College catalogs are published once per year or less frequently and do not always reflect the most recent campus actions involving core courses. For the most recent information concerning core courses, students should check with their advisor. Students intending to transfer should also check the Student Transfer Handbook, which is published twice per year during the months of October and March. Copies of the Handbook are available at counseling, academic advising, and the library.
General Information

Mission
Hawai‘i Community College promotes student learning by embracing our unique Hawai‘i Island culture and inspiring growth in the spirit of “E ‘Imi Pono.” Aligned with the UH Community Colleges system’s mission, we are committed to serving all segments of our Hawai‘i Island community.

Vision
To promote student learning, Hawai‘i Community College will emphasize the knowledge and experience necessary for students to pursue academic achievement. As lifelong learners, the students will become productive and engaged citizens capable of meeting the complex challenges of a global community.

Imperatives
Dedicated to student learning, Hawai‘i Community College commits to the following imperatives:

- Community Development - The College will provide students with opportunities to serve their community.
- Workforce Development - The College will teach the skills needed to succeed in the workforce.
- Cultural Competency - The College will respect and learn from all its students.
- Environment - The College will build an awareness, appreciation, and sense of personal responsibility for the natural, social, and economic environments.
- Hawaiian Culture and Values - The College will be the center for the study of Native Hawaiian cultural knowledge.
- Healthy Communities - The College will work with students to build healthy communities.
- Technology - The College will provide access to current technology that supports student learning.

A Rich Legacy
Hawai‘i Community College celebrated its 60th anniversary in 2001. From its start in 1941 as the Hawai‘i Vocational School, the College has provided access to higher education opportunities, trained a skilled workforce and supported economic development of the County. With the advancement in technology and expansion of educational opportunities into broader fields of technical training, the institution was renamed the Hawai‘i Technical School in 1956.

In May 1970, the institution joined the University of Hawai‘i as a comprehensive community college with the name Hawai‘i Community College. Other significant developments for the College were the offering of college degree classes in Kona beginning in 1982, and the establishment of the continuing education programs throughout the island of Hawai‘i in 1992.

Community Involvement
Community partnerships and collaboration are central to the mission of the College. To keep curricula and requirements current and relevant, the College has invited community leaders in business, industry, and the professions to serve as advisers to provide guidance regarding course content, selection of training equipment, employment needs, and the effectiveness of different programs.

Program advisory councils are formed for each degree program. In addition, the Chancellor of the campus seeks advice from community and business leaders on ways the College can assist in development for the community. Members of these advisory groups are listed throughout the catalog.
A Solid Foundation

Hawai‘i Community College is fully accredited by the Western Association of Schools and Colleges, Accrediting Commission for Community and Junior Colleges. A comprehensive review is conducted every six years, with the most recent review being completed in Academic Year 2006-2007. The reviewers commended the faculty and staff for their dedication, and noted that they go beyond their normal roles in trying to make Hawai‘i Community College viable and responsive to the students and the community.

In addition to the College’s overall accreditation, there are other specialty accreditations for certain programs:

The Hawai‘i Community College Learning Experience

The uniqueness of the Hawai‘i CC experience is the focus on four complementary elements that frame the learning climate: Community work-based learning; using and learning Technology; perpetuation of Hawaiian culture; and caring for the Environment.

The College has a rich history of work-based learning, from the award-winning Model Home project where the construction trades programs design and build a house, to working on customer jobs, and including a wide range of internships, service learning and volunteer work. Students in every discipline have opportunities to apply what they have learned in the classroom, and give back to the community.

Technology is interwoven into nearly every aspect of the College and is used to support distance learning utilizing the Internet or videoconferencing. Technology supports classroom instruction such as the use of global positioning systems (GPS) in Agroforestry, computer assisted design (CAD) in the Architectural/Engineering/CAD Technologies Program, and in certificate and degree programs such as Information Technology and CISCO networking.

The College has made a commitment to become the center for the study of Hawaiian culture, with an emphasis on the practice, perpetuation, and evolution of the culture. This includes an Academic Subject Certificate in Hawaiian Life Styles, and an Associate in Applied Science degree which is being delivered in Hilo, Waimea, and Kona.

An Associate in Science Degree and certificate program in Tropical Ecosystem and Agroforestry Management is a key component of our focus on caring for the Environment. The College also supports an Academic Subject Certificate in Environmental Studies and has numerous projects on campus to reflect our commitment to the natural environment.

Learning by doing through community work-based learning and expanding the classroom through the use of technology, spiced with the unique Hawai‘i Island environment and the uniqueness of Hawaiian culture, equals the Hawai‘i Community College Learning Experience.

Campus Governance

The interests of faculty, staff, and students are represented by three separate and equally important bodies:

- Academic Senate
- Associated Students of the University of Hawai‘i - Hawai‘i Community College
- College Council

In order to ensure the integrity and effectiveness of the College’s governance and decision-making processes, roles of governance groups, such as College Council and Academic Senate, will be regularly evaluated and results communicated with college constituent groups.

Academic Senate

The Academic Senate of Hawai‘i Community College convenes as an organization to maintain and strengthen academic decision-making at the College and system-wide levels. The purpose of the Academic Senate is to ensure academic integrity of the College. The Senate functions as a recommending and governing body. Senate responsibilities include but are not limited to the development, modification, initiation, and review of academic policies and issues in consultation with the Chancellor and others as needed. Membership consists of all BOR-appointed instructional and non-instructional faculty covered by Collective Bargaining Unit 7 who have their primary assignment with HawCC. Members of the Academic Senate are referred to as Senators. All Senators have the rights of voice and vote.

Associated Students of the University of Hawai‘i - Hawai‘i Community College

The Associated Students of the University of Hawai‘i - Hawai‘i Community College (ASUH-HawCC) pledge to forge a community which is student oriented and establishes a democratic system of government committed to fellowship and service. ASUH-HawCC is a chartered student organization (CSO) to
General Information

Hawai‘i Community College 2009-2010

carry out functions or operations on behalf of the University for the purpose of serving the entire Student Body of HawCC.

Membership consists of students whose home campus is HawCC and who are enrolled in at least one (1) credit offered by HawCC.

The following are its objectives:

• Student Governance: ASUH-HawCC represents the students of Hawai‘i Community College. Its main focus and duties include research, education, and action related to the community college.
• Awareness: promotes awareness of issues, gains support for changes and initiates actions to create the desired campus environment.
• Advocacy: advocates for community college and student issues at the county, state, and federal government levels.
• Policy making: provides representative input on policies and decision affecting instruction and student services for HawCC students.
• Co-curricular Services: implements co-curricular programs and services of interests that benefit HawCC students.
• Fiscal Stewardship: practices responsible fiscal stewardship of the mandatory student fees collected by the College on behalf of the Student Body.

College Council

The College Council of Hawai‘i Community College convenes as the Chancellor’s means to maintain and strengthen communication. The purpose of the Council is to serve as a college-wide organization with representatives from all major campus constituencies and ex-officio members. The Council’s primary purpose is to serve as the Chancellor’s forum to facilitate a dialog on college-wide issues. The Council advises the Chancellor on issues that affect the entire college and that are not exclusively governed by another body, such as the Academic Senate and/or ASUH-HawCC. Ex-officio members and representatives must be full-time administrators, BOR-appointed faculty, or APT and clerical regular hires. Constituencies to be represented and ex-officio members are determined by the Chancellor and the Administration in consultation with the Council. Ex-officio members and constituencies for Council representation are determined by the most current Organizational Chart to ensure college-wide participation. (Policy Haw 3.303)

Oregon State University

Hawai‘i Community College entered into an articulation agreement with Oregon State University (OSU) to promote educational opportunities for students to earn a Bachelor’s Degree. HawCC students can be jointly admitted and concurrently enrolled at OSU. Upon earning an Associate Degree from HawCC, students can transfer to OSU with junior standing and with lower division general education requirements completed. For more information, contact the Counseling and Support Services Center at (808) 974-7741.

University of Hawai‘i at Hilo - Degree Pathways Partnership Program

A Memorandum of Understanding (MOU) exists between the University of Hawai‘i at Hilo (UH Hilo) and Hawai‘i Community College (HawCC) to cooperatively promote successful undergraduate educational experiences for students who attend both institutions through curricular and advising pathways. The Degree Pathways Partnership will facilitate the completion of baccalaureate degrees at UH Hilo by students who begin their post-secondary education at HawCC.

This partnership will improve student access, success, and 4-year degree completion by improving academic program articulation; offering students the opportunity to be admitted to, and receive advising from, the 4-year program while they are completing their HawCC program; and fostering better alignment between learning goals at each institution. This agreement will better serve students and benefit programs on both campuses.

University of Hawai‘i at Hilo - College of Business and Economics

A Memorandum of Understanding (MOU) exists between the University of Hawai‘i at Hilo - College of Business and Economics (COBE) and Hawai‘i Community College (HawCC) to allow students who have earned the Associate in Arts Degree with a Business emphasis to transfer to COBE to earn a baccalaureate degree in Business.

Facilities

In East Hawai‘i, HawCC shares a campus with University of Hawai‘i at Hilo (UHH) which consists of a 115-acre Main Campus and a 21-acre campus on Manono Street. To serve HawCC and the University, there are 51 major buildings and 36 portables, including classroom buildings, special facilities for student laboratories, a library and media center, numerous well-equipped shops for use in trade and industrial courses, faculty offices, administration building, student services offices, a learning center with satellites, a campus center for student activities, an athletic complex, tennis courts, and playing field. The 110-acre University Agricultural Farm Laboratory is located in the Pana‘ewa Agricultural Park.

The College serves West Hawai‘i at the UH Center in Kealakekua, with classrooms, a dining room/kitchen, computer lab, library, learning center, and administrative offices.
The University of Hawai‘i Center at West Hawai‘i is one of three University Centers established by the Board of Regents (BOR) in June 1996. Administrative responsibility for the Center at West Hawai‘i was transferred to HawCC on July 1, 1997. The Director of the University of Hawai‘i Center at West Hawai‘i reports to the Chancellor of HawCC.

The primary purpose of the Center at West Hawai‘i is instructional. The Center provides access to multiple disciplines, serves as a receive site for courses, course sequences and/or a limited number of complete BOR-authorized credential programs that originate from other campuses of the University of Hawai‘i system.

HawCC offers the Associate in Science in Early Childhood Education, an Associate in Science Degree in Nursing, and Certificates of Completion in Culinary Arts. The award-winning Culinary Program assists students in gaining skills, certificates, and degrees, as well as provides employers with trained and qualified co-workers for one of the leading growth industries in West Hawai‘i. The Hospitality Program includes the Culinary Arts Program (formerly Food Service Program) and the Hospitality and Tourism Program (formerly Hotel Operations). HawCC offers the Associate in Applied Science Degree, the Certificate of Achievement, and the Certificate of Completion in Culinary Arts. The award-winning Culinary Arts Program is designed to provide students the skills and competencies for entry-level employment in hotels, full service restaurants, fast food restaurants, institutions (schools, hospitals, corrections), and private clubs. HawCC offers the Associate in Applied Science Degree, the Certificate of Achievement, and the Certificate of Completion in Hospitality and Tourism. Through this new program, students will become familiar with the overall hospitality industry, front desk procedures, guest services, accounting, speech, basic computer skills, and Hawaiian studies.

In addition to HawCC programs, the Center facilitates the delivery of baccalaureate and masters’ programs to West Hawai‘i. Students may apply/register for distance education courses offered at other community colleges in the UH system.

The Educational Talent Search program is a federally funded program designed to assist economically disadvantaged and potential first generation college students with entry into post-secondary education. The program’s purpose is to:

1. identify qualified youth and to encourage them to complete high school and enroll in post-secondary education
2. publicize the availability of student financial assistance at the post-secondary level; and
3. encourage persons who have not completed secondary or post secondary education to reenter these programs.

The program, which has been in existence on the island of Hawai‘i since 1991, provides academic and personal support to qualified students in grades 6-12 in public intermediate and high schools and adults on the west side of Hawai‘i Island. For those seeking admission to the College, program services include: career exploration, personal counseling, study skills development, referral for tutorial assistance, college planning, financial aid assistance, academic advising, and cultural/recreational activities. Intermediate and high school students who are enrolled in the program meet monthly and participate in a structured curriculum designed to prepare them for post-secondary education. Reentry adults meet with program staff on an “as needed” basis.

Additional information regarding the program can be obtained by contacting the Educational Talent Search program, University of Hawai‘i Center at West Hawai‘i, 81-964 Haleki‘i Street, Kealakekua, HI 96750; (808) 322-4860.

Academic Support Services

The College shares the library and computer services with the University of Hawai‘i at Hilo.

The Edwin H. Mookini Library
Circulation Desk: (808) 974-7344
Reference Desk: (808) 974-7346
http://library.uhh.hawaii.edu

Dr. Linda Marie Golian-Lui, University Librarian/Director
Ph: (808) 933-3132

Lari-Anne Au, Public Services Librarian
Ph: (808) 933-8614

The Edwin H. Mookini Library, completed in 1981, is located in the center of the Main Campus. The Edwin H. Mookini Library serves the University of Hawai‘i at Hilo (UHH) and Hawai‘i Community College (HawCC). Its primary mission is to support the academic programs of both institutions, under the supervision of the University of Hawai‘i at Hilo University Librarian/Director.

Students have access to over 230,000 bound volumes, over 3,000 periodicals in print, and over 17,000 full-text electronic current periodicals from Hawai‘i, the U.S. mainland, Asia, and Europe. Special formats collected include DVDs, audio and videocassettes, compact disks, and microforms. In addition, the
library is a partial depository for both United States and Hawai’i State documents. The Hawaiian Collection houses the library’s extensive Hawaiiana holdings. To ensure student proficiency in the use of these collections, the staff offers a comprehensive program of library instruction using a networked electronic library classroom.

The Edwin H. Mookini Library provides other services and facilities that further the academic mission of the College. Students may utilize the audiovisual area with playback equipment. Students may also confer in the library’s group study rooms located throughout the building. The PC lab in the library provides access to web browsing, word processing, spreadsheets, and web page design software to support coursework.

Computer technology is increasingly used to meet the information needs of the College and facilitate access to library services for distance learners. The library’s catalog is now available on Hawai’i Voyager, a Web-based library management system.

The library offers reference services enhanced with subscriptions to full-text periodical databases and interlibrary loan services to assist students and faculty in obtaining research materials from off-campus sources.

**The Learning Center (TLC)**
**Hilo (Upper Campus, Library, lower level)**
**Guy Kimura, Coordinator**
**Ph: (808) 974-7503**
**fax: (808) 974-7785**

The mission of The Learning Center (TLC) is to help students be successful in their college experience. Its objective is to provide students with guidance and support to assist them in becoming active independent learners, taking responsibility for their own learning. TLC introduces students to new educational technology and old-fashioned one-on-one tutoring including study strategies and techniques. Its primary services incorporate:

1. Free academic tutoring (one-on-one and group) available to all currently enrolled students in reading, writing, math, study skills, English as a Second Language, and content-area courses as available (accounting, computer science, foreign language, etc.)
2. Computer assisted instructional programs (including getting started with Laulima classes)
3. Instruction utilizing self-paced Computer Assisted Instruction and print media
4. Internet and e-mail assistance
5. Employment opportunities for students who enjoy helping other students and have developed mastery in one or more courses

**Hale Kea Advancement and Testing Center (HKATC)**
**Hilo (Manono Campus, Building 387)**
**Nancy Schein, Educational Specialist**
**Leanne Urasaki, Educational Specialist**
**(808) 933-3219**
**fax: (808) 933-0643**

The Hale Kea Advancement and Testing Center (HKATC) provides computers, a study area, and free testing services (COMPASS placement testing, distance education testing, and make-up testing) for current and prospective Hawai’i Community College students. Distance education tests are administered for community members attending non-UH campuses for a fee.

**UH Center at West Hawai’i Library and Learning Center**
**Laurel Gregory, Librarian**
**Ph: (808) 322-4858**
**fax: (808) 322-4859**

**Michael Hopson, Educational Specialist/ Learning Center Coordinator**
**Ph: (808) 322-4862**
**fax: (808) 322-4859**

The Library and Learning Center offers basic computer literacy and research instruction, reference services, a small on-site collection of books and DVDs, intra-system loans, and access to full-text periodicals. Free academic tutoring for English and math classes is available as well as test proctoring for UH system classes. COMPASS placement testing is offered year-round.

**I Ola Hāloa Center for Hawai’i Life Styles**
**Kekuhi Keali‘ikanaka’ole, Program Coordinator**
**Noe Noe Wong-Wilson, Native Hawaiian Student Success Coordinator**
**Taupōuri Tangarō, Ha’akumalae Protocols Coordinator**
**Bldg. 380 (Manono Campus), Room 34**
**Ph: (808) 974-7486 or (808) 974-7602**
**Fax: (808) 974-7708**
**http://www.hawaii.hawaii.edu/humd/humhls.htm**

I Ola Hāloa Center for Hawai’i Life Styles is supported in part by three USDOE grants: Title III Strengthening Institutions Grant, Title III CCRAA Renovation Grant, and a Congressionally-Directed Grant. These grants support the strengthening of the three distinct tracks of learning, distance education work in the rural districts, Native Hawaiian Students support initiative, and Hawaiian Protocols and Cultural Bridging initiative. Immediate community support comes from members of the Advisory Council.
Office of Continuing Education and Training
Bldg. 379A, Rooms 1, 2, 3 (Manono campus)
200 W. Kāwili Street
Hilo, HI 96720-4091
Ph: (808) 974-7531
http://www.hawaii.hawaii.edu/ocet

The Office of Continuing Education and Training (OCET) was established in 1992 to deliver opportunities for continuing education and training. The OCET unit delivers non-credit Workforce Development training, Basic Skills training, Apprenticeship training, Intensive English sessions, and International Programs on a regularly scheduled basis for Hawai‘i Island.

Apprenticeship Program
Wilton Watanabe, Coordinator
Ph: (808) 974-7531

HawCC’s Apprenticeship Training Program provides related classroom instruction for apprentices registered in various apprenticeship programs. Classes are offered in the evenings or on Saturdays, and are currently related to training programs specific to the following building trades: carpenter, electrician, plumber, refrigeration and air-conditioning, mason, tile setter, roofer, and sheet metal worker. Class instruction supports requirements established by State Apprenticeship Law and makes it possible for apprentices to comply with related instructional requirements in conjunction with on-the-job training requirements of each program. In addition, journeyworker-upgrade training courses are also accommodated for journeyworkers seeking skill-upgrading or self-improvement in their respective trades.

It is important to note that HawCC is not involved with the application and selection of apprentices. The recruitment process is administered by separate Sponsor organizations and enrollments in apprenticeship classes are limited to individuals registered with a respective Sponsor. All Sponsors have established and registered apprenticeship programs that meet guidelines administered by the Department of Labor and Industrial Relations (DLIR) and the U.S. Bureau of Apprenticeship Training (USBAT).

Intensive English Program
Sherri Fujita, Coordinator
Ph: (808) 974-7800 or 933-0807
http://www.hawaii.hawaii.edu/iep

The Intensive English Program (IEP) provides intensive English language preparation for international students who wish to enter an American college or university as well as those who wish to improve their English skills for professional or personal reasons. The IEP is also for permanent residents and immigrants who are non-native speakers of English who need further development of their English language skills. Through academic advisement and assistance from faculty and staff, students are able to move quickly toward achieving their academic and professional goals.

Five 8-week sessions are offered each year beginning in January, March, June, August, and October. The IEP offers up to four proficiency levels. Students are tested, interviewed, and placed in the level appropriate to their proficiency in English. A full-time coordinator and a student advisor is available to assist students with orientation, housing, immigration, and any other concerns.

Students attend classes in intensive English as well as have the opportunity to participate in numerous extra-curricular activities. Students may also take elective classes in TOEFL (Test of English as a Foreign Language) preparation and pronunciation. Students who have fulfilled class and attendance requirements receive a Certificate of Participation.

Students who complete the Intensive English Program are admitted to HawCC with no TOEFL.

The Intensive English Program is accredited by the Commission on English Language Program Accreditation (CEA), and is a member of the American Association of Intensive English Programs (AAIEP). For more information, and to download application forms, visit the website above.

Student Organizations

HawCC offers a wide range of student-lead programs and services to meet the social, educational, cultural, and recreational needs of the campus community. The Associated Students of University of Hawai‘i-HawCC (ASUH-HawCC), the Student Life Council (SLiC), and the Board of Student Publications (BOSP) organize and direct these activities.

ASUH-HawCC represents all students of the College. Its principal responsibilities include research into campus and academic issues and problems; sponsoring programs of interest and benefit to students; and participation in HawCC policy-making and student services. All HawCC students pay a student government fee to fund these activities. For more information log on to http://www.hawaii.hawaii.edu/studentgov.

The SLiC presents a variety of programs for students in cultural, educational, recreational, and public areas. Students enrolled for 9 or more credits are members. Students enrolled for 1 to 8 credits are associate members. Membership is automatically renewed each semester upon registration and payment of tuition and fees.

The BOSP oversees student publications, which include Ke Kalahau, the campus newspaper; and Kanilehua, a literary journal. All HawCC students pay a publication fee to fund the journal’s creation and distribution.

The BOSP is organized to benefit students from both HawCC and UH-Hilo. Students on both campuses are charged the same fees. The Constitution and By-Laws of this organization require
that both student bodies be equally represented. The fees from all students at both campuses also fund the operation of the Campus Center, the intramural program, and the gallery.

Students with special interests may participate in campus activities through membership in the many clubs and organizations that are active during the academic year. Clubs and organizations can be valuable assets to students by providing opportunities for interaction with others, for development of leadership skills, and for participation in recreational and academically related activities that can be pursued during college and after graduation. Clubs must be officially recognized in order to utilize campus facilities, sponsor HawCC related activities, or to receive funding from the ASUH-HawCC and the Association For Student Activities (AFSA-HawCC). The Student Life Center also provides orientation and training opportunities for registered clubs and organizations throughout the year.

**Alpha Psi Epsilon Chapter of Phi Theta Kappa**

Phi Theta Kappa is the internationally recognized honor society for two-year colleges. Alpha Psi Epsilon, the HawCC chapter, was chartered in the Spring of 1993. The purpose of the honor society is to recognize educational achievement. The goals are to promote scholarship, leadership, service, and fellowship.

To become members, students must have at least a 3.5 cumulative GPA, must have earned at least 12 credits towards their Associate degree, and must be invited by the Dean of Student Services of HawCC. New members are inducted each semester based on their academic status at the end of the previous semester. To remain in good standing, members must maintain a minimum 3.00 cumulative GPA. Membership is open to students at both the Hilo campus and at the University Center at West Hawai‘i.

Benefits of membership include eligibility for scholarships, scholarly workshops, officer and committee chair positions, participation in college and community service projects, and social support and networking.

**Emergency Operations Plan**

The purpose of the Emergency Operations Plan (EOP) is to provide the necessary guidance to organize and direct operations in the event of an emergency and/or civil defense action that may be necessary. Because they are co-located on the same campuses, Hawai‘i Community College works with the University of Hawai‘i at Hilo to develop and follow a joint Emergency Operations Plan. The EOP is periodically reviewed and updated. The completed EOP has been approved by the Director of the Hawai‘i County Civil Defense. (Policy Haw 2.203)

---

**University of Hawai‘i System Average Graduation and Persistence Rates**

This information shows the average percentage of full-time, first-time, certificate- or degree-seeking undergraduates entering in fall semesters who have graduated or are still enrolled. An average of 34% of the students entering a UH community college have either graduated or are still enrolled three years after entry, though the rates at individual campuses vary. Graduation rates are not available for students transferring out to other institutions. This information should not be used to infer or predict individual behavior.

Rates are 6 years after entry for UH-Mānoa and UH-Hilo, and 3 years after entry for the UH-Community Colleges.

Admission of Students

HawCC is open to any high school graduate or person 18 years of age or older who can benefit from the instruction offered. Additional admission criteria may be imposed for individual community college programs.

Application and admission information may be obtained from high school counselors in Hawai‘i or from the Admissions and Registration (A&R) Office, Manono Campus, Bldg. 378, or the University of Hawai‘i Center at West Hawai‘i, Student Services (WHSS) Office in Kealakekua. These forms may also be downloaded from http://www.hawaii.edu/admissions

The admission application, “University of Hawai‘i System Application Form,” includes instructions for completing the application. Applications and all supporting documents must be received by August 1 for the fall semester and December 1 for the spring semester. (Nonresident applicants are assessed a $25.00 application fee.)

International students requiring a student visa must submit all documents (see page 14) by April 15 for the fall semester and August 15 for the spring semester.

Successful applicants are reminded that acceptance does not imply that on-campus housing and/or financial aid is available. While the College will make every effort to assist, students must arrange for their own financial aid and housing.

Admission Procedures

All prospective students must:

1. File an official application for admissions by the published deadline.
   The Nursing program may have earlier admission deadlines. Admittance to the College is not acceptance into the program. Consult the program section of this catalog for further information.
2. Request and file a financial aid application before April 1 if seeking financial assistance. Applications received after April 1 will be processed, but awards will be made to eligible students only if funds are available. Application forms are available at the HawCC Financial Aid Office, Bldg. 379A (Manono campus), phone: (808) 974-7663. See separate section on Financial Aid.
3. Request and file an official application for on-campus housing by March 31 if seeking on-campus housing. Contact the Office of Student Housing (808) 974-7522. Acceptance to the College does not guarantee on-campus housing.
4. Arrange to take placement tests. Placement testing is required prior to registering for English, Math, and certain other courses. Tests are administered according to established TLC policies and procedures. Call The Hale Kea Advancement and Testing Center at (808) 933-3219 or the WHSS Office at (808) 322-4862 for information and appointments. Accommodations for students with disabilities can be arranged, call (808) 933-0702 [TTY].
5. Attend a Student Orientation Advising and Registration (SOAR) Session. For details on time and place: in Hilo call (808) 974-7741, in West Hawai‘i call (808) 322-4856.

Acceptance to Hawai‘i Community College

Students are accepted into the College with a “classified” status by declaring a designated program or major of their choice. However, in a few cases the student may not be able to enroll in the beginning courses in the program because:

1. Certain prerequisites for the courses have not been met.
2. The program may be filled.
3. Beginning courses in the program are not offered in that semester.

Applicants will be notified by mail of their acceptance and given information regarding registration. Prior to registration for courses, the student is expected to:

1. Submit a negative tuberculin test or chest x-ray report (valid if taken within one year of the first day of instruction) and proof of immunity to measles (rubeola), mumps, and rubella (MMR) directly to the A&R/WHSS Office.
   Note: Chest x-ray reports must be accompanied by proof of a positive skin test which includes dates and induration. Proof of MMR immunity must be signed by a licensed practitioner or stamped by a clinic.
2. Complete English and Math placement testing as required.
3. Attend a scheduled Student Orientation, Advising and Registration (S.O.A.R.) session. For details on time and place: in Hilo call (808) 974-7741, in West Hawai‘i call (808) 322-4856.

After registration for courses, the student is expected to:

1. Pay for all tuition and fees by the published deadline.
2. Attend classes regularly; see No Show Policy.
Some programs accept students only in the fall semester. If the program is filled, students are unable to enroll in courses for their program. They will be advised to take other related courses. After one semester, the student usually will be able to take beginning courses in the program; however, in a few programs the waiting period may extend to a full academic year or more. Continuing students will be given priority in fall semesters to enter the programs when space becomes available.

The following programs accept all students who apply: Administration of Justice; Business; Early Childhood Education; Hawaiian Life Styles; Hula Option, Lawai’a Option, Mahi’ai Option; Hotel Operations; Human Services; Information Technology; Liberal Arts; and Tropical Forest Ecosystem and Agroforestry Management.

The following Applied Technical Education programs will accept students on a first-come, first-served basis: Agriculture; Architectural/Engineering/CAD Technologies; Auto Body Repair and Painting; Auto Mechanics; Carpentry; Diesel Mechanics; Electrical Installation and Maintenance; Electronics Technology; Food Service; and Machine, Welding, and Industrial Mechanics.

For the Nursing programs, an official high school transcript, printed in English, is required as part of the admissions process, as well as a pre-admission examination in English and math (see Placement Test reference for more information). The National League for Nursing Pre-Admission Examination for Associate Degree or Practical Nursing applicants is also required.

Counselors and support program coordinators are available to provide information about the College and its programs and to assist each applicant in choosing a program that offers the maximum opportunity for self-development. Information is also provided to students via e-mail through their hawaii.edu account.

**Summer Session**

Admission to Summer Session is open to high school graduates and individuals eighteen years of age or older. Students are expected to have satisfied prerequisites for those course(s) in which they enroll. Applicants enrolling in the Summer Session immediately after high school graduation should contact the Admissions and Registration Office at (808) 974-7661 regarding enrollment status.

High school juniors and seniors are eligible to enroll in Summer Session classes at HawCC through the Early Admissions and Running Start programs. See section titled Early Admissions Program.

Applications may be obtained from the A&R Office, Manono Campus, Bldg. 378 or the WHSS Office in Kealakekua.

**Residency Regulations for Tuition Purposes**

Students other than statutory exempt individuals, who do not qualify as bona fide residents of the State of Hawai‘i, according to the University of Hawai‘i rules and regulations in effect at the time they register, must pay nonresident tuition. An official determination of residency status will be made at the time of application. Applicants may be required to provide documentation to verify residency status. Once classified as a nonresident, a student continues to be so classified during his/her term at the College until he/she can present satisfactory evidence that changes the residency status.

**Definition of Hawai‘i Residency:** A student is deemed a resident of the State of Hawai‘i for tuition purposes if the student (18 or older) or, in the case of a minor student, his/her parents or legal guardian have:

1. Demonstrated intent to reside permanently in Hawai‘i;
2. Been continuously physically present in Hawai‘i for the 12 consecutive months prior to the first day of instruction; and
3. Has not been claimed as a dependent (whether adult or minor) for tax purposes by his/her parents or legal guardians who are not legal residents of Hawai‘i.

To demonstrate the intent to make Hawai‘i your legal residency, the following apply:

1. Voting/registering to vote in the State of Hawai‘i
2. Filing Hawai‘i State Resident Personal Income Tax Return

Other information such as employment, carrying on of a business, ownership of residential property or continuous rental of a dwelling on a lease basis in Hawai‘i, or the presence of immediate family members in Hawai‘i may apply. No single act is sufficient to establish residency in the State of Hawai‘i.

The following rules of residency determination shall be applied in all cases:

1. The twelve months of continuous residence in Hawai‘i shall begin on the date upon which the first overt action (see above) is taken to make Hawai‘i the permanent residence.
2. Residency in Hawai‘i and residency in another place cannot be held simultaneously.
3. Presence in Hawai‘i primarily to attend an institution of higher learning does not create resident status. A nonresident student enrolled for 6 or more credits during any term within the previous 12-month period shall be presumed to be in Hawai‘i primarily to attend an institution of higher
learning. Such periods of enrollment shall not be applied toward the physical presence requirement.
4. The residency of unmarried students who are minors follows that of the parents or of the legal guardian. Marriage emancipates a minor.
5. Resident status, once acquired, will be lost by future voluntary action of the resident inconsistent with such status. However, Hawai‘i residency will not be lost solely because of absence from the State while a member of the United States Armed Forces, while engaged in navigation, or while a student at any institution of learning.

These considerations do not exhaust all of the factors that affect determination of residency. For more information, consult the “Rules and Regulations Governing Determination of Residency as Applied to Tuition Payments and Admission at All Institutions Under the Jurisdiction of the Board of Regents of the University of Hawai‘i.”

For additional information or interpretation, contact the Residency Officer at HawCC’s Admissions and Registration Office (808) 974-7661.

Nonresident Students

Candidates for admission from outside the State of Hawai‘i must meet all the requirements noted for Hawai‘i applicants. Admission is also contingent upon the College’s nonresident student enrollment quota. Therefore, out-of-state candidates should await written notice of acceptance before coming to Hawai‘i. No special consideration can be given to students whose applications have not been accepted.

Once classified as a nonresident, a student continues in this status at HawCC until submitting satisfactory evidence that changes the residency status.

The maximum number of nonresident students that can be accepted by HawCC is limited by the Board of Regents policy. Students classified as nonresidents are required to pay nonresident tuition, unless exempted from paying such tuition through one of the statutory exemptions listed below:

1. United States military personnel and their authorized dependents during the period such personnel are stationed in Hawai‘i on active duty
2. Members of the Hawai‘i National Guard and Hawai‘i-based Reserves
3. Persons who are legal residents of a district, commonwealth, territory, or insular jurisdiction, state, or nation which provides no public institution of higher learning may be eligible for a tuition exemption which allows them to pay 150% of the resident tuition
4. Employees of the University of Hawai‘i System and their spouses and legal dependents
5. Hawaiians: descendents of the aboriginal peoples that inhabited the Hawaiian Islands and exercised sovereignty in the Hawaiian Islands in 1778.

International Students

Counseling and Support Services
200 W. Kāwili Street
Hilo, HI 96720-4091
Ph: (808) 974-7741

International applicants must comply with all regulations of the Immigration and Naturalization Service as well as with applicable policy of the Board of Regents of the University of Hawai‘i and the policies of HawCC. For purposes of clarifying requirements for admission, international students who are not U.S. citizens and who have not been admitted to live in the U.S. permanently are designated as nonimmigrants. HawCC is authorized under Federal Law to enroll nonimmigrant alien students.

International students requiring an I-20 for application for an F1 visa must submit the following:

- UH System Application Form
- $25 Application Processing Fee
- Supplementary Information Form for Undergraduate International Applicants (FSS). To download this form, visit http://www.hawaii.edu/admissions
- A current (within 90 days from date of application) original bank statement from sponsor(s) signing the FSS Form - Section C Part II. The statement must indicate at least $23,375 (US dollars) in available funds.
- Evidence of having completed the equivalent of a United States high school education. Such evidence may include an official copy of secondary school academic records, and/or official certificates of the results of qualifying examinations and attested true copies of mark sheets. All documents must be printed in English.
- Test of English as a Foreign Language (TOEFL) for international candidates whose native language is not English. A minimum score of 450 (paper), 133 (computer), or 45 on the Internet Based Test (iBT) is required. Scores must be less than two years old and must be sent directly to Hawai‘i Community College (code #4322) from ETS. Information about TOEFL may be obtained by writing directly to: Test of English as a Foreign Language, Box 899, Princeton, New Jersey 08540, USA. Or, visit the website at http://www.toefl.com

International students who do not have the TOEFL score to enter HawCC’s credit classes can take the Intensive
English Program (IEP). After successfully completing this course, students may enter HawCC credit classes without a TOEFL score. Please see the section titled Intensive English Program for more information. (Policy Haw 7.220)

All application materials must be received by the deadlines listed in the academic calendar.

A select number of highly qualified international students from certain Pacific/Asian jurisdictions may be eligible for a complete or partial tuition subsidy. Please contact the HawCC Financial Aid Office for details.

All nonresident international students must demonstrate proof of enrollment in a health and accident insurance program before any such student shall be permitted to enroll. The intent of this requirement is to protect international students against the high cost of unanticipated health care expenses resulting from accidents or illness.

In compliance with public health regulations, new students must show evidence that they are free of active tuberculosis and immunized against measles (rubeola), mumps, and rubella prior to enrollment.

Once admitted, the nonresident international student with a valid student F-1 visa must maintain a minimum course load of 12 credits each consecutive fall/spring semester in order to remain in status with the United States Customs and Immigration Services (USCIS).

HawCC complies with all applicable requirements of other state health agencies and councils as may be required by law or by rules and regulations.

## Veterans and Dependents

HawCC is an approved educational institution for education and training under the Veterans’ Educational Assistance Act (GI Bill) and the Dependents’ Act. Information regarding eligibility, entitlement and types of training authorized may be obtained from the Veterans Administration Regional Office. For more information, call 1-888-442-4551 or visit the website at http://www.gibill.va.gov.

Veterans who are registered for the first time under the GI Bill must present a copy of Form 22-1990 (Application for Education Benefits) to the Records and Internal Data Management Office. Dependents of disabled veterans and survivors of veterans whose cause of death was service-related, who register for the first time under any provision of the Federal Veterans’ Bill, must complete and present VA Form 22-5490 to the HawCC Records and Internal Data Management Office, Manono Campus. For more information call the VA Representative at (808) 974-7662.

Chapter 31 Disabled Veterans should contact the ‘Awil Kōkua Program at (808) 933-0702 [TTY].

## Transfer Students

Transfer students are those who were previously enrolled at a college or university (including UIHH) other than HawCC. Students who are transferring to HawCC must arrange for their official transcripts, printed in English, to be sent to the Records and Internal Data Management Office directly from institutions previously attended. A course catalog or course description for course(s) must be submitted for all institutions outside of the University of Hawai‘i System. An official evaluation will be processed after the student registers. The materials submitted become the property of HawCC.

Courses will be processed for possible transfer credits only if applicable to the student’s current major and if the course was completed with a grade of “D” or better. When applicable, transfer credits may be counted towards the specific requirements of a program; otherwise, they will be counted as general electives. However, neither grade points nor grade point averages earned at other institutions are used in the computation of HawCC cumulative grade point average. (Policy Haw 7.208)

## Auditors

Auditors must fulfill all requirements for regular admission. Persons wishing to participate in courses as auditors may apply for the privilege by completing and submitting the auditor’s form no earlier than the first day of instruction. Permission of the instructor is required. Tuition is charged for the audited course(s). (Policy Haw 7.207)

## Returnees

Any student who terminates his/her enrollment at HawCC during the semester and returns the following semester is considered a continuing student. A student who terminates his/her enrollment and is gone for one complete semester or more will be required to reapply for admission. A student whose enrollment is interrupted for two or more consecutive semesters (excluding summer sessions) must complete the requirements in effect at the time the student is readmitted or the requirements in effect at the time of his/her graduation. (Policy Haw 5.702)

If the student attended another institution of higher learning in the interim, he/she must reapply as a transfer student.

## Unclassified Nondegree Students

A person who wishes to take courses at HawCC, but does not wish, or does not qualify, to enroll in a degree program, may apply for admission as an unclassified student by submitting the System Application Form. Most types of financial aid programs or campus student employment are not available to unclassified students. International visa students are not eligible for unclassified nondegree status. An unclassified student may declare a major and become a classified student by completing the Change of Major Form at the A&R/WHSS Office. After a semester has started, changing one’s major becomes effective the following semester.
Early Admission Program

The Early Admission Program is intended to encourage highly motivated and academically and/or vocationally talented high school juniors or seniors to advance in their schooling by supplementing their regular high school work with selected college courses. Interested applicants must comply with the regular admissions application procedure including application deadlines and completion of the Early Admit Application. After consultation with their high school counselor and the College Admissions staff, qualified candidates may be admitted on a part-time, nondegree status. Acceptance is valid for one semester only. Continuation in the Early Admission Program depends upon the maintenance of a 2.0 grade point average (GPA) and approval of the College in consultation with the high school counselor.

A student seeking early admission should contact a HawCC counselor for guidance and explanation of the application process.

Running Start is a statewide program that provides an opportunity for academically qualified public high school juniors and seniors to enroll in Hawai‘i Community College classes through the University of Hawai‘i System as part of their high school course work. Students can earn both college and high school credits.

To participate, the student must:
• be in grade 11 or 12 and attending a Hawai‘i public or charter high school,
• be under the age of 21 as of September 1 of the school year in which the college course is taken
• have taken the COMPASS Placement Tests in Reading, Writing, and Math,
• meet the prerequisite(s) for the college course(s), and
• pay Hawai‘i Community College tuition and fees. (Students who receive free or reduced-price lunch at the high school are eligible to apply for the GEAR UP scholarship.)

Interested high school juniors and seniors should first contact their high school counselor for program information, forms, and consultation. Students in the Early Admission Program do not qualify to receive Veteran’s benefits.

