, and modify computer systems.
• Have effective written, interpersonal, presentation, and team building skills.
• Have the necessary leadership and management skills to effectively complete a project.
• Have a well-developed sense of work ethics and personal discipline to succeed in their chosen profession.
• Have attitudes, abilities, and skills required to adapt to rapidly changing technologies and a desire for life-long learning.

Entry Requirements

* Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

<table>
<thead>
<tr>
<th>Subject Area</th>
<th>Minimum placement into course</th>

Environmental Studies Academic Subject Certificate (ASC-ENVS)

Faculty: P. Scheffler

The Environmental Studies Academic Subject Certificate, within the Liberal Arts degree, will provide a focus on issues concerning our environment. Some issues are unique to Hawai‘i while some are global.

In order to allow students to study environmental issues from many different angles, the curriculum of this certificate is based on an interdisciplinary approach to Environmental Studies and includes courses from Humanities, Natural Sciences, and Social Sciences.

Residency and Transfer credit:
Credits may transfer from another college for courses equivalent to the ones listed in the curriculum.

Requirements
1. Credits Required: A minimum of 16 credits is required to receive the ASC-ENVS.
2. Earn a "C" or better in each course.

Core Requirements (7 credits)
- Biol 124 and 124L
- Choose 1: Ag 190V, Sci 190V, SSci 250

Subject Areas (9 credits)
Plus one (1) course from each of the areas below:

Life Sciences (3 credits)
- Biol 101, 156, 171, 172
- Bot 101, 130
- Zool 101

Physical Sciences (3 credits)
- BioC 141
- Chem 100, 151, 161, 162
- Geo 101
- Ocn 201, 205

Social Sciences (3 credits)
- Bot 105
- Econ 120
- Geo 102, 122
- PolS 110
- Soc 100, 218
- SSci 111, 150

Fire Science (FS)

Faculty: J. Minassian

The Fire Science Program prepares individuals with the academic knowledge for entry employment in the Fire Service field as well as meeting the needs of in-service professionals.

Upon completion of this program, students will have the knowledge to prepare for a career with federal, state and local fire and emergency service agencies, with an emphasis on Structural Fire Fighting, Wildland Fire Suppression, Hazardous Materials Incidents, Fire Prevention and Investigation, Emergency Medical Technician, Fire Management and Administration, and the Incident Command System.

After earning the Associate in Science (A.S.) Degree, students have the opportunity to pursue a Bachelor’s Degree in Fire Administration from Colorado State University (CSU) through distance learning. See Program Faculty for a list of courses that will transfer to CSU.

Health and physical requirements vary with different employers in the Fire Service field, so prospective students should seek advice before enrolling.

Program Learning Outcomes
Upon successful completion, students are prepared to:
- Meet the minimum academic training requirements of the National Fire Protection Association’s (NFPA) Standard 1001, Standard for Fire Fighter Professional Qualifications (Fire Fighter I).
- Perform as fully qualified wildland firefighters (FFT2) in accordance with National Wildfire Coordinating Group PMS 310-1 standards.
- Utilize the Incident Command System to manage a wide variety of planned and unplanned incidents.
- Demonstrate knowledge of modern fire service strategies, tactics, and management for both structural and wildland fire incidents.
- Meet the requirements for National Fire Protection Association’s (NFPA) 472, Standard for Professional Competence of Responders to Hazardous Materials Incidents for the Awareness and Operational Levels.
- Apply the principles of interpersonal communication, cooperative teamwork, supervision, and management for leadership in the fire service.
- Apply theoretical principles of the chemistry of fire and hydraulics to solve water supply problems.

†† Earn 9 credits total by selecting 3 credits from each of the three Diversifications categories: Arts, Humanities, Literature (DA, DH, DL); Natural Sciences (DB, DP, DY); and Social Sciences (DS).

### Global Studies Academic Subject Certificate (ASC-LBRT-GLS)

**Faculty:** P. Scheffler

The interdisciplinary Global Studies Academic Subject Certificate is designed to integrate student learning across disciplines and programs and foster connections between disciplinary learning, world languages, and study abroad experiences. This certificate will provide students with the opportunity to gain awareness of and sensitivity to other cultures’ norms, practices and actions while at the same time recognizing the unique attributes of one’s own culture. It will teach them to speak and write in another language while recognizing and respecting the importance of language diversity (all languages) in global communication. It will also help them to recognize self as a part of global culture by demonstrating awareness of the interdependence of global systems: by understanding how the U.S. may be perceived world-wide; by solving problems with multiple perspectives and variables; and by making globally responsible decisions.

### Requirements

1. **Credits Required:** A total of 16 credits is required to receive the ASC-GS:
   - A minimum of 4 credits World Language study
   - A minimum of 3 credits of Study Abroad
   - A minimum of 3 credits Internationalized Courses
   - Remaining credits from any courses listed in the above categories.

2. Earn a “C” or better in each course.

#### World Language (4 credits)

- Haw 101, 102, 201, 202
- Jpns 101, 102

#### Study Abroad (3 credits)

- Art 269C † Study Abroad - Japan
- Geo 292V Special Topics: Study Abroad
- Sci 292V Special Topics: Study Abroad

#### Internationalized Courses (3 credits)

- AJ 180, 181, 182, 280
- Anth 121, 150, 200, 235
- Art 159, 227, 269C †
- Asan 120, 121, 122
- Biol 124
- Bot 105, 105L
- Econ 120, 130, 131
- Eng 255, 257A, 257E
- Geo 102

**Hawai‘i Life Styles Academic Subject Certificate (ASC-HWST-HLS)**

The Hawai‘i Life Styles ASC provides an engaging foundation for students interested in exploring and experiencing Hawaiian cultural traditions. Learners may specialize in the Subject Certificate while fulfilling the program requirements for any major at Hawai‘i CC.

**General Information**

Students seeking the ASC-HWST-HLS must receive a grade of “C” or better in all courses. The listed requirements are subject to change. For the latest information, please visit the website, www.hawaii.hawaii.edu/hawaii-life-styles or contact the main HLS office at (808) 934-2600. Students may also contact an advisor:

Hilo
- Taupōuri Tangarō taupouri@hawaii.edu 934-2575
- No‘el Tagab-Cruz tagab@hawaii.edu 934-2616
- Pele Kaio pelekai@hawaii.edu 934-2606
- Ku‘ulei Kanahele tracyk@hawaii.edu 934-2605
- Åkea Kiyuna akiyuna@hawaii.edu 934-2609

Pālamanui
- E. Kalani Flores ekflores@hawaii.edu 969-8875
- Y. Ka‘ea Lyons ykalapai@hawaii.edu 969-8800

**Program Learning Outcomes**

Upon successful completion, students are prepared to:
- Describe aboriginal Hawaiian linguistic, cultural, historical, and political concepts.
- Apply aboriginal Hawaiian concepts, knowledge, and methods to the areas of science, humanities, arts, and social sciences, in academics and in other professional endeavors.
- Engage, articulate, and analyze topics relevant to the aboriginal Hawaiian community using college-level research and writing methods.

To earn the Associate in Arts in Hawaiian Studies Degree from Hawai‘i CC, a student must meet the following requirements:
1. Credits Required: A total of 62 credits earned at or transferred to Hawai‘i CC in 100-200 level courses
2. A minimum of 6 credits must be completed at Hawai‘i CC.
3. Minimum GPA Required: A minimum cumulative GPA of 2.0 is required.
4. CR/NC option may be used to satisfy area and general elective requirements (Policy Haw 5.503)
Foundations (12 credits)

Written Communication (FW) (3 credits):
• Eng 100 (Writing)
Quantitative Reasoning (FQ) (3 credits):
• Math 100

Global & Multicultural Perspectives (FG) (6 credits) in 2 different groups:
• Group A - Prehistory to 1500: Hist 151
• Group B - 1500 to Modern Times: Hist 152
• Group C - Prehistory to Modern Times: (none at this time)

• Psy 100, 170, 275
• Soc 100, 218
• SSci 111, 150
• WS 151

NOTE: Students may not use Independent/Directed Studies courses (marked 199 or 299) to meet area requirements unless prior permission is given by the advisor and the Vice Chancellor for Academic Affairs.

Additionally, courses numbered 99 or below are not applicable toward an Associate in Arts degree.
Hospitality and Tourism (HOST)

The Hospitality and Tourism program is designed to provide job training for entry-level and first line supervisory level positions in the hospitality/visitor industry. Offering educational training in the field of hospitality/visitor industry will ensure a skilled pool of workers is continuously available to meet the industry’s employment demand on the Island of Hawai‘i. Additionally, making a career path possible to local workers strengthens the human assets of our community. The program was established to:

• Meet the growing needs of the hotels and related hospitality/visitor organizations by training existing and future employees in basic skills needed to obtain entry-level and supervisory positions.
• Provide job upgrading skills necessary for career advancement in the hospitality/visitor industry.
• Develop skills in verbal and written communication.
• Develop skills in distance learning that will promote lifelong learning.

Program Learning Outcomes

Upon successful completion, students are prepared to:

• Demonstrate essential hospitality operations and management skills, including accounting, marketing, and information technology.
• Communicate effectively with guests and coworkers through writing, speech, listening, and nonverbal expression appropriate for the hospitality workplace.
• Analyze diverse and dynamic hospitality workplace situations to solve problems and achieve goals through leadership and teamwork.
• Assess personal work performance through various lenses, including Hawaiian cultural values, multicultural global perspectives, ethical reasoning, legal principles, and sustainability.

Human Services (HSER)

Faculty: S. Claveria, C. Wilcox-Boucher

This certificate prepares students for entry- and mid-level entry employment in such diverse settings as group homes and halfway houses; correctional, developmentally delayed, and community mental health centers; family, child and youth agencies; and programs concerned with special needs such as alcoholism, drug abuse, family violence, homelessness, and aging.

Program Learning Outcomes

Upon successful completion, students are prepared to:

• Portray a respectful attitude harmonizing with place, culture, and diverse perspectives, through a reflection of values and self awareness.
• Evaluate employment and educational opportunities through a comprehensive awareness of the function of Human Services in the community.
• Utilize communication skills and implement strategies to assess the multiple causes of social issues and concerns.

---

**Information Technology (IT)**

**Faculty:** C. Butler

The Information Technology program is a career-laddered, competency-based program that provides training in the use and support of business-related computer systems, data communication networks (including local area networks), and the development of business computer information systems programs using procedural, event-driven and object-oriented programming techniques.

The program includes a combination of business, computer, and information technology courses. Campus-based computer and networking projects, faculty supervised laboratories, and workplace internships provide hands-on experience designed to prepare students for positions in computer support, programming, network administration, or systems development in a business information technology system. The program focuses on computers and information technology as tools to solve business problems.