Health Requirements for Admission

State of Hawai‘i Department of Health regulations require students to submit proof of health clearance for Tuberculosis (TB), measles (Rubeola), mumps, and rubella PRIOR to registration for classes. Health clearances must be signed by the administering practitioner or stamped by the administering clinic.

Tuberculosis (TB) Clearance: The student must present to the Admissions and Registration Office a Mantoux tuberculin skin test result of the diameter issued within 12 months before first attendance. If the diameter of induration is 10mm or more then a negative chest x-ray is also required. The certificate of TB examination and chest x-ray must be issued by a US practitioner.

Measles (Rubeola), Mumps, Rubella Immunization (MMR): All students born after 1956 must present proof of immunity to MMR. A student is considered immune to MMR by submitting documented proof, signed or stamped by a licensed practitioner, of:
• having received two (2) doses of the MMR vaccine at least one month apart, on or after the first birthday; or
• having received one (1) dose of the MMR vaccine and one (1) dose of the measles (rubeola) vaccine at least one month apart; or
• documented evidence of physician diagnosed measles (rubeola), mumps, and/or rubella; or
• laboratory (blood test) evidence of MMR immunity.

A student enrolled at another college in the State of Hawai‘i is presumed to have met the health requirements for registration as long as the student can provide a copy of the required health documents that were presented to the original college.

It is the personal responsibility of the student to obtain a preadmission medical examination and is highly recommended for all students entering the restaurant/food services, administration of justice, trade and industry, and nursing programs.

Student Health Insurance

Supplemental health and accident insurance is strongly recommended. The UH Medical Plan is designed for students and is generally less expensive than most other health insurance plans. Applications can be obtained from the Nurse-Educator located at the Campus Center on the Main Campus.

Health requirements for registration: All nonresident international students must demonstrate proof of enrollment in a health and accident insurance program before any such student shall be permitted to enroll. The intent of this requirement is to protect international students against the high cost of unanticipated health care expenses resulting from accidents or illness.
Placement Testing

Contact for appointments:
Hale Kea Advancement and Testing Center
Bldg. 387 (Manono Campus)
Nancy Schein, Educational Specialist
Leanne Urasaki, Educational Specialist
(808) 933-3219
(808) 933-0563
fax: (808) 933-0643

UH Center at West Hawai‘i
Michael Hopson, Educational Specialist
Ph: (808) 322-4862

COMPASS Placement Testing in mathematics, reading, writing, and ESL is required at HawCC for all entering students except those listed below. Without placement test scores, registration into English, math and other courses is restricted.

Students with a disability requiring accommodations to take the placement test should contact the Hā’awi Kōkua Program at (808) 933-0702 [Voice/TTY] for assistance.

Students who wish to retake the COMPASS placement test are required to wait 60 days. Immediate retesting may be allowed when mechanical or other testing malfunctions occur.

Exceptions (Policy Haw 5.501)
1. Unclassified students who enroll in no more than one course per semester and do not enroll in any course that requires a minimum placement test score as a prerequisite.
2. Transfer students who have taken the COMPASS Test for placement in reading, writing, and mathematics can use their scores at HawCC. All test scores are valid for two years only, after which retesting must be done prior to enrollment into any reading, writing, or math course.
3. Transfer students who have completed college courses in reading, writing, or mathematics.
4. Transfer students who have earned an Associate in Arts degree or higher.
5. Placement Rules for Entering Students with Prior Degrees:
   a) Students with an Associate degree place into Eng 102 and 22 and Math 24X.
   b) Students with a BA/BS degree place into Eng 102 and 100 and Math 100, 27, 115.
   c) This is for placement purposes only to assist students with registration and meeting of course prerequisites for all HawCC courses. This placement should be entered as a Human Evaluation preliminary to entry of the student's transfer credit evaluation. Unofficial transcripts can be used for placement purposes only.
   d) Official transcripts must be used to grant transfer credit for courses completed to meet HawCC program and graduation requirements.
   e) Concurrent UHH classified majors (without HawCC placement scores) place into Eng 102, Eng 22 and Math 24X. UHH ESL students are placed by UHH English department recommendation into HawCC ESL courses.

Ability to Benefit: A student who does not have a high school diploma or a GED certificate can be considered for federal student financial aid programs if he/she can demonstrate the Ability to Benefit from postsecondary education. Federal regulations define Ability to Benefit as a passing score on a nationally approved test, such as the COMPASS Test. These tests are administered at the Hale Kea Advancement and Testing Center or at the UH Center at West Hawai‘i.

SAT/ACT Scores: Students who meet one of the following criteria will be placed into Eng 100:
- A score of 550 or higher on the Critical Reading section AND a score of 550 or higher on the Writing section of the SAT test
- A score of 24 or higher on the Reading section AND a score of 24 or higher on the English/Writing section of the ACT test

Student Orientation

Counseling and Support Services
Bldg. 379, Manono campus
Ph: (808) 974-7741

Students (new, returning and transfer) will receive a notice to attend a Student Orientation, Advising and Registration (S.O.A.R.) session. To attend a S.O.A.R. session, students must have submitted a completed UH System Application Form, have taken the placement tests, and be prepared to show a valid TB clearance. At this session students will:
- be oriented to HawCC programs and services and given general information,
- meet with their program advisor or a counselor, and
- be assisted with the registration process.

Students may instead choose to do their Orientation online, but will still need to meet with their program advisor or a counselor to register. After completing the online Orientation,
students must print the last page certifying completion, and bring it to their Advising and Registration session. The online Orientation can be found at HawCC’s homepage, http://www.hawaii.hawaii.edu

To assist in the registration process, it is important that new students bring certain personal documents to campus:

- Social Security card/number
- Driver’s license (or other photo ID)
- Letter of acceptance to HawCC
- Placement test scores, and
- Any other important papers verifying your good standing

Transfer students must request their official academic transcripts, printed in English, be sent to the HawCC Admissions and Registration Office. Catalogs with course descriptions from other colleges attended may be requested to help determine equivalencies of courses taken. It is strongly recommended that you bring a copy of your college transcripts to advising since official evaluation is not completed until after your first semester at HawCC begins. A copy of your transcript will facilitate the advising and registration process.

For international students or recent immigrants from other countries, it is advisable to bring your:

- Passport
- Visa
- Immigration papers
- Birth certificate
- Health insurance documents and related medical papers
- Letter of acceptance to HawCC.

Payment of tuition is expected at the time of registration. If you are receiving financial assistance, you are responsible to notify the Financial Aid Office and the Business Office that you have tuition assistance in order to secure your registration. Non-payment may result in cancellation of registration and the registration process will need to be repeated during Regular Registration.

All students should have adequate funds to ensure their smooth adjustment in setting up living quarters either on- or off-campus. Students are advised to establish appropriate accounts at local financial institutions to handle their funds. Major credit cards may also prove useful.

**Credits**

Courses are assigned semester credit values determined by the number of hours of study per week required of the student in and outside of the classroom or laboratory. Although semester credit hours normally are fixed, some variable credit courses are offered. The amount of credit given for a variable credit course must be approved by the instructor.

**Registration, Withdrawals, and Other Changes**

**PLEASE NOTE:**

Students who register and decide later to not attend must officially withdraw by the published deadline. Students still enrolled after the withdrawal deadline will have appropriate tuition and fees posted to their account even if they have stopped attending classes. Students with unpaid balances will be obligated to pay. Failure to pay will create a hold on the account affecting other transactions with the college such as: future registration attempts, transcript requests, and receipt of a diploma at graduation.

**Regular Registration**

The dates for registration are given in the HawCC Academic Calendar. Registration occurs prior to each semester.

**Late Registration**

The last date on which students may register in any term is indicated in the HawCC Academic Calendar.

**Concurrent Registration**

HawCC students may register online concurrently for classes at more than one community college in Hawai’i. Students may register only if the stated prerequisites for each class are met, and only if the class is open or with permission of the instructor(s). With any registration error message, students must contact the institution offering the class, or the instructor of the class, to receive permission to register.

All mandatory fees at HawCC and the other institution(s) must be paid, except for the late registration fee, which is waived by the other institution(s) according to their set deadlines.

If you are receiving financial aid from HawCC and are taking classes at other colleges in the UH System, your enrollment is not automatically protected from disenrollment due to non-payment. Check with the other college concerning their enrollment protection policies and procedures.

Credits transferred into HawCC, once posted, may not be repeated at another institution for a higher grade at HawCC. Only course(s) taken specifically at HawCC for credit will override the lower grade on record.

**Policies on Adding and Withdrawing from Courses**

Current practices will reflect procedures in place by the computer registration system. Information is subject to change.

**To Add a Course:** For semester-length courses, courses may be added online up to the end of the first week of instruction. After the first week of instruction, courses may be added in-person at the Admissions & Registration Office with instructor’s signature on an Add form.

For courses that are less than the full semester in length, courses may be added up to and including the day prior to the start date of the course.

Students must meet any prerequisite and corequisite requirements. (Policy Haw 7.330)
To Drop/Withdraw from Courses: Courses may be dropped online until the Withdrawal with a “W” Deadline provided the course being dropped is not the student’s last class at his/her home institution. (Policy Haw 7.330)

To Withdraw from a Course During the Erase Period: Courses dropped during the erase period will not appear on the student’s transcript.
- For semester-length courses, the erase period runs through the end of the third week of the semester.
- For less than semester length courses, the erase period is up to the day before the third class meeting.

To Withdraw from a Course After the Erase Period Ends: For courses dropped after the third week of instruction, a grade of “W” will appear in the student’s academic record. Students who fail to withdraw officially may receive an “F”.

Complete Withdrawal
Students may not completely withdraw from Hawai’i Community College online. Students may come in-person to completely withdraw from the College through the last day of instruction. The Withdrawal Form needs to be signed by the instructor of the last class attended and then taken to the Financial Aid Office for a signature.

Upon complete withdrawal, through the end of the third week of the semester, courses will not appear on the student’s academic record.

Complete withdrawal after the third week will result in a grade of “W” for each course. (Policy Haw 7.330)

Change of Home Institution
Students wanting to change their home institution to another Community College must submit a University of Hawai’i Change of Home Institution form. The deadline is listed on the Academic Calendar.

**Tuition and Fees 2009-2010**

Tuition is charged according to the number of semester hours carried by the student. Classified students, unclassified students, and auditors pay the same tuition.

**Per Credit**
- Resident .................. $ 79
- Nonresident ................. 272

**Tuition disclaimer statement:** All tuition and fee charges at the University of Hawai’i campuses are subject to change in accordance with requirements of State law and/or action by the University of Hawai’i Board of Regents or Administration.

All tuition and fees are to be paid at the time of registration. For a full refund and/or cancellation of charges, students must officially withdraw from classes by the end of the late registration period. After this deadline, students with unpaid balances will be obligated to pay.

**Tuition Payment Plan**
An installment plan is available to students who cannot pay in full by the published deadline. A non-refundable plan fee will be charged per student per semester to participate. More information is available at [https://myuhportal.hawaii.edu](https://myuhportal.hawaii.edu)

**Tuition Refund Policy**
Any refund can be directly deposited into a savings or checking account. To do so, students must first sign up for eRefund through the MyUH Portal at [https://myuhportal.hawaii.edu](https://myuhportal.hawaii.edu)

**Semester-length classes**
1. 100% refund for complete withdrawal only if made on or before the Friday of the first week of instruction.
2. 200% refund for change in status or tuition rate if made
Part-term classes
Students enrolled in classes that do not run the entire semester should consult with the Admissions and Registration Office because different dates apply.

Fees
100% refund for complete withdrawal only if made on or before the Friday of the first week of instruction. No fees refund after this date.

Financial aid recipients may be subject to a federal refund policy as required by federal regulations. Financial aid recipients may have all or part of their tuition refund returned to Title IV program(s). Contact the Financial Aid Office for more information.

Parking on Campus
Parking Office
Auxiliary Services Building #300, Rm 101
Ph: (808) 974-7784

In Hilo, the Manono (Lower) Campus does not require a permit. All parking is open except in designated/marked stalls.

Parking permits are required to park a vehicle in all lots on the Upper Campus between 6:00am and 4:00pm (including parking with a Handicap placard). Starting on the first day of classes, permits need to be displayed on all class days during the fall and spring semesters. Daily passes are available or permits can be bought for the semester/academic year on a first-come, first-served basis. Parking applications for the different zones are available at the Parking Office on the Upper Campus. The following items are required to purchase a parking permit:

- completed parking application
- current driver’s license
- valid motor vehicle registration certificate
- owner’s waiver (if vehicle is not operated by registered owner)
- verification of enrollment (proof of payment done online or in-person, or a financial aid award letter).

At the UH Center in West HI, all parking is open except in designated and marked stalls.

Child Care
The Hawai‘i Community College Children’s Center in Hilo provides early education and care for children 18 months to 5 years of age. The Center serves children of students, faculty, and staff from HawCC and UHH. The program is accredited by the National Association for the Education of Young Children and the staff has specialized training in early childhood.

The Center offers a high quality developmental approach to early education and serves as a training site for Early Childhood Education students. There is a fee for service with student assistance available. Call (808) 933-0571 for more information.

Bookstore
Textbooks, other educational materials and equipment, convenience and personal items, and clothing are sold at the University of Hawai‘i Bookstore. The Bookstore is located on the ground floor of Building 346 on the Main Campus.

Bookstore Hours:
Regular hours Mon-Fri: 8:00 a.m. - 3:30 p.m.
During registration: 8:00 a.m. - 6:00 p.m.
Saturday before classes start: 8:00 a.m. - 12 noon
First three days of classes: 8:00 a.m. - 6:30 p.m.
Remainder of first week: 8:00 a.m. - 5:00 p.m.

Housing

e-mail: uhthouse@hawaii.edu
www.uhh.hawaii.edu/studentaffairs/housing

On-Campus Housing
In its residence hall operation, the Student Housing Program is committed to providing an atmosphere where personal growth can occur in an environment that complements the educational objectives of the University. Residents, student staff, and professional staff carry out this commitment by adhering to concepts of responsible freedom, which encourage active participation in the residence hall community. Numerous opportunities for self and group development are available to the residents through participation in the areas of educational, recreational and social programming, community government, and the development of resident hall policies and procedures.

Residence Halls
There are four coeducational residence halls on the UH Hilo campus, two traditional, one suite, and one apartment style hall. The majority of rooms in these halls are designed for two students (double accommodations). Residents in the traditional-
style halls and suites must participate in a board program. A variety of meal plan options are offered. Rooms are furnished with twin-size beds, a chest of drawers, chairs, bookshelves, and desks. All other furnishings, including linens, must be supplied by the residents. All residence halls have recreation lounges, television room, and laundry facilities. All halls follow the University policy on Tobacco Products. There is a no smoking policy for all rooms and walkways of all halls. Hale Kauanoe, Hale Kanilehua, and Hale Kehau have been designated as alcohol free and substance free halls.

Hale Kehau is a 236-bed, suite-style coed hall. Each two rooms share a bathroom that connects both rooms. All rooms are fully carpeted. Six units are designed to meet the needs of students with disabilities.

Hale Ikena, an apartment-style facility, provides accommodations for 196 students. Students applying to Hale Ikena must be 21 years of age or have completed 24 college credits. The majority of apartments in this facility are two-bedroom units with accommodations for four students in each unit. There is a limited number of one-bedroom apartment units accommodating two students. All apartment units are fully furnished with private bathroom, living room, and kitchen. Residents must provide their own linens and cooking and eating utensils.

Married students may reside in student housing provided that at least one spouse per married couple is a full-time student who qualifies under the geographical area provisions of the Board’s applicable priority system, the other spouse being a full-time or part-time student.

**Students with Disabilities**

Two apartments at Hale Ikena and six units at Hale Kehau have been designed to meet the needs of students with disabilities who are capable of living independently. In addition, 17 units at Hale Ikena and 8 units at Hale Kauanoe are accessible to people with hearing impairments. Applicants for these accommodations should indicate on their application the nature of their need. Applicants requesting housing accommodations will be immediately referred to the University Disabilities Services Office for determination of eligibility. Reasonable accommodations will be provided to qualified persons with disabilities. Students must apply by regular deadlines. Applications are available in alternate format upon request.

---

**Room and Board Fees - Subject to change**

I. **ROOM RATES (Per Person/Per Academic Year)***

A. Dormitory-Style Residence Halls
   - Double room (two-person room) ............ $2,776.00
   - Single room (one-person room) ............ $4,164.00

B. Apartment-Style Residence Hall
   - Two-bedroom unit (two-person room) ...... $3,890.00
   - One-bedroom unit (two-person room) ...... $5,038.00

C. Suite Style
   - Two-bedroom unit (two-person room) ...... $3,510.00

II. **BOARD PROGRAM**

The meal program is administered by Sodexo Campus Services. Residents can eat their meals at any one of the many campus food outlets. These include the Residence Hall Dining Room serving dinner nightly and brunch on weekends and holidays; the Campus Center Dining Room serving 7 a.m. to 3 p.m. weekdays; Grab N’ Go Express on the Library Lanai; and The Cube located near the Bookstore. The snack bar “Munchies” located at the Hale Kehau Resident Dining is open in the evening to serve those with late hour appetites.

All residents, except for those that reside at Hale Ikena, are required to be on a meal plan. Residents of Hale Ikena may purchase a meal plan at the same rates.

For more information, go to the Sodexo website at [www.uhhcampusdining.com](http://www.uhhcampusdining.com)

**Application Procedures**

Applications for on-campus housing may be obtained directly from the Housing Office or downloaded from the Housing Office website at [www.uhh.hawaii.edu/studentaffairs/housing](http://www.uhh.hawaii.edu/studentaffairs/housing)

Assignments are made according to the date of receipt of application, application fee, Board of Regents assignment priority, and hall preference. BOR policy gives priority to traditional freshman. For priority considerations, application must be received by the Student Housing Office by March 31st. All on-campus housing applicants must be accepted into a classified program of study before being eligible for housing placement. Assignments are for the academic year or remaining portion. Admission to the University does not assure students of on-campus housing. Applications for the upcoming academic year are available in the early spring and should be submitted as early as possible. Receipt of a housing application and application fee by the Housing Office does not guarantee on-campus housing.
Independent Studies/Directed Studies

Students may earn academic credits through Independent/Directed Studies in any of the areas in which credit courses are offered or to pursue other individual academic interests not included in credit courses.

Forms are available in the A&R Office, Manono Campus, Bldg 378 or the WHSS Office in Kealakekua, and must be completed prior to registration. Independent/Directed Studies require:
1) sponsorship of the appropriate instructor;
2) a description of the work to be undertaken;
3) approval of the appropriate division chairperson; and
4) permission of the Vice Chancellor for Academic Affairs.

A description of the work to be undertaken must contain: an outline of the study topic, specification of the work to be done, the type and frequency of faculty-student contact, the amount of credit to be given, and a statement of the evaluative criteria to be used by the faculty member.

For Independent/Directed Studies:

1. A student may register for not more than six (6) semester hours of Independent/Directed Studies per semester with not more than six (6) semester hours granted for any single course.
2. Independent/Directed Studies may be used as electives.
3. Independent/Directed Studies may not be used to meet area/program requirements unless prior permission is given by the advisor and the Vice Chancellor for Academic Affairs. (Policy Haw 5.602)

Warning: There are financial aid implications for students who are dropped from a course by an instructor. For tuition refunds, students are responsible for filing official forms. Refer to Tuition Refund and Drop/Withdrawal Policies. (Policy Haw 7.505)

Students dropped from a class by the instructor will be notified by the Records and Internal Data Management Office. Students may add back a dropped class during the Add/Drop period if space is available. If unable to add, students may seek reinstatement from the instructor. If refused, the notification letter explains appeal procedures.

Satisfactory Academic Progress

Satisfactory academic progress is defined by the College as maintaining a cumulative GPA of at least 2.0. Note: Federally-sponsored financial aid programs also define satisfactory academic progress in terms of a minimum number of credits completed each semester. Consult the Financial Aid Office if there is any doubt. (Policy Haw 7.520)

Academic Warning

A student whose semester GPA is less than 2.0, but cumulative GPA is 2.0 or higher, will be placed on academic warning, will be notified, and is encouraged to seek academic counseling. (Policy Haw 7.520)

Academic Probation

A student whose cumulative GPA is less than 2.0 will be placed on academic probation. (Policy Haw 7.520)

Continued Academic Probation

Following a semester on academic probation, a student will be placed on continued academic probation if the GPA for the semester just completed was 2.0 or higher, but the cumulative GPA remains less than 2.0. (Policy Haw 7.520)

Academic Dismissal

A student whose semester and cumulative GPA is below 2.0 at the end of a semester of academic probation or continued academic probation will be dismissed from the College. He/she may appeal the academic dismissal in writing to the Dean of Student Services within ten (10) working days of receiving the notification of academic dismissal. (Policy Haw 7.520)

Readmission

A student, who has been dismissed from the College for academic reasons and who did not appeal or whose appeal was not granted, may apply for readmission one year after the date of academic dismissal. (Policy Haw 7.520)

Other Provisions

Upon finding that a student is suffering from a physical or mental condition detrimental to the student and HawCC, the Dean of Student Services will, on professional advice, rec-
Academic Renewal Policy

Students may apply for Academic Renewal for one semester or one summer session of their academic career at HawCC. The student’s HawCC GPA will be recalculated to exclude all grades and credits from the renewal semester. However, this information will appear on the transcript with an Academic Renewal notation. Academic Renewal may not be applied to courses that have already been used to meet requirements for a previously earned degree or certificate. Academic Renewal at HawCC does not guarantee that other institutions will approve such action. Academic Renewal does not change the Financial Aid Satisfactory Academic Progress calculation. Please consult with the Financial Aid Office as appropriate.

Students who are interested in Academic Renewal must meet the following conditions:

- The student must complete the Academic Renewal Request Form. It must be signed by a counselor or academic advisor. The completed form must be submitted to the Vice Chancellor for Academic Affairs.
- The student must have a declared major and must be seeking a degree or certificate.
- The student must ensure that all non-academic holds are cleared prior to submitting the Academic Renewal Request Form.
- If a student has been placed on Academic Dismissal, the student may request Academic Renewal one year after the date of dismissal.
- The student must complete the Academic Renewal process prior to submitting an application for graduation. (Policy Haw 7.521)

Grades

Students receive one grade in each course taken. This grade combines the results of course work, tests, and final examinations. Grades are indicated by letters, to each of which is assigned a certain value in grade points per semester hour of credit, as shown in the table below:

<table>
<thead>
<tr>
<th>Grade</th>

(Selected Courses Only)

(Intensive English Program Only)

Grade Points are given for all courses in which grades are reported. They are computed as follows:

For each semester hour of a course, 4 grade points are granted if the grade is “A,” 3 if “B,” 2 if “C,” and 1 if “D.”

Grade-Point Averages (GPA) are determined by dividing the total number of grade points by the total number of credits for which a student has received letter grades (excluding I, CR, NC, W, or N). The semester GPA is calculated using any one semester’s credits and grade points. The cumulative GPA is calculated using all credits attempted and grade points earned at HawCC. (Policy Haw 5.301)

Incomplete Grade (I): A grade of “I” may be given for a course in which a student has failed to complete a small but important part of a semester’s work, if the instructor believes that the failure was caused by conditions beyond the student’s control and not by carelessness and procrastination. Each student who receives an “I” should consult with the instructor prior to the end of the semester to determine what work must be done to remove the “I”.

If this work is completed by the deadline specified in the HawCC Academic Calendar, the instructor will report a change of the incomplete grade, taking the completed work into consideration.

If the work is not completed by the deadline, the “I” grade will become a grade as determined by the instructor. The time limit for incomplete removal prevails whether or not the student maintains continuous enrollment. (Policy Haw 5.303)
The “N” Grade: The “N” grade is only used in ESL courses and in entry-level math and English skills courses. The “N” grade indicates that the student has worked conscientiously but is not yet prepared to succeed at the next level. “N” grades do not affect the GPA and may be repeated as specified in the College Repeat Policy.

Students are cautioned that courses in which an “N” grade is awarded might not be counted towards “satisfactory academic progress” under certain federally supported financial aid programs. Students are advised to check with the Financial Aid Office. (Policy Haw 5.302)

Credit/No Credit (CR/NC): The Credit/No Credit option is maintained to encourage students to broaden their education by taking courses outside of major requirements without affecting their grade point average.

Course credit is awarded for courses completed at HawCC with certain restrictions:

1. No grade points are given for courses taken under this grading option.
2. Students may take a maximum of two (2) courses per semester on a “Credit/No Credit” basis provided that they are not on academic probation. A maximum of 12 credits from courses taken with the CR/NC option can be applied toward satisfying the requirements for graduation.
3. Students majoring in a vocational/technical program are not permitted to take a major required course for CR/NC, except when the only grading option offered is CR/NC.
4. Liberal Arts (AA Degree) majors may utilize the CR/NC option to satisfy area and elective requirements.
5. To qualify for credit, the work of the student must be at least at the “C” grade level.
6. The CR/NC option must be exercised by the date designated for this purpose in the HawCC Academic Calendar.
7. Please note that some colleges, graduate schools, professional-awarding agencies and employers may not allow this option and/or may recalculate the earned credit as a “C” grade and the earned “NC” grade as an “F” grade.

If in doubt, it is best to take a course for a regular letter grade, not for Credit/No Credit. (Policy Haw 5.503)

Change of Grade: A student who believes an error has been made in the assignment of a grade must initiate contact with the faculty member involved or, if the faculty member is unavailable, the Department Chairperson, Division Chairperson, Deans, or Vice Chancellor for Academic Affairs, by the last instructional day of the next regular semester. Grades cannot be changed once classes in the following semester have ended.

Repeating Courses

Students can repeat courses once without restrictions. For any subsequent repeats, students must register during late registration on a space-available basis with instructor approval. All entries remain a part of the student’s permanent academic record.

Repeating courses for a higher grade: If a student is repeating any course for a higher grade, credit is allowed only once. The GPA is computed by using the highest of the grades received. Transfer courses do not apply.

Repeating courses for additional credit: Certain courses may be designated as repeatable for credit and are identified in the catalog. The course may only be used once as an area requirement towards the Liberal Arts (AA) degree. When repeated, the course will count as a general elective. Cross-listed courses may be repeated for credit under one alpha only. (Policy Haw 5.304)

Courses Fulfilling Two Different Area Requirements

In a few instances, a single course has been approved as satisfying more than one of the area requirements for the Liberal Arts (AA) degree. However, students completing such a course may only receive credit to one area requirement. They will be offered their choice of which requirement is satisfied and will be expected to fulfill the other requirement(s) with other courses. (Policy Haw 5.607)

Cross-listed Courses

A cross-listed course is one that has the same course title, description and number, but listed under two alphas. To qualify as a cross-list, the course content is made up of approximately 50% of material from each discipline. A cross-listed course will only count once toward graduation. (Policy Haw 5.305)

Final Examinations

Final examinations normally are required in all courses. All such examinations are to be conducted during the final examination period specified in the HawCC Academic Calendar and Schedule of Classes or, in the case of modular classes only, on the last day of class. The academic discipline may determine to establish a student’s course grade based on the semester’s work and may elect not to give final examinations. Students are advised to consult with their instructor and check their course syllabus.

No comprehensive examinations are allowed in the two weeks preceding the final examination period. (Policy Haw 5.504)
Credit By Examination

Students at the College are eligible for three forms of credit by examination, credit for previous non-English language study, and credit for military service.

Advanced Placement Examination Program (AP)
Credit for comparable HawCC courses, as well as advanced standing, may be granted to students who complete Advanced Placement Tests offered by the College Entrance Examination Board. Advanced placement credit decisions are made by the faculty of the appropriate HawCC academic discipline. The English Department allows students who score a 4 or 5 on the AP English Language and Composition test to be given 3 credits for Eng 100. Students should consult individual Division/Department Chairs for advanced placement policies. (Policy Haw 5.603)

College Level Examination Program (CLEP)
The College Level Examination Program enables students to earn college credit by examination in areas approved by the disciplines. Regular students may take CLEP tests to demonstrate college level competency no matter when, where, or how this knowledge has been acquired: through formal study, private reading, employment experiences, noncredit courses, military/industrial/business training, or advanced work in regular high school courses. This program gives individuals the opportunity to validate and receive credit for college-level knowledge they already possess.

Criteria for passing the CLEP general and subject examinations are determined by the appropriate academic discipline. A score of 50 on these examinations may yield course credit. Students should consult individual Division/Department Chairs for CLEP policies. The essay portion of the CLEP subject examination may be required by the academic discipline.

No student is eligible to take CLEP general examinations for HawCC credit after reaching sophomore standing (i.e., the student must have completed not more than 24 semester hours of college work). (Policy Haw 5.606)

Credit for Previous Non-English Language Study
Students who have learned non-English languages outside of the University of Hawai‘i may earn credit for their language in one of three ways:

1. by satisfactory completion (a grade of “C” or better) of a more advanced course in the language sequence (e.g., completion of Japanese 201 also gives credit for Japanese 101-102);
2. through credit by institutional examination, if the language is taught at the College; or
3. through the Advanced Placement Examination Program.

For more detailed information on options 1 and 2 above, students should consult with the Dean of Instruction.

Speakers of a non-English language may receive credit for language courses in their own language. (Policy Haw 5.604)

Credit by Institutional Examination
Most HawCC courses require hands-on, time-on-task practice, and day-to-day attendance for students to receive the full benefit of the educational experience; such courses are NOT appropriate or available for Credit by Institutional Exam (CBIE). CBIE is available only in a limited number of courses determined to be appropriate by the faculty members and Division Chair of the discipline involved. (Policy Haw 5.601)

To be eligible to earn credit by examination, the student must be officially enrolled at HawCC.

The student should:

1. contact the appropriate Division Chair to determine if credit by examination is available in the particular course the student wishes to challenge
2. obtain the request form from the Division Office
3. present the form to the Division Chair for approval. If approval is granted, the division chairperson shall arrange for such an examination.
4. register for the course
5. show proof of paid registration in the course to the division chairperson
6. take the examination as arranged

The examination shall be as comprehensive as the usual “final examination” and must be designed to serve as the scholastic equivalent of the course.

Upon completion of the examination, the examiner reports the result to the Registrar on the appropriate form. Credits awarded are recorded on the student’s record and designated as credits earned through examination with a “CE” grade or “NCE” grade as appropriate. Report results are final.
Credit for Education Received While in Military Service

Upon submission of official service documents and certificates, the Records and Internal Data Management Office will consider and evaluate all educational experiences undertaken during military service in accordance with the credit recommendations of the Commission on Accreditation of Service Experiences and the Guide to Evaluation of Educational Experiences in Armed Forces. The Records and Internal Data Management Office will transmit its evaluation and recommendations to the relevant discipline for action as to the amount and kind of credits, if any, which are to be accepted. College courses satisfactorily completed through the Defense Activity for Nontraditional Educational Support (DANTES) may be accepted for advanced standing upon the recommendation of the Records and Internal Data Management Office and approval by appropriate faculty members. (Policy Haw 5.605)

Academic Waivers and Substitutions

Any student may petition the Vice Chancellor for Academic Affairs for a waiver or a substitution of any academic policy or regulation. The petition should include clear and convincing justification for the action requested.

Classification of Students

Full-time or Part-time Students:
During Spring and Fall semesters, students registered for:

- A minimum of 12 semester hours are full-time.
- Fewer than 12 semester hours are part-time.

During the Summer, students registered for a minimum of 6 semester hours are full-time. NOTE: Due to Federal regulations, Financial Aid recipients are considered full-time during Summer only if registered for 12 or more semester hours.

Classified Students: Classified students are candidates for:

- Certificate of Competence
- Certificate of Completion
- Certificate of Achievement
- Associate in Arts
- Associate in Science
- Associate in Applied Science, or
- Associate in Technical Studies Degree

Students are further identified by credits achieved: freshmen, 0-24 semester hours completed; sophomores, 25 or more.

Unclassified Students: All students who are not candidates for a certificate or a degree are "unclassified students." Unclassified students do not qualify for financial aid or campus student employment.

Change of Major/Classified Status

Classified students who wish to change their major should consult with their counselor or faculty advisor before completing a Change of Major Request Form. The change in major will become effective the following semester. A change of major may impact:

- financial aid
- graduation date
- veteran’s benefits, and/or
- graduation requirements.

Veterans must notify the Registrar prior to changing their major. This form is available in the R/WHSS Office.

Time Limits on Credits Earned

At HawCC, certificate and associate degree students shall have as much time as necessary to complete their curriculum requirements. However, any credits they earned more than ten years before graduation in courses which have materially changed in content or standards may not be applied toward the certificate or associate degree. Acceptability will be determined by the Vice Chancellor for Academic Affairs and the appropriate division chairperson.

Please note that the Satisfactory Academic Progress Policy for financial aid has a maximum time frame for financial aid eligibility while a student completes degree/certificate requirements. (Policy Haw 5.650)

Graduation Requirements

A student must satisfy either the graduation requirements in effect at the time he/she first enrolls as a classified student in a specific HawCC degree or certificate program, or the requirements in effect at the time of his/her graduation. A student whose enrollment is interrupted for two or more consecutive semesters (excluding summer sessions) must complete the requirements in effect at the time the student is readmitted or the requirements in effect at the time of his/her graduation. Students are responsible for submitting a Petition to Graduate by the published deadline and verifying that they have completed all courses required for their degree or certificate program. It is highly recommended that students meet with their academic major advisors during the semester prior to their graduation. This will allow them the opportunity to take any missing required classes during their last semester.

A minimum 2.0 GPA from HawCC courses is required for graduation in all programs. (Policy Haw 5.702)

NOTE: The Community Colleges of the UH System require a minimum 2.0 GPA from 100- and 200-level courses for the AA degree in Liberal Arts (LBRT).
Application for Graduation

An application for graduation from any of the certificate or degree programs offered by the College is available at the Records and Internal Data Management Office. Once completed and checked by staff of the Records and Internal Data Management Office, it should be submitted to the Business Office for processing by the deadline specified in the HawCC Academic Calendar.

A non-refundable graduation fee of $15.00 is payable at the time a student submits an application for graduation. A separate graduation application and fee are required for each degree or certificate being completed. Students applying for an Associate of Arts, Associate in Applied Science, Associate in Science, and Certificate of Achievement may also purchase a Hawaiian language diploma in addition to, not an alternative for, the English language diploma for an additional $15.00.

If the student does not graduate that semester, the application can be transferred to ANOTHER semester. However, another application for graduation must be submitted along with proof of prior payment by the published deadline for that semester. If there is an increase in the fee, the student will be charged the difference.

Graduation ceremonies are conducted during the Spring semester only; however, the previous Summer session and Fall semester graduates are eligible and are invited to participate in the ceremonies. Students should keep in mind that final course grades are due after graduation ceremonies. Therefore, participation in the ceremonies does not guarantee a student has officially completed his/her program requirements. (Policy Haw 5.701)

Students are advised to carefully monitor their online Academic Journey (STAR) report to determine graduation readiness before submitting an application. Counselors are available to address any concerns.

Academic Honors

Student academic achievement shall be recognized each semester via the Dean’s List, and at the time of graduation via Graduation with Honors.

Dean’s List: Students who complete 12 or more credits for a letter grade and who achieve a GPA of at least 3.5 for that semester will have their names included on the Dean’s List. Names of students on the Dean’s List will be compiled and posted at the end of each semester.

Graduation With Honors: The designation of Honors at Hawai‘i Community College is determined at the time of graduation and is based upon the cumulative GPA for credit earned while at this college. The Honors designation shall be determined in the following manner:

- Honors GPA of 3.50 to 3.69
- High Honors GPA of 3.70 to 3.84
- Highest Honors GPA of 3.85 to 4.00

Only students who earned at least 30 credits at HawCC, of which at least 27 credits were taken for letter grade, are eligible for graduation with Honors. (Policy Haw 7.510)

Multiple/Duplicate/Second Degree Policy

Students may earn, concurrently or sequentially, more than one degree at the College under the following conditions:
1. Earn a minimum of 15 semester hours towards a second degree, beyond the hours required for the first degree.
2. Satisfy the requirements for the majors of both degrees.
   The major in the first degree must be different from the major in the second degree.
3. Satisfy all other requirements for both degrees.
4. Financial Aid recipients are advised to earn multiple degrees sequentially, not concurrently. The latter may result in exhaustion of financial aid eligibility before completing any degree. (Policy Haw 5.850)

Transcripts

A student may obtain an official transcript of his/her HawCC academic record by filing a Request for Transcript form at the A&R/WHSS Office. The following fees apply:
- $5 is charged in advance for each transcript requested
- $15 is charged for processing within 24 hours after payment is made and request form received by the Records and Internal Data Management Office.
- No fee is charged if transcript is to be sent to another UH System Admissions Office. However, rush fees will apply to requests requiring processing within 24 hours.

All transcripts released to students are stamped “ISSUED TO STUDENT.” These transcripts are official documents as they bear the Hawai‘i Community College seal and Registrar’s signature. The stamp “ISSUED TO STUDENT” makes it clear to a third party that the student once possessed the transcript.

Transcripts received from other educational institutions must be printed in English. Students should arrange for such records to be sent directly from the original educational institutions. These official transcripts become the property of HawCC and cannot be given to students. Students are advised to keep copies of their transcripts and course descriptions from other institutions at all times.
Counseling and Support Services

Counseling, Advising, and Support Services Center
Bldg. 379, Manono campus
Karen Crowell, Counselor
Kenoalani Dela Cruz, Counselor
Robert Duley, Counselor
Karen Káne, Counselor
Karen Leialoha, Counselor
Helen Nishimoto, Counselor
Christine Quintana, Counselor
Kaleopono Quintana, Counselor
Ph: (808) 974-7741
hawcscssc@hawaii.edu

UH Center at West Hawai‘i
Raynette Haleamau-Kam, Counselor
Ph: (808) 322-4856

Counseling and support services are designed to help all students develop academic and personal skills in order to succeed in college. Support services are available for students who are low income, academically underprepared, displaced homemakers, and/or returning older nontraditional students. Individual and/or group counseling is provided by appointment or walk-in in the following areas:

1. Admissions: to assist prospective students with admissions procedures.
2. Academic: to help students be successful in their coursework through awareness of learning and study strategies, academic rules and regulations, educational options, and transfer procedures.
3. Career: to help students in determining career choices by using interest inventories and computerized information about training, educational requirements and career opportunities.
4. Financial Aid: to assist students in the application process for financial aid and scholarships and to counsel students on financial aid probation, suspension, or termination.
5. Personal: to help students achieve positive relationships with self and others to facilitate the advancement of educational and career goals.
6. Job Search: to help students learn job search skills, including resume writing, interviewing, and locating employment on- and off-campus.

In addition to responding to student requests for assistance, the Counseling and Support Services staff reach out to students with special needs through a cooperative arrangement with faculty. For example, students who are observed early in the semester to be having difficulty in a course may be referred to Counseling and Support Services for counseling.

Also, students on academic warning, probation, or readmission after academic dismissal receive letters encouraging them to seek counseling assistance in order to identify and correct problem areas to promote college success.

The Career Services Center offers free resources and assistance to students who want to choose a career or major or prepare for a job search. Questionnaires and computerized inventories are available to help students clarify their strongest interests, their favorite skills, and value preferences. This knowledge of interests, skills and values, together with career counseling can link students to compatible careers and majors.

The center offers numerous resources that detail information about Hawai‘i Community College majors, job titles, job duties, wages, future outlook, and the college classes/majors required to pursue them. The center’s job search assistance includes listings of job openings and internships; help with resumes, cover letters, and job interviewing; and job referrals. In addition, the center offers numerous workshops and class presentations on effective job search strategies, resume writing, and interviewing. All services are available by appointment.

Job Placement Services
Bldg. 379, Rm 1A, Manono campus
Helen Nishimoto, Counselor
Ph: (808) 974-7741

A separate Job Placement Office located in the Career Center provides on and off campus employment assistance to students and graduates. Through the assistance of the Job Placement Counselor, students are able to review current job listings, prepare for upcoming job searches, and learn to navigate the channels needed to gain meaningful employment in their chosen field. Work-based learning and campus employment assistance are also provided.
The Hā’awi Kōkua Program provides assistance to any student with a documented physical, learning, and/or psychological disability either permanent or temporary, which limits ability to fully participate in course study and campus activities at HawCC.