**Program Learning Outcomes**

Upon successful completion, students are prepared to:

- Information Systems - Plan, develop, and implement the hardware, software, and procedural components of a data processing system in a business environment.
- Networking - Plan, develop, and implement the hardware, software, and procedural components of a data communications system in a business environment.
- Programming - Plan, develop, implement, and document computer programs that meet the data processing requirements of a business organization.
- Productivity - Work independently and cooperatively to deliver reports, programs, projects, and other deliverables that document a business organization's information technology requirements.
- Legal/ Ethical/ Professional - Base decisions and actions on the legal, ethical, and professional guidelines and practices of the information technology field.
- Explore - Demonstrate the ability to search, analyze, and synthesize current information and solutions in the rapidly changing information technology profession.

The Associate in Arts degree Program, also referred to as the Liberal Arts (LBRT) Program, is designed for students who are preparing themselves to transfer to a four-year college or university.

#### Program Learning Outcomes

Upon successful completion, students are prepared to:

- Communicate Effectively - Speak and write to communicate information and ideas in academic settings.
- Think Critically - Retrieve, read, and utilize information and synthesize, analyze, and evaluate that information to gain understanding and make informed decisions.
- Reason Quantitatively - Use quantitative, logical, and symbolic reasoning to address theoretical and real-world problems.
- Apply Areas of Knowledge - Utilize methods, perspectives, and content of selected disciplines in the natural sciences, social sciences, and humanities.
- Engage as Global Citizens - Demonstrate awareness of the relationship between self, community, and the environment, respecting cultural diversity and an understanding of ethical behavior.

To earn the Associate in Arts Degree in Liberal Arts (LBRT) from Hawai‘i CC, a student must meet the following requirements:

1. Credits Required: A total of 60 credits earned at or transferred to Hawai‘i CC in 100-200 level courses
2. A minimum of 12 credits must be completed at Hawai‘i CC
3. Minimum GPA Required: A minimum cumulative GPA of 2.0 is required for graduation
4. CR/NC option may be used to satisfy area and general elective requirements (Policy Haw 5.503)
Foundations (12 credits)

**Written Communication (FW) (3 credits):**
- Eng 100 (Writing)

**Quantitative Reasoning (FQ) (3 credits):**
- Math 100‡, 115, 120, 135, 140, 241, 242

**Global & Multicultural Perspectives (FG) (6 credits) in 2 different groups:**
- Group A - Prehistory to 1500: Hist 151, WS 175
- Group B - 1500 to Modern Times: Geo 102, Hist 152, WS 176
- Group C - Prehistory to Modern Times: (none at this time)

‡ Students who intend to transfer may require a course higher than Math 100

Hawai‘i CC Required Courses (6 credits)

**College Reading Skills:**

- HSer 110
- Psy 100, 170, 275
- Soc 100
- SSSci 111, 150
- WS 151

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.

Electives (23 credits)

Other 100-level and above courses may be taken at Hawai‘i CC or transferred in to Hawai‘i CC as electives.

NOTE: Students may not use Independent/Directed Studies courses (marked 199 or 299) to meet area requirements unless
For more information about the Writing Intensive Program or three Writing Intensive classes at Hawai'i CC, visit www.hawaii.hawaii.edu/writing-intensive.

**Writing Intensive Classes**

A variety of classes are offered which are writing intensive (WI). These classes require students to do a significant amount of writing totalling a minimum of 4,000 words. Writing is emphasized as an essential tool for learning class material, and a major element in determining a student's grade. In WI classes, an opportunity is provided for interaction between the instructor and student as a part of the writing process. WI classes have a minimum prerequisite of completion of Eng 100 with a grade of "C" or better. Completion of one WI class with a grade of "C" or better is required for the AA-LBRT degree and the AA-HWST degree at Hawai'i CC. Students who are planning to transfer to a four-year college or university are advised to check on that institution's WI requirements and are recommended to take two or three Writing Intensive classes at Hawai'i CC.

For more information about the Writing Intensive Program at Hawai'i CC, visit www.hawaii.hawaii.edu/writing-intensive.

**HAP Designated Classes**

Effective Fall 2019, the Hawaiian, Asian, and Pacific Issues (HAP) is a graduation requirement for Associate in Arts (AA) degree majors. Returning students declaring a prior catalog year have the option to use the FHAP (formerly Asian/Pacific Culture) designated courses which were approved for their prior catalog year. (Policy HAW 5.702)

HAP is a University of Hawaiʻi system initiative designed to improve teaching and learning at UH regarding Native Hawaiian culture and issues from the Native Hawaiian viewpoint, and how they intersect with Asian and Pacific Island cultures. In order to receive the HAP designation, at least 2/3 of a class must meet the following hallmarks:

1. The content should reflect the intersection of Asian and/or Pacific Island cultures with Native Hawaiian culture.
2. A class can use a disciplinary or multi-disciplinary approach provided that a component of the class uses assignments or practices that encourage learning that comes from the cultural perspectives, values, and world views rooted in the experience of peoples indigenous to Hawaiʻi, the Pacific, and Asia.
3. A class should include at least one topic that is crucial to an understanding of the histories; cultures; beliefs; the arts; or the societal, political, economic, or technological processes of these regions. For example, the relationships of societal structures to the natural environment.
4. A class should involve an in-depth analysis or understanding of the issues being studied in the hope of fostering multicultural respect and understanding.