In accordance with Section 84.4 of the Federal rules and regulations governing Section 504 of the Rehabilitation Act of 1973, no qualified individual with a disability shall, on the basis of their disability, be excluded from participation in, be denied benefits of, or otherwise be subjected to discrimination under any program or activity which receives or benefits from Federal financial assistance.

Students with documented disabilities, either permanent or temporary, may be provided with the following services through the Hā’awi Kōkua Program:

- Application and registration assistance
- Campus orientation
- Placement test accommodations
- Financial aid information
- Personal, academic, and career counseling
- Enlargement of course materials
- Readers, note takers, and sign-language interpreters
- Cassette recorders, talking calculators, large print calculators
- Computer adaptations (screen enlargers, ergonomic keyboards, voice recognition software)
- Specifically designed auxiliary equipment to meet the needs of the disabled student
- Campus accessibility map showing locations of ramps, restrooms, elevators, and accessible parking stalls
- TeleTYpe (TTY) device located in the Hā’awi Kōkua office, Bldg. 388, Rm 106 Manono Campus
- Technology Lab in Building 388, Room 104
- Student Support Group

Students in need of disability related accommodations are advised to contact the Hā’awi Kōkua Coordinator as early as possible so that services may be arranged on a timely basis.

The Student Life Center complements the academic programs of study by deliberately planning and promoting extracurricular activities that reflect, support, and provide an extension of the academic efforts in the classrooms and laboratories. The function of Student Life is to offer an enhancement of the overall educational student experience through the development of, exposure to, and participation in, social, cultural, intellectual, instructional, recreational, and governance programs. It serves as a partner and sustainer of Hawai‘i Community College’s mission in the delivery of a quality education and stimulates life-long learning for all students.

Student Life foremost advises the Associated Students of University of Hawai‘i-Hawai‘i Community College (ASUH-HawCC) Student Government body and the Association For Student Activities (AFSA-HawCC) to facilitate an appropriate and parliamentary practice of governance, as well as support in creating student activities. It advises both organizations in being responsible fiduciary stewards of student fees. Student Life also offers mediation and ho‘oponopono support for students.

Student Life has a volunteer program where HawCC students can participate in service learning projects, support student events and activities, or provide community service. By registering for Student Life, accumulative time spent in volunteerism or service can be documented and given to each registered student upon their request each semester.

The Student Life Center runs the Student Lounge. Hours are 8:00am - 3:30pm, Monday through Friday. Students are welcome to come in and relax between classes. There is a big screen T.V. with a large collection of donated videotapes and DVDs for viewing. Free refreshments (coffee, tea, cocoa, snacks) are provided by the Student Government and the Student Life Council through student fees. A microwave oven and refrigerator are available for student use. Cubicles, tables, and seating are provided for socialization, studying, and eating areas.

Every Registered Independent Organization (RIO) or student club is overseen by Student Life. Any interested student, or group of students, may request an application to start a new RIO. Help will be provided through the Student Life faculty and staff. The Student Life Center is available for RIO meetings and educational partnering with community programs. Reservation forms are available through the Student Life faculty and staff.
HawCC welcomes international students. Students from other countries are offered services by the Office of Student Services (OSS). Information and assistance is provided regarding College regulations, immigration requirements, financial matters, and personal concerns.

In order to avoid difficulty in handling course work because of language barriers, all students are required to take placement tests. Based on the writing test, students may be declared exempt from English as a Second Language (ESL) courses or they may be required to take developmental English classes. Intermediate and advanced ESL courses do not carry credit towards a bachelor’s degree.

**STAR Advising Tool**

STAR is an online information and advising tool that enables students to view: grades, transfer credits, financial aid status, academic holds, etc.

Access to STAR is available through the MyUH Portal at [http://myuhportal.hawaii.edu](http://myuhportal.hawaii.edu)

Information contained in STAR is intended for reference and advising purposes only. It is not recommended that you make decisions based on reports available in STAR. For more information contact the Counseling Center at (808) 974-7741.

**Transferring from HawCC to Another Community College in the UH System**

The student should determine if the program he/she wishes to pursue is offered by that community college. If it is, the next step would be to complete the UH System Application and submit it by that campus’ application deadline. Because each institution has different procedures, students should contact the other campus to verify how and when to request a transfer credit evaluation of courses taken at HawCC. Students wishing to apply for financial aid should contact that campus’ Financial Aid Office to obtain any supplemental forms needed besides the Free Application for Federal Student Aid (FAFSA).

**Transferring from HawCC to a Baccalaureate Program within the UH System**

A HawCC student can transfer to UH Mānoa, UH Hilo, or UH West O’ahu to pursue a bachelor’s degree. A student interested in transferring to one of these campuses should refer to that institution’s college catalog or website to check on the requirements for transfer students.

In general, a student will need at least 24 transfer level college credits and have at least a 2.0 GPA (resident) or 2.5 GPA (non-resident). Some majors will require a higher GPA. The GPA is used for admissions purposes, but is not transferable.

If a student has less than 24 transfer level credits, the high school record will be used for determining admission. This will include the high school GPA, SAT or ACT scores, and college prep courses taken.

A student who has earned an articulated Associated in Arts (A.A.) degree from a UH Community College shall be accepted as having fulfilled the general education core requirements at all other UH campuses. However, in addition, a student must also complete any specialized lower-division, major, college and degree/graduation requirements, such as writing-intensive or foreign language requirements. Some of these additional requirements may be completed within the AA degree.

It behooves a student to have an academic plan, which anticipates transferring to a specific campus. A student planning to transfer either before or after completing the AA degree is advised to see a HawCC counselor for assistance in selecting AA degree courses, which also will meet requirements of the campus and the program to which the student will be transferring.

The student must submit a UH System Application by the deadline and also request an official copy of his/her HawCC transcript to be submitted with their application and another transcript to be sent when the final grades are entered and after the degree is conferred. The latter should be requested if applicable.

**Transferring from HawCC to a Non-UH Campus**

A HawCC student who plans to transfer to another campus should obtain information regarding the following: majors offered, cost (including transportation), financial assistance available, size (student population and physical layout), housing, student services, academic support programs, extra-curricular activities, climate, urban/rural/suburban setting, and requirements for transfer students. This information is in the college catalog. Many colleges and universities now have their college catalog on the Internet.

A HawCC student who plans to transfer to a non-UH campus will need to obtain application information and the application forms, and request the necessary official transcripts from HawCC be sent to the campus to which the student will transfer. The student should also obtain any supplemental financial aid forms aside from the FAFSA if he/she plans to apply for financial aid.

If the student knows what courses are required at his/her next campus and knows what HawCC courses are considered equivalent by that campus, the student can select courses at HawCC, which would transfer and meet those requirements.
Pursuant to Section 99.6 of the rules and regulations governing the Family Educational Rights and Privacy Act of 1974 (hereinafter the Act), students in attendance at HawCC, are hereby notified of the following:

1. It is the policy of HawCC to subscribe to the requirements of Section 438 of the General Education Provision Act, Title IV, of Public Law 90-247, as amended, and to the rules and regulations governing the Act, which protect the privacy rights of students.

2. The rights of students under the Act include the following, subject to conditions and limitations specified in the Act:
   a. The right to inspect and review education records.
   b. The right to request to amend education records.
   c. The right to protection of disclosures by HawCC of personally identifiable information contained in education records without permission of the student involved.
   d. The right to file complaints concerning alleged failure by HawCC to comply with the Act.

3. Students are advised that institutional policy and procedures required under the Act have been published as Administrative Procedure A7.022, Procedures Relating to Protection of the Educational Rights and Privacy of Students. Copies of AP A7.022 may be obtained from the Office of Dean of Student Services, HawCC.

4. Students are advised that certain personally identifiable information listed below is considered by the College to be Directory Information and, in response to public inquiry, may be disclosed in conformance with State law, at the College’s discretion, without prior consent of the student unless the student otherwise so informs the College not to disclose such information.
   a. name of student
   b. local address and zip code
   c. local telephone number
   d. major field of study
   e. educational level (e.g. freshman, sophomore, etc.)
   f. fact of participation in officially recognized activities and sports
   g. weight and height of members of athletic teams
   h. dates of attendance
   i. degrees and awards received
   j. e-mail address
   A student has the right to request that any or all of the above items not be designated Directory Information with respect to that student. Should a student wish to exercise this right, he or she must notify the Records and Internal Data Management Office in person and in writing, no earlier than the first day of instruction nor later than fourteen calendar days from the first day of instruction for the academic term or semester (or the fourth day of a summer session).

5. A parent or spouse of a student is advised that information contained in educational records, except as may be determined to be Directory Information, will not be disclosed to him/her without the prior written consent of the son, daughter, or spouse.

### Academic Freedom

The Agreement between the University of Hawai’i Professional Assembly and the Board of Regents of the University of Hawai’i states in Article IX A that “Faculty Members are entitled to freedom in the classroom in discussing subjects of expertise, in the conduct of research in their field of special competence, and in the publication of the results of their research.” It also states in Article IV A that “Faculty Members are responsible for maintaining high professional standards of scholarship and instruction in their field of special competence. In giving instruction upon controversial matters, Faculty Members are expected to set forth justly and without suppression the differing opinions of other investigators, and in their conclusions provide factual or other scholarly sources for such conclusions. Faculty members should be careful not to introduce into their teaching controversial matters that have no relation to their subject.” This Article also states that “When speaking and acting as citizens, Faculty Members shall take suitable precaution to assure that personal utterances or actions are not construed as representing the University.”

The Hawai’i Community College Faculty and Instructional Staff Professional Standards and Ethics states that as facilitators of learning “We are role models for our learners, demonstrating standards of personal integrity, intellectual pursuit, effective communication, social interaction, and work ethics. As members of the community, “we have the rights and obligations of all citizens. When speaking or acting as a private citizen, we ensure it is clear that we are expressing a personal judgment.”

### Academic Grievances

A student who believes that a faculty member has failed to meet reasonable standards of academic propriety may register a grievance. The Student Academic Grievance Policy has been established to provide guidelines and processes governing academic grievances. The student should first attempt to resolve the grievance on an informal basis with the faculty member. Should...
The University of Hawai‘i is an equal opportunity/affirmative action institution and is committed to a policy of nondiscrimination on the basis of race, sex, age, religion, color, national origin, ancestry, disability, marital status, arrest and court record, sexual orientation, or status as a covered veteran. This policy covers academic considerations such as admission and access to, and participation and treatment in, the University’s programs, activities, and services. With regard to employment, the University is committed to equal opportunity in all personnel actions such as recruitment, hiring, promotion, and compensation. Sexual harassment is expressly prohibited under University policy.

The University strives to promote full realization of equal opportunity through a positive, continuing affirmative action program in compliance with federal Executive Order 11245. The program includes measuring performance against specific annual hiring goals, monitoring progress, and reporting on good faith efforts and results in annual affirmative action plan reports. As a government contractor, the University is committed to an affirmative policy of hiring and advancing in employment qualified persons with disabilities and covered veterans.

It is the policy of the University of Hawai‘i System to comply with Federal and State laws which prohibit discrimination in University programs and activities, including, but not necessarily limited to, the following laws which cover students and applicants for admission to the University: Title VI of the Civil Rights Act of 1964 as amended (race, color, national origin); Age Discrimination Act of 1975 (age); Titles VII and VIII of the Public Health Service Act as amended (sex); Title IX of the Education Amendments of 1972 (sex, blindness, severely impaired vision); Section 504 of the Rehabilitation Act of 1973 (disability); and to comply with Federal and State laws which mandate affirmative action and/or prohibit discrimination in employment (including, but not limited to, hiring, firing, upgrading), salaries, benefits, training, and other terms, conditions, and privileges of employment: Title VII of the Civil Rights Act of 1964 as amended (race, color, national origin, religion, sex, pregnancy); Executive Order 11246 as amended (race, color, national origin, religion, sex); Equal Pay Act of 1963 as amended by Title IX of the Education Amendments of 1972 (sex); Age Discrimination in Employment Act of 1967 (ages 40-70); Section 402 of the Vietnam Era Veteran’s Readjustment Assistance Act of 1974 (veteran’s status); Section 503 and 504 of the Rehabilitation Act of 1973 (disability); Hawai‘i Revised Statutes, Chapters 76, 78, 378 (race, sex, sexual orientation, age, religion, color, ancestry, political affiliation, disability, marital status, arrest and court record). The UH Community Colleges strive to promote full realization of equal opportunity through a positive, continuing program including Titles I-IV of the Americans with Disabilities Act (ADA) P.L. 101-336. Accordingly, vocational education opportunities will be offered without regard to race, color, national origin, sex, or disability. American citizens or immigrants with limited English proficiency will not be denied admission to vocational education programs.

In addition, employees and applicants for employment are protected under Title IX and Section 504.

As an integral part of its Policy on Nondiscrimination and Affirmative Action, the Office of the President, University of Hawai‘i, hereby declares and reaffirms its commitment to the College’s pursuit of equal education and employment opportunity and further declares that any harassment of students or employees on the basis of sex is prohibited and will not be tolerated. Complaints of this nature will be handled by the Hawai‘i Community College EEO/AA Coordinator.

Individuals designated to coordinate the University of Hawai‘i Community Colleges’ nondiscrimination and affirmative action programs are listed above.

The purpose of the EEO/AA Policy is to clearly delineate and express the commitment of HawCC to the principles of equal employment opportunity and affirmative action. (Policy Haw 9.900)

**Discrimination Complaints**

Students, employees, or applicants for admission or employment who believe that they have been discriminated against on the basis of race, sex, age, religion, color, ancestry, marital status, sexual orientation, national origin, disability, veteran’s status, or arrest and court record may file a complaint with the
It is the policy of the University of Hawai‘i/Hawai‘i Community College to provide a safe and comfortable learning and working environment for students and employees. Sexual harassment is a form discrimination that can undermine the foundation of trust and mutual respect that must prevail if the University is to fulfill its educational mission. Sexual harassment will not be tolerated in any part of the University’s programs and activities. Sanctions will be imposed on members of the University community who violate this policy. Disciplinary actions against employees will be subject to the collective bargaining agreements. For more information please contact the Office of the Dean of Student Services or the EEO/AA Coordinator. (See Policy on Sexual Harassment and Related Conduct E1.203)

**Electronic Communication Policy**

The College has the right to send communications to students via email and to expect that those communications will be received and read in a timely fashion. The College is responsible for ensuring that such communications are timely, accurate, and appropriate. Students must establish a UH Username when admitted to the College. Students are responsible for frequently checking their email accounts and managing their mailboxes so that mail can be delivered. Students may redirect their mail at their own risk. Students with disabilities have the right to receive communications in an accessible format. (E2.213)

**Student Conduct Code**

HawCC has a Student Conduct Code which defines expected conduct for students and specifies those acts subject to University sanctions.

Students should familiarize themselves with the Student Conduct Code, since upon enrollment at HawCC, the student has placed himself/herself under the policies and regulations of the University and its duly constituted bodies. Disciplinary procedures have been identified in the policy and are designed to afford certain procedural protection to any student alleged to have committed an infraction of the Student Conduct Code warranting disciplinary action. The Committee has developed procedures for hearing allegations of misconduct. (Policy Haw 7.101)

The following are excerpts from the Student Conduct Code. Copies of the complete Student Conduct Code are available at the Office of the Dean of Student Services and Director of the UH Center at West Hawai‘i. The policy is also available on the HawCC website at: [http://www.hawaii.hawaii.edu](http://www.hawaii.hawaii.edu)
Categories of Impermissible Behavior

The following categories and specific examples of impermissible behavior are subject to disciplinary sanctions because they conflict with the fundamental purposes and special interests of the University and its constituent campuses. While these impermissible behaviors are described as clearly as possible, it should be recognized that any determination as to whether a given act constitutes a violation on the University’s special interests will necessarily involve the institution applying some degree of judgment to the facts and circumstances as they are presented.

Category 1: Interference with the Rights of Others

A student may not behave towards another member of the University community, even in the name of conviction or under a claim of academic freedom, in a manner that denies or interferes with another member’s expression of conviction, academic freedom, or performance of legitimate duties or functions.

Interference with Freedom of Speech and the Right to Peaceful Assembly

Freedom of speech and the right to peaceful assembly are possible only in an orderly environment in which individuals are not endangered by force or violence and are free from coercion and interference. Consequently, behavioral restrictions are considered necessary to preserve both the orderly functioning of the campus and the right of freedom of speech.

1. Demonstrations: Demonstrations which coerce individuals, present a hazard to the safety of any person, or threaten the destruction of property are not permitted. Similarly, authorized speakers and approved public demonstrations may not be disrupted by hostile audiences or speakers.

2. Interference with Campus Operations: Conduct which disrupts the holding of classes, the carrying out of University business, the holding of campus events, or any other normal functioning of the University, including the discharge of responsibility by any University officer, employee, or student, is not permitted. Demonstrations may not physically obstruct access to university facilities nor may they engage in obstructive noise.

3. Noncompliance with campus behavioral restrictions on demonstrations: Persons engaging in disruptive behavior or in demonstrations which coerce individuals or advocate the use of force will be requested to cease by University authorities. In the event the alleged disruptive behavior or demonstration does not end within a reasonable length of time, temporary sanctions, as described in the Code, may be imposed by the Chancellor or his/her designee. If the use of discussion methods of temporary sanctions are not effective in ending the disruption or demonstration, or when alleged violators are not members of the University community, or when the gravity of the situation requires it, the Chancellor or his/her designee may resort to calling in law-enforcement authorities.

Category 2: Interference with University Processes

Impermissible behavior, as described in this category, includes that which directly or indirectly interferes with or disrupts the processes of teaching, learning, research, and administration, or those processes or conditions furthering or facilitating these activities.

False or Fraudulent Information

1. Furnishing false information or academic credentials with the intent to deceive or mislead when applying for admission to any campus of the University or for any of its programs and services.

2. Forging, altering, misrepresenting, or misusing any University or campus document, record, or instrument of identification.

3. Failing to provide required and legally appropriate information to University officials.

4. Misrepresenting facts in connection with any request for any University programs or services or for an exception to any official campus policy or regulation.

5. Assisting anyone in the commission of any acts in this section.

Personal Misconduct

1. Intentionally, recklessly, or negligently causing physical harm to any person on University premises or at University sponsored activities. This includes engaging in any form of fighting.

2. Placing any person under mental duress or causing any person to be in fear of physical danger through verbal abuse, harassment (including repeated phone calls), sexual harassment, bullying, intimidation, threats or other conduct which threatens or endangers that person’s emotional, mental, or physical well-being. Reports of sexual harassment will be investigated and addressed under complaint procedures that are separately established by each unit of the University.

3. Criminal sexual behavior including, but not limited to, the implied use or threatened use of force to engage in sexual activity against a person’s will and/or engaging in such behavior with a person.

4. Theft of or willful damage to any property of the University or of any person on the campus.

5. The unauthorized occupation, use of, or entry into any University facility, including both indoor and outdoor facilities.

6. Possessing, producing, manufacturing, or having manufactured any key or unlocking device for use on University facilities or locks, without proper authorization.

7. Use or possession of weapons on University premises or at University sponsored events, unless expressly authorized by the University. “Weapon” includes, but is not limited to, all firearms, ammunition, dangerous knives, explosive fuels, dangerous chemicals, and billy clubs.

8. Use or possession on campus or at campus events, of bombs, explosives, incendiary devices, or fireworks.
9. Activating a fire alarm without a cause; damaging or misusing fire safety equipment or initiating a false report, warning or threat of fire, explosion, or other emergency on University premises; or setting any fire on University property.
10. Intentionally obstructing or delaying a police officer, fire fighter, security officer, or University official in the performance of his/her duty.
11. Failure to comply with the directions of University officials including, but not limited to campus security, residence hall staff, faculty or administrators acting in the performance of their duties; failure to present identification upon request to University personnel in the performance of their duties.
12. Being contemptuous or disorderly at any hearing of a campus judicial or review board.

Theft or Mutilation of College Property
1. Possessing or having under one’s control any materials or property belonging to the University without proper authorization.
2. Mutilating or vandalizing University property.
3. Unauthorized or fraudulent use of the University facilities, telephone system, mail system, or computer system or use of any of the above for any illegal act or any act prohibited by this Student Conduct Code or other regulations established by the University or campus related to student use of specific facilities or equipment e.g., computers, dormitory rooms.

Disruption or Disturbances
1. Creating noise or other disturbance on campus or in student life areas including, but not limited to, Campus Center buildings sufficient to disrupt the normal functioning of campus activities, including classroom instruction or University sponsored events.
2. Violation of published University policies, rules or regulations including, but not limited to, smoking, solicitation, distribution of literature, sexual harassment, residence hall agreement, and amplification and loud speaker use.

Abuse of Controlled Substances
1. Alcohol/Intoxicants: The purchase, distribution, possession, or consumption of alcoholic beverages is regulated by State law. Students are expected to know and abide by State law and by University rules and regulations governing the use and consumption of alcoholic beverages on campus. Students are referred to Board of Regents policy and campus guidelines regulating the use and consumption of alcoholic beverages on campus.
2. Drugs: Students are not permitted to be under the influence of, possess, manufacture, distribute, or sell illicit drugs, as prohibited by State law, at University-sponsored or approved events, on University property or in buildings used by the University for its educational or recreational programs. College knowledge of possession or use of illegal drugs on campus may subject the students involved to investigation.

Off-Campus Behavior
A student’s off-campus behavior must comply with applicable Federal and State laws. Off-campus behavior shall not be subject to the University’s disciplinary procedures unless such behavior indicates that the student represents a danger to the health or safety of members of the University community. In addition, off-campus behavior that is violative of professional standards of conduct which are an integral part of professional discipline may be subject to formal hearing procedures and sanctions. Academic or professional programs that require students to abide by such professional standards shall secure the endorsement of the appropriate Chancellor and shall clearly set forth this requirement to all affected students. Off-campus behavior charged as violative of such standards shall be adjudged pursuant to hearing procedures to be established by the program and approved by the appropriate Chancellor. The hearing process afforded by student so charged must be consistent with the procedural requirements provided herein.

Academic Dishonesty
Because the University is an academic community with high professional standards, its teaching, research, and service purposes are seriously disrupted and subverted by academic dishonesty. Such dishonesty includes cheating and plagiarism as defined below. Ignorance of these definitions will not provide an excuse for acts of academic dishonesty.

1. Cheating includes, but is not limited to, giving or receiving unauthorized assistance during an examination; obtaining or distributing unauthorized information about an examination before it is given; using inappropriate or unallowable sources of information during an examination; falsifying data in experiments and other research; altering the record of any grade; altering answers after an examination has been submitted; falsifying any official University record; or misrepresenting the facts in order to obtain exemptions from course requirements.

2. Plagiarism includes, but is not limited to, submitting, in fulfillment of an academic requirement, any document that has been copied in whole or in part from another individual’s work without attributing that borrowed portion to the individual; neglecting to identify as a quotation another’s idea and particular phrasing that was not assimilated into the students language and style or paraphrasing a passage so that the reader is misled as to the source; submitting the same written or oral material in more than one course without obtaining authorization from the instructors involved; or dry labbing, which includes obtaining and using experimental data and laboratory write-ups from other sections of the course or from previous terms, or fabricating data to fit the desired or expected results.
3. In cases of suspected or admitted dishonesty, the instructor shall attempt to discuss the matter with the student. If appropriate, the instructor may bring it to the attention of the department chairperson and the student’s advisor. Additionally, an instructor may refer such case of academic dishonesty to the Dean of Student Services for action under this Code.

**Violations of Other Existing College Regulations**

Violations of other existing College regulations or policies may subject the affected student to disciplinary actions under this Code. The decision as to whether such action will be initiated will be made by the Dean of Student Services after a preliminary investigation and after a determination as to whether probable cause exists to establish that there was a repeated or serious violation of College regulations or policies.

**Sanctions**

One or more of the following sanctions may be imposed as hereinafter provided whenever a student is found to have violated any of the rules contained in this Code.

1. **Warning:** Written or verbal notice to the student that continuation or repetition of specified conduct may be cause for other disciplinary action.
2. **Probation:** A written notice placing the student on disciplinary probation for a specified period of time. The terms of the probation will be decided in each case.
3. **Restitution:** Reimbursement for damage to or misappropriation of property which may take the form of direct financial compensation, of service, or of other forms of indirect compensation.
4. **Temporary Suspension:** In an emergency, the Chancellor or his/her designee is authorized to alter or suspend the rights of a student to be present on campus or to attend class for an interim period prior to a hearing; provided that a hearing pursuant to these rules is conducted within a reasonable period thereafter.
5. **Suspension:** Exclusion from classes and from other privileges or activities or from the campus itself, for a specified period of time.
6. **Expulsion:** Termination of student status for an indefinite period of time.
7. **Rejection of Grades or Degree:** The cancellation of grades or the revocation of an awarded degree as the result of academic dishonesty or the discovery of a material misrepresentation relating to the completion of course or degree requirements.

**Disciplinary Procedures**

The following procedures are designed to afford certain procedural protection to any student alleged to have committed an infraction of the Student Conduct Code warranting disciplinary action. The procedures described herein shall not affect other non-disciplinary student matters.

For the purpose of these procedures, the term “Dean of Student Services” shall mean the Dean or the Dean’s designated representative.

**Temporary Suspension in Emergency Situations**

In an emergency, the Chancellor is authorized to suspend a student prior to a hearing, provided that a hearing pursuant to these rules is conducted within a reasonable period thereafter. An emergency will include such situations as when a student poses a danger of inflicting bodily harm on himself/herself or others, of inflicting serious emotional distress on others or creating a substantial disruption of normal campus activities including classroom instruction. If, after a Student Conduct Committee hearing, it is determined that the student did not violate this Student Conduct Code, consideration will be granted so that the student may be allowed to make up any missed academic work.

**Pre-disciplinary Hearing Stage**

Reporting of Infractions: Infraction of the Student Conduct Code should be reported to the Dean of Student Services. Charges may be disposed of in the following ways: reporting of infraction of the complaintant. No matter except temporary suspensions in emergency situation will proceed without such written reports. The reports must state information including the specific names (if known), date, and description of the alleged misconduct in sufficient detail to allow the Dean of Student Services to determine whether further fact-finding is necessary and if sufficient evidence exists for acting on the allegation(s).

**Initiation of Charges and Their Disposition**

If the Dean of Student Services determines that there is reasonable cause to believe that the student or students committed the violation and in his/her judgment the initiation of formal disciplinary procedures is appropriate, the accused student or group will be notified by the Dean of Student Services that they have been accused of violating this Student Conduct Code. Charges may be disposed of in the following ways:

1. **Administrative Disposition:** The Dean of Student Services after investigating the charges, shall have the authority, when accepted by the student in writing, to settle matters in lieu of proceeding with a formal disciplinary hearing. In this instance, the Dean of Student Services may impose only the sanctions of warning or probation. A student shall have five (5) school days within which to accept or reject in writing any proposed administrative disposition.

2. **Student Conduct Committee Disposition:** Failing to secure an administrative disposition of any alleged violation of this Code, the Dean of Student Services may refer the case to the Student Conduct Committee for a hearing. The Dean of Student Services may also refer cases to the Student Services.
Conduct Committee without first offering an administrative disposition.

3. Student Conduct Committee hearings will usually not be available during the last two weeks of each semester (study period and finals week) nor during the summer. During these periods, a hearing before an administrator may be conducted for students accused of violating the Student Conduct Code or special Committee hearings may be arranged.

Student Conduct Committee
There shall be a Student Conduct Committee. It shall have jurisdiction and authority to determine cause and recommend sanctions for all cases referred to it by the Dean of Student Services involving behavior which is alleged to be violative of this Student Conduct Code.

1. The Student Conduct Committee shall consist of seven (7) voting members and shall be constituted as follows:
   a. Three (3) students selected by the Associated Students of Hawai‘i Community College.
   b. Three (3) faculty members selected by the Faculty Senate.
   c. A chairperson selected by the Chancellor.

2. An electronic recorder shall be made available to the committee by the Dean of Student Services.

3. Four (4) members of the Student Conduct Committee shall constitute a quorum.

4. If any member of the committee feels that his/her relationship with either the case of the individuals involved would affect his/her ability to render an impartial judgment, the committee member shall disqualify himself/herself.

Disciplinary Hearing Stage
1. Notice: A student shall be given written notice of a hearing by registered or certified mail with return receipt requested, at least fifteen (15) calendar days prior to the date of the hearing. If service by registered or certified mail is not made because of the refusal to accept service or if the Dean of Student Services has been unable to ascertain the address of the student after reasonable and diligent efforts, a hearing notice may be given to the student by publication at least once in each of two successive weeks in a newspaper of general circulation. Published notices shall include the date, time, place, and nature of the hearing, and shall invite the student to contact the Dean of Student Services regarding the charges and other relevant issues and facts. The last published notice shall appear at least fifteen (15) calendar days prior to the date of the hearing.

2. Hearing Procedures: Hearings held pursuant to this Student Conduct Code shall be conducted in such a manner as to assure equity for all parties. Having determined through a preliminary investigation that there is reasonable cause to believe that the student has committed a violation of this Code, the Dean of Student Services or his/her representative shall present the case against the student. The student and his/her counsel and the Dean of Student Services or his/her representative shall be afforded the opportunity to present evidence and argument on all issues involved.

3. Records: For the purpose of determining Committee findings and recommendations, a record of all hearings shall be maintained.
   a. The record shall include the following:
      • All pleading, motions, and intermediate rulings
      • All evidence received or considered, including oral testimony, exhibits, and a statement of all matters officially noticed
      • Offers of proof and rulings thereon
      • Proposed findings and exceptions
      • The report of the Committee chairperson
   b. The Committee may preserve a record of its hearings through taped recordings. This record shall be retained by the Office of the Dean of Student Services for a minimum of five (5) years from the date of last attendance by the student.
   c. It shall not be necessary to transcribe any recordings unless requested for purpose of rehearing or judicial review. The cost of such transcription shall be paid by the party requesting or appealing to a court.

4. Committee Findings and Recommendations: After hearing a case, the Committee will decide if the College has reasonable cause to take disciplinary action against the student. No matters outside the record shall be considered by the Committee in making its determination. Accordingly, the Committee may decide as follows:
   a. No Cause for Disciplinary Action
   b. Cause for Disciplinary Action

5. Within ten (10) school days after the hearing, the Committee shall transmit its findings and decision as to cause and recommendation in writing to the Chancellor. Simultaneously, a certified copy of the Committee’s findings, decision as to cause, and recommendations shall be delivered or posted by registered or certified mail with return receipt requested to the student’s last known address.
   a. The Committee’s decision as to cause shall be in writing and shall be accompanied by separate findings of fact.
   b. If the student has filed proposed findings of fact, the Committee shall rule on each proposed finding in its final decision as to cause.

Review by the Chancellor
No Committee determination adverse to a student shall be finalized by the Chancellor until the student has been afforded an opportunity to request that the Chancellor review the Committee’s findings, decision as to cause, and recommendations. The student shall have five (5) school days after the receipt of the Committee’s findings, decision as to cause, and recommendations to request in writing a review by the Chancellor. The request should be sent by registered mail to the Office of the Chancellor.

The Chancellor may take appropriate action with respect to situations and developments not specifically covered by the
Student Conduct Code in order that the intent of the Code may be properly administered. The decision of the Chancellor shall be final within the College.

Final Decision and Orders by the Chancellor

Within thirty (30) calendar days from the receipt of the Committee’s findings, decision as to cause, and recommendations, the Chancellor shall notify, by certified or registered mail with return receipt requested, the student/student’s attorney of the sanction to be taken and any accompanying orders. A copy of this notification shall be included in the record of proceedings and retained by the Dean of Student Services for a minimum period of five years after the date of last attendance by the student.

In cases of an alleged sex offense or other “crime of violence” the victim and the accused shall be informed of the outcome of any institutional disciplinary proceedings.

Judicial Review

Any student who feels that his/her rights have been infringed upon by any final decision issued in accordance with this Student Conduct Code, may seek judicial review as provided for in law.

Severability

If any provision of these procedures is held to be illegal or unconstitutional, the remaining rules shall remain valid.

Disruptive Students

These guidelines are based on ensuring personal safety and are consistent with the HawCC Student Conduct Code. These guidelines are to be used with said code of conduct. The following are excerpts from the Policy on Disruptive Students. Copies of the complete policy are available at the Office of the Dean of Student Services and Director of the UH Center at West Hawai‘i.

Guidelines:

1. To help promote appropriate student conduct, the instructor includes in the course syllabus reference to the Student Conduct Code available at the HawCC website. The instructor may include additional expectations of class interaction and decorum in the course syllabus (i.e., respecting students’ expectation to learn in a safe and non-disruptive environment) which is distributed on the student’s first day in class and acknowledged by the student on a sign-in sheet.

2. Non-physically distracting and disruptive student in the class. Examples: coming to class late, sleeping, annoying finger-tapping, talking out of turn, using rude language, inappropriate postings or e-mails in Internet classes. The instructor asks the student to stop, takes the student aside if in a classroom, and reminds the student of the established expectations for class conduct. If the student does not stop, the teacher asks the student to leave in a face-to-face class. If the student does not leave, the instructor should enlist the support of other college personnel (faculty members, administrators, campus security guards, etc.) The instructor must judge, based on the nature of the disruption, whether the class period can continue once the offending student leaves. If the student is prohibited from participating in the next class, the VCAA will notify the student that participation is prohibited until further notice. The incident is reported in writing by the instructor and by the campus security guard, if involved, to the Dean of Student Services. The instructor may consult with a counselor and request that the student be seen by the counselor. If the behavior persists, the Dean of Student Services will take disciplinary action according to the Student Conduct Code.

3. Non-physically threatening and disruptive student in a non-classroom setting (i.e., division offices, student services offices, library or learning/testing centers, or outside). Examples: being noisy, using rude language, not following guidelines for the use of the non-classroom setting. The staff reports disruptive student to the supervisor. The supervisor takes the student aside and reminds the student that the behavior is not appropriate. If the behavior persists, the supervisor calls the campus security guard to have the student escorted off the campus. The incident is reported in writing by the supervisor to the Dean of Student Services. The supervisor can consult with a counselor and request that the student be seen by the counselor. If the behavior persists, the Dean of Student Services will take disciplinary action according to the Student Conduct Code.

4. Student whose behavior is imminently physically threatening or harmful to himself/herself or others. Examples: threatening to jump from a building, using a weapon to threaten safety, holding hostages. The UH Administrative Policy for Workplace Non-Violence Campus Procedures require all four initial tasks:

a. Call the police at 911
b. Call campus security at sites where security is available
c. call the Vice Chancellor for Administrative Affairs (or the closest administrator) and decide whether to continue operations or evacuate the area
d. call medical emergency service.

The Chancellor or his designee convenes the Campus Crisis Management Team (CCMT) to deal with the immediate situation until it is resolved. The CCMT works with the Vice Chancellor for Administrative Affairs and the Dean of Student Services on incident management activities (investigation, due process, alternative dispute resolution – ADR), post-incident management, and re-establishing normalcy. The CCMT handles situation through counseling or student conduct code.

5. If there is a shooting incident, seek cover to protect yourself in a secure place. Do not run outside. If doors can be locked from the inside, lock doors if the shooter is outside. Stay low below windows, out of sight. Call the police at 911 immediately to report the shooting and request medi-
In the Classroom and Other Rooms

1. For health and safety reasons children will not be allowed to enter high risk areas such as shops, science labs, mechanical rooms, garages, or areas where heavy equipment or power tools are in use.
2. Only under occasional extenuating circumstances may a child be in a classroom while class is in session. Children may be allowed in the classroom under the supervision of the parent/guardian in the following circumstance:
   a. Alternate arrangements for childcare are impractical or impossible; and
   b. The faculty member or lecturer responsible for the classroom has granted permission. If the child is disruptive or interferes with instruction and/or testing, the faculty member may require the student and child to leave. The student will be responsible for the day’s material on his/her own.
3. Because the Learning Center and the Testing Center are expected to be free of disruption, children are specifically prohibited.
4. The UH Library allows minor children, but they and the parent/guardian will be asked to leave if disruptive behavior occurs.
5. Children are not to be brought to campus if the parent/guardian knows they are ill with a contagious disease.

Outside of Rooms on Campus

1. If a supervisory adult cannot be located, minor children between the ages of 13 and 17, who are engaging in disruptive or dangerous behavior, will be asked to leave the campus. (This will also apply to children of parents/guardians who are not HawCC students.)
2. In the interest of the children’s safety, minor children below age 13 will be reported to the Campus Security Officer and to the Police when a supervisory adult cannot be located. (This will also apply to children of parent/guardians who are not HawCC students.)
3. For the children’s safety, they are prohibited from playing on roof tops, in stairwells, in doorways, on roadways, and in parking areas.
4. Skateboarding and rollerblading are prohibited on campus and this is not limited to minors.

Field trips

Non-student, minor children are not allowed on field trips related to college class.

Extra Curricular Activities

During any college inter-generational activity, minor children are the responsibility of the parent/guardian or a supervisory adult designated by the parent/guardian who is expected to ensure the health and safety of the children and prevent disruptive and dangerous behavior.

Injuries or damages caused by minor children

Parents/guardians are responsible and liable for all injuries or damages caused by their children. (Haw.Rev.Stat. §577-3). Parents/guardians, who are HawCC students, are responsible for any injuries or damages caused by their child while on campus and are subject to the HawCC Student Conduct Code, and if applicable, the State or Federal judicial system.

Death of a HawCC Student

The purpose of this procedure is to ensure that in the event of a death of a student, the College provides compassionate attention to the family of the deceased while processing the necessary documents relating to the student’s records in a timely and professional manner. (Policy Haw 7.901)

Smoking on Campus

Effective January 2003, the University of Hawai’i system implemented a Tobacco Products policy in an effort to improve the working and learning environment of the university, and protect faculty, staff, students, and visitors from secondhand smoke exposure while on University of Hawai’i campuses.

According to the policy, smoking is prohibited in the following areas:

a. All interior space owned, rented, or leased by the university;

b. In building courtyards, breezeways, and terraces, on exterior stairways and access ramps, and outdoor dining patios, terraces, and lanais;
c. Within 20 feet of building entrances, exits, air intake ducts, vents, and windows of buildings that are not air-conditioned;
d. Within 50 feet of designated pick-up and drop-off points for campus and public bus transportation;
e. Within the gates of the university’s outdoor sports and performing arts stadiums and arenas, including walkways, corridors, and seating areas; and
f. Any area that has been designated by the person having control of the area as a non-smoking area and marked with a no smoking sign.

In addition,
• All university residences will become smoke-free by the start of the 2004-2005 academic year.
• All advertising and sales of tobacco products on university campuses are prohibited (except for the sale or free distribution of non-university supported magazines and newspapers that incidentally contain tobacco product advertising).
• The distribution of samples of tobacco products or coupons redeemable for tobacco products on university campuses is prohibited.
• The sponsorship of campus events or campus organizations by tobacco industry or tobacco promoting organizations is prohibited.
• On-site tobacco product cessation guidance will be made available to assist and encourage individuals who wish to quit. Supervisors may authorize employees who wish to avail themselves of such on-campus programs to do so without any loss in pay.

This policy applies to the entire university community, including faculty, staff, students, and visitors. The Office of the Vice President for Administration and Chief Financial Officer is responsible for policy implementation and compliance in collaboration with heads of all UH campuses. Questions, comments, or complaints relating to this policy should contact the Chancellor of the College. Detailed information is available at: http://www.hawaii.edu/smokingpolicy/policysummary.html

**Workplace Non-Violence**

The University of Hawai‘i has adopted a policy of prohibiting any work related or workplace violence against its students, faculty, staff, and visitors. Prohibited violent acts include physical attack, property damage, as well as verbal statements that express or suggest the intent to cause physical or mental harm to another person. More specifically, violent behaviors include but are not limited to hitting, pushing and shoving; throwing or breaking objects; theft; shouting or yelling; threatening gestures or remarks; disruptive or hostile actions; abusive or belligerent language; sabotage of equipment; repetitive or unwanted phone calls, notes, or e-mails, etc.

All administrators, faculty, staff, and students are responsible for maintaining a University campus environment that ensures that all members are treated with civility and respect to fulfill the University’s missions and goals. The University fully supports the efforts of the State of Hawai‘i and is committed to a workplace that is free of violence.

**Weapons**: The possession or use of lethal weapons on University premises is strictly prohibited unless specifically authorized by the senior administrator. Lethal weapons include but are not limited to firearms, ammunition, spearguns, explosives, and dangerous substances. Any person found in violation may be subject to the provisions of state law, University policy, and the Student Conduct Code.

Retaliation against witnesses, victims, etc. is prohibited. This prohibition will be strictly enforced, and appropriate disciplinary action may be taken. Disciplinary action shall be subject to the appropriate bargaining agreement. (Policy Haw 9.730)

The Hawai‘i Community College Financial Aid Office administers a variety of federal, state, and institutional financial aid programs. These financial aid programs are intended to assist students and their families pay for educational costs. Students may apply for financial aid at HawCC. Peer Advisors are available to assist with completing the Free Application for Federal Student Aid (FAFSA) and renewal FAFSA. Please call 974-7663 for an appointment.

An academic year is defined as 24 credits and 30 weeks of instruction.

Eligibility: The majority of aid awarded by HawCC is federal and based on demonstrated financial need. Eligibility requirements are determined by federal rules and include the following:

Applicant must
• be a U.S. citizen or an eligible non-citizen
• be enrolled in an eligible certificate or degree program (classified student)
• be making satisfactory academic progress toward a certificate or degree
• not be in default on a loan or owe repayment on a federal grant
• have demonstrated financial need
• have obtained a high school diploma, GED, or have passed a federally approved test
• be registered with Selective Service, if required.

Selective Service Registration and Financial Student Aid: Military Selective Service Act (P.L. 97-252) requires that beginning July 1, 1983, any student who is required to register with the Selective Service and fails to do so shall be ineligible to receive Federal Title IV student financial aid including:

• Academic Competitiveness Grant
• Pell Grant
• Supplemental Educational Opportunity Grant (SEOG)
• Federal Work-Study
• Leveraging Education Assistance Program (LEAP)/ Hawai‘i Student Incentive Grant (HSIG)
• Subsidized Federal Stafford Loan
• Unsubsidized Federal Stafford Loan, and
• Federal Parent Loan for Undergraduate Students.

This requirement affects all male students who are at least eighteen years of age, who were born after December 31, 1959, and who are not currently on active duty with the armed forces (this exemption does not apply to members of the Reserves and National Guard who are not on active duty). The group of affected males includes citizens and noncitizens eligible for Federal financial aid except citizens of the Republic of Palau, the Republic of the Marshall Islands, or the Federated States of Micronesia. A citizen or national of the Republic of the Marshall Islands or the Federated States of Micronesia who lives in the United States for more than one year for any reason except as a student or employee of the government of his homeland must register.

For further information, contact the HawCC Financial Aid Office or visit the Selective Service System web site at: http://www.sss.gov/regist.htm

Application Procedures: Students are required to file the Free Application for Federal Student Aid (FAFSA) with the Federal Processor and submit supporting documents as required by the HawCC Financial Aid Office in order to ascertain eligibility for Federal student aid. Students must apply and qualify annually on the basis of demonstrated financial need. The application priority date is April 1 each year (for aid the following academic year). Applications will be accepted on a first-in, first-served, funds-available basis. Application instructions and forms are available at the Financial Aid Office and online at: http://www.hawaii.hawaii.edu/financialaid/index.html

Awards: Completed applications (including all required supporting documents) are generally processed within one month. Students eligible for financial aid will be notified by mail of the type and amount of the award as soon as possible after the College has received its state and federal allocations of financial aid funds. Normally, financial aid funds are disbursed once per semester. Please contact the Financial Aid Office for exact dates.

Satisfactory Academic Progress Policy for Financial Aid

All students must demonstrate satisfactory academic progress towards completion of their academic program in order to receive financial aid. The HawCC Financial Aid Satisfactory Academic Progress Policy is available at the Financial Aid Office and on the Financial Aid web site: http://www.hawaii.hawaii.edu/financialaid/FinancialAidPolicies.html

Satisfactory academic progress is checked twice a year after the publication of grades.

Grade Point Average: In general a student must maintain a 2.0 cumulative GPA in order to maintain satisfactory academic progress.
Minimum Standards for Academic Progress: All Financial Aid recipients must:
1. be enrolled as a classified student in an eligible degree or certificate program of study that is at least 16 credits and 15 weeks in length
2. maintain a cumulative grade point average (GPA) of at least 2.0 (credits and grades excluded under the Academic Renewal Policy will be included in the calculation of the financial aid GPA)
3. successfully complete (pass) at least 67% of all credits attempted

Time Frame of Aid Eligibility: Students will be allowed 150% of the number of credits required for the completion of their certificate or degree (the calculation will be rounded down to the nearest whole number of credits).
A student is allowed thirty (30) remedial credits that are not counted toward the time frame. Remedial credits are program specific (e.g. ENG 21 is a remedial course for the LBART AA but it is not a remedial course for AG AAS). ESL courses do not count against the thirty (30) credit limits.

Financial Aid Probation: Students who have attempted less than 25 credits and who do not meet the credit completion requirement and/or the cumulative GPA requirement, will be placed on Financial Aid probation if they meet the following conditions:
   • have a credit completion rate of at least 50% but less than 67%
   • have a cumulative GPA of at least 1.0 but less than 2.0

Financial Aid Suspension: Students will have their Financial Aid suspended and will not be eligible for Financial Aid in subsequent semesters in the following cases:
   • Students who have a credit completion rate of less than 50%
   • Students who have a cumulative GPA of less than 1.0
   • Students who have attempted twenty-five (25) or more credits who have a cumulative GPA of less than 2.0 and/or a credit completion requirement of less than 67% of attempted coursework
   • If at the end of the probationary period, a student has a cumulative GPA of less than 2.0 and/or a credit completion rate of less than 67% of attempted coursework.
   • Student has exceeded the maximum timeframe for his/her degree or certificate.

Students will be notified in writing that they have been suspended. Students will remain suspended until they once again meet satisfactory progress standards. Students may regain eligibility through the normal application of the satisfactory progress calculation of their subsequent coursework, if the calculation restores them to “Good Standing” (cumulative GPA of at least 2.0 and a cumulative credit completion rate of at least 67%).

Reinstatement: To regain Financial Aid eligibility, a student must earn sufficient grades and/or complete the necessary credits to meet the qualitative (cumulative) GPA of at least 2.0 and a credit completion rate of at least 67%. Financial aid eligibility can not be reinstated for students who have exceeded the maximum timeframe for their degree or certificate.

Appeal of Financial Aid Suspension/Termination: The only basis for an appeal will be an extraordinary circumstance (e.g. accident, illness, death of an immediate family member, etc.). A student must complete and submit a HawCC Appeal of Satisfactory Academic Progress Policy form explaining in detail the specific reasons which contributed to the student’s lack of progress, documentation to substantiate the student’s statement, and an outline of what steps the student plans to take to ensure academic progress if the student is reinstated.
Students will be notified in writing of the decision.

Types of Financial Aid
Note that the financial aid programs are subject to change and additional criteria may apply.

Federal Government Grants
Academic Competitiveness Grant: A Federal grant for students who are receiving a Pell Grant and have completed a rigorous high school program of study. Requires full-time enrollment. It does not need to be paid back. An Official high school transcript must be submitted to HawCC Financial Aid Office.

Federal Pell Grant: A Federal grant for a student who has not received a bachelor’s degree. It does not need to be paid back. The award amount is based on the student’s enrollment level and his or her Expected Family Contribution (EFC).

Federal Supplemental Educational Opportunity Grant (SEOG): This grant is for students with exceptional financial need and who are eligible for the Federal Pell Grant. It does not need to be paid back. Requires at least half-time enrollment.

Hawai’i Student Incentive Grant (HSIG)/Leveraging Educational Assistance Program (LEAP): This is a federal program with matching state funds which waives only tuition (not fees). The student must be a Hawai’i resident and eligible for the Federal Pell Grant. Requires at least half-time enrollment.

State Grant/Scholarship Programs
B+ Scholarship: The Hawai’i State B+ Scholarship is based on merit and financial need. It is awarded to incoming freshmen from a Hawai’i public high school. It may be renewed annually up to four years as long as the recipient maintains Satisfactory Academic Progress and continues to demonstrate financial need.
Hawai‘i Community College Grants and Tuition Waivers (funded by HawCC)

Hawai‘i Community College Opportunity Grant: A HawCC grant awarded based on financial need. Requires at least half-time enrollment.

HawCC Achievement Grant: This scholarship is awarded to students who have demonstrated achievement or service to the College (e.g. Student Government officers).

Native Hawaiian Tuition Waiver: A HawCC tuition waiver based on financial need and Hawaiian ancestry (approximately 12 waivers awarded per academic year). Tuition waiver applies only to HawCC credits.

Centennial Scholarship: A University of Hawai‘i Scholarship, funded by HawCC, based on academic achievement. This scholarship is awarded to incoming freshman and can be renewed annually.

Student Employment

Federal and state funds are provided for the employment of students who are enrolled at least half-time in a program of study leading to a degree or certificate and who are in good academic standing at HawCC.

Work hours will not exceed 20 hours per week during the academic year when classes are in session. Hourly wages are related to the type of work, required proficiency, and are based on current state/federal minimum wage laws and regulations.

For more information, or to view job vacancies, please go to the Student Employment web site: http://www.hawaii.hawaii.edu/financialaid/StudentEmployment.html

Federal Work Study

The Federal Work Study (FWS) program provides funds for part-time on-campus job opportunities to help students earn money to pay for school costs while gaining valuable work experience. Campus employment is flexible and convenient. FWS is not pre-awarded. A student who is eligible to receive federal Financial Aid and who has remaining need on their HawCC Award Letter is eligible to apply for any FWS position. An individual student’s award is based upon his or her individual need and the availability of funds. Requires at least half-time enrollment.

State Funded Employment: Student employment positions funded by general, special, Bridge to Hope, and other funds are also available.

Federal Loans

Federal Family Education Loan Program (FFELP) are loans from private lenders such as banks and credit unions and guaranteed by the federal government. There are three types:

Subsidized Federal Stafford Loan: A loan which must be repaid and is based on demonstrated financial need. The interest rate for new loans (first disbursed on or after July 1, 2006) is fixed. Repayment begins 6 months after a student ceases to be enrolled at least half-time. Requires at least half-time enrollment to apply.

Unsubsidized Federal Stafford Loan: A non-need based loan that must be repaid. The interest rate for new loans (first disbursed on or after July 1, 2006) is fixed. Interest begins accruing upon disbursement of loan funds. Repayment begins 6 months after a student ceases to be enrolled at least half-time. Requires at least half-time enrollment to apply.

Federal Parent Loan for Undergraduate Students (FPLUS): A loan which must be repaid by parents. This loan is for parents of dependent students who want to borrow to help pay for their child’s college cost. Parents of dependent students may borrow up to the calculated Cost of Attendance (COA), minus other student aid, for their child. The interest rate for new loans (first disbursed on or after July 1, 2006) is fixed. Interest begins accruing upon disbursement of the funds. Parents borrow through a commercial lender. Repayment begins 60 days after disbursement of funds. Requires at least half-time enrollment.

Loan Grade Levels

First Year: Earned 0 to 24 credits
Second Year: Earned 25 or more credits

Refunds/Repayments

The HawCC Census Date is the end of the Erase Period (drop without a “W”). All student budgets and awards will be adjusted to reflect the actual enrollment as of the Census Date. Based on this revision, a student may be entitled to additional funds or owe a repayment of part or all of his/her award(s). Students must begin attendance to be eligible for any federal funding for each course.

Official and Unofficial Complete Withdrawal: The Official Withdrawal Process begins when the student submits the withdrawal form to the Financial Aid Office for signature. All refunds and repayment amounts will be rounded to the nearest cent.

The Financial Aid office will perform a refund/repayment calculation, as specified by Federal regulations, for all students.
who are Title IV eligible and completely withdraw either officially or unofficially (student stops attending but does not officially withdraw).

Based on the federal calculation, a student who withdraws may be eligible for a post-withdrawal disbursement.

In cases in which the federal calculation requires funds to be returned, the school will reimburse the Title IV programs. As a result, any tuition refunds due to the student will first be returned to reimburse the Title IV programs.

Students will be billed for any unpaid institutional charges that result from the return of funds to the Title IV programs.

In addition, the student may be required to directly repay a portion of the Title IV funds that were received.

The Refund/Repayment Policy is available at the Financial Aid Office or on the financial aid web site:

Students are encouraged to contact the Financial Aid Office at (808) 974-7663 prior to dropping credits or withdrawing.

---

**Endowed and Other Scholarships**
(Privately Sponsored)
Office of the Dean of Student Services
200 W. Kāwili Street
Hilo, HI 96720-4091
Ph: (808) 974-7657

Hawai‘i Community College offers a number of scholarships to incoming and currently enrolled students each year. The scholarship funds come from various sources such as private donors, foundations, professional associations, and state and local business firms. These scholarships may be awarded based on academic achievement, financial need, or both.

Internal Scholarships are awarded through the Financial Aid Office. Some Endowed and other Privately Sponsored are administered by, or in conjunction with, various components of the University of Hawai‘i. Information on endowed and other scholarships that are privately sponsored may be obtained by contacting the address above.

External Scholarships are awarded by individuals, companies, or organizations outside of the College. Some external scholarships include, Hawai‘i Community Foundation, Ke Ali‘i Pauahi Foundation/Kamehameha Schools Bishop Estate. Scholarships do not require repayment.

Scholarship information, as well as support for applying for scholarships, is available from the Counseling and Support Services Office.

Information and links to a variety of scholarships and scholarship search engines can be found on the financial aid scholarship web site:
http://www.hawaii.hawaii.edu/financialaid/ApplyScholarships.html

---
To earn an A.S.C., a sequence of courses must be completed as specifically defined for each certificate. A student may receive an A.S.C. without completing the A.A. degree but must have the appropriate Grade Point Average for all courses required.

**Environmental Studies Academic Subject Certificate (ASC-ENVS)**

**Hawai'i Life Styles Academic Subject Certificate (ASC-HLS)**
General and pre-professional students may earn the Associate in Arts (A.A.) degree. Vocational-technical majors may earn an Associate in Science (A.S.), Associate in Applied Science (A.A.S.), or Associate in Technical Studies (A.T.S.) degree, a Certificate of Achievement (C.A.), or a Certificate of Completion (C.C.) in one of the 23 vocational programs.

**Associate in Arts (A.A.) Degree**

A two-year Baccalaureate direct transfer liberal arts degree consisting of at least 60 semester credits at the 100 and 200 levels. The Associate in Arts Degree Program, also referred to as the Liberal Arts (LBRT) Program, is designed for students who are preparing themselves to transfer to a four-year college or university.

**Program Learning Outcomes**

Upon successful completion, students are prepared to:

- Think and act with intellectual insight and integrity. Gather, analyze, and evaluate information. Pose questions, synthesize ideas, solve problems, and reach logical conclusions. Create new ideas and works that express individuality.
- Discover, construct and communicate meaning through observing, listening, speaking, reading, writing, and interacting.
- Apply mathematical reasoning and scientific methods to solve problems.
- Evaluate historical perspectives to inform present thought and influence future action.
- Use information ideas, and methods from diverse disciplines to enhance intellectual, aesthetic, professional, and community life.
- Engage persons across the whole community in working collaboratively to advance shared goals.
- Make informed and principled decisions with respect to individual conduct, the community, and the environment. Respect, promote and support Hawaiian and Local cultures and social diversity.
- Demonstrate commitment to social and natural systems in ways that honor and sustain the integrity of life.

To earn the Associate in Arts Degree from HawCC, also referred to as the Liberal Arts Program (LBRT), a student must meet the following requirements:

1. Credits Required: A total of 60 credits earned at or transferred to HawCC in 100-200 level courses
2. A minimum of 15 HawCC credits must be completed
3. Minimum GPA Required: A minimum cumulative GPA of 2.0 is required for graduation
4. CR/NC option may be used to satisfy area and general elective requirements (Policy Haw 5.503)

**Core Requirements (18 credits)**

*Communication (9 credits):*
- Eng 102 (Reading), 100 (Writing)
- SpCo 151 or 251†

*Logical Reasoning (3 credits):*
- Math 100 or higher or Phil 110

*World Civilization (6 credits):*
- Hist 151† or 153†; and Hist 152† or 154†

*Writing Intensive:*
- One WI course with a “C” or better grade

**Area Requirements (31 credits)**

**Humanities:** Nine (9) credits total from the following groups:

*Asian/Pacific Culture (3 credits):*
- Art 227
- Asan 120†, 121†, 122†
- Eng 257A
- Hist 123, 153†, 154†, 241, 242, 284, 288
- Phil 102
- Rel 152
- SpCo 233

**Humanities (3 credits):**
- Dnce 153, 185, 190V, 256† (see Ed 256), 285, 290V
- Ed 256† (see Dnce 256)
- Eng 103, 105, 204, 205†, (see Jour 205), 215, 255, 256, 257E
- Haw 101, 102, 201, 202
- Hist 151†, 152†, 274, 281, 282
- Hum 100, 160† (see SSci 160), 275† (see Psy 275)
- Jour 205† (see Eng 205)
- Jpns 101, 102
- Ling 102, 121† (see Anth 121), 235† (see Anth 235)
- Phil 100, 101, 120, 211, 213, 255
- Rel 150, 151, 153
- SpCo 231, 251†

**AND** three (3) credits from any other course listed in either Asian/Pacific or Humanities.

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.
Natural Science: Ten (10) credits: nine (9) credits with one course from each of Groups 1 and 2. One of these courses must be accompanied by a one (1) credit Natural Science lab course.

Group 1: Biological Sciences
- Ag 200
- Biol 100/L, 101/L, 141/L, 142/L, 156/L, 171/L, 172/L
- Bot 101/L, 105, 130/L
- Mirc 130/L
- Zool 101/L

Group 2: Physical Sciences
- Astr 110, 281
- BioC 241
- Chem 100/L, 151/L, 161/L, 162/L
- Geog 101/L
- GG 101/L
- Phys 100/L

Group 3: Other Sciences
- Geog 122, 170/L, 180/L
- Ocn 201
- Phrm 203
- Sci 124/L

Social Sciences: Twelve (12) credits from at least three different alphas:
- AJ 101, 210, 256† (see HSer/WS 256), 280
- Anth 121† (see Ling 235), 150, 200, 235† (see Ling 235)
- Asan 120†, 121†, 122†
- Econ 120, 130, 131
- Ed 105, 131
- FamR 230
- Geog 102
- HSer 110, 140, 141† (see Subs 141), 248† (see Subs 248), 256† (see AJ/WS 256)
- IS 101
- PolS 110
- Psy 100, 170, 214, 230, 270, 275† (see Hum 275)
- Soc 100, 208, 218, 251, 265, 289, 290
- SpCo 260
- SSci 150, 160† (see Hum 160), 250
- Subs 141† (see HSer 141), 248† (see HSer 248), 268
- WS 151, 256† (see AJ/HSer 256)

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.

Electives (11 credits)
Any other courses offered at HawCC that are 100-200 level can be used as electives.

NOTE: Students may not use Independent/Directed Studies courses (marked 199 or 299) to meet area requirements unless prior permission is given by the advisor and the Vice Chancellor for Academic Affairs.

Additionally, courses numbered 99 or below are not applicable toward an Associate in Arts degree.

Writing Intensive Courses
A variety of courses are offered which are writing intensive (WI). These courses require students to do a significant amount of writing totalling a minimum of 4,000 words. Writing is emphasized as an essential tool for learning, course material, and a major element in determining a student’s course grade. In WI courses, an opportunity is provided for interaction between the instructor and student as part of the writing process. WI courses have a minimum prerequisite of completion of Eng 100. Completion of one WI course with a grade of “C” or better is required for the AA (LBRT) degree at HawCC. Students who are planning to transfer to a four-year college or university are advised to check on that institution’s WI requirements and are recommended to take two or three WI courses at HawCC.

Fulfillment of General Education Requirement: Effective Fall 1994, students who have earned an articulated Associate in Arts (A.A.) degree from any University of Hawai‘i Community College shall be accepted as having fulfilled the general education core requirements at all other University of Hawai‘i campuses. While an articulated A.A. degree satisfies general education core requirements, students must also complete all specialized lower-division, major, college and degree/graduation requirements. Additional campus-specific requirements, such as competency in a foreign language or writing-intensive courses, may also be required. With planning, most if not all of the requirements may be incorporated into the A.A. degree; if not, they are required in addition to the A.A. degree.

Associate in Applied Science (A.A.S.) Degree
A two-year Technical-Occupational-Professional degree, consisting of at least 60 semester credits, which provides students with skills and competencies for gainful employment. This degree is not intended nor designed for transfer directly into a Baccalaureate program. A.A.S. programs may, however, include some Baccalaureate level course offerings.

To earn the Associate in Applied Science degree at HawCC, it is the responsibility of the student to meet the program requirements. Those requirements are:

1. Satisfactorily complete the program of courses prescribed for his/her major
2. Earn credits in prescribed communications and mathematics/thinking/reasoning courses
3. Earn nine (9) credits total by selecting one 3-credit general elective course from each of the three areas: Cultural, Natural, Social Environment
4. Earn a cumulative GPA of at least 2.0 in HawCC courses
5. Earn at least a 2.0 GPA in major courses
6. Earn his/her final 12 semester hours at HawCC

(continued on next page)
Associate in Science Degree and Associate in Applied Science General Education Electives: The following courses may satisfy the A.S. and A.A.S. degree general education electives: Humanities/Cultural Environment, Natural Sciences/Natural Environment, Social Sciences/Social Environment. Check with a program advisor for program requirements. NOTE: Students should see their academic advisor for the most recent listing of courses used as general education electives.

### Cultural Environment:
Through study of artistic, literary, and philosophical masterworks and by examining the development of significant civilizations, cultures and the nature of human communication, students gain an appreciation of history and achievements. This experience should enable the student to approach future studies of a more specific character with a broadened perspective.

- **Asan** 120†, 121†, 122†

### Natural Environment:
A scientifically literate person should know what science is, how scientific investigation is conducted, and that the activity of a scientist is a blend of creativity and rigorous intelligence. Independent investigation in the laboratory provide an understanding of the features of scientific hypothesis and their proofs that external accounts cannot wholly describe.

### Social Environment:
Every educated person should have some appreciation of the role of culture and social institutions in the shaping of individual personality and the creation of social identities. Students should also develop an understanding of the extent to which scientific inquiry is appropriate to the creation of social knowledge and of the alternative ways of organizing human institutions and interpreting social reality.

† Marked courses satisfy requirements for the A.A.S. degree and certificates only.

Associate in Science (A.S.) Degree

A two-year Technical-Occupational-Professional degree, consisting of at least 60 semester credits, which provides students with skills and competencies for gainful employment, entirely at the Baccalaureate level.

To earn the Associate in Science degree at HawCC, it is the responsibility of the student to meet the program requirements. The requirements are:

1. Satisfactorily complete the program of courses prescribed for his/her major
2. Earn credits in prescribed mathematics, communications, and thinking/reasoning courses or pass proficiency examinations in these subjects
3. Earn nine (9) credits total by selecting one 3-credit general elective course from each of the three areas: Humanities, Natural Sciences, Social Sciences
4. Earn a cumulative GPA of at least 2.0 in HawCC courses
5. Earn at least a 2.0 GPA in major courses
6. Earn his/her final 12 semester hours at HawCC

Certificate of Achievement (C.A.)

A college credential for students who have successfully completed designated medium-term vocational education credit course sequences which provide them with job upgrading or entry-level skills. These courses or course sequences may not exceed 45 credit hours (unless external requirements exceed this number) and may not be less than 24 credit hours. The issuance of a Certificate of Achievement requires that the student must earn a cumulative GPA of 2.0 or better for all HawCC courses required in the certificate. The final 12 semester hours of work must be completed at HawCC.

Certificate of Completion (C.C.)

A college credential for students who have successfully completed designated short-term vocational education credit courses or vocational education course sequences which provide them with job upgrading or entry-level skills. These courses or course sequences may not exceed 23 credit hours and may not be less than 10 credit hours. The issuance of a Certificate of Completion requires that the student must earn a cumulative GPA of 2.0 or better for all HawCC courses required in the certificate.

Associate in Technical Studies (A.T.S.) Degree

A two-year Technical-Occupational-Professional degree, consisting of at least 60 semester credits, which provides students with skills and competencies for gainful employment. This degree must be customized by using courses from two or more existing approved programs and is intended to target emerging career areas which cross traditional boundaries. This degree must have educational objectives which are clearly defined and recognized by business, industry, and employers who have near-immediate needs for specialized training for a limited number of employees. This degree must have advanced approval and cannot be requested based upon previously completed coursework.

Academic Subject Certificate (A.S.C.)

A college credential for students who have successfully completed a specific sequence of credit courses selected from the A.A. curriculum. The sequence must fit within the structure of the A.A. degree, may not extend the credits required for the A.A. degree, and shall be at least 12 credit hours. The issuance of the Academic Subject Certificate requires that the student must earn a GPA of 2.0 or better for all courses required in the certificate.

Certificate of Competence (CoC)

A college credential for students who have successfully completed designated short-term credit or non-credit courses which provide them with job upgrading or entry-level skills. The issuance of a Certificate of Competence requires that the student’s work has been evaluated and determined to be satisfactory. Credit course sequences shall be at least 4 but less than 10 credit hours. In a credit course sequence the student must earn a GPA of 2.0 or better for all courses required in the certificate.
**PROGRAM DESCRIPTIONS**

**Accounting (ACC)**

*Faculty: J. Onishi, J. Peralto, B. Sanders*

The Accounting program prepares students for entry-level positions. Learning centers on the accounting equation and the accounting cycle, recording financial transactions, and preparing financial statements.

TOTAL 30 60

Credits in ( ) are optional

* No grade below “C” will be counted toward graduation

** Administration of Justice (AJ)**

*Faculty: D. Kalei*

This program provides students with a solid background in the field of Administration of Justice by offering a variety of courses designed to prepare students for careers within the criminal justice system. The program combines the scientific study of law enforcement, the court system and corrections, along with a focus on the administration of these systems. An important component of the program is the study of the causes and effects of crime and the ways in which society responds to such behavior.

This program is designed to prepare students to obtain a two-year degree with the knowledge and skills needed to enter a career upon graduation. It also academically prepares students who wish to continue their degree at a four-year institution.

A student who successfully completes 12 credits of AJ courses at HawCC may receive up to 6 additional AJ credits for completing basic police recruit training as required by government law enforcement agencies.

An internship program is also available to students who wish to earn college credit by working in the AJ field. Students can earn up to 6 credits, which can be applied to the program. Students interested in the internship program should contact the AJ Coordinator.

**Program Learning Outcomes**

Upon successful completion, students are prepared to:

- Develop and initiate personal career plans to obtain jobs or continue a degree in Administration of Justice or related fields.
- Use critical observation skills.
- Communicate with diverse populations in a culturally sensitive and professional manner.
- Assess and respond appropriately to conflict situations.
- Work independently and interdependently to accomplish shared professional outcomes.
- Use technology to access information and communicate effectively in a professional manner.
- Practice within the legal/ethical parameter of their profession.

Business Technology (BTEC)
Faculty: G. Ching R. Yamane
The Business Technology program enables students to communicate clearly through oral and written interactions complying with standard office etiquette. Students will use current and emerging technologies to create and produce quality, mailable office documents, and will learn how to organize and manage multiple organizational tasks and coworkers in an office, making efficient use of time and resources.

• Nurs 110

† Course pending approval
Carpentry (CARP)

Faculty: G. Harada J. Tanabe

The Carpentry program allows students to participate in the “foundation-to-finish” experiences necessary to build a basic residential house while completing the required carpentry coursework. Students will graduate from the Carpentry program with the knowledge and experience necessary to begin employment at the entry level in the construction industry, or enter a four-year apprenticeship program. Credit may be given in the apprenticeship program for work completed at Hawai’i Community College.

Entry Requirements

- Proficiency levels in both reading and mathematics are required to register for some or all of the Program courses:

Cisco Networking Academy (CNA)

Faculty: J. Yoshida

The Cisco Networking Academy (CNA) is an alliance between Cisco Systems, Inc. (the largest provider of networking equipment), education, business, government, and community organizations around the world. Since its inception in October 1997, approximately 600,000 students each year have been reached through more than 10,000 Cisco Academies in all 50 states, Washington D.C., Guam, American Samoa, and over 160 other countries.

Hawai’i Community College is authorized to offer Cisco Networking courses and others such as Wireless LANs, PC Hardware and Software, and Servers on a credit and non-credit basis. The courses also help prepare students for respective industry certification examinations.

The Cisco Certified Networking Associate (CCNA) series of courses are intended for CCNA examination preparation; to prepare individuals for further education/training; to complement courses/training in electronics, computer technology, and engineering; to provide practical hands-on exercises in computer network design, implementation and maintenance; and to prepare individuals for entry-level (learning-oriented) jobs in the computer networking field. The CCNA courses are:

- CENT 140: Network Fundamentals
- CENT 240B: Routing Protocols and Concepts
- CENT 240C: LAN Switching and Wireless
- CENT 241: Accessing the WAN

For more information about the CNA and courses, contact Jim Yoshida at jamesyos@hawaii.edu or at (808) 974-7427 or visit http://cisco.netacad.net
Cooperative Vocational Education (CVE)

Faculty: See individual program faculty

CVE is an elective that is offered to all qualified students enrolled in vocational-technical programs and who, through a cooperative arrangement between the school and employers, receive part-time related instruction in the school and on-the-job training through part-time employment.

Alternating study in college with employment in private or public sectors is provided—the two experiences being planned and supervised by HawCC and the employers contributes to the student’s development in his or her chosen occupation.

Culinary Arts (CULN)

Faculty: P. Heerlein  J. Lightner
A. Okuda  S. Barr Rivera
B. Saiki

This program is designed to provide for entry-level employment in hotels, full-service restaurants, fast food restaurants, institutions (schools, hospitals, corrections, etc.) and private clubs. Accredited by the American Culinary Federation since July 2005.

Digital Media Arts (DMA)

Faculty: V. Murakami

This certificate prepares students for work in the fields of digital media design and production. It gives necessary education and training to students seeking entry-level positions as digital media artists. It provides professionals already in the field with updated technology training.

To receive a certificate, majors must earn a “C” or better in each course.

Program Learning Outcomes

Upon successful completion, students are prepared to:

- Use technology effectively to create visual artworks.
- Gather, analyze, and evaluate information visually and critically.
- Engage aesthetics in everyday life by thinking and communicating visually.
- Contribute and apply knowledge of aesthetics to the needs of the community.
- Present a digital portfolio in a professional manner.
- Work effectively as a member of a project team.

Early Childhood Education (ECED)

Faculty: M. Goya M. Wong

Children’s Center Staff: C. Espaniola J. Puniwai B. Pavao

This program is designed to provide attitudes, skills, and knowledge for people who work with young children and their families in a variety of early childhood programs. The Certificate of Completion (C.C.) or Certificate of Achievement (C.A.) prepares students for support roles in early childhood programs. An Associate in Science (A.S.) degree prepares students to be teachers or lead practitioners in early childhood programs.

Students taking Laboratory or Practicum courses may be required to complete fingerprinting and criminal history record checks.

This degree is fully articulated with the Bachelor of Arts in Social Science (with a concentration in Early Childhood Education) offered through the University of Hawai‘i West O‘ahu via Distance Education.

Program Learning Outcomes

The underlying foundation for these outcomes is knowledge of child development and of the multiple interacting factors that influence growth and learning. Through the A.S. program the themes of development, families, communication, diversity and inclusion are addressed.

Upon successful completion, students are prepared to:

- Plan, implement, and evaluate curriculum and learning environments for individual and groups of children based on knowledge of child development and its multiple influences to ensure that they promote health, safety, positive development, and learning for all children.
- Assess children’s progress using formal and informal observation and assessment tools and methods.
- Communicate effectively and appropriately with children and adults from all backgrounds to build respectful, reciprocal relationships; use appropriate guidance practices with children.
- Participate actively in planning and decision-making concerning the educational, physical, fiscal, and human resources in classrooms and programs for children.
- Base decisions and actions on ethical and other professional standards.
- Demonstrate collaboration, critical thinking, and reflection.
- Advocate for children and their families in the classroom and the program.

General Education Requirements

Certificate of Achievement:

- Eng 21 or 102 or higher
- Eng 22 or 100 or ESL 15
- SpCo 51 or 151
- Math 22 or higher

(continued on next page)
Associate of Science Degree:

- Eng 100
- Eng 102 or higher
- SpCo 151
- Phil 110 or Math 100 or higher (Math 115 recommended)
- 3 credits Natural Environment electives (100 level or higher)
- 6 credits Social Environment electives (100 level or higher)
- 3 credits Cultural Environment electives (100 level or higher)
- 3 credits Ed 252 or Ed 255 or Humanities 100 level or higher
- 3 credits of General Electives (100 level or higher)

Graduating students must receive a grade of “C” or better in these courses in order to be awarded their certificate or degree: Ed 105, Ed 110, Ed 131, Ed 190 or Ed 191, and Ed 291.

---

**Electrical Installation and Maintenance Technology (EIMT)**

**Faculty:** P. Pajo

This program prepares students for employment with electrical appliance shops, utility companies, and electrical construction, and maintenance companies. Learning will center on planning, designing, constructing, installing, and maintaining electrical wiring and equipment.

**Entry Requirements**

- Proficiency levels in both reading and mathematics are required to register for some or all of the Program courses:
  - Subject Area | Minimum placement into course
  - ----------------- | -----------------------------
  - Mathematics | Math 51 (or “C” or better in 22)
  - Reading | Eng 21

---

The **HawCC Children’s Center**, located on the Manono campus, provides a setting for early childhood students to gain practical experience with young children. The Center provides early education and care for children 18 months to 5 years of age and serves children of students, faculty, and staff from HawCC and UHH. Community children are accepted on a space available basis. The Center offers a high quality developmental approach to early education with qualified staff. Early childhood students work and study in the Center, under the guidance and supervision of early childhood faculty and staff. The Center is accredited by the National Association for the Education of Young Children.
Electronics Technology (ET)

Faculty: H. Motomura

This program prepares students for employment in telecommunications, medical electronics, computers, and consumer electronics. The electronic technician fabricates, installs, maintains, and repairs electronic equipment.

Students applying to the electronics program should have two years of high school math including geometry or algebra, and two years of high school science including chemistry or physics.

Environmental Studies Academic Subject Certificate (ASC-ENVS)

The Environmental Studies Academic Subject Certificate, within the Liberal Arts degree, will provide a focus on issues concerning our environment. Some issues are unique to Hawai‘i while some are global.

In order to allow students to study environmental issues from many different angles, the curriculum of this certificate is based on an interdisciplinary approach to Environmental Studies and includes courses from Humanities, Natural Sciences, and Social Sciences.

Residency and Transfer credit:

Credits may transfer from another college for courses equivalent to the ones listed in the curriculum.

Requirements

1. ** Credits Required: ** A minimum of 16 credits is required to receive the ESASC.

2. Earn a “C” or better in each course.

Core Requirements (7 credits)

- Sci 124 Introduction to Environmental Science
- Sci 124L Intro to Environmental Science Lab
- ** Ag 190V Environmental Issues or ** SSci 250 Environmental Issues

Subject Areas (9 credits)

Plus one (1) course from each of the subject areas below:

**Life Sciences (3 credits)**

- BioC 241 Fundamentals of BioChemistry
- Biol 101 General Biology
- Biol 156 Natural History of the Hawaiian Islands
- Bot 101 General Botany
- Bot 130 Plants in Hawaiian Environment
- Zool 101 Principles of Zoology

(continued on next page)
**Physical Sciences (3 credits)**

- Chem 100 Chemistry for Non-Science Majors
- Chem 151 Elementary Survey of Chemistry
- Geog 101 Geography and the Natural Environment
- Geog 122 Geography of Hawai‘i
- Ocn 201 Science of the Sea
- Ocn 205 Intermediate Oceanography

**Social Sciences (3 credits)**

- Econ 120 Principles of Economics
- Geog 102 World Regional Geography
- Phil 120 Science, Technology and Values
- PolS 110 Introduction to Political Science
- Soc 100 Survey of General Sociology
- Soc 218 Social Problems and Social Issues
- SSci 111 Humanity, Society, and Technology
- SSci 150 Ecology and Society

**Fire Science (FS)**

The Fire Science Program prepares individuals with the academic knowledge for entry employment in the Fire Service field as well as meeting the needs of in-service professionals.

Upon completion of this program, students will have the knowledge to prepare for a career with federal, state and local fire and emergency service agencies, with an emphasis on Structural Fire Fighting, Wildland Fire Suppression, Hazardous Materials Incidents, Fire Prevention and Investigation, Crash and Rescue, Fire Management and Administration, and the Incident Command System.

After earning the Associate in Science (A.S.) Degree, students have the opportunity to pursue a Bachelor’s Degree in Fire Administration from Colorado State University through distance learning.

Health and physical requirements vary with different employers in the Fire Service field, so prospective students should seek advice before enrolling.

**Program Learning Outcomes**

Upon successful completion, students are prepared to:

- Meet the minimum academic training requirements of the National Fire Protection Association’s (NFPA) Standard 1001, Standard for Fire Fighter Professional Qualifications (Fire Fighter I).
- Perform as fully qualified wildland firefighters (FFT2) in accordance with National Wildfire Coordinating Group PMS 310-1 standards.
- Utilize the Incident Command System to manage a wide variety of planned and un-planned incidents.
- Demonstrate knowledge of modern fire service strategies, tactics, and management for both structural and wildland fire incidents.
- Identify hazardous materials, hazardous properties, and successful emergency scene operations.
- Apply the principles of interpersonal communication, cooperative teamwork, supervision, and management for leadership in the fire service.
- Apply the theoretical principles of the chemistry of fire and hydraulics to solve water supply problems.

Hawai‘i Life Styles Academic Subject Certificate (HLS ASC)

The Hawai‘i Life Styles ASC supports students interested in exploring and experiencing Native Hawai‘i Life Styles. Learners may specialize in the Subject Certificate while fulfilling the program requirements for any major at HawCC. The curriculum provides a strong, functional Hawai‘i Life Styles foundation.

**General Information**

Students seeking the HLS ASC must receive a grade of “C” or better in all courses. The listed requirements are subject to change. For the latest information, please visit the website, http://hawaii.hawaii.edu/humd/humhls.htm or contact an advisor:
- Kekuhi Keali‘ikanaka‘ole (808) 974-7486
- Taupōuri Tangarō (808) 933-0700
- Leialoha Ilae-Kaleimamahu (808) 974-7486
- Manāikalani Kalua (808) 974-7486
- Kīhei Nahale-a (808) 974-7602
- M. Noe Noe Wong-Wilson (808) 974-7602
- E. Kalani Flores (808) 322-4867 (West HI)

**Requirements**

1. **Credits Required:** A minimum of 17 credits is required to receive the HLS ASC.
2. A minimum of 6 credits must be completed at HawCC.
3. **Minimum GPA Required:** A minimum cumulative GPA of 2.0 is required.