For more information about HAP, and to see a current list of HAP designations at Hawaiʻi CC, visit www.hawaii.hawaii.edu/hap.

**Fulfillment of General Education Requirement**

Effective Fall 1994, students who have earned an articulated Associate in Arts (A.A.) degree from any University of Hawai‘i Community College shall be accepted as having fulfilled the general education core requirements at all other University of Hawai‘i campuses. While an articulated A.A. degree satisfies general education core requirements, students must also complete all specialized lower-division, major, college and degree/graduation requirements. Additional campus-specific requirements, such as competency in a foreign language or writing-intensive courses, may also be required. With planning, most, if not all, of the requirements may be incorporated into the A.A. degree; if not, they are required in addition to the A.A. degree.

**Liberal Arts/Associate in Arts with a Concentration in Administration of Justice (LBRT)**

This Concentration provides students with a background in the scientific and experimental study of the Administration of Justice system. It focuses on the three major components of the AJ system in the United States, including the aspects of law enforcement; the state and federal judicial process; and local, state, and federal correctional systems. It also explores the historical and current economic, political, and societal issues of the AJ systems, and how they affect individuals, families, communities, and the greater society. It prepares students to transfer to a four-year institution that offers a degree in Administration of Justice, Criminal Justice, or related Social Sciences disciplines, and is a specific pathway for those who are interested in transferring to the University of Hawai‘i at Hilo to pursue a degree in Administration of Justice.

**Foundations (12 credits)**

**Written Communication (FW) (3 credits):**
- Eng 100 (Writing)
**Quantitative Reasoning (FQ) (3 credits):**
- Math 100‡, 115, 120, 135, 140, 241, 242

**Global & Multicultural Perspectives (PG) (6 credits) in 2 different groups:**
- Group A - Prehistory to 1500: Hist 151, WS 175
- Group B - 1500 to Modern Times: Geo 102, Hist 152, WS 176
- Group C - Prehistory to Modern Times: (none at this time)

‡ Students who intend to transfer may require a course higher than Math 100.

**Hawaiʻi CC Required Courses (6 credits)**

**College Reading Skills:**
- Eng 102 (Reading)
**Communication Skills:**
- Sp 151† or Sp 251†

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.

Liberal Arts/Associate in Arts with a Concentration in Art (LBRT)

This Concentration provides students with a strong studio art experience and curriculum that integrates conceptual and technical artistic skills with personal and creative exploration. It prepares students to transfer to a four-year institution to further their studies in the various areas of studio art including ceramics, design, drawing, painting, photography, and sculpture, or to continue on their journey of becoming a professional artist. This concentration was also designed to be a specific pathway for those who are interested in transferring to the University of Hawai’i at Hilo to pursue a degree in Art.

Foundations (12 credits)

Written Communication (FW) (3 credits):
• Eng 100 (Writing)

Quantitative Reasoning (FQ) (3 credits):
• Math 100‡, 115, 120, 135, 140, 241, 242

Global & Multicultural Perspectives (FG) (6 credits) in 2 different groups:
• Group A - Prehistory to 1500: Hist 151, WS 175
• Group B - 1500 to Modern Times: Geo 102, Hist 152, WS 176
• Group C - Prehistory to Modern Times: (none at this time)

‡ Students who intend to transfer may require a course higher than Math 100
Hawai'i CC Required Courses (6 credits)

**College Reading Skills:**
- Eng 102 (Reading)

**Communication Skills:**
- Sp 151 or Sp 251

Graduation Requirements

**Writing Intensive:**
- One WI course with a “C” or better grade

**Hawaiian, Asian, and Pacific Issues:**
- Three credits HAP (from Diversifications or Electives)

Diversifications (19 credits)

**Diversifications - Arts, Humanities, Literature:**
Six (6) credits required in 2 different areas (DA required):

- **Diversification - Arts (DA):**
  - Art 113 (Required)

- **Diversification - Humanities (DH):**
  - Asan 120, 121
  - Hist 120, 153, 154
  - Haw 101, 102, 201, 202
  - HwSt 100, 101, 102, 105, 107, 201
  - Phil 100
  - Sp 260

- **Diversification - Literature (DL):**
  - Eng 255, 256, 257A, 257E
  - HwSt 270

**Diversifications - Natural Sciences:**
Seven (7) credits: three (3) credits from Biological Sciences; and (3) credits from Physical Sciences; and one (1) credit any Natural Science Lab:

- **Diversification - Biological Sciences (DB):**
  - Biol 100, 101, 124, 156, 171, 172
  - Bot 101, 130
  - Geo 170
  - Micr 130
  - Phy1 141
  - Zool 101

- **Diversification - Physical Sciences (DP):**

Art Concentration Electives (23 credits)

- Art 112*, 115*, 202*, 209*, 214*, 293*, or 294*
- Ent 125*

Choose any one course numbered 100 or above of 2 credits of General Electives

A grade of “C” or better is required to earn a degree

Liberal Arts/Associate in Arts with a Concentration in History (LBRT)

This Concentration provides students with a strong History foundation. It prepares students to transfer to a four-year institution to major in History and is a specific pathway for those who are interested in transferring to the University of Hawai‘i at Hilo to pursue a degree in History.