**Language Requirements (8 cr)**

Must have Group 1 or Group 2:

**Group Option 1**

- Haw 101 Elementary Hawai‘i Language I
- Haw 102 Elementary Hawai‘i Language II

**Group Option 2**

- Haw 201 Intermediate Hawai‘i Language I
- Haw 202 Intermediate Hawai‘i Language II

**Core Requirements (9 credits)**

**Required (3 credits)**

- HwSt 100 Piko Hawai‘i

**Plus choose two from the following (6 credits)**

- HwSt 101 Hawai‘i Culture I: ‘Aikapu
- HwSt 102 Hawai‘i Spirituality
- HwSt 104 Hawai‘i Myth Culture
- HwSt 105 Hawai‘i Plant Culture

**Hawai‘i Life Styles (HLS)**

Faculties:
- E. Flores (WH)
- L. Ilae-Kaleimamahu
- M. Kalua
- K. Nahale-a
- T. Tangarō
- M. Wong-Wilson

The Hawai‘i Life Styles (HLS) Associate of Applied Science (A.A.S.) degree focuses on particular native Hawaiian occupations that supported a vibrant, sustainable, highly scientific, and spiritually balanced island population years prior to Western contact.

**Program Learning Outcomes**

The HLS degree prepares students to quantify and qualify their relationship to their community. The program educates students to promote, with confidence, the uniqueness of this land, the ocean, and its people. The HLS student learner outcomes encapsulate the ideals and philosophy of HawCC’s Liberal Arts program student learner outcomes.

Upon successful completion, students are prepared to:

- **Kāhoeuli/Connections:** Articulate personal connections and interactions with people, communities, and environments to establish one’s place, responsibilities, and purpose in the world.
- **Kā‘iewe/Sense of Place:** Reflectively evaluate a sense of place and an awareness of the delicate balance necessary to maintain healthy life systems for generations to come.
- **Kā‘īʻōmoʻo/Sustainability:** Actively engage in the maintenance, preservation, and conservation of Hawai‘i’s and other global communities’ landscapes and resources.
- **Kā‘imaka/Perspective:** Demonstrate multi-sensory perspectives in natural and social environments to interact appropriately.
- **Kā‘īkoi/Identity:** Apply cultural knowledge, practices, career skills, and experiences to strengthen and sustain one’s life style and identity.
- **Kā‘imua/Leadership:** Advance leadership skills towards sound and creative decision-making that inspires balance in mind, body, spirit and advancement.
- **Kā‘ipono/Excellence:** Foster a life-long desire to seek knowledge, wisdom, and experiences to enhance communities, family and self.
### Hula Track (HLS-HULA)

The A.A.S. Degree in Hula prepares students to understand the depth and breadth of Hula science that encompasses an interdisciplinary local and global knowledge base. This experience will allow students to consider a wide variety of potential careers including, but not limited to: environmental science, forestry, astronomy, anthropology, archeology, biology, agriculture, art, music, education, social services, business, development, planning, and politics with an increased knowledge in traditional and contemporary Native Hawaiian ideology and practice.

This degree is not designed for transfer directly into a Baccalaureate program; however, it does include many transfer level general education courses. To earn this degree, students must:

- Complete the required courses
- Earn a cumulative GPA of at least 2.0 as well as a 2.0 in each of the major courses
- Earn the final 12 semester hours at HawCC
- Earn the Hula-specific course credits (HwSt 130, 131, 230, and 231) in residency
- Note: HwSt 131, 230, and 231 have new English and Math prerequisites; see Course Listings for specific prerequisites.

Meeting with an HLS advisor/counselor is highly recommended.

### Lawai‘a Track (HLS-LAWA)

The A.A.S. Degree in Lawai‘a prepares students to understand the depth and breadth of Lawai‘a science that encompasses an interdisciplinary local and global knowledge base. This experience will allow students to consider a wide variety of potential careers including, but not limited to: marine biology, aquaculture, environmental science, oceanography, astronomy, navigation, anthropology, archeology, biology, agriculture, art, music, education, social services, business, development, planning, and politics with an increased knowledge in traditional and contemporary Native Hawaiian ideology and practice.

This degree is not designed for transfer directly into a Baccalaureate program; however, it does include many transfer level general education courses. To earn this degree, students must:

- Complete the required courses
- Earn a cumulative GPA of at least 2.0 as well as a 2.0 in each of the major courses
- Earn the final 16 semester hours at HawCC
- Earn the Lawai‘a-specific course credits (HwSt 150, 151, 250, 251) in residency
- Note: HwSt 151, 250, and 251 have new English and Math prerequisites; see Course Listings for specific prerequisites.

Meeting with an HLS advisor/counselor is highly recommended.

**Hospitality and Tourism (HOST)**

Faculty: J. Lightner (WH)

The Hospitality and Tourism program is designed to provide job training for entry-level and first line supervisory level positions in the hospitality/visitor industry. Offering educational training in the field of hospitality/visitor industry will ensure a skilled pool of workers is continuously available to meet the industry’s employment demand on the Island of Hawai‘i. Additionally, making a career path possible to local workers strengthens the human assets of our community. The program was established to:

- Meet the growing needs of the hotels and related hospitality/visitor organizations by training existing and future employees in basic skills needed to obtain entry-level and supervisory positions.
- Provide job upgrading skills necessary for career advancement in the hospitality/visitor industry.
- Develop skills in verbal and written communication.
- Develop skills in distance learning that will promote lifelong learning.

**Program Learning Outcomes**

Upon successful completion, students are prepared to:

- Understand the ethics and values in the hospitality/visitor industry.
- Demonstrate proper work attitudes and work habits.
- Demonstrate general knowledge of hotel departmental functions and their relationship.
- Demonstrate general knowledge of the structure, function and operation of hospitality/visitor industry enterprises.
- Demonstrate entry-level proficiency in technical skills required in the hospitality/visitor industry.
- Choose an appropriate career path based on industry knowledge or requirements.
- Practice proper etiquette and appearance/hygiene techniques as required by industry standards.
- Demonstrate judgment and skills necessary in the job selection process.
- Integrate their knowledge of Hawai‘i’s history and culture into hospitality/visitor industry operations.

### Human Services (HSER)

**Faculty:** S. Claveria

This certificate prepares students for entry- and mid-level entry employment in such diverse settings as group homes and halfway houses; correctional, developmentally delayed, and community mental health centers; family, child and youth agencies; and programs concerned with special needs such as alcoholism, drug abuse, family violence, homelessness, and aging.

**Program Learning Outcomes**

Upon successful completion, students are prepared to:

- Portray a respectful attitude harmonizing with place, culture, and diverse perspectives, through a reflection of values and self awareness.
- Evaluate employment and educational opportunities through a comprehensive awareness of the function of Human Services in the community.
- Utilize communication skills and implementation strategies to assess the multiple causes of social issues and concerns.

To receive a certificate, HSER majors must earn a “C” or better in each HSER course.

### Information Technology (IT)

**Faculty:** A. Brown, K. Killam

The Information Technology program is a career-laddered, competency-based program that provides training in the use and support of business-related computer systems, data communication networks (including local area networks), and the development of business computer information systems programs using procedural, event-driven and object-oriented programming techniques.

The program includes a combination of business, computer, and information technology courses. Campus-based computer and networking projects, faculty supervised laboratories, and workplace internships provide hands-on experience designed to prepare students for positions in computer support, programming, network administration, or systems development in a business information technology system. The program focuses on computers and information technology as tools to solve business problems.

**Program Learning Outcomes**

Upon successful completion, students are prepared to:

- Plan, develop, and implement the hardware, software, and procedural components of a data processing system in a business environment. (Information Systems)
- Plan, develop, and implement the hardware, software, and procedural components of a data communications system in a business environment. (Networking)
- Plan, develop, implement, and document computer programs that meet the data processing requirements of a business organization. (Programming)
- Work independently and cooperatively to deliver reports, programs, projects, and other deliverables that document a business organization’s information technology requirements. (Productivity)
- Base decisions and actions on the legal, ethical, and professional guidelines and practices of the information technology field. (Legal/Ethical/Professional)
- Demonstrate the ability to search, analyze, and synthesize current information and solutions in the rapidly changing information technology profession. (Explore)

**Entry Requirements**

- Proficiency levels in both reading and mathematics are required to register for some or all of the Program courses:

** Program Learning Outcomes **

Upon successful completion, students are prepared to:

- Think and act with intellectual insight and integrity. Gather, analyze, and evaluate information. Pose questions, synthesize ideas, solve problems, and reach logical conclusions. Create new ideas and works that express individuality.
- Discover, construct and communicate meaning through observing, listening, speaking, reading, writing, and interacting.
- Apply mathematical reasoning and scientific methods to solve problems.
- Evaluate historical perspectives to inform present thought and influence future action.
- Use information ideas, and methods from diverse disciplines to enhance intellectual, aesthetic, professional, and community life.
- Engage persons across the whole community in working collaboratively to advance shared goals.
- Make informed and principled decisions with respect to individual conduct, the community, and the environment. Respect, promote and support Hawaiian and Local cultures and social diversity.
- Demonstrate commitment to social and natural systems in ways that honor and sustain the integrity of life.

(continued on next page)
To earn the Associate in Arts Degree, a student must meet the following requirements:

1. Credits Required: A total of 60 credits earned at or transferred to HawCC in 100-200 level courses
2. A minimum of 15 HawCC credits must be completed
3. Minimum GPA Required: A minimum cumulative GPA of 2.0 is required for graduation
4. CR/NC option may be used to satisfy area and general elective requirements (Policy Haw 5.503)

**Core Requirements (18 credits)**

*Communication (9 credits):*
- Eng 102 (Reading), 100 (Writing)
- SpCo 151 or 251†

*Logical Reasoning (3 credits):*
- Math 100 or higher or Phil 110

*World Civilization (6 credits):*
- Hist 151† or 153†; and Hist 152† or 154†

*Writing Intensive:*
- One WI course with a “C” or better grade

**Area Requirements (31 credits)**

*Humanities: Nine (9) credits total from the following groups:*

**Asian/Pacific Culture (3 credits):**
- Art 227
- Asan 120†, 121†, 122†
- Eng 257A
- Hist 123, 153†, 154†, 241, 242, 284, 288
- Phil 102
- Rel 152
- SpCo 233

*Humanities (3 credits):*
- Dnce 153, 185, 190V, 256† (see Ed 256), 285, 290V
- Ed 256† (see Dnce 256)
- Eng 103, 105, 204, 205†, (see Jour 205), 215, 255, 256, 257E
- Haw 101, 102, 201, 202
- Hist 151†, 152†, 274, 281, 282
- Hum 100, 160† (see SSci 160), 275† (see Psy 275)
- Jour 205† (see Eng 205)
- Jpns 101, 102
- Ling 102, 121† (see Anth 121), 235† (see Anth 235)
- Phil 100, 101, 120, 211, 213, 255
- Rel 150, 151, 153
- SpCo 231, 251†

AND three (3) credits from any other course listed in either Asian/Pacific or Humanities.

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.

*Natural Science: Ten (10) credits: nine (9) credits with one course from each of Groups 1 and 2. One of these courses must be accompanied by a one (1) credit Natural Science lab course.*

**Group 1: Biological Sciences**
- Ag 200
- Biol 100/L, 101/L, 141/L, 142/L, 156/L, 171/L, 172/L
- Bot 101/L, 105, 130/L
- Micr 130/L
- Zool 101/L

**Group 2: Physical Sciences**
- Astr 110, 281
- BioC 241
- Chem 100/L, 151/L, 161/L, 162/L
- Geog 101/L
- GG 101/L
- Phys 100/L

**Group 3: Other Sciences**
- Geog 122, 170/L, 180/L
- Ocn 201
- Phrm 203
- Sci 124/L

*Social Sciences: Twelve (12) credits from at least three different alphas:*
- AJ 101, 210, 256† (see HSer/WS 256), 280
- Anth 121† (see Ling 121), 150, 200, 235† (see Ling 235)
- Asan 120†, 121†, 122†
- Econ 120, 130, 131
- Ed 105, 131
- FamR 230
- Geog 102
- HSer 110, 140, 141† (see Subs 141), 248† (see Subs 248), 256† (see AJ/WS 256)
- IS 101
- PolS 110
- Psy 100, 170, 214, 230, 270, 275† (see Hum 275)
- Soc 100, 208, 218, 251, 265, 289, 290
- SpCo 260
- SSci 150, 160† (see Hum 160), 250
- Subs 141† (see HSer 141), 248† (see HSer 248), 268
- WS 151, 256† (see AJ/HSer 256)

† Cross-listed courses (appearing in multiple areas or listed as different alphas) count only once for graduation requirements.

(list continues)
Electives (11 credits)

Any other courses offered at HawCC that are 100-200 level can be used as electives.

NOTE: Students may not use Independent/Directed Studies courses (marked 199 or 299) to meet area requirements unless prior permission is given by the advisor and the Vice Chancellor for Academic Affairs.

Additionally, courses numbered 99 or below are not applicable toward an Associate in Arts degree.

Writing Intensive Courses

A variety of courses are offered which are writing intensive (WI). These courses require students to do a significant amount of writing totalling a minimum of 4,000 words. Writing is emphasized as an essential tool for learning, course material and a major element in determining a student’s course grade. In WI courses, an opportunity is provided for interaction between the instructor and student as a part of the writing process. WI courses have a minimum prerequisite of completion of Eng 100. Completion of one WI course with a grade of “C” or better is required for the AA (LBRT) degree at HawCC. Students who are planning to transfer to a four-year college or university are advised to check on that institution’s WI requirements and are recommended to take two or three WI courses at HawCC.

Machine, Welding and Industrial Mechanics Technologies (MWIM)

Faculty: D. Leite D. Miyashiro

This program prepares the student for employment in the metalworking and mechanical/maintenance trades. Employment may be in construction, food processing, manufacturing, utilities, astronomical observatories, or related industries. The job requires good physical health, above average eye/hand coordination, mechanical reasoning, and good form perception and spatial relationship. Job responsibilities may include fabricating, repairing, or maintaining metal products on equipment, buildings, and systems.

Machine Technology Option

(The certificate services those students and employers that are interested only in Machine Technology.)

** Meets competency requirement in mathematics or communications

†† Earn 9 credits total by selecting one 3-credit general elective course from each of the three areas: Cultural, Natural, Social Environment

(continued on next page)
### Welding and Sheet Metal Option
(The certificate services those students and employers that are interested only in WELD Practices.)

** Meets competency requirement in mathematics or communications
†† Earn 9 credits total by selecting one 3-credit general elective course from each of the three areas: Cultural, Natural, Social Environment

A cumulative 2.0 GPA in the Major Course Requirements category must be earned for graduation. In addition, an overall cumulative 2.0 GPA is required for graduation.
How to Apply for Admission to the Nursing Programs

Students are admitted to the nursing program once each year and start their program in the fall semester. The application procedure is as follows:

1. Send a letter to the Director of HawCC Nursing Programs indicating your intent to apply to the Associate of Science (RN) and/or Practical Nursing Program. This letter must be received by March 1.

2. Arrange to take the National League for Nursing Pre-Admission Examination—RN or PN (NLN tests) according to the program of interest. NLN tests are administered once a year, usually in January. Pre-registration for the NLN tests is required. Information regarding NLN testing dates, times, and locations can be found on the nursing website at http://hawaii.hawaii.edu/nursing

3. Students not currently enrolled at HawCC or another University of Hawai‘i system campus must fill out a HawCC Common Application Form indicating their desire to enroll in the College the next fall semester. Students who have not been admitted to HawCC will not be considered for acceptance into the nursing programs.

4. All courses intended to be used to meet proficiency requirements and prerequisite courses must be approved by the College. HawCC and other University of Hawai‘i system students should refer to their STAR Degree check via their MyUH account to determine whether they have met the proficiency and/or prerequisite requirements.

5. Transfer students are those who were previously enrolled at a college or university other than HawCC (including UHH). Non-HawCC students currently attending another UH system institution do not need to submit an official transcript from that UH system school. However, the student must submit to the HawCC Records Office the “Authorization for HawCC to Access My Unofficial Advising Document from UH System Schools” form found at http://www.hawaii.hawaii.edu/studentsvcs/frm_request_for_system_transcript.doc

   Arrange to submit this form prior to the March 1 deadline. For assistance, contact a Nursing counselor in: East Hawai‘i at (808) 974-7741, or West Hawai‘i at (808) 322-4856.

6. Non-HawCC students who have ever attended a college/ university outside of the UH system (even those currently at a UH system school), must arrange to have an official transcript, printed in English, be sent to the Records Office directly from all non-HawCC institutions. For all institutions outside of the UH System, students must keep in their possession a course catalog or course description for all courses. Do not send this information to the Records Office. The materials submitted become the property of HawCC.

7. Students needing assistance with transferring courses from non-HawCC institutions and with completing course waiver/substitutions should contact a Nursing counselor in: East Hawai‘i at 974-7741, or West Hawai‘i at (808) 322-4856. Students are encouraged to complete the transfer credit process much earlier than the March 1 deadline.

Admission Requirements to the Associate in Science Degree Program

1. National League for Nursing Pre-Admission Examination-RN scores

2. Completion of the 27 semester hours of prerequisite courses with a “C” grade or better and a minimum cumulative GPA of 2.0 by the end of the spring semester prior to program entry and evidence of math proficiency by completion of Math 25 or 26 or COMPASS placement into Math 27

3. Applicants are selected for admission to the Associate of Science in Nursing Program using a point system based on grades earned (by March 1) in the required nursing support courses and AD percentile scores on the National League for Nursing Pre-Admission Exam-RN. Additional points are awarded to applicants who are Licensed Practical Nurses

4. Licensed Practical Nurses who have graduated from a state accredited LPN program, have full time equivalent employment as an LPN for at least one year, and have experience in an acute or long term care setting within the past 5 years may be eligible for advanced placement in the Associate of Science nursing program. In order to be considered for advanced placement in the LPN Transition Track, applicants must apply and be accepted into the ADN program and meet all the standard admission requirements. Upon acceptance into the ADN program, qualified LPN’s will be offered the option of taking the NLN Nursing Acceleration Challenge Exam (ACE). LPN’s with a decision score of 70 or above on the ACE Exam will be offered the option of bypassing Nursing 153 (Nursing Concepts & Skills) offered during the first semester of nursing courses. Students in the LPN Transition Track do need to complete all the other associate degree nursing courses. Applicants interested in the LPN Transition Track will need to submit a current nursing license and proof of employment.

5. Applicants for the nursing program need to be aware of the following regarding clinical agency requirements: Health care students are required to complete University
prescribed academic requirements that involve clinical practice in a University affiliated health care facility setting with no substitution allowable. Failure of a student to complete the prescribed clinical practice shall be deemed as not satisfying health care academic program requirements. It is the responsibility of the student to satisfactorily complete affiliated health care facility background checks and drug testing requirements in accordance with procedures and timelines as prescribed by the affiliated health care facility.

Admission Requirements to the Practical Nursing Program

1. National League for Nursing Pre-Admission Examination-PN scores
2. Cumulative college GPA of 2.0 by the end of the spring semester prior to entry, if attended college previously
3. Proficiency in reading, writing and mathematics as evidenced by completion of courses or placement test scores
4. Applicants are selected for admission to the Practical Nursing Program using a point system based on percentile scores on the National League for Nursing Pre-Admission Exam-PN.
5. Applicants for the nursing program need to be aware of the following regarding clinical agency requirements: Health care students are required to complete University prescribed academic requirements that involve clinical practice in a University affiliated health care facility setting with no substitution allowable. Failure of a student to complete the prescribed clinical practice shall be deemed as not satisfying health care academic program requirements. It is the responsibility of the student to satisfactorily complete affiliated health care facility background checks and drug testing requirements in accordance with procedures and timelines as prescribed by the affiliated health care facility.

Nursing, Associate in Science Degree in Nursing (NURS)

This program prepares students to take the state licensure examination (NCLEX) for registered nursing with an option to take the practical nursing state licensure examination if they desire. Graduates are qualified to work in hospitals, long-term care facilities, and community based settings.

The Associate of Science Degree program requires four semesters of course work in nursing (42 credits) and 30 credits of non-nursing prerequisite and co-requisite courses for a total of 72 credits.

A grade of “C” or better is considered passing for all nursing and support courses. A cumulative grade point average of 2.0 or better must be maintained to remain in the nursing program. All courses required for the degree must be taken for a letter grade.

Entry Requirements

Proficiency in reading, writing, and mathematics is recognized as essential for a successful nurse. Entry levels for reading, writing, and mathematics for prerequisite courses are:

+ Bypass on LPN Transition Track
† Corequisite support course that may be taken either prior to admission or during the nursing program.

The Associate in Science Degree program is approved by the Hawai‘i Board of Nursing and accredited by the National League for Nursing Accrediting Commission (NLNAC). The NLNAC
may be contacted at nlnc@nln.org or by writing to 61 Broadway, 33rd Floor, New York, NY 10006; 1-800-669-1656. Transfer agreements exist with the University of Hawai’i at Hilo and University of Hawai’i at Mānoa baccalaureate nursing programs allowing interested and qualified associate degree graduates to pursue a Bachelor of Science in Nursing at UHH or UHM.

**Nursing, Practical (PRCN)**

This program prepares students to take the state examination for licensure as licensed practical nurses. Practical nurses work under the guidance of a physician and/or registered nurse. The certificate consists of 6 semester hours of non-nursing support courses and 34 semester hours of nursing courses; 40 semester hours in all. The program is 40 weeks long and includes 2 semesters and a summer session.

**Entry Requirements**

- Proficiency in reading, writing and mathematics is recognized as essential for a successful nurse.
- Proficiency levels in reading, writing, and mathematics are required to register for some or all of the Program courses:

**Nursing, Adult Residential Care Home Operator (CHO)**

Program Currently Under Review

**Prerequisite:** Nurses’ Aide OBRA Certification

Upon completion of a Nurses’ Aide course and passing the OBRA certification exam for Nurses’ Aides, students may enroll in the Adult Residential Care Home Operator (CHO) courses. As of Spring 2009, the CHO requirements were increased to 4 credits. Upon completing the prescribed CHO course work, students will be eligible for licensure by the State Department of Health as a Care Home Operator.

- Nurs 12 - Common Diseases, Nutrition, Making Medications Available, Effective Communication with Health Care Providers (2)
- Nurs 13 - Helping Therapies & Behavior Management (1)
- Nurs 14 - ARCH Regulations, Accounts, Community Resources (1)

Upon request, students who have completed the HawCC non-credit Nurses’ Aide course can convert it to 8 credits (Nurs 16) towards earning a Certificate of Completion in CHO. As of Fall 2005, due to changes in the number of hours in the Nurses’ Aide course, students will need to take additional credits in order to earn the Certificate of Completion in CHO.

Interested Registered Nurses and Licensed Practical Nurses can enroll in the Nurs 15 course to prepare for licensing as Care Home Operators.

- Nurs 15 - ARCH Regulations and Record Keeping (2)
**Nurses’ Aide**

This course is designed to prepare Nurses’ Aides to work in hospitals, long-term care facilities, clinics, and private homes. Basic nursing procedures are taught through formal classes, supervised laboratory practice and clinical experience in hospitals and/or long-term care settings, and private homes. Students successfully completing this course are eligible to take the OBRA certification exam.

Students enrolling in this course are required to have current CPR/First-Aid certificate, evidence of TB clearance (within 3 months), physician clearance, and a raw score above 50 on the COMPASS reading placement test. Students must be covered by group malpractice insurance while in the clinical area.

This course is not part of the regular Nursing curricula. Contact the Office of Continuing Education and Training at (808) 974-7531 for further information.

**Substance Abuse Counseling (SUBS)**

A 21-credit Certificate of Completion in Substance Abuse Counseling is offered for students interested in a career in substance abuse counseling. Credit and non-credit courses are offered for in-service substance abuse, human service, and criminal justice professionals seeking to develop and/or upgrade their skills in working with individuals and families who suffer as a result of chemical abuse or dependency. Students who successfully complete these courses are eligible to receive additional studies and/or fieldwork hours that can apply towards obtaining a State Substance Abuse Counseling Certificate as required by the State of Hawai‘i Department of Health Alcohol and Drug Abuse Division (ADAD), the National Alcoholism and Drug Abuse Counselor Credentialing Board, and the International Certification and Reciprocity Consortium. Students completing the CC in Substance Abuse Counseling along with an associate’s degree are eligible to receive 2,000 hours toward the ADAD Substance Abuse Certification.

**Program Learning Outcomes**

Upon successful completion, students are prepared to:

- Satisfy the addiction studies educational requirement for ADAD certification.
- Articulate medical, social, and psychological aspects of addiction.
- Apply the Twelve Core Functions of the Alcohol and Drug Abuse Counselor.
- Perform basic individual, group counseling, and interviewing skills.
- Articulate the stages of the treatment process.
- Practice within the legal/ethical parameter of the SUBS counseling profession.
- Initiate interventions congruent with the values of the chemically dependent client.
- Reflect on personal traits, values, and issues that may enhance or interfere with his/her effectiveness as a counselor.
- Develop career plans for entry-level positions in substance abuse treatment, human services, and criminal justice agencies that service substance abusing populations.

**Entry Requirements**

- Proficiency levels in both reading and writing are required to register for some or all of the Program courses:

<table>
<thead>
<tr>

**Second Semester**

| Elective (Choose from below) 3 |

**TOTAL** 21

**Electives - Any one (3 credits) of the following courses:**

- AJ 101, 208, 210, 280, 285
- FamR 230
- HSc 110
- HwSt 201
- Phrm 203
- Psy 100, 170, 275
- Soc 100, 218, 251, 290
- Subs 141, 248, 262, 275, 280

**Tropical Forest Ecosystem and Agroforestry Management (TEAM)**

**Faculty:** O. Steele

Students learn to actively manage Hawai‘i’s native forest ecosystems, grow native plants, establish agroforestry operations, use Global Positioning Systems (GPS), and Geographic Information Systems (GIS). Internships give students on-the-job training with potential employers. For more information (808) 974-7537, or e-mail forteam@hawaii.edu or check the website [http://web.hawcc.hawaii.edu/hawcc/forestteam](http://web.hawcc.hawaii.edu/hawcc/forestteam)

**Program Learning Outcomes**

Upon successful completion, students are prepared to:

- Apply basic eco-system concepts to natural resources.
- Use an understanding of general science concepts to apply experimental designs.
- Use knowledge of applicable laws and regulations to make decisions about managing ecosystems.
- Apply effective interpersonal and communication skills.
- Recognize, collect, and interpret field data.
- Apply effective management practices to commercial or conservation efforts.

### Program Advisory Councils

The vocational-technical programs at HawCC are an integral part of the local community and reflect its day-to-day life. Close cooperation among the faculty, employers, and employees in the community is maintained. One of the most effective formal means of providing for this type of cooperation is the Program Advisory Council. These groups are appointed by the Provost and advise the program of training needs and new developments in the field. Councils include employers, alumni, and others knowledgeable about the field.

### Accounting

Marla DeMarco, CPA, Self-employed  
Yvonne Egdamin, Partner/Owner, E&H Bookkeeping and Consulting, LLC.

Kenneth Fuchigama, Jr., Assistant Controller, KTA Superstores  
Sherri Ann Ha-Ahu, Accounting Manager, HPM Building Supply

### Administration of Justice

Charlene Iboshi, Deputy Prosecutor, Office of the Prosecuting Attorney, Hawai‘i County  
Barbara Lively, Program Graduate  
Michael Riviera, Sergeant, Hawaii Police Department

### Agriculture

Greg Branco, Nursery Supervisor, County of Hawaii  
Linda Burnham-Larish, Entomologist, State of Hawai‘i Department of Health  
Richard Ha, President, Hamakua Springs Country Farm

### Architectural, Engineering and CAD Technologies

Rodney Chinen, Owner/Manager, Hubs Hawaii Inc.  
Anthony Fukuoka, Project Manager, Durrant Media Five  
Alan Inaba, License Land Surveyor, Inaba Engineering Inc.  
James M. McKeague, AIA, James M. McKeague Architect & Associates
Auto Body Repair and Painting
Garrett Fujioka, Owner, Concept Auto Refinishing
Harriet Hamada, Claim Representative, State Farm Insurance
Ben Legaspi, Manager, Hawaii Collision Center
Gary Nakamura, Owner, Ron’s Auto Body & Paint
Randall Yoneda, Paint Department Supervisor, Automotive Supply Center

Automotive Mechanics Technology
Stacy Akao, City Maintenance Manager, Hertz Rent-A-Car
Wesley Ferreira, Senior Sales/Marketing Executive, Automotive Supply Center
Thomas Haraguchi, Retired Service Manager, Big Island Toyota
Kent Inouye, Owner/Manager, Bayside Chevron Service
Mark Nishioka, Service Manager, Orchid Isle Auto Center
Louis Perreira, III, Owner, Louie’s Auto Repair
Jeffrey Quebral, Service Manager, Kona Auto Center
Jason Voloria, Maintenance Manager, Alamo Rent A Car

Business Technology
Gabriella Cabanas, Personnel Program Specialist, Department of Civil Service, County of Hawai‘i
Doris Chang, Secretary to the Chancellor, Hawai‘i Community College
Anne Chung, Business Education Instructor, Career and Technical Education, Hilo High School
Donna Nishiura, Medical Transcriptionist, Pathology Department, Hilo Medical Center
Art Taniguchi, Vice President/Regional Manager, Bank of Hawai‘i
Marsha Yoshiyama, Administrative Assistant, Department of Research and Development, County of Hawai‘i

Carpentry
Larry Bianchi, Vice President, ABC Interiors
Conrad Hokama, Vice President, Alumside Products, Inc.
Kehaunani Masaki, Building Inspector, County of Hawaii Building Department
Robert Meierdiercks, Business Agent, Carpenter’s Union Local 745
Terence Nakamura, Business Agent, Carpenter’s Union Local 745
Glenn Ogawa, Vice President, Stan’s Contracting Inc.

Culinary Arts - Hilo
Pat Dacanay, Retired Culinary Instructor, Hawai‘i Community College
Soontaree Gervais, Owner, Soontaree’s Restaurant, Program Graduate
Richard Ha, CEO/President, Hamakua Springs Country Farms
Jim O’Keefe, Master Baker/Former Owner, O’Keefe & Sons Bread Bakers
Michael Rehmen, Food and Beverage Manager/Executive Chef, Hilo Hawaiian Hotel
Sylvia Respicio, Distributor/Sales Consultant, Suisan Co.

Culinary Arts - West Hawai‘i
Peter N. Abarcar, Jr., Executive Chef, The Club at Hokulia
James Babian, Executive Chef, Four Seasons Resort Hualalai
Muzzy James Fernandez, Jackie Rays Restaurant
Ken Love, Director, Tropical Fruit Growers Association, Owner, Love Family Farms
Rob Love, Pastry Cook, Mauna Kea Resort, Program Graduate
William K. Trask, Executive Chef, Outrigger Keahou Resort
Etsui Umezu, Executive Chef, Hualalai Resort

Diesel Mechanics
Angel Allas, Manager, Fleet Maintenance Department, Castle & Cooke Hawai‘i
Sam Gray, Owner, Precision Fuel Injection, Inc.
Kelvin Kohatsu, Fleet Manager, HELCO Inc.
Eugene Lyman, A & B Fleet
Kimo Padello, Service Manager/Product Support, Hawthorne Pacific Corp.
Dennis Rose, Owner, Power Generation Services

Digital Media Arts
GB Hajim, CEO/Owner, Screaming Wink Productions, LLC
Meidor Hu, Instructor, Digital Media Arts Program, Hawai‘i Community College
Jason Scott Lee, Actor
John Mason, Film Commissioner, Big Island Film Office
Daniel Mori, Daniel Mori Productions
Trina Nahm-Mijo, Professor, Hawai‘i Community College
Jensen Nihei, CEO, Five By Five, LLC
James Rubio, Co-owner/Designer, Techy 3 Studio
Laurent Scallie, President, Atlantis Cyberspace
Mark Watanabe, Teacher, Keaau High School
Susan Yugawa, Graphics Coordinator, Graphics Services, University of Hawai‘i at Hilo
Kuhao Zane, Chief Operating Director/Designer, Sig Zane Designs
Sig Zane, Owner, Sig Zane Designs

Early Childhood Education
Monica Cantyne, Head Start
Michele Costa, Special Education Teacher, Easter Seals
Smith Kaleohano IV, Preschool Teacher, Kamehameha Preschool
Early Childhood Division
Michelle Kitagawa, Hilo Hongwanji Preschool
Christy Sahagon-Zimmer, Preschool Teacher, Kamehameha Preschool
Early Childhood Division
Shana Young, Program Graduate
Electrical Installation and Maintenance Technology
Renee Dela Cruz, Owner, DC Electrical, Lecturer, ATE Division, Hawai‘i Community College
Don Delacruz, Business Representative, IBEW 1186
Wayne Fukunaga, Owner, Fukunaga Electrical
Reid Furutani, Owner, Able Electric, Inc.
Tracy Hayashi, Assistant Training Director, Hawaii Electrical IBEW
John Kimura, President, J.K. Electric, Inc.
Clyde Nagata, Retired Manager, Engineering Dept., HELCO, Inc.
Anthony Smith, Manager, Alpha Electric Supply Co.

Electronics Technology
Stephen Hatada, Owner, Hatada’s TV Inc.
Dave Okamura, Radio Shop Supervisor, Hawaii Electric Light Co., Inc.
Blaine Oyama, Systems Engineer Manager, Oceanic Time Warner Cable
Chris Stewart, Independent RF Consultant
Michael Texeira, Owner, Business Automation, Inc.
Kent Tsutsui, Traffic Electrical Engineer, County of Hawai‘i, Division of Public Works
John Wong, Technician, Verizon Hawaii

Fire Science
Wayne F. Ching, Fire Management Officer, State Division of Forestry and Wildlife
Andrew H. Kikuta, Maintenance Supervisor, Hakalau National Wildlife Refuge, U.S. Fish and Wildlife Service
Denise Laitinen, Firewise Community Coordinator
Quince Mento, Director, Hawai‘i County Civil Defense
Joe Molhoek, Pacific Island Fire Management Officer, National Park Service
Eric Moller, Fire Chief, Pohakuloa Military Training Area, U.S. Army
Miles Nakahara, President, Hawai‘i Wildfire Management Organization
Darryl Oliviera, Fire Chief Hawai‘i Fire Department

Hawai‘i Life Styles
Mehanaokala Hind, Academic Advisor, Kamakauokalani Center for Hawaiian Studies, UH Mānoa
Kainani Kaunaʻanele, Lecturer, Hawaiian Studies, Ka Haka ‘Ula O Keʻelikolani
Sherry Kalua, Keaukaha Community Resource
Ana Kon, Instructor, Kukulukumuhana O Puna
Gail Makuakane-Lundin, Director, Kipuka Native Hawaiian Student Center, University of Hawai‘i at Hilo
William Mahealani Pai, Lawai’a and Heiau Restoration, Kamehameha Investment Corporation NH Cultural Advisor
Lacy Purdy, Program Graduate, Master’s Student
Kalei Nu‘uhiwa, Native Hawaiian Resource

Hospitality and Tourism
Barbara Andersen, Owner, Shipman House
Doug Arnott, Owner, Arnott’s Lodge and Hiking Adventures
Jean Hull, Culinary Arts Consultant
Kendel Kelson, Front Office Manager, Hilo Hawaiian Hotel
Adi Kohler, Former GM, Mauna Kea Resort
James O’Keefe, Master Baker/Former Owner, O’Keefe & Sons Bread Bakers
Carrie Phipps, Public Health Educator, State of Hawaii
Wilhelm Pirngruber, Director of Food and Beverage, Hilton Waikoloa Village
Diane Quitiquit, VP of Marketing, Parker Ranch
Cathy Smoot-Barrett, Owner, Kailua Candy Co.
Daniel Thiebaut, Owner, Daniel Thiebaut Restaurant
Aron Whiting, Uncle Billy’s Hilo Bay Hotel

Human Services
Mary Correa, Complex Area Superintendent, Department of Education, Hawaii District Office
Marlene Fernandez, Program Graduate
Willie Kalei, Community Social Worker, Queen Liliuokalani Children’s Center - Hilo Unit
Eric Kapono, Entrepreneur, Grant Writer, Facilitator, Organizer, Advancement Services
Carla Kurokawa, Employment and Training Manager II, Alu Like - Hawaii Island Center
Kathleen Nielsen, Housing/Community Development Specialist, Office of Housing and Community Development, County of Hawai‘i

Information Technology
James Kiley, Information Systems Manager, Data Systems Department, County of Hawai‘i
Linda Nako, Systems Analyst V, Hawaii Police Department
Polly Roth, Associate Director of Administration, AURA-Gemini Observatory
Lon Taniguchi, Vice-President of Information Technology, KTA Superstores
Shane Vasconcellas, Information Technology Specialist, ‘Imiloa Astronomy Center of Hawai‘i

Machine, Welding & Industrial Mechanics Technologies
Kyle Kinoshita, Mechanical Engineering Manager, Keck Observatory
Ron Koehler, Manager, Mauna Kea Observatories Support Services
Kelvin Kohatsu, Fleet Coordinator, HELCO Inc.
Glenn Kotomori, Manager, BOC Gases/Gaspro, Inc.
Tom Shindo, Owner, Hilo Mechanical Inc.
Leonard Tanaka, Owner, T&T Electric, Inc.
Arnold Tengan, Owner, Hilo Steel Works
Norman Uchida, Production Supervisor, HELCO, Inc.
Marketing
Kelly Kalima, Human Resources Manager, Macy’s Hawaii
Jade Peralta, Manager, Starbucks Hilo
Benjamin Rosette, Jr., Marketing Specialist, CU Hawai‘i
Susan Yugawa, Graphics Coordinator, Graphics Services, University of Hawai‘i at Hilo

Tropical Forest Ecosystem & Agroforestry Management
Dr. Paul Banko, USGS Scientist, Pacific Island Ecosystems Research Center
Dr. J.B. Friday, Extension Forester, Cooperative Extension Svc, UH College of Tropical Agriculture & Human Resources
Katie S. Friday, Associate Pacific Islands Forester, USFS/PIFI
James Glynn, Manager, Hakalau Forest National Wildlife Refuge/USFWS
Lisa Hadway, Natural Areas Specialist DOFAW/DLNR
Dr. Francis G. Howarth, Entomologist, Department of Natural Sciences, Bishop Museum
Wayne Kanemoto, Hawaii County Workforce Development Board
Leila Kealoha, Teacher, Kua O Ka La Charter School
John Kekua, Director, Kekua Foundation
Nicholas Koch, Research Forester, Forest Solutions Inc.
Charles Kunz, Workforce Development Division, Department of Labor and Industrial Relations
Reese Libby, Extension Agent, Natural Resources Conservation Service
Rhonda Loh, Chief Resources Manager, Hawai‘i Volcanoes National Park
Eldridge Naboa, Nature Conservancy Preserve Manager
Dr. Rebecca Ostertag, Professor, Department of Biology, University of Hawai‘i at Hilo
Dr. Yi Qing-Li, Professor, College of Agriculture, Forestry and Resource Management, University of Hawai‘i at Hilo
Mike Robinson, Land Management Division, Department of Hawaiian Home Lands
Dr. William Steiner, Dean, College of Agriculture, Forestry and Resource Management, University of Hawai‘i at Hilo
Deborah Ward, Retired 4-H County Extension Agent, UH College of Tropical Agriculture & Human Resources Extension Service
Ed Winkler, Hawaii Forest Industry Association
Aileen Yeh, Hawaii Agriculture Research Center
Sharon Ziegler-Chong, Director, Pacific Internship Programs for Exploring Science, University of Hawai‘i

Nursing and Allied Health
Jeanne Abe, Director of Nursing, Hale Ho‘ola Hamakua
Allyson Andrews-Nelson, Director of Nursing, Life Care Center of Hilo
Dan Brinkman, Regional Chief Nurse Executive, Hilo Medical Center
Susan Hunt, Executive Director, Hamakua Health Center
Shaina Kaku, Program Graduate
Pat Kalua, Administrator, Kohala Hospital
Carmela Rice, Interim VP Patient Care Services, North Hawai‘i Community Hospital
Ana Silva, Director of Education, Kona Community Hospital
Kelly Silva, Director of Nursing, Hale Anuenue Restorative Care Center

Substance Abuse Counseling
Randy “Kaipo” Like, Certified Substance Abuse Counselor, Ku Aloha Ola Mau
Brandee Menino, Director, Office for Social Ministries
Reinette “Ipo” Morgan, Certified Substance Abuse Counselor, Private Consultant
Valerie Poindexter, Human Resources Director, Hamakua Health Center
Non-Credit Course Listings

Intensive English Program

The Intensive English Program (IEP) at Hawai‘i Community College provides comprehensive support services to non-native English learners. The IEP offers 20 hours a week of academic English language instruction in reading, writing, listening, speaking, and grammar skills. Grading for these courses is mandatory pass/no-pass (P/NP).

Students learn the skills they need to study in an American university. Students who complete the IEP can enter credit classes at Hawai‘i Community College without a TOEFL score.

For more information about the IEP and tuition, contact the Coordinator at (808) 933-0807. Or view information online at http://www.hawaii.hawaii.edu/iep

How to Read the Non-Credit Course Listings

The listing of courses adheres to the following format:

Alpha Number—Course Title (Units)
PreReq: Courses required before enrolling in this course
Description of course. (number of lecture and/or lab hours class meets per week for 8 weeks.)

English For Speakers of Other Languages

ESOL 10A—Writing/Grammar 1 (0)
This is a beginning-level course focusing on the basic structures of academic writing at the sentence and paragraph level. Students will also be introduced to the basics of English grammar using a variety of written and oral exercises and tasks. (6 hrs.)

ESOL 10B—Writing/Grammar 2 (0)
PreReq: ESOL 10A
This is a high beginning-level course focusing on the basic structures of academic writing at the paragraph level. Students also refine the basics of English grammar using a variety of written and oral exercises and tasks. (6 hrs.)

ESOL 10C—Writing/Grammar 3 (0)
PreReq: ESOL 10B
This is a low intermediate-level course focusing on the building of strong foundations in academic writing, from sentence structure to essay writing. Students also practice recognizing and using the grammatical structures needed to function in an academic environment. (6 hrs.)

ESOL 10D—Writing/Grammar 4 (0)
PreReq: ESOL 10C
This is an intermediate-level course designed to introduce and practice the structure of academic writing commonly found in American colleges and universities. Students will also review and practice the grammatical structures they will need to function in an academic environment. (6 hrs.)

ESOL 20A—Reading 1 (0)
This is a beginning-level course designed to help students develop basic reading skills and vocabulary. Students practice basic reading comprehension skills and learn strategies to build vocabulary. (6 hrs.)

ESOL 20B—Reading 2 (0)
PreReq: ESOL 20A
This is a high beginning-level course designed to improve reading comprehension skills and build a basic-level vocabulary. Students are introduced to extensive reading, and reading for pleasure. (6 hrs.)

ESOL 20C—Reading 3 (0)
PreReq: ESOL 20B
This is a low intermediate-level course designed to enhance academic reading skills. Students practice reading for a variety of reasons, such as reading for specific information, general information, and pleasure. This course also focuses on vocabulary-building and the skills needed to make students independent readers. (6 hrs.)

ESOL 20D—Reading 4 (0)
PreReq: ESOL 20C
This is an intermediate-level course in which students build the reading skills they need to access academic and other authentic texts. This course continues to focus on vocabulary-building and the skills needed to make students independent readers. (6 hrs.)

ESOL 30A—Listening/Speaking 1 (0)
This course is designed to develop students’ ability to communicate and conduct daily affairs in an English-speaking environment. It focuses on developing fundamental language skills and developing the ability to speak and understand a variety of subjects with some accuracy and fluency. In addition, students meet with conversation partners once a week outside of class time. (6 hrs.)

ESOL 30B—Listening/Speaking 2 (0)
PreReq: ESOL 30A
This is a high beginning-level course designed to develop the ability to communicate and conduct daily affairs in an English-speaking environment. It focuses on integrating fundamental language skills and expanding the ability to speak and understand a variety of subjects with accuracy and fluency. In addition, students meet with conversation partners once a week outside of class time. (6 hrs.)

ESOL 30C—Listening/Speaking 3 (0)
PreReq: ESOL 30B
This is a low intermediate-level course designed to enhance academic listening skills and ability to function in an academic environment. The class introduces the basics in note-taking and outlining. Students are asked to give formal and informal speeches. In addition, students meet with conversation partners once a week outside of class. (6 hrs.)

ESOL 30D—Listening/Speaking 4 (0)
PreReq: ESOL 30C
This is an intermediate-level course designed to develop complex listening skills necessary to function in an academic environment. Students are exposed to college and community lectures during which they practice taking notes. They summarize information and give verbal reports. There are a number of group projects included. Students are asked to give formal and informal speeches. In addition, students meet with conversation partners once a week outside of class. (6 hrs.)
Cooperative Vocational Education

Course Numbers: 93V, 193V (Variable)
PreReq: Consent of program faculty

Programs participating in Cooperative Vocational Education are identified by the course numbers ending in 93. CVE allows students to earn income and college credit while learning on the job. Training stations are selected according to the student’s career objectives. Seminars and experiences on the job are planned and supervised by the CVE Coordinator, program instructors, and the employer. The maximum number of credits that can be earned is 24. The maximum number of credits applicable to a degree is determined by each program. Grading for CVE courses is mandatory credit/no-credit (CR/NC).

Independent Studies/Directed Studies

Course Numbers: 99, 199, 299 (1-3 variable credits)

Students may earn academic credits through Independent/Directed Studies in any of the areas in which credit courses are offered or to pursue other individual academic interests not included in credit courses.

Forms are available in the A&R, Manono Campus, Bldg 378 or the WHSS Office in Kealakekua, and must be completed prior to registration. Independent/Directed Studies require:
1) sponsorship of the appropriate instructor;
2) a description of the work to be undertaken;
3) approval of the appropriate division chairperson; and
4) permission of the Vice Chancellor for Academic Affairs.

A description of the work to be undertaken must contain: an outline of the study topic, specification of the work to be done, the type and frequency of faculty-student contact, the amount of credit to be given, and a statement of the evaluative criteria to be used by the faculty member.

For Independent/Directed Studies:
1. A student may register for not more than six (6) semester hours of Independent/Directed Studies per semester with not more than six (6) semester hours granted for any single course.
2. Independent/Directed Studies may be used as electives.
3. Independent/Directed Studies may not be used to meet area/program requirements unless prior permission is given by the advisor and the Vice Chancellor for Academic Affairs. (Policy Haw 5.602)

How to Read the Course Listings

The listing of courses adheres to the following format:

Alpha Number—Course Title (Units)
PreReq: Courses/placement test levels required before enrolling in this course
CoReq: Other courses in which student must be concurrently enrolled at the time of enrolling in this course
Recommended: Preparation recommended before enrolling in this course
Description of course. (number of lecture and/or lab hours class meets per week for 15 weeks. In some cases classes may meet for less than 15 weeks. In so, this will be indicated in the Schedule of Classes.)

Accounting

Acc 20—Fundamentals of Accounting I (3)
PreReq: Eng 20R or ESL 9 or Eng 51 or placement in Eng 21
Basic principles of accounting; the accounting cycle; journals, ledgers, worksheets and financial statements. Utilizes forms and procedures predominant in manual bookkeeping and accounting systems. (3 lec hrs.)

Acc 28—Practical Accounting Applications (3)
PreReq: “C” or better in Acc 20
CoReq: OAT 34 or OAT 36 or ICS 101 (or prior completion of any)
A practical accounting course in which students will apply previously acquired accounting skills and knowledge to set up/maintain accounting records using publisher’s manual practice sets and integrated accounting software. Topics include processing journal entries, general ledger, accounts receivable, accounts payable, inventory, payroll, financial statement analysis, conversion to an automated system. (3 lec hrs.)
Acc 124—Principles of Accounting I (3)  
PreReq: “C” or better in Acc 20; and Eng 21 or placement in Eng 102  
CoReq: Bus 55 B,C,D,E (or prior completion of any)  
Accounting theory and methods used to record and report financial information for services and merchandising businesses. Topics include steps in the accounting cycle and use of basic financial statements. This is first in a series of accounting courses (ACC 124, 125, 126) that include subject matter customary to introductory financial accounting courses numbered at the 200-level. (3 lec hrs.)

Acc 125—Principles of Accounting II (3)  
PreReq: “C” or better in Acc 124 or “C” or better in Acc 201  
CoReq: Bus 55 E,F,G (or prior completion of any)  
A continuation of financial accounting methods used to record and report financial information. Topics include a detailed study of balance sheet accounts, preparation of the statement of cash flows, and financial statement analysis. This is second in a series of accounting courses (ACC 124, 125, 126) that include subject matter customary to introductory financial accounting courses numbered at the 200-level. (3 lec hrs.)

Acc 126—Principles of Accounting III (3)  
PreReq: “C” or better in Acc 125 or “C” or better in Acc 201  
Introduction to managerial accounting and methods used to report and analyze financial performance to decision makers internal to the firm. Topics include cost accounting, budgeting, standard cost systems, break-even analysis, and ratio analysis. Third in a series of accounting courses (ACC 124, 125, 126) that includes subject matter customary to introductory managerial accounting courses numbered at the 200-level. (3 lec hrs.)

Acc 130—Hospitality Accounting I (3)  
PreReq: “C” or better in Eng 21 or “C” or better in Eng 22 or “C” or better in ESL 15 or placement in Eng 100 or placement in Eng 102 or “C” or better in Acc 20  
This course provides a basis for understanding hospitality accounting procedures, the processing of hospitality financial data, and the flow of financial information in the accounting cycle that results in the production of financial statements. Students receiving 69% or better on the final examination will be issued a certificate from the Educational Institute of the American Hotel and Motel Association. (3 lec hrs.)

Acc 132—Payroll and HI Gen Excise Taxes (1)  
CoReq: Acc 20 (or prior completion with a “C” or better); and placement in Eng 102 (or “C” or better in Eng 21)  
Introduction to preparation and maintenance of payroll and personnel records and the Hawaii General Excise and Use Tax. Emphasis is on the principles and basic rules and regulations governing the preparation and filing of Federal and Hawaii state payroll and General Excise and Use forms. Course is offered Fall only. (3 lec hrs.)

Acc 134—Income Tax Preparation (3)  
PreReq: “C” or better in Acc 20; and “C” or better in Eng 21 or placement in Eng 102  
Introduction to preparation of federal and state of Hawaii individual income tax returns with an emphasis on tax principles and their application to the proper and effective preparation of tax return forms. Course is offered Spring only. (3 lec hrs.)

Acc 150—Using Computers in Accounting (3)  
PreReq: “C” or better in Acc 20; and “C” or better in Eng 21 or placement in Eng 102  
A practical “hands-on” accounting course designed to apply the student’s knowledge of fundamental accounting principles in a computerized environment. Emphasis will be placed on the application of a computerized general ledger package to the accounting cycle, including processing journal entries, general ledger, accounts receivable, accounts payable, payroll, and financial statement analysis. Students will maintain accounting records on the computer using a commercial or educational accounting software package. (3 lec hrs.)

Acc 155—Spreadsheets in Accounting (3)  
PreReq: “C” or better in Acc 20; and “C” or better in Eng 21 or placement in Eng 102  
A hands-on accounting course designed to help students apply the knowledge of the accounting process to a computerized environment using an electronic spreadsheet. (3 lec hrs.)

Acc 193A—Accounting Practicum I (2)  
PreReq: OAT 21B,C,D and Bus 55B  
CoReq: Acc 124 (or prior completion)  
This is a capstone for students completing coursework in basic business skills. It provides students an opportunity to gain experience in a business environment as they use skills and knowledge from coursework to perform meaningful productive tasks. (1 lec hr., 4 prac hrs.)

Acc 193B—Accounting Practicum II (3)  
PreReq: Acc 193A  
CoReq: Acc 126 and Acc 150 and Acc 155 (or prior completion of any)  
Provides accounting majors with the opportunity to integrate the knowledge and skills they have acquired into the work environment as they complete meaningful productive tasks. Additionally, students will complete a capstone project that requires them to utilize their critical thinking skills in synthesizing previous course work and extend and develop their own original ideas. (1 lec hr., 8 prac hrs.)

Acc 201—Elementary Accounting I (3)  
PreReq: “C” or better in Eng 21 or “C” or better in Eng 22 or “C” or better in ESL 15 or placement in Eng 100 or placement in Eng 102  
An introduction to accounting theory including the functions of financial accounting and the uses and limitations of accounting information. Students will be introduced to various accounting topics relating to how financial accounting information is recorded, classified and summarized. Whenever possible, real world applications will be illustrated to give the student an understanding of how the topics relate to everyday use. (3 lec hrs.)

Acc 202—Elementary Accounting II (3)  
PreReq: “C” or better in Acc 201  
An introduction to accounting theory including the function of financial and managerial accounting and the uses of accounting information in decision making within a business. Financial accounting topics include corporation, equity, transactions, long-term debt and the statement of cash flows. (3 lec hrs.)
Administration of Justice

AJ 101—Introduction to Administration of Justice (3)
Prereq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
This course focuses on history, philosophy, and language of the criminal justice system. The role of law enforcement, prosecutor, public defender, courts, and corrections is examined. Social aspects of change and how it affects the criminal justice system also explored. (3 lec hrs.)

AJ 103—Criminal Investigations I (1)
Prereq: Eng 22 or ESL 15 or placement in Eng 100; and Eng 21 or placement in Eng 102
This is an introductory course in criminal investigations. The nature of investigations, fingerprint classification, the role of the laboratory, and specific offense investigation will be explored. The class will also discuss interview and interrogation and search and seizure techniques. (3 lec hrs.)

AJ 104—CSI: Violent Crime Forensics (3)
Prereq: AJ 103
Advanced course work in forensic science (Legal Scientific Investigation), with its contributions to both Crime Scene Investigations and Laboratory Analysis. Specific field and laboratory investigative techniques in violent crimes and other major felonies will be explored. (3 lec hrs.)

AJ 105—The Correctional Process (3)
This course examines the history of punishment and corrections. The class discusses laws, records, inmate classification, treatment programs, disciplinary procedures, and supervisory techniques. (3 lec hrs.)

AJ 107—Introduction to Private Security (3)
Prereq: AJ 101
This course surveys the concepts and issues in the administration of security. Defines public versus private security roles for retail business, industry, and governmental agencies. Provides an overview of the functions of various security activities. (3 lec hrs.)

AJ 108—Introduction to Homeland Security (1)
Prereq: AJ 101
An examination of the history of terrorism, focusing on the terrorists, who they are, and how they operate. Responses to domestic and international terrorism will be discussed along with analyzing future trends. (3 lec hrs.)

AJ 201—Juvenile Justice (3)
Prereq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
This course focuses on principles and procedures of arrest, detention, petition, summons, records, and adjudication of the juvenile offender. It introduces the organization and function of the police juvenile unit, community diversion practices and organization of the Family Court. (3 lec hrs.)

AJ 202—Criminology (1)
Prereq: AJ 101 and 150
Studies history and philosophy of criminal law. Examines United States Constitution, especially the Bill of Rights. Considers nature of law, legal institutions, criminal court procedures, and offenses against persons and property. Includes case briefs. (3 lec hrs.)

AJ 203—Police Organization and Management (3)
Prereq: Eng 22 or ESL 15 or placement in Eng 100; and Eng 21 or placement in Eng 102
This course studies the principles of organization and administration of policing. Overviews of operations and activities of various divisions, bureaus, training and selection procedures, planning, and research are discussed. (3 lec hrs.)

AJ 205—Practice & Procedures in Corrections (3)
Prereq: AJ 101 and 150
This course will provide students with the basic training skills necessary to enhance their opportunities to secure a job in the high demand field of corrections. The course will focus on such areas as the history and philosophy of corrections, the role of the correctional officer, legal aspects of corrections, communication and writing skills, as well as basic security procedures. (3 lec hrs.)

AJ 206—Domestic Violence and Child Abuse (1)
Cross-listed as HSer 256 and WS 256
Prereq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
This course focuses on domestic violence and child abuse. The cycle of violence, causes, effects and symptoms of child abuse will be explored. Legal, public policy, criminal justice, health and social services responses and interventions to family, child and intimate partner abuse will be examined. (3 lec hrs.)

AJ 208—Current Issues in the Administration of Justice (1)
Prereq: AJ 101; and Eng 100
Examination of recent textual materials, government reports, and problems within the criminal justice system and how it affects change within American society and the world. Includes preparation of a formal research essay. (3 lec hrs.)
AJ 285—Narcotics and Organized Crime (3)
PreReq: Eng 21 or placement in Eng 102
The identification of narcotics and dangerous drugs, their manufacture and distribution, effects on society, applicable Federal and state laws. Vice and organized crime investigations, applicable laws, effects on individuals and society. (3 lec hrs.)

AJ 290B—AJ Practicum I (3-6)
PreReq: AJ 101 and (AJ 210 or AJ 256)
CoReq: AJ 280 (or prior completion)
With the cooperation of public and nonprofit agencies in the community, advanced students are placed in responsible positions where they earn credits for work performed. For AJ majors only. (variable hours)

AJ 290C—AJ Practicum II (3-6)
PreReq: AJ 290B
With the cooperation of public and nonprofit agencies in the community, advanced students are placed in responsible positions where they earn credits for work performed. (variable hours)

AJ 290D—AJ Practicum III (3-6)
PreReq: AJ 290C
With the cooperation of public and nonprofit agencies in the community, advanced students are placed in responsible positions where they earn credits for work performed. (variable hours)

Ag 22—Soil Technology (3)
Deleted.

Ag 30—Farm Management (3)
Deleted.

Ag 31—Farm Equipment, Machinery and Power (3)
Farm equipment and machinery, their selection, management, principles of operation; testing, adjustment and servicing of gasoline engines, engine components. (6 lec/lab hrs.)

Ag 33—Greenhouse Construction (3)
Practice in planning the layout of physical facilities common on the farm; practice in the construction and maintenance of small structures. (6 lec/lab hrs.)

Ag 36—Pesticide Safety (2)
Deleted.

Ag 40—Plant Identification (3)
Identification of imported and native flora, beneficial and detrimental, and their uses. (6 lec/lab hrs.)

Ag 41—Plant Disease and Pest Control (3)
Deleted.

Ag 43—Plant Science/Plant Propagation (4)
Deleted.

Ag 43B—Plant Science: Asexual Plant Propagation (1)
This course deals with increasing plants using asexual methods. The student will be taught to propagate plants using various techniques such as layering, cutting, grafting, budding, division, and separation. In addition, sections on media and growth regulators will be covered. (2 lec/lab hrs.)

Ag 46—Landscape Maintenance (3)
An introduction to landscape maintenance and construction. Skills taught include pruning, fertilizing, planting, pest control, reading of a blueprint, and nursery management. The correct use of specific power tools and equipment used in landscape maintenance and construction will be covered. The identification of plants commonly found in the landscape will also be covered. (2 lec hrs., 3 lab hrs.)

Ag 47—Landscape Horticulture (3)
Deleted.

Ag 50—Mensuration (3)
Deleted.

Ag 51—Tropical Crop Production I (3)
Deleted.

Ag 53—Tropical Crop Production II (3)
Deleted.

Ag 54A—Tropical Agriculture Production I (6)
An introduction to the culture of various horticultural enterprises commonly grown in Hawai‘i during the Fall of each year. The course includes field preparation considerations, propagation, controlling the environment, pest control, fertilization, and marketing. These enterprises include floral, vegetable, fruits, and foliage crops. A “hands-on” approach to crop production will be employed and farm management will be stressed. (12 lec/lab hrs.)

Ag 54B—Tropical Agriculture Production II (6)
An introduction to various horticultural enterprises, commonly cultivated in Hawai‘i during the Spring each year. The course includes field preparation considerations, propagation, controlling the environment, pest control, fertilization, and marketing. The enterprises include floral, vegetable, fruits, and foliage crops. The “hands-on” approach to agriculture production is employed and farm record keeping for farm management is stressed. (12 lec/lab hrs.)

Ag 57—Marketing of Agriculture Products (3)
Deleted.

Ag 59—Farm Practicum (4)
Deleted.

Ag 61—Animal Science and Livestock (4)
Terminology, technology, and specializations of the animal science curriculum; different classifications and breeds of animals; future employment possibilities; basic scientific concepts pertaining to agriculture. (8 lec/lab hrs.)

Ag 62—Animal Disease and Pest Control (3)
The general biology of microorganisms, their classification, characteristics and identification, including animal diseases and parasites with emphasis on prevention, sanitation and control. (6 lec/lab hrs.)

Ag 64—Livestock Production I (3)
Farm management techniques and practices involved in producing and marketing superior quality pork, eggs and fryers. (6 lec/lab hrs.)

Ag 65—Livestock Production II (3)
Farm management techniques and practices involved in producing and marketing superior quality beef and dairy cattle. (6 lec/lab hrs.)
Ag 67—Evaluation of Livestock (3)
Judging and selecting outstanding livestock animals for breeding and marketing and the processes of slaughtering, fabrication, grading, packaging, and storing of animal products. (6 lec/lab hrs.)

Ag 70—Range Management (3)
The growing of forage and legume crops for tropical ruminant animals and the identification and control of noxious plants. (6 lec/lab hrs.)

Ag 82—Turfgrass Management (3)
Turfgrass identification, installation, and maintenance for home, park, and golf areas with special emphasis on warm season grasses. A discussion of irrigation and fertilization practices. (6 lec/lab hrs.)

Ag 92—Selected Topics in Ag (1)
Selected topics in agriculture allows the student, with faculty advising, to explore areas in agriculture or agricultural projects which are not offered at Hawai'i Community College. With prior approval, this course can be used to gain credit for related course offerings. (1 lec hr.)

Ag 122—Soil Technology (3)
CoReq: Ag 200 (or prior completion)
Studies identification, preparation, and fertilization of soils. Discusses soil formation, soil classification, soil reaction, soil and water relationships, soil protection and irrigation practices. Emphasizes sustainable management systems. (2 lec hrs., 3 lab hrs.)

Ag 130—Agroforestry Business Management (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102; and Math 25 or 25X or Math 26 or placement in Math 100
Introduces agroforestry and forestry management practices including decision making, record keeping, cash flow, use of the computer as a management tool, and marketing of agricultural and forestry products. (3 lec hrs.)

Ag 141—Integrated Pest Management (3)
CoReq: Ag 200 (or prior completion)
Introduction to the principles involved in the control of plant diseases and pests including bacteria, fungi, nematodes, insects, and weeds. Various methods of controlling pests, including the correct method of selecting and applying pesticides will be covered. A report on the diseases of a crop is required. (6 lec/lab hrs.)

Ag 157—Marketing of Agriculture Products (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100; and Math 25 or placement into Math 20 or placement into Math 22 or higher
This course deals with the principles and practices of selecting, processing, handling, and selling of agriculture products. Principles of marketing and the marketing of specific crops are covered. The student will be introduced to the use of the Internet to research markets. A report on the marketing of a crop is required. (3 lec hrs.)

Ag 175—Agroforestry (3)
PreReq: “C” or better in Eng 21 or “C” or better in Eng 22 or placement in Eng 100 or placement in Eng 102; and “C” or better in Math 25 or 25X or “C” or better in Math 26 or placement in Math 100
CoReq: Ag 175L
Designed for students in Forest TEAM and related careers. Methods of designing mixed forestry and agricultural systems combining long-term tree crops with understory plants. Topics include choosing the combination of trees and understory plants for growth characteristics, climate zone, substrate, slope and economic goals; planting methods using nitrogen fixing plants and mulch crops to build a healthy soil ecosystem; methods of reducing soil erosion; incorporating native plants and medicinal plants; plant propagation; and use of shade and mulch to reduce weed problems. (3 lec hrs.)

Ag 175L—Agroforestry Laboratory (1)
CoReq: Ag 175
Designed for students in Forest TEAM and related careers. Laboratory to accompany Ag 175, Agroforestry. Field exercises in methods of designing mixed forestry and agricultural systems combining long-term tree crops with understory plants. Topics include choosing the combination of trees and understory plants for growth characteristics, climate zone, substrate, slope and economic goals; planting methods using nitrogen fixing plants and mulch crops to build a healthy soil ecosystem; methods of reducing soil erosion; incorporating native plants and medicinal plants; plant propagation; and use of shade and mulch to reduce weed problems. (3 lab hrs.)

Ag 190V—Internship (1–4)
PreReq: Ag 175 and Geog 170
Designed for students in Forest TEAM and related careers. An internship with a government or private agency or commercial operation in the area of tropical forest ecosystem management or agroforestry or related forest or ecosystem occupations. The internship program is intended to give students the opportunity to apply knowledge and skills learned in the Forest TEAM program to real life forest ecosystem management and agroforestry operations with potential employers. May be repeated for credit, up to 6 credits. (variable hours)

Ag 192—Selected Topics in Forest Ecosystem Management (1)
PreReq: Eng 21 or placement in Eng 102; and Math 25 or 25X or 26 or placement in Math 100
Selected topics allows addition of subjects that meet current needs in Agroforestry and Forest Ecosystem Management. It will be used for elective credit and may be repeated for different subjects. Examples include Forest Fire training, Pesticide training, and Tissue Culture. May be repeated for credit, up to 4 credits. (1 lec hr.)

Ag 200—Principles of Horticulture (4)
PreReq: Eng 22 or ESL 15 or placement in Eng 100; and Math 22 or placement in Math 24 or 24X or higher
Introduces botany and plant physiology. Discusses plant nutrients, moisture, environmental requirements and plant propagation. Studies culture and production techniques for selected ornamental crops. Plant propagation techniques and the cultivation of selected economic crops will be covered using a student garden and greenhouse. (3 lec hrs., 3 lab hrs.)
Ag 230—Agriculture Business Management (3)
CoReq: Ag 200 (or prior completion)
Introduces students to agricultural business management practices. Roles such as managing, decision processes, records, budgeting, financial statements, ratio analysis, cash flow analysis and computer literacy are expected. Web based research and business planning are explored and developed. (6 lec/lab hrs.)

Ag 245—Tropical Silviculture and Forest Plant Propagation (3)
PreReq: “C” or better in Eng 102; and “C” or better in Eng 100; and “C” or better in Math 120; and “C” or better in AG 175
CoReq: AG 245L
Designed for students in Forest TEAM and related careers. Ecology, restoration and management of native and non-native forest ecosystems. Classification, identification, structure, growth and development of trees and understory plants in forest ecosystems. Selection, propagation and cultivation of seeds and propagules. (3 lec hrs.)

Ag 245L—Tropical Silviculture and Forest Plant Propagation Lab (1)
CoReq: AG 245
Designed for students in Forest TEAM and related careers. Laboratory in ecology, restoration and management of native and non-native forest ecosystems. Field methods of classification, identification, structure, growth and development of trees and understory plants in forest ecosystems. Field and greenhouse selection, propagation and cultivation of seeds and propagules. (3 lab hrs.)

Ag 250—Sustainable Crop Production (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100
An introduction to production methods for selected crops; compares conventional and alternative methods of production, and analysis the effects of these practices. Examines economic and social impacts. (3 lec hrs.)

Ag 250L—Sustainable Crop Production Lab (1)
CoReq: Ag 250 (or prior completion)
A laboratory course which gives the student practical experience in the application and/or the demonstration of agricultural practices which have a minimal negative impact on the farm and the community. (3 lab hrs.)

Ag 260—Tropical Landscape Horticulture (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100; and Math 22 or placement in Math 24 or 24X
Introduces the student to the elements of landscape design, planning, and plan implementation. The areas covered include design principles, functional aesthetics, reading and development of landscape plants, and cost estimates. (6 lec/lab hrs.)

Ag 275—Forest Pest Management (3)
PreReq: “C” or better in Eng 102; and “C” or better in Eng 100; and “C” or better in Math 25 or 25X or “C” or better in Math 26 or placement in Math 100
CoReq: AG 275L
Designed for students in Forest TEAM and related careers. Identification of pests and other threats to forestry operations and native forests. Survey of major diseases, invertebrate pests, vertebrate pests, and invasive plants that threaten tropical forests with and emphasis on Hawai’i. Use of pest management techniques assist in pest control. (3 lec hrs.)

Ag 275L—Forest Pest Management Lab (1)
CoReq: AG 275
Designed for students in Forest TEAM and related careers. Lab to identify pests and other threats to agroforestry operations and native forests, including methods of control. Survey of major diseases, invertebrate pests, vertebrate pests, and invasive plants that threaten forests in Hawai’i, and use of pest management techniques assist in pest control. (3 lab hrs.)

Ag 291—Forest Restoration Ecology and Ecosystem Management Practicum (3)
PreReq: Geog 170 and Geog 180 and Ag 175
Designed for students in Forest TEAM and related careers. This is the capstone course of the Forest TEAM program. It is a practicum which will give students field experience in methods of assessing the condition of and threats to native and planted forests and developing plans for their management. Students will assess threats to forests, such as alien species, and devise ways of controlling them. They will apply forest restoration methods involving propagation of forest trees and herbs. (6 lec/lab hrs.)

Anthropology

Anth 121—Introduction to Language (3)
Cross-listed as Ling 121
PreReq: “C” or better in Eng 22 or “C” or better in ESL 15 or placement in Eng 100
An introduction to the study of language from an anthropological perspective. Broad topics include ethnolinguistics (language and culture), sociolinguistics (language and society), psycholinguistics (language and cognition), and core subfields in linguistics: phonology (sound system), morphology (word structure), and syntax (sentence structure). More emphasis will be given to anthropological methods and cultural concepts in Anth 121 than in Ling 121, where linguistic approaches are emphasized. (3 lec hrs.)

Anth 150—Human Adaptations (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
A survey course of physical anthropology. Major topics include primates, human evolution, human adaptations to the present and future world, and global variations in human cultural adaptations. (3 lec hrs.)
Anth 200—Cultural Anthropology (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Humans as cultural and social beings. The major concepts and conclusions of cultural anthropology: Biological, social, and linguistic foundations of culture. Research methods. (3 lec hrs.)

Anth 235—Intermediate Linguistic Analysis: Regional Survey of Austronesian Languages (3)
Cross-listed as Ling 235
PreReq: (“C” or better in Anth 121 or “C” or better in Ling 102 or “C” or better in Ling 121) and (“C” or better in Eng 100 and “C” or better in Eng 102)
Building on skills acquired in Linguistics 102 or Ling/Anth 121, this course emphasizes intermediate phonological, morphological, syntactic, and historical-comparative analyses of language; it typologically surveys the Austronesian (AN) language family (including several Polynesian languages), focusing on its geographical distribution, major languages, the branching of its family tree, and its linguistic/cultural diversity. Data from non-AN Southeast Asian and Indo-European languages will be included to introduce key concepts and provide contrast. (3 lec hrs.)

Architectural, Engineering and CAD Technologies

AEC 80—Basic Drafting (3)
Recommended: High School mechanical drawing
Designed for students interested in technical drawing. This course is an introduction to the very basic manual drafting practices, procedures, equipment use, lettering, and architectural symbols. Orthographic projection, pictorial drawings, sectional views, dimensioning, screw threads, and weld symbols will also be covered. (6 lec/lab hrs.)

AEC 110B—Basic AutoCAD (3)
PreReq: Placement in Eng 20R or placement in ESL 9
CoReq: AEC 80, and AEC 115, and AEC 118 (or prior completion of any)
Recommended: mechanical drawing and computer keyboarding experience
Designed for students interested in CAD drawing. This course is designed for the student with no computer aided (CAD) experience. Introduction to AutoCAD’s basic drawing commands will be the focus including features, functions, and operations such as lines, arcs, circles, symbols, text, dimensions, and editing/modifying objects will be explored. (6 lec/lab hrs.)

AEC 110C—Basic AutoCAD II (1)
PreReq: AEC 110B, and Eng 51 or Eng 21 or Eng 22 or ESL 15
CoReq: AEC 120, and AEC 123, and AEC 127 (or prior completion of any)
Designed for students interested in CAD drawing. Advanced application to design and draw construction plans utilizing AutoCAD LT. Students will set up drawing sheets for plotting using paper space and model space and applications including how to extract information about a drawing. Manipulation of 3-D drawing commands will also be introduced if program is available. (2 lec/lab hrs.)

AEC 115—Introduction to Architecture (2)
PreReq: Placement in Eng 20R or in ESL 9
Recommended: Placement in Eng 22, keyboarding skills, access to a computer with Internet
Designed for students interested in the architectural field. Overview of the architectural profession includes professional ethics, industry organizational structure, licensing and its educational requirements, typical framework of architectural firms, compensation, model codes, awarding of contracts and legal requirements for construction projects, project administration, professional organizations, and career opportunities in related fields. Covers the work of significant architects and the importance of the creative thinking process and its application to basic design theory. Exercises emphasize the development of basic skills used in the design of simplified architectural projects. (4 lec/lab hrs.)

AEC 117—Introduction to Surveying (1)
PreReq: Placement in Eng 20R or in ESL 9; and Math 50 or higher
CoReq: AEC 110B (or prior completion)
Recommended: Placement in Eng 22, keyboarding skills, access to a computer with Internet
An introductory course of the concepts of plane surveying including the use, adjustment, and maintenance of the engineering field equipment. Emphasis will be on accuracy in performing fieldwork, free-hand lettering, and the use of the engineering scales for conventions, site and plot plans. Civil Engineering drawings using AutoCAD will be explored. (2 lec/lab hrs.)

AEC 118—Construction Materials (3)
PreReq: Eng 51 or Eng 21 or Eng 22 or ESL 15
CoReq: AEC 110B (or prior completion)
Recommended: Access to a computer with Internet
A broad survey of materials and products used in the building industry including concrete, masonry, wood, metals, electrical and mechanical systems and other topics based on the Construction Specification Institute (CSI) format. Emphasis on construction and materials in Hawai‘i including their nature, characteristic, variety and uses. (6 lec/lab hrs.)

AEC 120—Introduction to Construction Drawings (1)
PreReq: AEC 118
CoReq: AEC 110C (or prior completion)
A core course in basic building construction and common construction drawings. Foundation, framing, finishes, roofs, architectural dimensions, materials symbols, drawings conventions, and more will be covered. An AutoCAD course that applies procedures from AED 110B, AEC 110C, and AEC 118. (6 lec/lab hrs.)

AEC 123—Residential Planning and Design (3)
PreReq: Math 66
CoReq: AEC 120 (or prior completion)
Architectural design concepts, application of AutoCAD, study models, sketching, and group critiqued presentations of design will be introduced. Application of AEC 110B, 118, and 120 are incorporated. A structural model of a three-bedroom residence will be constructed. (6 lec/lab hrs.)

AEC 127—Civil Engineering Drawing (3)
PreReq: AEC 117; and Math 66; and Eng 51 or Eng 21 or Eng 22 or ESL 15
CoReq: AEC 110C (or prior completion)
Introduction to civil engineering drawing including maps, surveys, contours and profiles, site plans, site utilities, and land excavation. Also included are AutoCAD drawings to alter site contours, retain site areas, and flanking cut-and-fill gradients for roadways. (6 lec/lab hrs.)
AEC 130—Residential Working Drawings (3)
PreReq: AEC 120
CoReq: AEC 131 and AEC 138 (or prior completion of either)
Advanced study and application of materials and methods of construction specifically related to two-story dwellings. Projects utilize light wood, steel, and/or masonry construction principles and practices. Course includes basic residential planning, drafting expression, structural details, and complete working drawings of a two-story dwelling. All drawing is done using AutoCAD. (1 lec hr., 6 lab hrs.)

AEC 131—Construction Codes (2)
CoReq: AEC 130 (or prior completion)
This course explores the ramifications of codes on building projects. Construction codes are used to produce project drawings that meet zoning, building, and accessibility requirements. (2 lec hrs.)

AEC 133—Basic Arch Studio A (4)
PreReq: AEC 123 and AEC 135
CoReq: AEC 134 (or prior completion)
Perception, design, and communication is explored through human perception, multi-sensory reception, interpretation of sensory input by the brain, and emotional and cultural factors. Elements and principles of basic two- and three-dimensional design concepts. Formal spatial exercises that explore elements, surfaces, measure, and order in both graphic and architectural contexts. Analytical exercises which examine both existing and self-created orders and studio activities involving thinking, reading, writing, drafting, model making, and especially drawing (freehand, with instruments and computer). (8 lec/lab hrs.)

AEC 134—CAD Options I (1)
PreReq: AEC 118
CoReq: AEC 131 and AEC 133 (or prior completion of either)
An introduction to AutoDesk 3D Studio VIZ (if available), a high-end 3D modeling and rendering program primarily aimed at building design. Topics include the user interface, basic modeling concepts, object creation, material rendering, and lighting. The student will construct several 3D computer models. (If the software AutoDesk 3D Studio VIZ is not available, a generic 3D rendering program, possibly “Sketch Up” will be substituted.) (2 lec/lab hrs.)

AEC 135—Introduction to the Built Environment (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100; and Eng 21 or placement in Eng 102
Philosophical development of society’s physical fabric as revealed by the range of representative physical designs. (3 lec hrs.)

AEC 137—Surveying II (1)
PreReq: AEC 127
CoReq: AEC 134 and AEC 138 (or prior completion of either)
This course expands on AEC 117 and AEC 127. Emphasis will focus on measuring horizontal distances, on steep slopes, alignment between points, and mistakes and errors in measuring distances. Also included will be the horizontal circle, digital verniers used in measuring angles, instrument setup, measuring vertical angles, setting points on line and intersection of lines. (2 lec/lab hrs.)

AEC 138—Structural Drawing (1)
CoReq: AEC 131 (or prior completion)
Introduction to structural drawing for building construction and includes load analysis, concrete and steel plan and detail drawings, and wood frame design. Drawings to be done with AutoCAD. Emphasis on floor and roof framing, lintels and beams, and posts and columns. Goals is to develop in students a sense and basic understanding of structures in building construction. (2 lec/lab hrs.)

AEC 140—Commercial Working Drawings (3)
PreReq: AEC 130
CoReq: AEC 141B (or prior completion)
A core course that includes the theory and practice involved in producing and organizing working drawings using CAD for multi-family and/or commercial projects. Students are exposed to design, layout, and construction methods used in steel, concrete, masonry and wood systems. Independent research emphasized. (6 lec/lab hrs.)

AEC 141B—Building Services (1)
CoReq: AEC 140 (or prior completion)
Preliminary and detail planning of service and mechanical equipment and facilities in multi-family and/or commercial buildings. Topics include energy, thermal control, plumbing and electrical systems, and vertical transportation equipment. (2 lec/lab hrs.)

AEC 142—Basic Arch Studio B (4)
PreReq: AEC 134
CoReq: AEC 141B and AEC 147 (or prior completion of either)
Materials, Design & Communication. Hands-on exploration of various materials and construction techniques and as introduction to various design processes as systematic approaches to solving architectural/environmental design problems. Analysis of architecture as the creation of spaces generated by human needs and aspirations and developing concepts to explore and achieve innovative solutions responding to these needs. Studio activities involving thinking, reading, writing, model making and a variety of communication techniques with emphasis on the delineation of 3-D spaces using perspective drawing techniques, light notation, and computer modeling. (8 lec/lab hrs.)

AEC 144—CAD Options II (1)
PreReq: AEC 137
CoReq: AEC 141B and AEC 147 (or prior completion of either)
This course will introduce the student to ArcView’s software for Geographic Information System (GIS), a data gathering program, and Global Positioning Systems (GPS) for data gathering of points, lines, features, and areas. (2 lec/lab hrs.)

AEC 147—Surveying III (2)
CoReq: AEC 144 (or prior completion)
This course will use the information gathered in the surveys conducted in AEC 137. Emphasis will focus on topographic contour drawings including uses of contours, contour intervals, determining elevations/grades, contours for cut and fill, excavations for buildings, volumes of cut and fill, and profile sections. (4 lec/lab hrs.)