Foundations (12 credits)

**Written Communication (FW) (3 credits):**
- Eng 100 (Writing)

**Quantitative Reasoning (FQ) (3 credits):**
- Math 100‡, 115, 120, 135, 140, 241, 242

**Global & Multicultural Perspectives (FG) (6 credits) in 2 different groups:**
- Group A - Prehistory to 1500: Hist 151*
- Group B - 1500 to Modern Times: Hist 152*
- Group C - Prehistory to Modern Times: (none at this time)

‡ Students who intend to transfer may require a course higher than Math 100
Hawai‘i CC Required Courses (6 credits)

College Reading Skills:
- Eng 102 (Reading)

Communication Skills:
- Sp 151† or Sp 251†

Graduation Requirements

Writing Intensive:
- One WI course with a “C” or better grade

Hawaiian, Asian, and Pacific Issues:
- Three credits HAP (from Diversifications or Electives)

Diversifications (19 credits)

Diversifications - Arts, Humanities, Literature: Six (6) credits required in 2 different areas:

Diversification - Arts (DA):
- Art 101, 107D, 111, 113, 114, 115, 217, 230
- Dnce 153, 185, 190V, 195
- Eng 204
- HwSt 103, 130, 131, 230, 231
- Sp 151†, 251†

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.
Liberal Arts/Associate in Arts  
Exploratory Majors

Exploratory majors are designed to use the students’ interests as a starting point and to help provide structure and narrow choices for student success. At the University of Hawai‘i Community Colleges, Exploratory Majors are designed primarily for Liberal Arts students who are unclear as to what they want to do, but have some idea of the general area they want to study. Exploratory majors will have a defined set of courses that are applicable to the students’ terminal or transfer degrees. Within a well-defined set time frame, students are counseled into a specific major or concentration.

Hawai‘i CC offers Exploratory Majors in:

- **Business (AA-LBRT-EXB)** - with pathways to UH Hilo in Accounting and/or General Business.
- **Health Sciences (AA-LBRT-EXHS)** - with pathways to UH Hilo in Kinesiology and/or Pre-Nursing.

For more information on Exploratory Majors, please contact the Counseling Office in Hilo at (808) 934-2720 or the Pālamanui Student Services Office at (808) 969-8816.

**Machine, Welding and Industrial Mechanics Technologies (MWIM)**

**Faculty:** D. Miyashiro

This program prepares the student for employment in the metalworking and mechanical/maintenance trades. Employment may be in construction, food processing, manufacturing, utilities, astronomical observatories, or related industries. The job requires good physical health, above average eye/hand coordination, mechanical reasoning, and good form perception and spatial relationship. Job responsibilities may include fabricating, repairing, or maintaining metal products on equipment, buildings, and systems.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Demonstrate the attributes of a good employee including good safety practices; good communication skills; positive work ethics; working collaboratively or independently under supervision; being a life-long learner; demonstrating an awareness of hazardous materials; and taking responsibility for the orderliness and cleanliness of the workplace.
- Demonstrate and be able to apply the proper set-up and use of basic machine tools and equipment; metalworking equipment; common welding and cutting processes; industrial mechanics equipment; material handling equipment and related machinery; and entry-level ability to interpret blueprints.
- Demonstrate and be able to apply mechanical reasoning, form perception and spatial relations, and numerical reasoning skills as a part of the basic entry-level skills and knowledge necessary to gain employment in the Machining, Welding, Industrial Mechanics or related fields.

Marketing (MKT)

Faculty: D. Kawa‘auhau

This program is designed to directly align students with one of three potential paths upon graduation. Paths include freelance positions in digital design, marketing, or advertising; industry employment; and transfer to a four year institution. With courses focused on graphic arts, branding, economics, management, marketing, international relations, and a working employment portfolio created and available upon program completion, graduates will be able to apply concepts and strategies directly to the benefit and/or advancement of their professional and/or academic careers.

Program Learning Outcomes

Upon successful completion, students are prepared to:
• Synthesize principles and concepts of marketing in developing a marketing plan.
• Develop responsive marketing campaigns that adapt to both foreign and domestic markets.
• Demonstrate an in depth understanding of the marketing and management environment of Hawai‘i and offer innovative ideas to develop and sustain said environment.
• Develop current technological skills and be able to utilize said skills in a simulated business environment.
• Communicate an in depth understanding of the diverse needs of the international market through the creation of culturally responsive management plans.
• Demonstrate the ability to effectively communicate with a global audience.
• Design an active portfolio that demonstrates an in depth understanding of the principles of advertising up to and including the proper use of color, graphic design, and digital audio production.
• Develop solutions that demonstrate the successful navigation of the current financial and legal business environment.

A cumulative 2.0 GPA in the Major Course Requirements category must be earned for graduation. In addition, an overall cumulative 2.0 GPA is required for graduation.

Natural Science (NSCI)

Faculty: A. Maclennan (PAL) R. Namba (PAL) M. Phillips D. Weeks

This Associate in Science Degree program prepares students to transfer to 4-year institutions in STEM (Science, Technology, Engineering and Mathematics) related fields. Hawai‘i Community College offers two NSCI tracks: Biological Sciences and Physical Sciences.

For more information, contact Michelle Phillips by e-mail (mp7@hawaii.edu).

Program Learning Outcomes

Upon successful completion, students are prepared to:
• Analyze data effectively using current technology.
• Communicate scientific ideas and principles clearly and effectively.
• Analyze and apply fundamental mathematical, physical, and chemical concepts and techniques to scientific issues.
• Apply fundamental concepts and techniques in their chosen concentration.