Art

Art 101—Introduction to the Visual Arts (3)
Introduction to the Visual Arts, the nature of the visual arts and their expression in various forms. (3 lec hrs.)

Art 105B—Introduction to Ceramics - Hand Building (1)
An introduction to three dimensional concepts in clay through hand building techniques. (2 lec hrs., 4 lab hrs.)

Art 105C—Introduction to Ceramics - Wheel-Throwing (3)
PreReq: Art 105B
Three dimensional concepts in clay through wheel throwing techniques. (2 lec hrs., 4 lab hrs.)

Art 107—Intro to Photography (3)
Recommended: Art 101
Introductory course in the elements, principles, and techniques of black and white photography. No prior knowledge of photography is required. (2 lec hrs., 4 lab hrs.)

<tbody>
<tr>
<td>Art 107D</td>
<td>Intro to Digital Photography</td>
<td>3</td>
<td>Requires Knowledge of the use of computers. An introduction to digital photography. Students will learn basic camera techniques and how to convert their images to digital ones. Will provide the student with basic aesthetic principles as well as an extensive range of practical photographic techniques needed for entry into the photographic workplace and/or for artistic expression. It provides experience in traditional and contemporary photographic techniques for Art and Multimedia Design. (6 lec/lab hrs.)</td>
</tr>
<tr>
<td>Art 108</td>
<td>Elementary Studio: Drawing and Painting</td>
<td>3</td>
<td>Requires basic knowledge of computers. An introduction to digital technology and its applications to the photographic workplace and/or for artistic expression. Students will learn basic camera techniques and how to convert their images to digital ones. Will provide the student with basic aesthetic principles as well as an extensive range of practical photographic techniques needed for entry into the photographic workplace and/or for artistic expression. It provides experience in traditional and contemporary photographic techniques for Art and Multimedia Design. (6 lec/lab hrs.)</td>
</tr>
<tr>
<td>Art 111</td>
<td>Introduction to Watercolor Painting</td>
<td>3</td>
<td>Requires basic knowledge of computers. An introduction to watercolor materials and techniques, including an introduction to Oriental brush painting. (2 lec hrs., 4 lab hrs.)</td>
</tr>
<tr>
<td>Art 112</td>
<td>Introduction to Digital Arts</td>
<td>3</td>
<td>Requires basic knowledge of computers. An introduction to digital technology and its applications to the production of visual art. Emphasis will also be placed on developing an aesthetic criterion for evaluation. (6 lec/lab hrs.)</td>
</tr>
<tr>
<td>Art 113</td>
<td>Foundation Studio: Drawing</td>
<td>3</td>
<td>Requires basic knowledge of computers. Two-dimensional visualization and rendering of forms, spaces and ideas through a variety of approaches and media. (2 lec hrs., 4 lab hrs.)</td>
</tr>
<tr>
<td>Art 114</td>
<td>Foundation Studio: Color</td>
<td>3</td>
<td>Requires basic knowledge of computers. Aspects and theories of color and their practical applications. (2 lec hrs., 4 lab hrs.)</td>
</tr>
<tr>
<td>Art 115</td>
<td>Foundation Studio: 2-D Design</td>
<td>3</td>
<td>Requires basic knowledge of computers. Basic two-dimensional designs, concepts, elements and principles of organization. (2 lec hrs., 4 lab hrs.)</td>
</tr>
<tr>
<td>Art 116</td>
<td>Introduction to Painting</td>
<td>3</td>
<td>Requires basic knowledge of computers. Theory and practice of painting: basic material and technical procedure will be addressed. Oil or acrylic. (2 lec hrs., 4 lab hrs.)</td>
</tr>
<tr>
<td>Art 117</td>
<td>Introduction to Graphic Design</td>
<td>3</td>
<td>Requires basic knowledge of computers. Introduces various ways of organizing visual elements in page design and examines the conceptual meaning of text and image in combination. Structural systems such as grids; modules; and the design principles of emphasis, balance, rhythm, scale and unity are used to organize visual information. Photographs, illustrations and text are integrated using page layout software. (6 lec/lab hrs.)</td>
</tr>
<tr>
<td>Art 118</td>
<td>3D Computer Graphics I</td>
<td>3</td>
<td>Requires basic knowledge of computers. Provides introductory studio experience in 3D computer graphic concepts with MAYA. Emphasis will also be placed on developing an aesthetic criterion for evaluation. (6 lec/lab hrs.)</td>
</tr>
<tr>
<td>Art 119</td>
<td>Intermediate to Graphic Design</td>
<td>3</td>
<td>Requires basic knowledge of computers. Provides introductory studio experience in 3D computer graphic concepts with MAYA. Emphasis will also be placed on developing an aesthetic criterion for evaluation. (6 lec/lab hrs.)</td>
</tr>
<tr>
<td>Art 120</td>
<td>Digital Imaging</td>
<td>3</td>
<td>Requires basic knowledge of computers. A studio course in digital imaging concepts and techniques including image capture, manipulation, and output. Emphasis will also be placed on developing an aesthetic criterion for evaluation. (6 lec/lab hrs.)</td>
</tr>
<tr>
<td>Art 121</td>
<td>Intermediate Photography</td>
<td>3</td>
<td>Requires basic knowledge of computers. Focuses on black and white photography emphasizing communication and self expression. Lectures, demonstrations, and projects. Students must supply camera and materials. (2 lec hrs., 4 lab hrs.)</td>
</tr>
<tr>
<td>Art 122</td>
<td>Image in Motion Studio</td>
<td>3</td>
<td>Requires basic knowledge of computers. A studio course in digital video production that provides students with the basic theory, practice, and techniques for digital video with sequential digitized imagery and synchronized sound. (6 lec/lab hrs.)</td>
</tr>
<tr>
<td>Art 123</td>
<td>Introduction to Life Drawing</td>
<td>3</td>
<td>Requires basic knowledge of computers. An introductory life drawing course. Anatomical construction, light, space, diagrammatic analysis and thematic content will be studied through the drawing process. May be repeated for credit, up to 6 credits. (6 lec/lab hrs.)</td>
</tr>
<tr>
<td>Art 124</td>
<td>Screen Printing</td>
<td>3</td>
<td>Requires basic knowledge of computers. Basic screen printing techniques from open screen to photographic methods will be addressed. (6 lec/lab hrs.)</td>
</tr>
<tr>
<td>Art 125</td>
<td>Advanced Painting</td>
<td>3</td>
<td>Requires basic knowledge of computers. Survey of late 19th and 20th century studio practice with emphasis on abstraction and non-representational painting. May be repeated for credit, up to 6 credits. (2 lec hrs., 4 lab hrs.)</td>
</tr>
<tr>
<td>Art 126</td>
<td>Graphic Design II</td>
<td>3</td>
<td>Requires basic knowledge of computers. An intermediate graphic design class which focuses on the refinement of design skills as tools for effective visual communication. It aims to further develop the awareness and investigation of the forms, techniques, and concepts of graphic design. May be repeated for credit, up to 6 credits. (6 lec/lab hrs.)</td>
</tr>
</tbody>
</table>
Art 226—3D Computer Graphics II (3)  
PreReq: Art 126  
CoReq: Art 212 (or prior completion with a "C" or better) and Art 202 (or prior completion with a "C" or better)  
Provides intermediate studio experience in 3D computer graphics concepts with Autodesk MAYA. Builds upon knowledge learned in Art 126 (3D Computer Graphics I) and applies that knowledge to learn more advanced 3D animation techniques. Emphasis placed on developing an aesthetic criterion for evaluation. (6 lec/lab hrs.)

Art 227—Oriental Brush Painting (3)  
Basic techniques and concept involved in traditional Chinese painting. (6 lec/lab hrs.)

Art 230—Textile Design (3)  
Design problems for production of printed fabric utilizing silkscreen techniques. (2 lec hrs., 4 lab hrs.)

Art 238—Interface Design (3)  
PreReq: Art 125  
Explores the design and programming of audience specific interfaces. Students learn basic programming and screen design skills in combination with basic Web page production technique. May be repeated for credit, up to 6 credits. (6 lec/lab hrs.)

Art 239—Weaving II (3)  
PreReq: Art 238  
A continuation of fiber techniques and weaving concepts with emphasis on the application of design principles and problem solving. (2 lec hrs., 4 lab hrs.)

Art 243—Intermediate Ceramics - Hand Building (3)  
PreReq: Art 105B  
The development of sculptural and vessel concepts using hand building techniques. May be repeated for credit, up to 6 credits. (2 lec hrs., 4 lab hrs.)

Art 244—Intermediate Ceramics - Wheel Throwing (1)  
PreReq: Art 105C  
The development of vessel and sculptural concepts using wheel throwing techniques. May be repeated for credit, up to 6 credits. (2 lec hrs., 4 lab hrs.)

Art 246—3D Computer Graphics III (3)  
PreReq: Art 226 and "C" or better in Art 212  
Provides advanced studio experience in 3D computer graphics concepts with Autodesk MAYA. Builds upon the knowledge learned in ART 226, 3D Computer Graphics II and applies that knowledge to learn more advanced 3D animation techniques. Emphasis will also be placed on developing an aesthetic criteria for evaluation. (6 lec/lab hrs.)

Art 248—Digital Post-Production (1)  
PreReq: "C" or better in Art 209  
A course on the theory and art of video and audio sound design and editing for various output formats. Emphasis will also be placed on developing aesthetic criteria for evaluation purposes. (6 lec/lab hrs.)

Art 259—Narrative Game Design (3)  
PreReq: "C" or better in Art 226  
Introduction to the process of designing interactive narrative computer games. Emphasis will be placed on developing an aesthetic criterion for evaluation purposes. (6 lec/lab hrs.)

Art 260C—Study Abroad - Japan (3)  
PreReq: Consent of instructor  
This is an on-site study of art/architecture of a designated location(s). This course will visit several animation studios in Japan, including Studio Ghibli - the studio that created "Spirited Away." There will be lectures and discussions which will be used as a tool to analyze, understand, and appreciate the development of this region's unique art. (45 total hrs.)

Art 293—Internship (3)  
PreReq: "C" or better in Art 202 and "C" or better in Art 209  
Recommended: A portfolio of previous student work acceptable by the instructor.  
Provides supervised work experience in multimedia production. This course enables students to apply the knowledge and skills acquired in the classroom to the work environment. (6 lec/lab hrs.)

Art 294—Practicum in Digital Arts (3)  
PreReq: Art 202 and Art 209  
This practicum provides a supervised work experience environment where advanced students in the DMA program can engage in real production activity. Course enables students to apply the knowledge and skills acquired in the classroom to the work environment. (6 lec/lab hrs.)
Auto Body Repair and Painting

ABRP 20—Introduction to Auto Body Repair & Painting (1)
CoReq: ABRP 21, 22, 23, 24, and 25, or consent of instructor
This course prepares student for participation in the Auto Body Repair and Painting program. Students will gain an understanding of college policies, program requirements, career opportunities, shop safety practices, personal safety protection, and health and environmental concerns related to the field. (2 lec/lab hrs.)

ABRP 21—Oxyacetylene Welding & Cutting (2)
CoReq: ABRP 20, 22, 23, 24, and 25, or consent of instructor
This course instructs the student in the safe and proper operation of oxyacetylene torch set on metals utilized in automotive construction. Students will be exposed to hands-on welding techniques and heat control to reduce warpage on thin gauge sheet metal as well as the oxyacetylene cutting torch and plasma arc cutting. (4 lec/lab hrs.)

ABRP 22—Gas Metal Arc Welding Techniques (3)
CoReq: ABRP 20, 21, 22, 24, and 25, or consent of instructor
This course is designed to instruct the student in the proper operation of the wire feed welder in the automotive repair industry. It emphasizes the importance of this type of welding process in repairing the thin gauge high strength steels found in current production automobiles. Students will learn and practice MIG welding techniques and demonstrate their skills in welding automotive metals. (6 lec/lab hrs.)

ABRP 23—Advanced Welding Techniques (1)
CoReq: ABRP 20, 21, 22, 24, and 25, or consent of instructor
In this course the student is introduced to the theory of specialized welding processes and advanced welding techniques employed in the automotive repair industry when repairing exotic metals. (2 lec/lab hrs.)

ABRP 24—Rust Repair and Corrosion Protection (2)
CoReq: ABRP 20, 21, 22, 23, and 25, or consent of instructor
Students in this course will learn the causes and effects of corrosion on automobile bodies and methods of corrosion protection. They will have the opportunity to learn to layout and fabricate repair panels from thin gauge sheet metal and repair rust out damage. (4 lec/lab hrs.)

ABRP 25—Metal Straightening Techniques (1)
CoReq: ABRP 20, 21, 22, 23, and 24, or consent of instructor
Students taking this course will learn how collision and corrective forces affect automotive sheet metal. They will gain experience using the basic auto body hand and power tools to practice metal straightening techniques. Students will also be instructed in the selection, application and finish of body filler materials. (6 lec/lab hrs.)

ABRP 30—Preparation & Refinish Safety (1)
CoReq: ABRP 31, 32, 33, 34, and 35, or consent of instructor
This course instructs the student in proper safety procedures and practices for automotive refinishing, to include OSHA guidelines, Right-to-Know Act, EPA laws and regulations, etc. Students will learn pre-refinishing operations prior to application of topcoat systems, and introduced to products and equipment used in color finessing and final detail of the vehicle for delivery. (6 lec/lab hrs.)

ABRP 31—Refinish Equipment & Preparation (1)
CoReq: ABRP 30, 32, 33, 34, and 35, or consent of instructor
This course covers corrosion principles and manufacturers’ corrosion protection with emphasis on repair methods and materials. Students will be introduced to safety procedures, proper operation, and maintenance of tools and equipment used in automotive refinishing. (2 lec/lab hrs.)

ABRP 32—Refinish Application & Color Matching (2)
CoReq: ABRP 30, 31, 33, 34, and 35, or consent of instructor
This course will introduce final preparation and application of various types of automotive refinishing topcoats with emphasis on topcoat color analysis, tinting, and mixing. (4 lec/lab hrs.)

ABRP 33—Paint Problems (2)
CoReq: ABRP 30, 31, 32, 34, and 35, or consent of instructor
This course will introduce the student to various common paint problems and paint film defects caused by curing, mixture, and spraying techniques, with emphasis on paint problem solutions and prevention. (4 lec/lab hrs.)

ABRP 34—Color Blending (3)
CoReq: ABRP 30, 31, 32, 33, and 35, or consent of instructor
This course will introduce the student to color blending preparation techniques, application techniques of color, and clearcoat topcoats. (6 lec/lab hrs.)

ABRP 35—Plastic Repair & Refinishing (1)
CoReq: ABRP 30, 31, 32, 33, and 34, or consent of instructor
This course will introduce students to plastic identification, repairability decisions, adhesive and welding repair, and refinishing. (2 lec/lab hrs.)

ABRP 40—Collision Damage Appraisal (2)
CoReq: ABRP 41, 42, 43, 44, and 45, or consent of instructor
Students learn to identify damages created by collision forces, and how they influence repair procedures on different types of body construction. Utilizing collision estimating guides, students will create a manual estimate and develop a repair procedure plan. (4 lec/lab hrs.)

ABRP 41—Panel Replacement & Alignment (3)
CoReq: ABRP 40, 42, 43, 44, 45, or consent of instructor
Students learn proper procedures when replacing panels and alignment techniques to ensure correct fit and operation. Interior and exterior panels with their attached components and trim are covered. (6 lec/lab hrs.)

ABRP 42—Door and Quarter Panel Replacement (3)
CoReq: ABRP 40, 41, 43, 44, 45, or consent of instructor
This course will instruct students in the fundamental procedures in servicing door and quarter panel assemblies. Major focus on door intrusion beam, outer door panel and quarter panel replacement techniques. (6 lec/lab hrs.)

ABRP 43—Movable Glass Service (2)
CoReq: ABRP 40, 41, 42, 44, and 45, or consent of instructor
This course covers repairs, replacement, and adjustment of movable glass, regulator systems, and track components. Students will also learn to diagnose and repair air and water leaks. (4 lec/lab hrs.)

ABRP 44—Windshield & Stationary Glass Repairs (1)
CoReq: ABRP 40, 41, 42, 43, and 45, or consent of instructor
Students learn the importance of fixed glass as a structural component in unibody vehicles. Proper procedures for removing and replacing laminated windshield and tempered safety glass are covered. Windshield glass chip and crack repairs are explained. (2 lec/lab hrs.)

ABRP 45—Servicing Electrical Components (1)
CoReq: ABRP 40, 41, 42, 43, and 44, or consent of instructor
Students learn basic electrical system operation and use of testers to check functions and troubleshoot problems. (2 lec/lab hrs.)
ABRP 50—Structural Damage Analysis (3)
CoReq: ABRP 51, 52, 53, and 54, or consent of instructor
Course covers proper procedures for diagnosing structural collision damage and use of various types of measuring systems to identify extent of damage. (6 lec/lab hrs.)

ABRP 51—Straightening Structural Components (3)
CoReq: ABRP 50, 52, 53, and 54, or consent of instructor
Course covers proper procedures for diagnosing modern vehicle construction, crucial procedural steps in restoring the vehicles structural body alignment, panel alignment, and vehicle safety performance to OEM standards. (6 lec/lab hrs.)

ABRP 52—Structural Replacement (3)
CoReq: ABRP 50, 51, 53, and 54, or consent of instructor
Course covers proper procedures for replacing structural panels done according to specified operation; location, purpose, and replacement of structural components and crush zones in relation to passenger safety. (6 lec/lab hrs.)

ABRP 53—Steering and Suspension (2)
CoReq: ABRP 50, 51, 52, and 54, or consent of instructor
Course covers principles of suspension and steering systems, elements of proper wheel alignment, and the diagnosis and service repair of steering systems. (4 lec/lab hrs.)

ABRP 54—Heating and Cooling Systems (1)
CoReq: ABRP 50, 51, 52, and 53, or consent of instructor
Course covers proper procedures for diagnosing and repairing air conditioning, cooling systems, and auxiliary oil cooling systems. (2 lec/lab hrs.)

ABRP 60—Basic and Minor Auto Body Repairs (2)
PreReq: consent of instructor
This course is to develop basic knowledge and repair skills in auto body minor repairs. Included will be orientation of tools used for repairs, repairs of damaged vehicle body parts, warpage control management of repaired body parts and metal finishing of repairs. Classroom and hands-on experiences will be included. (2 lec hrs.)

ABRP 101—Basic Radiator Maintenance, Trouble Shooting Repairs and Remedies (1)
PreReq: consent of instructor
Provides the students with the basic fundamentals of radiator maintenance, trouble shooting, repairs and remedies. (1 lec hr.)

Automotive Mechanics

+ Valid driver’s license required.

+ AMT 20—Intro to Auto (1)
PreReq: “C” or better in Eng 20R or “C” or better in ESL 9 or placement in Eng 21; and “C” or better in Math 1ABCD or placement in Math 22 or placement in Math 50
CoReq: AMT 23, 30, and 40B
Fundamentals of automotive service, repair procedures, facilities and equipment, nomenclature, and shop safety. (2 lec/lab hrs.)

+ AMT 23—Lubrication (1)
CoReq: AMT 20, 30, and 40B
Lubricant theory; selection, use and practice in using lubrication equipment. (2 lec/lab hrs.)

+ AMT 30—Engines (7)
CoReq: AMT 20, 23, and 40B
The theory, construction, design, service, and repair of upper and external engine components, such as cylinder heads, valves, cams, timing gears and chains, and manifolds. (14 lec/lab hrs.)

+ AMT 40B—Fuel System (3)
CoReq: AMT 20, 23, and 30
The characteristics, operation, construction, design, service and repair of fuel systems. (6 lec/lab hrs.)

+ AMT 40C—Electrical System (6)
PreReq: AMT 20
CoReq: AMT 46 and 57
The theory, operation, design, and repair of automobile electrical systems, including power sources, regulators, indicators, wiring, lighting, and accessories. (12 lec/lab hrs.)

+ AMT 43—Heating and Air Conditioning (3)
This course is designed to provide the student with related technical and manipulative skills necessary for entrance into the automotive heating and air conditioning field. Air condition servicing and diagnostics will be covered using approved recovery/recycling equipment. Training is also provided on the function of the vacuum, electrical, refrigeration and computer control circuits. (3 lec hrs.)

+ AMT 46—Power Train (4)
PreReq: AMT 20
CoReq: AMT 40C and 57
The theory, construction, design, service and repair of standard transmissions and clutches. (8 lec/lab hrs.)

+ AMT 50—Auto Transmission (4)
PreReq: AMT 20
CoReq: AMT 53 and 55
The use of testing equipment (pressure readings and vacuum test), adjusting bands, linkage adjustments, replacing worn parts, and troubleshooting procedures. (8 lec/lab hrs.)

+ AMT 51—Brake Systems (4)
PreReq: AMT 20
CoReq: AMT 50 and 55
The maintenance and repair of the hydraulic and power brake system. (8 lec/lab hrs.)

+ AMT 55—Suspension and Steering (4)
PreReq: AMT 20
CoReq: AMT 50 and 53
The theory, design, construction, service and repair of standard and power steering, and front and rear suspensions, including tires, wheels, alignment and balancing. (8 lec/lab hrs.)

AMT 55B—Suspension and Steering (2)
Theory, design, and construction of steering systems, suspension systems and alignment for non-major students. (2 lec hrs.)

+ AMT 57—Emission (2)
PreReq: AMT 20
CoReq: AMT 40C and 46
The service and repair of vehicle emission control systems and devices. (4 lec/lab hrs.)
+ AMT 60H—Diagnostic and Repair: Electrical/Fuel System and Related Components (3)
PreReq: AMT 20, 23, 30, 40B, 46, 57, 53, and 55
CoReq: AMT 60I, 60J, and 60K
The student will be exposed to different types of live auto repair jobs, but emphasis is placed on electrical/fuel systems and related components. (6 lec/lab hrs.)

+ AMT 60I—Diagnostic and Repair: Engines and Related Components (3)
PreReq: AMT 20, 23, 30, 40B, 46, 57, 53, and 55
CoReq: AMT 60H, 60I, and 60J
The student will be exposed to different types of live auto repair jobs, but emphasis is placed on engines and related components. (6 lec/lab hrs.)

+ AMT 60J—Diagnostic and Repair: Suspension/Brake and Related Components (3)
PreReq: AMT 20, 23, 30, 40B, 46, 57, 53, and 55
CoReq: AMT 60H, 60I, and 60K
The student will be exposed to different types of live auto repair jobs, but emphasis is placed on suspension/brake and related components. (6 lec/lab hrs.)

+ AMT 60K—Diagnostic and Repair: Power Train/Transmissions and Related Components (3)
PreReq: AMT 20, 23, 30, 40B, 46, 57, 53, and 55
CoReq: AMT 60H, 60I, and 60J
The student will be exposed to different types of live auto repair jobs, but emphasis is placed on power train/transmissions and related components. (6 lec/lab hrs.)

AMT 80—Small Engine Repairs I (3)
This course is designed to introduce the students to the field of small gasoline engine repair including an overview of job opportunities and skills required for a small engine repairman. An understanding of small engine technology shall be accomplished by exposing the student to basic principles and factory approved disassembly, inspection, and assembly. Emphasis is on shop safety, proper tool use and identification, and general construction and repair of small gasoline engines. (1 lec, 4 lec/lab hrs.)

AMT 83—Chain Saw Repair (2)
The Basic Chain Saw Repair course is designed to provide an understanding of chain saw technology by exposing the student to the basic principles of gasoline-powered chain saws with factory-approved disassembly and assembly procedures. (4 lec/lab hrs.)

AMT 84—Small Engine II, Applications (1)
This course will cover the applications of two- and four-cycle engines in various types of equipment. Classroom and laboratory experiences will include: 4-cycle Tecumesh, 2-cycle O & R engines, 2-cycle Sanshin engine, as well as other locally popular models. (6 lec/lab hrs.)

AMT 85—Small Engine III, Advanced Repair (2)
Theory of operation of two- and four-stroke cycle engines with practical experience in all aspects of their repair. Includes operating principles, carburetor and fuel systems, lubrication, ignition systems, cooling systems, mechanical construction, reconstruction, and troubleshooting. (4 lec/lab hrs.)

AMT 86—Outboard Engine Repair (4)
CoReq: AMT 80 (or prior completion)
Course covers the theoretical and operational aspects of two- and four-cycle outboard engines, their maintenance and repair. Includes operating principles, carburetors, fuel systems, lubrication, cooling, mechanical construction of powerhead, and troubleshooting. (8 lec/lab hrs.)

AMT 87—Advance Outboard Repair (4)
PreReq: AMT 86
Course covers advance work on powerheads, carburetors, fuel systems, lubrication systems, ignition systems; operating principles, troubleshooting, reconditioning, tune-up procedures, and proper use of test equipment. (8 lec/lab hrs.)

AMT 101—Basic Automotive Maintenance and Safety (2)
This course is designed to provide the student with related technical information on preventive maintenance for engines, power train, brakes, and steering/suspension systems. (2 lec hrs.)

BioC 241—Fundamentals of BioChemistry (1)
PreReq: Math 26; and Eng 21 or placement in Eng 102
The fundamentals of general, inorganic and bio-organic chemistry and biochemical concepts as they apply to living systems. (3 lec hrs.)

Biochemistry

Biology

Bio 100—Human Biology (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Basic biology of cells, tissues, and organ systems applied to humans. (3 lec hrs.)

Bio 100L—Human Biology Laboratory (1)
CoReq: Biol 100 (or prior completion)
Experiments and exercises to accompany Biology 100, Human Biology. Function of human organic systems in relation to health, genetics and environment. (3 lab hrs.)

Bio 101—General Biology (1)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Recommended: concurrent enrollment in Biol 101L
A one semester introductory biology course for non-majors. Course covers molecular biology to ecosystems. (3 lec hrs.)

Bio 101L—General Biology Laboratory (1)
CoReq: Biol 101 (or prior completion)
Experiments and exercises to accompany Biology 101, General Biology. Survey of the functioning, diversity, evolution and ecology of living things at the molecular, cellular, organ system and ecosystem levels. (3 lab hrs.)
Biol 141—Human Anatomy and Physiology I (3)
CoReq: Biol 141L
Recommended: High school or college chemistry with lab; Microbiology preferred
Structure and function of the human body, including basic biochemistry, cells, and tissues. Includes detailed coverage of the integumentary, skeletal, muscular, digestive, respiratory and cardiovascular systems. (3 lec hrs.)

+Biol 141L—Human Anatomy and Physiology I Lab (1)
CoReq: Biol 141 (or prior completion)
Observation and identification of human tissues under light microscopy, in photomicrographs, and in Human models. Dissection of animal organs and tissues to complement lectures in Biology 141. (3 lab hrs.)

Biol 142—Human Anatomy and Physiology II (3)
PreReq: “C” or better in Biol 141 or consent of instructor
CoReq: Biol 142L
Recommended: High school or college chemistry with lab; Microbiology preferred
Structure and function of the human body, including metabolism, fluid and electrolyte balance, and genetics. Includes detailed coverage of the urinary, nervous, endocrine and reproductive systems. (3 lec hrs.)

+Biol 142L—Human Anatomy and Physiology II Lab (1)
CoReq: Biol 142 (or prior completion)
Observation and identification of human tissues under light microscopy, in photomicrographs, and in Human models. Dissection of animal organs and tissues to complement lectures in Biology 142. (3 lab hrs.)

+Biol 156—Natural History of the Hawaiian Islands (3)
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
CoReq: Biol 156L
The formation of the Hawaiian Islands, establishment and evolution of their native flora and fauna, effects of man. (3 lec hrs.)

+Biol 156L—Natural History of the Hawaiian Islands Lab (1)
CoReq: Biol 156 (or prior completion)
Field trips to accompany Biology 156, Natural History of the Hawaiian Islands, required as part of the lecture course whenever offered with the course. Laboratory exercises will be completed during the field trips. (3 lab hrs.)

Biol 171—Introductory Biology I (3)
CoReq: (Chem 100 or Chem 151 or prior completion of either); and Biol 171L
Recommended: BioC 241
Covers principles of cell structure, replication, metabolism, classical and molecular genetics, as well as evolution. Also, biodiversity of prokaryotes, virus, fungi, and plants including plant structure and function. (3 lec hrs.)

Biol 171L—Introductory Biology I Laboratory (1)
CoReq: Biol 171
Recommended: High school Biology
Laboratory exercises will cover microscopy and cell structure, replication, and metabolism. Also exercises in classical and molecular genetics, and biodiversity of prokaryotes, virus, fungi and plants. (3 lab hrs.)

Biol 172—Introductory Biology II (3)
PreReq: Biol 171
CoReq: Biol 172L
Students will explore the biodiversity of animal-like protistans, invertebrates, and vertebrates. Animal tissues, sensory reception and integration, endocrine system, support and movement, circulation, immunity, digestion, kidney function, reproduction, and development. Population and community ecology, energy flow, and biogeochemical cycles. (3 lec hrs.)

Biol 172L—Introductory Biology II Laboratory (1)
CoReq: Biol 172
Recommended: High school Biology
Exercises will cover structure, function, and natural history of animal-like protistans, invertebrates, and vertebrates; structure and function of animal tissues, reproduction, development, and community ecology. (3 lab hrs.)

Blueprint Reading

Blpr 20—Mechanical Drawing (1)
A basic mechanical drawing course in the care and use of drafting instruments, orthographic projections, methods of dimensioning, pictorial drawings, auxiliary views, sectioning, and freehand sketching. (3 lec hrs.)

Blpr 22—Blueprint Reading and Drafting (3)
The use of mechanical drawing instruments to make shop drawings which include orthographic projection, dimensioning, and full section. Freehand sketching of shop drawings, isometric and oblique projection sketching. Reading blueprints of simple structures. (3 lec hrs.)

Blpr 30B—Blueprint Reading for Welders (3)
PreReq: Blpr 30D
Advanced principles of graphic presentation used in welding. Topics covered are sketching, notes and specifications, dimensioning, structural shapes, various types of views, preferred and nonpreferred welding symbols and abbreviations, and blueprints using metric measurements. (3 lec hrs.)

Blpr 30C—Blueprint Reading for Electricians (3)
PreReq: Blpr 22 and Elec 24
Reading of specifications and blueprints of residential dwellings to extract information that may affect the wiring of the structure. Designing and sketching of wiring diagrams of branch circuits which are in compliance with the National Electrical Code. (3 lec hrs.)

Blpr 30D—Blueprint Reading for Machine Trades I (3)
Basic principles of graphic presentation used in machine trade drawings. The terminology and nomenclature, interpretation of working drawings, and sketching of shop drawings. (3 lec hrs.)

Blpr 30E—Blueprint Reading for Machine Trades II (3)
PreReq: Blpr 30D
Advanced principles of graphic presentations used in the machine trades. Blueprints used will include sectionals, surface texture symbols, untrue projections, special views, symbology for geometric dimensioning and tolerances, screw thread representations, material designations, structural shapes and apparatus used for achieving certain mechanical outcomes and advantages. (3 lec hrs.)
Bot 130L—Plants in Hawaiian Environment Laboratory (1)
A basic course in construction drawing and sketching using orthographic, isometric and oblique projection systems. Reading of blueprints and specifications including the interpretation of symbols, abbreviations, notes, types of lines, scales, and various dimensioning methods. Extracting of information from the various plan views, elevations, sections, and detail drawings. (2 lec hrs., 3 lab hrs.)

Blpr 30F—Blueprint Reading for Carpenters (3)
PreReq: Blpr 30F
Advanced principles of graphic presentation used in residential construction. The course covers the reading and interpretation of blueprints and specifications, preconstruction details, making of material takeoff, and making of working drawings and sketches. (3 lec hrs.)

Bot 101—General Botany (3)
PreReq: "C" or better in Eng 21 or "C" or better in Eng 22 or "B" or better in Eng 51 or placement in Eng 100 or placement in Eng 102
CoReq: Bot 101L
This is an introductory course in plant biology. Topics include cell structure and function, plant tissues and organs, reproduction and genetics. (3 lec hrs.)

Bot 101L—General Botany Lab (1)
PreReq: "C" or better in Eng 21 or "C" or better in Eng 22 or "B" or better in Eng 51 or placement in Eng 100 or placement in Eng 102
CoReq: Bot 101
This is a field-based introductory lab course in plant biology. Topics include plant classification, environments and related plant evolution in Hawai‘i, scientific methodology, and plant identification. (3 lab hrs.)

Bot 105—Introduction to Ethnobotany (3)
PreReq: "C" or better in Eng 21 or "C" or better in Eng 22 or "C" or better in ESL 15 or "B" or better in Eng 51 or placement in Eng 100 or placement in Eng 102
Plants and their influence upon cultures: with special emphasis on Pacific Islander uses of cultivated and wild plants. (3 lec hrs.)

Bot 109—Plants in Hawaiian Environment (3)
PreReq: Eng 21 or Eng 22 or "B" or better in Eng 51 or ESL 15 or placement in Eng 100 or placement in Eng 102
CoReq: Bot 130L
An introductory course on the identification, ecology, and usage of common native and introduced trees, shrubs, vines, and flowers. Outdoor activities, including field trips, will be stressed. (3 lec hrs.)

Bot 130L—Plants in Hawaiian Environment Laboratory (1)
CoReq: Bot 130
Laboratory to accompany Bot 130. Identification ecology and usage of common native and introduced plants found in Hawai‘i. The laboratory will focus on applications of the material learned in the lecture through laboratory exercises and field trips. (3 lab hrs.)

Bot 120—Principles of Business (3)
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
Surveys the fundamentals of the American business enterprise. Examines the foundations and responsibilities of accounting, business, management, finance, marketing, and the business environment. (3 lec hrs.)

Bus 84—Medical Transcription (3)
Recommended: Ability to keyboard 40 wpm
An introduction to medical office transcription in order to prepare medical documents, such as chart notes, diagnostic reports, consultations, office procedure notes, and correspondence. Students will learn how to identify correct terminology, spell and define terms, and prepare typical forms. (3 lec hrs.)

Bus 86—Legal Transcription (3)
Recommended: Ability to keyboard 40 wpm
An introduction to legal office transcription in order to familiarize students with the activities performed by a transcriptionist in a law firm. The course will include the knowledge, terminology, and background needed to prepare legal documents. (3 lec hrs.)

Bus 89—Electronic Calculating (1)
This course gives students practice with real world skills used in the modern business environment; emphasizes proper technique and speed with the ten-key pad found on calculators, computer keyboards, and cash registers; develops the ability to work with numbers and use a calculator to perform business computations. (1 lec hr.)

Bus 121—Introduction to Word Processing (3)
Recommended: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Covers proper keyboarding techniques; word processing concepts (Microsoft Word); and document formatting of letters, memos, tables, reports, and e-mail. Basic file management and operating system functions are included. Keyboarding speed and accuracy are emphasized. (3 lec hrs.)

Bus 123—Word Processing for Business (3)
PreReq: "C" or better in OAT 21BCD or "C" or better in BUSN 121
Recommended: Ability to type 35 gpm; and Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Uses advanced features from a word processing program to create business documents emphasizing production and proofreading. Integrates knowledge of the Internet and the computer. Includes timed computer keyboarding skills for creating and editing business documents and sending electronic attachments. (3 lec hrs.)
Busn 150—Intro to Business Computing (3)
PreReq: “C” or better in Eng 20R or “C” or better in ESL 9 or placement in Eng 21
Recommended: OAT 21BCD or Busn 121 or keyboarding ability
An introduction to computers and the components of a business computer system, including “hands-on” exposure to elementary applications, and learning how computer technology can be applied to satisfy business needs. (3 lec hrs.)

Busn 151—Intermediate Business Computing (3)
PreReq: “C” or better in Bus 104 or “C” or better in Busn 150 or “C” or better in ICS 101
Expands the concepts of business computing introduced in Busn 150. Develops greater proficiency in creating, modifying, and printing documents, spreadsheets, database queries, reports and forms. Broadens knowledge of word processing, spreadsheet, database, and presentation software utilizing intermediate and advance level features of the software. Provides experience with typical business applications that utilize Intranet and Internet technologies. (3 lec hrs.)

Busn 160—Telephone Techniques and Communication (1)
Recommended: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
An introduction to various communication systems, particularly the telephone, e-mail, telecommunications, and mail systems. Emphasis will be on answering and using the telephone efficiently and courteously and taking messages for others. Identifying communication barriers and steps for overcoming them will be introduced. (1 lec hr.)

Busn 166—Professional Employment Preparation (1)
Recommended: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102.
Facilitates employment search by emphasizing professional techniques and standards in the preparation of application forms, resumes, cover letters, and employment interviews. (1 lec hr.)

Busn 170—Records and Information Management (3)
PreReq: Eng 20R or Eng 20W or ESL 9 or ESL 13 or placement in Eng 21 or placement in Eng 22 or placement in ESL 15
Studies principles and procedures for organizing and operating Records and Information Management (RIM) programs. Topics include: selection of filing systems, equipment, and supplies; procedures for storage, retrieval, transfer, retention, and disposal of records; records inventory and analysis; records protection and disposition; study and application of ARMA (Association of Records Managers and Administrators) rules for alphabetic, alphanumeric, geographic, numeric, and subject methods. Help a business or organization meet its fiscal, legal, governmental, requirements by managing its information systems. (3 lec hrs.)

Busn 182—Machine Transcription (3)
PreReq: Eng 20R or Eng 20W or ESL 9 or ESL 13 or placement in Eng 21 or placement in Eng 22 or placement in ESL 15
Recommended: Ability to keyboard 35 wpm and knowledge of word processing
An introductory course in machine transcription designed to improve communication skills—reading, listening, speaking, word usage, spelling, punctuation, proofreading, understanding sentence structure, to produce business communication from familiar and unfamiliar dictation. (3 lec hrs.)

Busn 189—Business Mathematics (3)
PreReq: Eng 20R or ESL 9 or Eng 51 or placement in Eng 21; and Math 1D or placement in Math 22
Introduces various accounting and finance computational procedures utilizing the calculator as a tool. Surveys concepts in algebra, logical structure, numeration systems, and statistics. Develops critical thinking skills in making personal and business decisions. (3 lec hrs.)

Busn 250—Expert Business Computing (3)
PreReq: Busn 151 or Bus 201
A course that covers expert-level features and functions of word processing, spreadsheet, database, and presentation applications. Multiple group projects will require students to work as a team, communicate clearly through oral and written interactions, display a professional attitude, apply leadership skills, apply current technologies, manage electronic files, and make efficient use of time and resources. Students will use research and decision making skills to make informed choices and confirm information. This course will serve as a capstone course for the BTEC program. (3 lec hrs.)

Busn 292—Integrated Office Procedures (3)
PreReq: Busn 123, 151, 166
CoReq: Busn 170 (or prior completion)
Emphasis is on office procedures for the administrative professional. Includes advanced word processing, spreadsheet, database, integration of applications, and critical thinking applications. Designed to bring together within a portfolio all elements of learning from the Business Technology program. (3 lec hrs.)

Carp 20A—Basic Carpentry I (3)
PreReq: Eng 20R or ESL 9 or “B” or better in Eng 51 or placement in Eng 21; and Math 1ABC or placement in Math 22 or placement in Math 50
CoReq: Carp 21A
Students will learn and practice shop safety and the safe use, care and maintenance of hand tools. Identification of basic construction materials and fasteners, adherence to good work ethics, quality workmanship and customer satisfaction is also emphasized. (6 lec/lab hrs.)

Carp 21A—Basic Carpentry II (9)
PreReq: Eng 20R or ESL 9 or “B” or better in Eng 51 or placement in Eng 21; and Math 1ABC or placement in Math 22 or placement in Math 50
CoReq: Carp 20A (or prior completion)
Students will develop basic carpentry skills required by industry. Covers the use, safety and maintenance of hand and power tools, identification and application of materials, joint construction and layout techniques. Lab work involves practice and construction of basic woodworking projects with emphasis placed on safety, good work ethics, conservation accuracy, and overall craft professionalism. (18 lec/lab hrs.)