†† Earn 9 credits total by selecting 3 credits from each of the three Diversifications categories: Arts, Humanities, Literature (DA, DH, DL); Natural Sciences (DB, DP, DY); and Social Sciences (DS).
††† All elective courses must be numbered 100 or above.

Nursing and Allied Health Programs

Faculty:  
A. Cremer  
L. Miguel  
P. Pieron  
C. Hernandez  
C. Pavel

Hawai‘i Community College Nursing and Allied Health currently offers two pathways into the Nursing profession. Students may apply for either the Certificate of Achievement in Practical Nursing (CA-PRCN) program or the Associate in Science Degree in Nursing (AS-NURS) program. Both programs admit a new student cohort each Fall. The AS program has a Hilo and Kona location option.

Nursing Admissions Information: The application cycle opens November 1st and closes on January 15th at 4:30 p.m.

Steps to apply to the Nursing Program: See website for full details and current information  
www.hawaii.hawaii.edu/nursing

Admission Cycle: Every Fall Semester

Residents: Priority for admission to the Nursing program is given to qualified State of Hawai‘i residents over qualified non-residents (i.e., military exempt and WUE exempt students).

Available Seats:

- AS Nursing Program: 20 Manono/Hilo Campus, 10 Pālamanui/Kona Campus
- Practical Nursing (PN) Program: Not being offered in 2022-23. This program is offered in Hilo only, and is contingent upon the availability of budget and staff resources. Up to 10 students may be admitted when the program is offered.
- LPN to AS-NURS Pathway Program: Not being offered in 2022-23. This program is offered in Hilo only, and is contingent upon the availability of budget and staff resources. Up to 10 students may be admitted when the program is offered.
- Test of Essential Academic Skills (TEAS) exam scores; and documentation of previously earned degrees, military veteran status, and/or relevant professional health care experience. Refer to the Nursing Programs Admissions Criteria Point Allocation Worksheet found at www.hawaii.hawaii.edu/nursing/apply

1. Applicants are selected for admission to the AS-NURS, LPN to AS-NURS pathway, and PN Programs using a point system based on grades earned in the prerequisite courses; Test of Essential Academic Skills (TEAS) exam scores; and/or relevant professional health care experience. Refer to the Nursing Programs Admissions Criteria Point Allocation Worksheet found at www.hawaii.hawaii.edu/nursing/apply

Application Procedures

1. Students not currently enrolled at Hawai‘i CC or another University of Hawai‘i (UH) system campus must fill out a UH Common Application Form indicating their desire to enroll in the College the next Fall semester. Students who have not been admitted to Hawai‘i CC will not be considered for acceptance into the Nursing programs.

2. Submit the Intent to Apply to Nursing Program Form and other required Nursing admissions documents as listed on the Application Checklist by January 15 (or the next business day, if January 15 falls on the weekend or a holiday). The Intent to Apply form and Application Checklist can be found online at www.hawaii.hawaii.edu/nursing/apply

3. Applicants will receive an e-mail acknowledgement that their Intent to Apply form has been received. Intent to Apply forms and other required documents not received by the Nursing Office or postmarked by January 15 will be considered late and will not be accepted.

4. All courses intended to be used to meet proficiency requirements and prerequisite courses must be approved by Hawai‘i Community College. Hawai‘i CC and other University of Hawai‘i system students should refer to their Academic Pathway via their STAR account to determine whether they have met the proficiency and/or prerequisite requirements.

5. Submit a copy of the STAR Transcript with the application.

6. UH System Transfer students are those who were previously enrolled at a college or university other than Hawai‘i CC within the UH system. Hawai‘i CC and students currently
attending another UH system institution do not need to submit an official transcript from that UH system school. However, the student must submit to the Hawai‘i CC Admission and Records Office (ARO) the “Authorization Form to Access UH System Credits per Campus” form found at www.hawaii.hawaii.edu/admissions/admissions-forms.

Arrange to submit this form prior to the January 15 deadline.

7. Transfer students outside the UH System are those who have ever attended a college or university outside the UH system. These students must arrange to have an official transcript, printed in English, be sent to the Admissions and Records Office (ARO) directly from all non-UH system institutions by the January 15 deadline. For all institutions outside of the UH System, students must keep in their possession a course catalog or course description for all courses. Do not send the catalog and/or course descriptions to the ARO. Additionally, applicants should include a student copy of non-UH system institutional transcripts, with the prerequisite courses highlighted, as part of their completed Nursing application.

8. Test of Essential Academic Skills (TEAS). Pre-registration for the TEAS is required. Information regarding registration, cost, and testing dates and times for the TEAS is available on the nursing website at www.hawaii.hawaii.edu/nursing/TEAS. Applicants must submit a printed copy of one set of TEAS scores as part of a completed application. Only the latest version, ATI TEAS, scores will be accepted. Applicants must earn an individual adjusted score at the Proficient (58.7%) or higher level in order to apply.

9. A Nursing Programs Admission Criteria Point Allocation Worksheet must be submitted with the application materials. The worksheet can be found online at www.hawaii.hawaii.edu/nursing/apply. If applicable, submit requested documentation for criteria #3 as listed on the worksheet.

10. For assistance, contact a Nursing counselor/advisor in: Hilo at (808) 934-2658, or Pālamanui at (808) 969-8816. Or, contact the Nursing and Allied Health Division office at (808) 934-2650.

Program Requirements

- Essential Technical Standards: To be qualified for Hawai‘i Community College Nursing programs, individuals must be able to meet essential technical standards and functional abilities, with or without reasonable accommodations. Individuals interested in applying for admission to the programs should review the essential technical standards to develop a thorough understanding of the skills, abilities, and behavioral characteristics required to successfully progress in, and graduate from the programs. For further information regarding services and resources to students with disabilities and/or to request accommodations please contact the Hā‘awi Kōkua Disability Service Program at (808) 934-2825 [v/t] or e-mail: hawccds@hawaii.edu

- Physical Examination Requirements: A physical examination completed by a Healthcare Provider of the student’s choice is required upon entering the Nursing program. This is to assure that a student is in good physical and mental health and meets the functional abilities necessary to meet the program outcomes. Mandatory immunizations and/or vaccinations are also required for clinical components per the affiliated healthcare facilities used for clinical practice.

- Criminal Background Check and Drug Screening: Students accepted for admission to the Nursing programs will be required to complete a criminal background check and drug screen in accordance with procedures and timelines as directed by the affiliated healthcare facilities used for clinical practice. This is done at the student’s expense. If a clinical facility does not give permission for a Hawai‘i CC student to participate in clinical practice at their facility, the Nursing student will not be able to fulfill the requirements of the program and will be required to withdraw from the program.

Nursing, Associate in Science Degree in Nursing (NURS)

The Associate in Science Degree in Nursing program provides students with a scientific foundation for entry level clinical practice as a Registered Nurse (RN) in hospitals, long-term care facilities, and community based settings. Upon completion of the program, graduates are eligible to take the National Council Licensure Exam for Registered Nursing (NCLEX-RN). RN’s provide and coordinate patient care, educate patients and the public about various health conditions, and provide advice and emotional support to patients and their family members.

The Associate in Science Degree in Nursing program has two pathways:

Generic pathway (AS-NURS): 27 credits of non-nursing prerequisite and general education courses and four semesters of coursework in nursing (46 credits) for a total of 73 credits.

LPN to AS-NURS pathway: (1) Possession of a current HI Practical Nurse License; (2) Minimum 1 year experience working as LPN; and (3) Completion of all non-nursing prerequisite and general education courses for the AS-NURS program. Includes 27 credits of non-nursing prerequisite and general education courses, credit given for advanced placement (21) and one summer session and two semesters of coursework in nursing (25 credits) for a total of 73 credits.
Program Learning Outcomes

Upon successful completion, students are prepared to:

• Implement critical thinking effectively when applying the nursing process in providing compassionate and coordinated care to individuals and their support systems.
• Integrate knowledge gained from biological, social, and nursing sciences with clinical practice in meeting the complex needs of diverse individuals in multiple settings.
• Create an environment that promotes caring and professionalism with consideration for cultural/societal beliefs and practices.
• Utilize information and technology to communicate, manage knowledge, mitigate error, and support decision-making.
• Use data to assess outcomes of care processes and determine ways to improve the delivery of quality care.
• Practice safely and ethically within the scope of practice while providing nursing care and working with the health care team.
• Demonstrate effective communication and collaborative dialogue within nursing and the interprofessional team to achieve quality patient care.

Entry Requirements

All courses required for the degree must be taken for a letter grade. A grade of “C” or better is considered passing for all nursing and support courses. A cumulative grade point average of 2.0 or better must be maintained to remain in the Nursing program.

The Associate in Science Degree program is approved by the Hawai‘i Board of Nursing and accredited by the Accreditation Commission for Education in Nursing, Inc. (ACEN); formerly NLNAC. The ACEN may be contacted at www.acenursing.org or (404) 975-5000, or by writing to 3343 Peachtree Rd, NE, Suite 850, Atlanta, Georgia 30326. Transfer agreements exist with the University of Hawai‘i at Hilo and University of Hawai‘i at Mānoa baccalaureate nursing programs allowing interested and qualified associate degree graduates to pursue a Bachelor of Science in Nursing at UH Hilo or UH Mānoa.
Nursing, Practical (PRCN)

This certificate will not be offered for the 2022-2023 Academic Year.

The Certificate of Achievement in Practical Nursing program prepares students for entry-level practice as a Licensed Practical Nurse (LPN) in a variety of healthcare settings. Upon completion of the program, graduates are eligible to take the National Council Licensure Exam for Practical Nursing (NCLEX-PN). LPN’s provide care within their scope of practice under the supervision of a health care provider or Registered Nurse.

The Certificate of Achievement in Practical Nursing program requires 2 semesters and a summer session of coursework in practical nursing (29 credits) and 17 credits of non-nursing prerequisite courses for a total of 46 credits.

Program Learning Outcomes

Upon successful completion, students are prepared to:

• Retrieve, integrate, and apply relevant and reliable information, concepts from multiple disciplines, and standards of nursing as the basis for evidenced based nursing care.
• Use the nursing process as a framework for critical thinking to assess, plan, prioritize, implement, and evaluate safe and effective nursing care for those who have predictable nursing needs.
• Demonstrate compassion and caring by developing and maintaining therapeutic relationships based upon mutuality and respect for the health and healing practices, beliefs, and values of the individual and community.
• Communicate and function as a member of a multi-disciplinary healthcare team.
• Demonstrate the ability to plan and deliver effective health teaching as an integral part of promotion, maintenance, and restoration of health, management of chronic conditions, and end of life care in structural settings.
• Demonstrate professional behaviors and practice within the legal and ethical framework of licensed practical nursing.

Entry Requirements

The prerequisite courses for the Certificate of Achievement in Practical Nursing are:

Nurses’ Aide

This course is currently not offered through Hawai‘i Community College’s Nursing Program.

Substance Abuse Counseling (SUBS)

A 20-credit Certificate of Competence in Substance Abuse Counseling is offered for students interested in a career in substance abuse counseling. Credit and non-credit courses are offered for in-service substance abuse, human service, and criminal justice professionals seeking to develop and/or upgrade their skills in working with individuals and families who suffer as a result of chemical abuse or dependency. Students who successfully complete these courses are eligible to receive additional studies and/or fieldwork hours that can apply towards obtaining a State Substance Abuse Counseling Certificate as required by the State of Hawai‘i Department of Health Alcohol and Drug Abuse Division (ADAD), the National Alcoholism and Drug Abuse Counselor Credentialing Board, and the International Certification and Reciprocity Consortium. Students completing the CC in Substance Abuse Counseling along with an associate’s degree are eligible to receive 2,000 hours toward the ADAD Substance Abuse Certification.
Program Learning Outcomes
Upon successful completion, students are prepared to:
• Satisfy the addiction studies educational requirements for Hawaii State Department of Health Alcohol and Drug Abuse Division’s (ADAD) Certified Substance Abuse Counselor (CSAC) and/or Certified Drug Prevention Specialist (CDPS).
• Identify and articulate medical, social, and/or psychological aspects of addiction.
• Apply the Twelve Core Functions of the Alcohol and Drug Abuse Counselor, and practice within the legal and ethical parameters of the substance abuse counseling profession.
• Perform basic individual or group counseling and interviewing/facilitation skills, and reflect on personal values and issues that may enhance or interfere with effectiveness as a counselor.
• Develop career plans for entry-level positions in substance abuse, criminal justice, and human services organizations that service substance abusing populations, or transfer to a 4-year college to continue education in SUBS related fields.

Entry Requirements
• Proficiency levels in reading, writing and/or mathematics are required to register for some or all of the Program courses:

Sustainability Academic Subject Certificate
(ASC-LBRT-SUSI)
Faculty: D. Kapp K. Kotecki
The Sustainability Academic Subject Certificate supports efforts to improve environmental stewardship and sustainability. It is interdisciplinary and integrates sustainability themes and practices across the Hawai‘i Community College curriculum, drawing from Hawaiian Studies, Natural Science, Social Science and other disciplines.

Requirements
1. Credits Required: A total of 12 credits of S-designated classes is required to receive the ASC-SUSI.
2. Designated classes must be from the following areas:
   • A minimum of 3 credits Hawaiian Studies
   • A minimum of 3 credits Natural Science
   • A minimum of 3 credits Social Science
   • Remaining credits from any other S-designated class.
3. Up to 6 credits of S-designated classes may be taken from other UH campuses, provided the credits fit into the areas listed above.

Sustainability and S-designated Classes
Hawai‘i CC offers a designation of “SF” for courses and classes which expose students to sustainability across a variety of academic disciplines. These are designed to meet the UH system-wide goals to develop and strengthen ecological literacy in students and address local and global environmental challenges. S-designated courses and classes allow students from all majors and programs to deepen their knowledge of core concepts of sustainability utilizing a cross-disciplinary approach. The designation can steer students towards classes that address issues of sustainability and encourage students to learn about social justice, cultural, economic, political, scientific, green building, and artistic approaches to sustainability, recognizing the valuable contributions from each academic discipline.

The S-designation of a course indicates that sustainability is a major theme, and S-designation of a class (a particular section of a course) indicates that the instructor has chosen to integrate sustainability themes into the class content and promotes active student engagement with global and local environmental issues.

For more information about Sustainability at Hawai‘i CC, and for a list of currently designated courses and classes, visit www.hawaii.hawaii.edu/sustainability
Tropical Forest Ecosystem and Agroforestry Management (TEAM)

Faculty:  P. Scheffler  O. Steele

Students learn to actively manage Hawai‘i’s native forest ecosystems, grow native plants, establish agroforestry operations, use Global Positioning Systems (GPS), and Geographic Information Systems (GIS). Internships give students on-the-job training with potential employers.

For more information call (808) 934-2623, or e-mail forteam@hawaii.edu or check the website at www.hawaii.hawaii.edu/forestteam

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Apply basic ecosystem concepts to natural resource management.
- Use an understanding of general scientific concepts in design of forestry systems.
- Use knowledge of applicable laws and regulations to make decisions about managing ecosystems.
- Apply effective interpersonal and communication skills.
- Recognize, collect, and interpret field data.
- Apply effective management practices to commercial or conservation efforts.

†† Earm 9 credits total by selecting 3 credits from each of the three Diversifications categories: Arts, Humanities, Literature (DA, DH, DL); Natural Sciences (DB, DP, DY); and Social Sciences (DS).
Program Advisory Councils

The Career and Technical Education (CTE) programs at Hawai‘i CC are an integral part of the local community and reflect its day-to-day life. Close cooperation among the faculty, employers, and employees in the community is maintained. One of the most effective formal means of providing for this type of cooperation is the Program Advisory Council. These groups advise their respective programs of training needs and new developments in the field. Councils include employers, alumni, and others knowledgeable about the field.