Carp 22—Concrete Form Construction (12)
PreReq: Carp 21A
This course is designed to familiarize students working with concrete. It covers the different types of concrete forms, laying out, materials and accessories, properties in concrete, leveling tools/instrument and special techniques in heavy concrete construction. (24 lec/lab hrs.)
Carp 41—Rough Framing and Exterior Finish (12)
PreReq: Carp 22
This course is designed for house construction. It involves footings and foundations, platform framing, wall and ceiling framing, roof framing and the different designs, roof coverings, and exterior sidings. Students will participate in actual construction. (24 lec/lab hrs.)

Carp 42—Finishing (12)
PreReq: Carp 21A
This course covers application of wall and ceiling panels; hanging doors and windows; construction and installation of cabinets and closets; application of moldings and trims; bathroom materials and finishing hardware, window and door frame construction, and installation and application of siding and trims. (24 lec/lab hrs.)

Chem 100—Chemistry for Non-Science Majors (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102; and Math 22 or placement in Math 26
Basic concepts of chemistry utilizing mathematics only where necessary, designed for the non-science major. (3 lec hrs.)

Chem 100L—Chemistry for Non-Science Majors Lab (1)
CoReq: Chem 100 (or prior completion)
Laboratory to accompany Chem 100: Basic concepts of chemistry utilizing mathematics only where necessary, designed for the non-science major. (3 lab hrs.)

Chem 151—Elementary Survey of Chemistry (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
CoReq: Chem 151L
Provides the beginning student with a background in the fundamentals of chemistry. (3 lec hrs.)

Chem 151L—Elementary Survey of Chemistry Laboratory (1)
CoReq: Chem 151 (or prior completion)
Laboratory of Chem 151: Provides the beginning student with a background in the fundamentals of chemistry laboratory. (3 lab hrs.)

Chem 161—General Chemistry I (3)
PreReq: "C" or better in Math 27 or placement in Math 100 or placement in Math 115 or placement in Math 135 or higher
CoReq: Chem 161L
Basic principles of inorganic chemistry with an emphasis on problem solving. First course of a two-course sequence designed to meet the one-year general chemistry requirement for Pre-med, Science, and Engineering majors. Topics include chemical calculations, electronic structure, chemical bonding, states of matter, and solutions. (3 lec hrs.)

Chem 161L—General Chemistry I Laboratory (1)
PreReq: "C" or better in Math 27 or placement in Math 100 or placement in Math 115 or placement in Math 135 or higher
CoReq: Chem 161
Laboratory to accompany Chem 161. Experiments illustrate fundamental principles of Chemistry. (3 lab hrs.)

Chem 162—General Chemistry II (3)
PreReq: Chem 161
CoReq: Chem 162L
Second course of a two-course sequence designed to meet the one-year general chemistry requirement for Pre-med, Science, and Engineering majors. Topics include thermochemistry, kinetics, acid-base equilibrium, and electrochemistry. Emphasis on problem solving. (3 lec hrs.)

Chem 162L—General Chemistry II Lab (1)
PreReq: Chem 161 and Chem 161L
CoReq: Chem 162
Laboratory to accompany Chem 162. Experiments illustrate fundamental principles of Chemistry. (3 lab hrs.)

Chemistry

Computing, Electronics, and Networking Technology

CENT 140—Network Fundamentals (3)
PreReq: “C” or better in Eng 21 or “C” or better in Eng 22 or “C” or better in ESL 15 or placement in Eng 100 or placement in Eng 102
Recommended: Basic knowledge and use of PCs
Introduces the architecture, structure, functions, components, and models of the Internet and other computer networks. Uses the OSI and TCP layered models to examine the nature and roles of protocols and services at the application, network, data link, and physical layers. Principles and structure of IP addressing and fundamentals of Ethernet concepts, media, and operations are introduced to provide a foundation for the curriculum. Students use a model of the Internet to analyze real data without affecting production networks. (2 lec hrs., 2 lec/lab hrs.)

CENT 240B—Routing Protocols and Concepts (3)
PreReq: CENT 140
Course describes the architecture, components, and operation of routers, and explains the principles of routing and routing protocols. Students analyze, configure, verify, and troubleshoot the primary routing protocols. RIPv1, RIPv2, EIGRP, and OSPF. This course uses the Cisco Exploration curriculum and with other courses in the series, helps prepare students for the Cisco CCENT, CCNA and CompTIA Network+ industry certification examinations. (2 lec hrs., 2 lec/lab hrs.)

CENT 240C—LAN Switching and Wireless (3)
PreReq: CENT 140
This course helps students develop an in-depth understanding of how switches operate and are implemented in the LAN environment for small and large networks. Beginning with a foundational overview of Ethernet, this course provides detailed explanations of LAN switch operation, VLAN implementation, Rapid Spanning Tree Protocol (RSTP), VLAN Trunking Protocol (VTP), Inter-VLAN routing, and wireless network operations. Students analyze, configure, verify, and troubleshoot VLANs, RSTP, VTP, and wireless networks. Campus network design and Layer 3 switching concepts are introduced. (2 lec hrs., 2 lec/lab hrs.)

CENT 241—Accessing the WAN (3)
PreReq: CENT 240B and CENT 240C
This course explains the principles of traffic control and access control lists (ACLs) and provides an overview of the services and protocols at the data link layer for wide-area access. Students learn about user access technologies and devices and discover how to implement and configure Point-to-Point Protocol (PPP), Point-to-Point over Ethernet (PPPoE), DSL, and Frame Relay. WAN security concepts, tunneling, and VPN basics are introduced. Concludes with a discussion of the special network services required by converged applications and an introduction to quality of service (QoS). (2 lec hrs., 2 lec/lab hrs.)
### Culinary Arts

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Culn 111</td>
<td>Introduction to the Culinary Industry (2)</td>
<td>Culn 112, Culn 120, Culn 170</td>
<td>Provides an overview of the culinary industry within the aspects of the entire hospitality industry. It provides students with an introduction to the historical, social, and cultural forces that have affected and shaped the industry of today. Students will identify job qualifications and opportunities, professional standards, communication skills, and attitudes essential for successful workers in the industry. (2 lec hrs.)</td>
</tr>
<tr>
<td>Culn 112</td>
<td>Sanitation and Safety (2)</td>
<td>Culn 111, Culn 120, Culn 170</td>
<td>The study and application of the principles and procedures of sanitation and safety in the hospitality industry. Includes the study of food-borne illnesses, biological, chemical, and physical hazards, and cross-contamination as they may occur during the flow of food. An introduction to HACCP (Hazard Analysis Critical Control Point) and other sanitation and safety programs will also be presented. Safety issues and OSHA (Occupational Safety and Health Administration) guidelines and standards will be covered as they apply to the hospitality industry. (2 lec hrs.)</td>
</tr>
<tr>
<td>Culn 115</td>
<td>Menu Merchandising (1)</td>
<td>Culn 111, 112, 120, and 170</td>
<td>A study of the factors involved in planning effective menus for a variety of food service operations. The course includes the design, format, selection, costing, pricing, and balance of menu items based on an understanding of the needs of various target markets. (1 lec hr.)</td>
</tr>
<tr>
<td>Culn 120</td>
<td>Fundamentals of Cookery (6)</td>
<td>Culn 111, Culn 112, Culn 170, Math 50</td>
<td>An introduction to the fundamental concepts, skills, and techniques of cooking principles. Culinary skills addressing food preparation, presentation, and service in a safe and sanitary environment are emphasized. A combination of theory and hands-on experiences allow students to gain competencies in cooking methods for meat, poultry, fish, vegetables, fruits, salads, starches, sauces, and soups. Includes care and correct use of knives, tools, and equipment for professional kitchens. Interpreting standardized recipes, recognition of food cost factors, storage techniques, culinary terms, and other factors as they apply to standards expected of a food service worker for an entry level position are significant objectives covered. (3 lec hrs., 9 lab hrs.)</td>
</tr>
<tr>
<td>Culn 130</td>
<td>Intermediate Cookery (7)</td>
<td>Culn 111, 112, 120, 170</td>
<td>Prereq: Culn 270 Provides the application and reinforcement of basic concepts, skills, and techniques introduced in Culn 120 (Fundamentals of Cookery) to the operation of the campus dining service with the emphasis on fresh, locally produced foods prepared in a healthful and attractive manner. Menu development, recipe standardization and conversion, mise en place of correct quantity, freshness, and completeness are stressed, along with correct, coordinated, and timely a la minute service. Teamwork, personal and station organization, consistency, and patron satisfaction are cultivated. (3 lec hrs., 12 lab hrs.)</td>
</tr>
<tr>
<td>Culn 131</td>
<td>Short Order Cookery (3)</td>
<td>Culn 111, 112, 120, and 170</td>
<td>Prereq: Culn 115, 140, and 150 Students apply skillful manipulative methods in the preparation (Mise en place is emphasized), presentation, and service of foods requiring a short cooking time. Experience will be gained in production techniques for short order cookery. Regional and/or ethnic foods and cuisines of various countries will be incorporated into menu format. Includes preparation of hot appetizers for specific events. (1 lec hr., 6 lab hrs.)</td>
</tr>
<tr>
<td>Culn 140</td>
<td>Cold Food Pantry (4)</td>
<td>Culn 111, 112, 120, and 170</td>
<td>Prereq: Culn 115, 131, and 150 Focus on theory, laboratory, and production of cold food items such as types of salads, salad dressings, sandwiches, canapés, hors d’oeuvres, cold appetizers, desserts, and beverages as are produced and/or assembled in the pantry department of a food service establishment. Students gain additional experience in creating and developing recipe adaptations for cold food menu items from different cuisines and regions of the country. Emphasis on nutritional awareness and the preparation of menu items to assure maximum freshness. (1 lec hr., 9 lab hrs.)</td>
</tr>
<tr>
<td>Culn 150</td>
<td>Fundamentals of Baking (4)</td>
<td>Culn 111, 112, 120, and 170</td>
<td>Prereq: Culn 115, 131, and 140 An introduction to the fundamentals of basic baking: concept, skills, and techniques, for application in a commercial food service establishment. Emphasis on the study of ingredient functions, product identification, scaling, weights, measures, recipe formulas, use and maintenance of bake shop tools and equipment. Students produce bakery items such as: yeast breads, other yeast products, quick breads, cookies, pies, cakes, pastries, and desserts. Also incorporates the study of cost controls and pricing. (2 lec hrs., 6 lab hrs.)</td>
</tr>
<tr>
<td>Culn 160V</td>
<td>Dining Room Service/Stewarding (1-2)</td>
<td>Culn 120 or 131 or 240</td>
<td>Students study and practice a variety of table service techniques and procedures. Course coverage includes salesmanship of food and beverage, tableside service techniques, interpersonal communication, and managing work flow between the dining room and kitchen. Course coverage also provides students with the principles and practices of the beverage operation and application of stewarding in a hotel or food service establishment. (variable hours)</td>
</tr>
</tbody>
</table>
Culn 170—Food and Beverage Purchasing (3)

CoReq: Culn 111, 112, and 120

Work experience and lecture course whereby students study, observe, and participate in storeroom operations in a hotel or food service establishment. Provides experience in ordering, receiving, pricing, storing, distributing, and controlling the flow of food, beverages, supplies, and equipment. Purchasing policies, handling requisitions, and the organization of a steward’s department are also included. (1 lec hr., 6 lab hrs.)

Culn 185—Culinary Nutrition (3)

Provides basic overall nutrition education, including functions of nutrients, vitamins and minerals, metabolic and other physiological processes, diet-related health concerns, and global health issues. (3 lec hrs.)

Culn 220—Advanced Cookery (6)

PreReq: Culn 111, 112, 120, 130, 170, and 270

CoReq: Culn 240

This capstone course is designed to integrate previous culinary training and academic studies using fundamental cooking techniques, food science, aesthetics, managerial principles, and sensory perception in the operation of the dining room. Student teams will create menus with instructor input, organize production and service, define and staff kitchen stations and develop systems for efficient operation. Opportunity for more complex offerings and the experience of preparing with a broad variety of seasonings and higher end foods. Plated service will strengthen timing and a la minute cooking skills. (3 lec hrs., 9 lab hrs.)

Culn 240—Garde Manger (4)

PreReq: Culn 111, 112, 120, 130, 170, and 270

CoReq: Culn 220

A study of the basic Garde Manger principles, techniques, and skills in the preparation of specialty items such as: aspic, chaud-froid, forcemeats, pâtés, terrines, galantines, mousses, hot and cold hors d’oeuvres, and canapés. Buffet service will also be highlighted, emphasizing buffet menu planning, portion considerations, presentations, and line logistics. (2 lec hrs., 6 lab hrs.)

Culn 252—Patisserie (4)

PreReq: Culn 150

Expands upon the baking skills and techniques learned in Culn 150 (Fundamentals of Baking) for preparing quality commercial products. Cakes, pastries, petit fours, chocolate, cookies, and other bakeshop items will be included in the laboratory practice. Emphasis on baking as a science dependent upon exact measurements, functions of ingredients, the proper tools, and increased manipulative skills required to assure consistent results in producing fine pastry items. (2 lec hrs., 6 lab hrs.)

Culn 270—Food and Beverage Cost Control (5)

PreReq: Culn 111, 112, 120, and 170

CoReq: Culn 130

Students examine and identify the varied factors which influence food and beverage costs in a food service operation. Students use analytical tools and techniques to enable them to interpret, to make operating decisions, and to identify problems in achieving cost and quality control in a food and beverage system. A field experience to include computer generated information for a food service plan is a major requirement. (3 lec hrs., 6 lab hrs.)

Course Listings Hawaii‘i Community College 2009-2010

Dance

Dnce 153—Introduction to Dance Forms (3)

Introduction to dance through history and culture. Students will learn basic movement and vocabulary of the major dance forms through theoretical perspectives and the performance of dance skills in the studio. (3 lec hrs.)

Dnce 185—Modern/Jazz Dance I (1)

Introduces technical skill in modern and jazz vocabularies and explores the creative processes of dance. (2 lec hrs., 2 lec/lab hrs.)

Dnce 190V—Aerial Dance I (2-3)

Recommended: Dnce 185

An introduction to technical skills/creative processes in beginning aerial dance utilizing the single point low flying trapeze. (variable hours)

Dnce 256—Creative Movement (3)

Cross-listed as Ed 256

PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100

Recommended: Ed 110 or Dnce 185 or FamR 230

An introduction to content, method, and processes for leading creative movement experiences for young people. The creative process, elements of movement and its relationship to other art forms, as well as its integration with other curricula are explored in this course. Teaching methods used in this course enable the design of lessons appropriate for a wide range of ages, interests, and developmental stages. Especially applicable to those in or planning to enter education or human service fields. May be repeated for credit, up to 6 credits. (3 lec hrs.)

Dnce 285—Modern/Jazz Dance II (3)

PreReq: Dnce 185

A continuation of Modern/Jazz Dance I in which the student will continue more in-depth work in technique, improvisation, and composition. Performance skills will be stressed. (2 lec hrs., 2 lec/lab hrs.)

Dnce 290V—Aerial Dance II (2-3)

Recommended: Dnce 185

A continuation of Introduction to Aerial Dance in which the student learns more difficult technical skills and creative processes in aerial dance utilizing the single point low flying trapeze. (variable hours)

Diesel Mechanics

DiMc 20—Introduction to Diesel Engines (2)

This course introduces the students to the fundamentals of diesel service, theory, repair procedures, shop facilities and equipment, and nomenclature. To aid students in career selection and to instill safe, proper work attitudes. Shop tools and equipment and fastening devices will be covered. (1 lec hr., 3 lab hrs.)

DiMc 21—Engine Operating Principles (2)

This course is designed to introduce students to design, construction, theory, and operating principles of the internal combustion diesel engine. Study basic parts and purpose and function relative to engine operation, operating principles, the cycle operation, servicing and repair of engines. Shop activities include the disassembly, cleaning, inspection, reassembly, pre-start adjustments, starting, tune-up, and troubleshooting. (1 lec hr., 3 lab hrs.)
DiMc 22—Cylinder Blocks and Heads (2)
This course is designed to introduce students to the cylinder block and cylinder head as to its function and purpose. Construction, inspection and rebuilding of the cylinder block and heads discussed. Shop activities include disassembly, cleaning, inspection, reassembly, pre-start adjustments, starting, tune-up, and troubleshooting. (1 lec hr., 3 lab hrs.)

DiMc 23—Crankshaft and Bearings (2)
Designed to give the students an understanding of the crankshaft, design, parts, lubrication, balance, thrust accommodation, seals, and general inspection. Bearing removal, inspection, replacement, and reassembly will be part of the shop activities. (1 lec hr., 3 lab hrs.)

DiMc 24—Camshaft, Gear Train and Timing (2)
This course is a study of camshaft, gear train, and timing of the diesel engine. The purpose, design, operating principles, and inspection procedures of components will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, pre-start adj, starting, tune-up, and troubleshooting. (1 lec hr., 3 lab hrs.)

DiMc 25—Piston and Connecting Rod Assemblies (2)
This course is a study of piston and connecting rods. Design, purpose, material, inspection, and servicing procedure. Component serviceability determination, lubrication, and problem areas will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, starting, and troubleshooting. (1 lec hr., 3 lab hrs.)

DiMc 30—Introduction to Electrical Systems (2)
This course is a study of electricity and magnetism, electron theory, Ohm’s Law to measure voltage, amperes, and resistance in a basic circuit. It covers types of electrical circuits, types of electrical current, battery, and the instruments used in checking electrical circuits. Shop activities include testing and charging batteries and connecting batteries using a series-parallel switch. (1 lec hr., 3 lab hrs.)

DiMc 31—Starting Systems and Circuits (1)
This course is a study of the starting systems and electrical starting circuit, various methods used to start the diesel engine, low temperature starting aids and components will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, and testing starters. Demonstrate ability to troubleshoot starting circuits. (2 lec/lab hrs.)

DiMc 32—Charging Systems and Circuits (2)
This course is a study of the charging systems of a diesel engine. Various charging systems, voltage regulators, instrument gauges and circuits will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, and testing alternators and generators. Demonstrate ability to troubleshoot charging circuits. (1 lec hr., 3 lab hrs.)

DiMc 33—Introduction to Fuel Systems (2)
A study of the basic functions of the diesel fuel system, diesel fuel classification and terminologies and fuel filters. Shop activities include servicing and basic checking of fuel flow circuits. (1 lec hr., 3 lab hrs.)

DiMc 34—Caterpillar Fuel Systems (1)
This course is a study of the caterpillar fuel injection systems. The design and operating principle of the five types of caterpillar fuel systems will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, pre-start adjustments, starting, and troubleshooting. (2 lec/lab hrs.)

DiMc 35—Detroit Fuel Systems (1)
This course is a study of the Detroit Diesel Fuel Injection Systems. The design operating principle of both two- and four-stroke cycle systems, servicing injectors, tune-up, control rack and throttle delay will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, testing, pre-start adjustments, starting, and troubleshooting. (2 lec/lab hrs.)

DiMc 36—Cummins Fuel Systems (1)
This course is a study of Cummins Fuel Injection Systems. The design, operating principles, injector and pump lubrication, injection timing control and governor types will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, testing, pre-start adjustments, starting, and troubleshooting. (2 lec/lab hrs.)

DiMc 37—Stanadyne Fuel Systems (1)
This course is a study of the Stanadyne and DPA distributor-type fuel injection pumps. The design, operating principle of the DM Series fuel pump will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, testing, pre-start adjustments, starting, and troubleshooting. (2 lec/lab hrs.)

DiMc 38—BOSCH-CAV (1)
This course is a study of United Technologies Diesel Fuel Systems formerly American Bosch, Robert Bosch, CAV and Diesel KIKI Port-and-Helix Fuel-Injection Pumps. The design, operating principles of in-line and distributor fuel pump will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, testing, pre-start adjustments, starting, and troubleshooting. (2 lec/lab hrs.)
DiMc 42—Mechanical Transmissions (1)
This course is a study of the types of mechanical transmissions. The purpose, design, operating principles, inspection, maintenance and repair procedures of these components will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, and testing of components. (2 lec/lab hrs.)

DiMc 43—Drive Lines and Power Take-Offs (2)
A study of the components of the drive line and power takeoffs. The purpose, design, operating principles, inspection, maintenance and repair procedures will be covered. Shop activities include disassembly, cleaning, inspection, and reassembly. (1 lec hr., 3 lab hrs.)

DiMc 44—Differentials and Final Drives (2)
This course is a study of the different types of differentials and final drives. The purpose, design, operating principles, inspection, maintenance and repair procedures will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, and pre-installation adjustments. (1 lec hr., 3 lab hrs.)

DiMc 45—Torque Converters and Hydraulic Assist Transmissions (2)
This course is a study of the different types of torque converters and hydraulic assist transmissions. The purpose, design, operating principles, inspection, maintenance and repair procedures will be covered. Shop activities include disassembly, cleaning, inspection and reassembly of components. (1 lec hr., 3 lab hrs.)

DiMc 46—Hydrostatics (1)
This course is a study of the different types of hydrostatic drives. The purpose, design, operating principles, inspection, maintenance and repair procedures will be covered. Shop activities include disassembly, cleaning, inspection, and reassembly. (2 lec/lab hrs.)

DiMc 50—Brakes (2)
This course is a study of the different types of brakes. The purpose, design, operating principles, inspection, maintenance and repair procedures will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, and testing of the brakes and its components. (1 lec hr., 3 lab hrs.)

DiMc 51—Suspension and Steering (2)
This course is a study of the different types of suspension and steering systems. Purpose, design, operating principles, inspection, maintenance and repair procedures will be covered. Shop activities include disassembly, cleaning, inspection, reassembly and testing of suspension and steering system components. (1 lec hr., 3 lab hrs.)

DiMc 52—Engine Lubricant and Lubrication Systems (2)
This course is a study of engine lubricants and lubrication systems of the diesel engine. Purpose of oil, oil recommendations, type of oil filters, oil coolers, lubrication pumps, and oil leakage test will be covered. Shop activities include disassembly, cleaning inspection, troubleshooting, and reassembly. (1 lec hr., 3 lab hrs.)

DiMc 53—Engine Coolants and Cooling Systems (2)
This course is a study of engine coolants and cooling systems of the diesel engine. The purpose of the coolants, coolant recommendations, circuits and components will be covered. Shop activities include cleaning, inspection, starting, and troubleshooting. (1 lec hr., 3 lab hrs.)

DiMc 54—Air Intake and Exhaust Systems (2)
This course is a study of air intake and exhaust systems of the diesel engine. The purpose, design, types of aftercoolers, air cleaners, blowers of the intake system and the purpose, design, and turbochargers of the exhaust system and maintenance of these systems will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, starting, and troubleshooting. (1 lec hr., 3 lab hrs.)

DiMc 55—Hydraulics/Pneumatics (3)
This course is a study of the hydraulic/pneumatic systems. The purpose, design, operating principles, inspection, maintenance and repair procedures will be covered. Shop activities include disassembly, cleaning, inspection, reassembly, and testing of various hydraulic/pneumatic components. (2 lec hrs., 3 lab hrs.)

E-Commerce

ECom 100—Introduction to E-Commerce (3)
PreReq: Eng 21 or placement in Eng 102; and Mkt 157
Recommended: Basic experience with computer usage and the Internet. Basic knowledge of Marketing. Basic knowledge of Web design.

Presents the basics of conducting business online and the technological issues associated with constructing an electronic commerce Web site. Students will learn how to implement an actual transaction-capable Web site, including various strategies and solutions available for the administration of E-Commerce sites and the integration of data into existing business infrastructure. (3 lec hrs.)

Economics

Econ 20—Consumer Economics (3)
A consumer emphasis on money management for everyday living, income loans and savings, home investment, personal expenditures, deductions, and withholding taxes and interests. (3 lec hrs.)

Econ 50—Business Economics (3)
A one-semester course that provides general understanding of the functioning of economic systems, including monetary institutions and policies, unemployment, inflation, and other public issues. (3 lec hrs.)

Econ 120—Principles of Economics (3)
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
General understanding of the functioning of economic systems, including various approaches to the organization of production and allocation of resources, and of policies to achieve national economic goals. These include determination of national income, inflation, recession, unemployment, taxation, labor unions, environmental pollution, energy, and economic growth. (3 lec hrs.)

Econ 130—Principles of Microeconomics (3)
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100; and Math 25 or 25X or Math 26 or placement in Math 100
This course analyzes the market mechanism, prices, competition, and the efficient allocation of scarce resources. Formulates possible solutions to contemporary economic and social issues such as world food problems, poverty and distribution of income, market power of business including multinationals, role of labor unions, energy crisis, environmental pollution, consumerism, and welfare. (3 lec hrs.)
Econ 131—Principles of Macroeconomics (3)
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100; and Math 25 or 25X or Math 26 or placement in Math 100
This course analyzes the forces determining national and international economic performance in employment, inflation, production, money supply, and trade. Presents in historical context the modern economic situation. Describes relative roles of major economic institutions such as businesses, labor unions, government agencies, international organizations, and the banks. (3 lec hrs.)

Education

Ed 105—Introduction to Early Childhood (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100
Introduces and explores the historical roots and fundamental principles of early childhood care and programs, the variety and scope of programs in the community, issues confronting the field, and career options. (3 lec hrs.)

Ed 110—Developmentally Appropriate Practices (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100
Provides a practical guide and overview of the basic awareness, attitudes, knowledge and skills necessary for working with children birth through age eight. Introduces concepts of developmentally appropriate practices, the importance of play, and inclusion of children with special needs. (3 lec hrs.)

Ed 115—Health, Safety, and Nutrition for the Young Child (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100
Introduces theories and practices for creating and maintaining a safe, healthy learning environment for young children and adults in group settings. Introduces guidelines and practices for providing for the nutritional needs of young children and adults in group settings. (3 lec hrs.)

Ed 131—Early Childhood Development: Theory to Practice (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100
Covers principles of human development from conception through early childhood. Focuses on the interrelation of physical, cognitive, emotional and social aspects of the individual during this period and how this information of development affects one’s expectations and relationship to the individual child. (3 lec hrs.)

Ed 134—Introduction to Observation of Children (1)
PreReq: Eng 22 or ESL 15 or placement in Eng 100
Provides guided experiences in observing young children in selected community sites. Develops skills in observing and recording children’s behaviors accurately, descriptively, and objectively. Explores and observes models of early childhood programs. (2 lec/lab hrs.)

Ed 140—Guidance of Children in Group Settings (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100
Addresses positive ways to support children’s social-emotional development. Focuses on adult-child and child-child interactions and relationships. (3 lec hrs.)

Ed 152—Early Literacy Development (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100
This course begins with a survey of the history and contemporary issues and trends in early literacy development. It includes an in-depth exploration of how young children learn to read and write and what teachers and caregivers need to know and be able to do to support literacy development from birth through the primary years. (3 lec hrs.)

Ed 170—Introduction to Infants and Toddlers (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100
Provides an overview of the basic skills in working with infants and toddlers in groups. Focuses on interactive aspects of child development, infant-toddler caregiving routines and environments, caregiver roles, and ways to enrich experiences and to promote strong relationships with families. (3 lec hrs.)

Ed 190—Early Childhood Laboratory (4)
PreReq: “C” or better in Ed 105 and “C” or better in Ed 110 and “C” or better in Ed 131, and consent of instructor
Provides the early childhood student with information on health and safety practices and appropriate curriculum in early childhood programs. Provides a setting to observe and experience maintaining a healthy, safe environment for children and staff, and to gain skills in working effectively with children, teachers and parents in a “model” early childhood program. Allows the student to participate in a group program for young children. Provides supervised practice in planning and guiding children’s learning and routine living activities. Nine hours in a campus laboratory and one hour in seminar per week. (1 lec hr., 9 lab hrs.)

Ed 191—Early Childhood Practicum I (4)
PreReq: “C” or better in Ed 105 and “C” or better in Ed 110 and “C” or better in Ed 131 and consent of instructor
Provides practical application of early childhood studies which allow the student to participate in a group program for young children. Supervised practice in planning and guiding learning, and children’s routine living activities. Emphasizes experiences that increase student’s skills in dealing with group and individual behavior. Twelve hours practicum and discussion. (12 lab hrs.)

Ed 245—Child, Family, and Community (3)
PreReq: Ed 105
Develops communication skills in establishing effective partnership relationships with diverse families and other adults. Introduces students to the local resources available for family referral. (3 lec hrs.)

Ed 252—Early Childhood Curriculum: Communication (3)
PreReq: Ed 110 and Ed 131
Provides an overview of literacy, language arts, and literature for the early childhood years. Includes the teacher’s role, the developmental perspective, teaching strategies, and materials in each area. Covers basic components and alternative structures for each of the subjects; as well as planning lessons, units, and making materials and games. Emphasizes practical, usable ideas and integrating subject areas into overall curriculum. A three hour weekly laboratory in an Early Childhood setting is required. (2 lec hrs., 3 lab hrs.)

Ed 253—Early Childhood Curriculum: Physical (3)
PreReq: Ed 110 and Ed 131
Provides an overview of sensory, small muscle and large muscle development for the early childhood years. Includes the teachers’ role, the developmental perspective, teaching strategies and materials in each area. Covers basic components and alternative structures for each of the subjects; as well as planning lessons, units, and making materials and games. Emphasizes practical, usable ideas and integrating subject areas into overall curriculum. A three hour weekly laboratory in Early Childhood setting is required. (2 lec hrs., 3 lab hrs.)
Ed 254—Early Childhood Curriculum: Cognitive (3)
PreReq: Ed 110 and Ed 131
Provides an overview of science, mathematics, and social studies for the early childhood years. Includes the teachers' role, the developmental perspective, teaching strategies and materials in each area. Covers basic components and alternative structures for each of the subjects; as well as planned lessons, units and making materials and games. Emphasizes practical, usable ideas and integrating subject areas into overall curriculum. A three hour weekly laboratory in an Early Childhood setting is required. (2 lec hrs., 3 lab hrs.)

Ed 255—Early Childhood Curriculum: Creative (3)
PreReq: Ed 110 and Ed 131
Provides an overview of art, music, creative movement and dramatics for the early childhood years. Includes the teachers' role, the developmental perspective, teaching strategies and materials in each area. Covers basic components and alternative structures for each of the subjects; as well as planned lessons, units and making materials and games. Emphasizes practical, usable ideas and integrating subject areas into overall curriculum. A three hour weekly laboratory in an Early Childhood setting is required. (2 lec hrs., 3 lab hrs.)

Ed 256—Creative Movement (3)
Cross-listed as Dnce 256
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
Recommended: Ed 110 or Dnce 185 or FamR 230
An introduction to content, method, and processes for leading creative movement experiences for young people. The creative process, elements of movement and its relationship to other art forms, as well as its integration with other curricula are explored in this course. Teaching methods used in this course enable the design of lessons appropriate for a wide range of ages, interests, and developmental stages. Especially applicable to those in or planning to enter education or human service fields. May be repeated for credit, up to 6 credits. (3 lec hrs.)

Ed 263—Language and Creative Curriculum (3)
PreReq: Ed 110 and Ed 131
Theoretical foundation and practice in the planning, implementation and assessment of the language arts and creative expression curriculum. Students must have regular contact with preschool children for implementation of course assignments in a setting approved by the instructor. (3 lec hrs.)

Ed 264—Inquiry and Physical Curriculum (3)
PreReq: Ed 110 and Ed 131
Theoretical foundation and practice in the planning, implementation and assessment of the inquiry and physical curriculum. Students must have regular contact with preschool children for implementation of course assignments in a setting approved by the instructor. (3 lec hrs.)

Ed 275—Inclusion of Children with Special Needs (3)
PreReq: Ed 105; and Ed 131; and Ed 110
Introduces legal, historical and research information about serving young children with special needs in inclusive environments. Introduces issues and practices associated with establishing partnerships with families and collaborative relationships that contribute to meeting the diverse needs of children in inclusive settings. Facilitates the development of skills to adapt and modify the learning environment and educational curriculum in line with developmentally appropriate practice. Introduces traditional and alternative assessment and identifies the skills necessary to facilitate successful transitions from early childhood setting to the elementary school. (3 lec hrs.)

Ed 280—Introduction to Early Childhood Program Administration (2)
PreReq: Ed 190 or Ed 191 or consent of instructor
Recommended: Experience/employed as an Early Childhood Program Administrator
Provides an introduction to administrative principles and practices of program planning, organization, personnel management, boards, and regulatory agencies. Surveys program handbooks, personnel policies, assessment tools, community resources, and fund-raising ideas. (2 lec hrs.)

Ed 291—Early Childhood Practicum II (4)
PreReq: Ed 140; and "C" or better in Ed 190 or "C" or better in Ed 191; and consent of instructor
Provides advanced practical application of early childhood studies which allows the student to participate in a group program for young children. Supervised practice in planning and guiding learning, and children's routine living activities. Emphasizes experiences that increase student's skills in dealing with group and individual behavior. Twelve hours practicum and discussion. (12 lab hrs.)

Electrical Installation and Maintenance Technology

Elec 22—Electricity II (12)
PreReq: "C" or better in Elec 24
Basic electron theory, Ohm's Law, batteries, electromagnetism, motors and generators, electrical conductors and wire sizes, wiring methods and materials, basic electrical system, analyzing National Electric Code, motor troubleshooting and repair, small motor circuit design, and overload protection. (6 lec hrs., 15 lab hrs., 2 lec/lab hrs.)

Elec 24—Interior Wiring (12)
PreReq: Eng 20R or ESL 9 or placement in Eng 21
CoReq: Math 51 (or prior completion)
Safety regulations and codes, use of hand tools and equipment, basic interior wiring for light and power, electrical plans and symbols, series and parallel circuits, electrical code interpretations, residential wiring systems and circuitry, and use of electrical test instruments. (6 lec hrs., 15 lab hrs., 2 lec/lab hrs.)

Elec 41—Alternating Current (12)
PreReq: "C" or better in Elec 22
Alternating current principles, series and parallel circuit characteristics, single-phase and three-phase services, commercial and industrial wiring systems, N.E.C. basic motor controls, testing for high grounds, insulation, light and power loads, residential wiring, evaluating installations, and basic motor controls hookups. (6 lec hrs., 15 lab hrs., 2 lec/lab hrs.)

Elec 43—Industrial Electricity (12)
PreReq: "C" or better in Elec 41
Polyphase circuits and wye and delta connections, transformers and applications, industrial and commercial blueprint reading, N.E.C. test equipment, voltage test observations, fire alarm systems, motor controls, lighting controls, and hazardous location wiring and troubleshooting electrical systems. (6 lec hrs., 15 lab hrs., 2 lec/lab hrs.)
Electronics Technology

Etro 10—Survey of Electronics (3)
Deleted.

Etro 11—Electronics, Assembling and Packaging (2)
Basic concepts and techniques in fabrication of electronic equipment and associated safety precautions that apply to tools and procedures. Designed for pre- and non-majors. Not part of degree program. (1 lec hr., 3 lab hrs.)

Etro 20—Fundamentals of Electronics (5)
Deleted. (See Etro 120)

Etro 20L—Fundamentals of Electronics Lab (3)
Deleted. (See Etro 120L)

Etro 22—Application of Electronics (5)
Deleted. (See Etro 122)

Etro 22L—Application of Electronics Lab (3)
Deleted. (See Etro 122L)

Etro 23—Fabrication (2)
Deleted. (See Etro 121)

Etro 23L—Fabrication Lab (2)
Deleted. (See Etro 121L)

Etro 25—Electronics/Test Instruments (3)
Deleted.

Etro 25L—Electronics/Test Instruments Lab (2)
Deleted.

Etro 30—Communications (4)
Deleted.

Etro 30L—Communications Lab (3)
Deleted.

Etro 32—Electronic Circuit Analysis (4)
Deleted.

Etro 37—Digital Electronics (2)
Deleted. (See Etro 143)

Etro 37L—Digital Electronics Lab (1)
Deleted. (See Etro 143L)

Etro 40—Micro Processor Electronics (3)
Deleted. (See Etro 280)

Etro 40L—Micro Processor Electronics Lab (3)
PreReq: Etro 32
CoReq: Etro 40
This is a hands-on course where the student is required to build, test, and verify the operations of microprocessor and microcomputer circuits presented in Etro 40. The student will use the digital multimeter and an oscilloscope to evaluate the circuit operation. (9 lab hrs.)

Etro 43—Computer/Networking and Hardware (4)
Deleted. (See Etro 287)

Etro 43L—Computer/Networking and Hardware Lab (3)
Deleted. (See Etro 287L)

Etro 45—Electronic Circuits and Systems (3)
Deleted. (See Etro 257)

Etro 45L—Electronic Circuits and Systems Lab (3)
Deleted.

Etro 52—Industrial Electronics (7)
Deleted.

Etro 57—Electronics Servicing (2)
Deleted.

Etro 57L—Electronics Servicing Lab (3)
Deleted.

Etro 120—Electronics I (5)
Formerly Etro 20
PreReq: Eng 20R or ESL 9 or placement in Eng 21
CoReq: Math 66 (or prior completion); and Etro 120L
The basics of electron physics, Ohm’s Law, direct and alternating current, network analysis, sinusoidal and non-sinusoidal voltage and current analysis of R,L,C passive components in passive filters. Also covers the proper care, use, and hands-on operation of test instruments such as DMMs, oscilloscopes, power supplies, function generators as used in voltage, current, resistance, and power measurements. (5 lec hrs.)

Etro 120L—Electronics I Lab (2)
Formerly Etro 20L
PreReq: Eng 20R or ESL 9 or placement in Eng 21
CoReq: Math 66 (or prior completion); and Etro 120
Provides students with hands-on experience to what is presented in the Etro 120 lectures. Additionally, a software simulation program that accompanies the required textbook is used to correlate the respective lecture to support the confidence level of the student before physically accomplishing the hands-on lab experiments. (6 lab hrs.)

Etro 121—Electronics Fabrication and Assembly (2)
Formerly Etro 23
CoReq: Etro 120 and Etro 120L (or prior completion of either); and Math 66 (or prior completion); and Etro 121L
This introductory electronics fabrication and assembly course covers general shop safety using hand and machine tools, printed circuit board design, and manufacture using manual, CAD, and CNC milling techniques. Covers printed circuit board assembly and repair processes and techniques practiced in industry. Also covers sheet-metal fabrication and assembly techniques for box build through project enclosures. (2 lec hrs.)

Etro 121L—Electronics Fabrication and Assembly Lab (2)
Formerly Etro 23L
CoReq: Etro 120 and Etro 120L (or prior completion of either); and Math 66 (or prior completion); and Etro 121
Provides students with a direct application to what is presented in the Etro 121 lectures. Also provides hands-on experience in the use of basic hand and machine tools along with CAD, CAM, and CNC PC board milling techniques using industry techniques. Students will use fabrication tools used in industry in the fabrication of box build through for project enclosures. (6 lab hrs.)
Etro 122—Electronics II (5)
Formerly Etro 22
PreReq: Etro 120 and Etro 120L
CoReq: Etro 122L
Provides the basic principles of vacuum tubes, semiconductor devices, integrated circuits (ICs), measurement and analysis of linear and switching power supplies, single and multi-stage analog amplifiers, and oscillator circuits. (5 lec hrs.)

Etro 122L—Electronics II Lab (2)
Formerly Etro 22L
PreReq: Etro 120 and Etro 120L
CoReq: Etro 122
Provides students with hands-on experience to what is presented in the Etro 122 lectures. Prior to constructing the lab experiments, students will use a software circuit simulation program called “Multisim”, along with “Visual Calculator” created by the author of the lab manual. (6 lec hrs.)

Etro 143—Digital Electronics (3)
Formerly Etro 37
PreReq: Etro 120 and Etro 120L
CoReq: Etro 122 and Etro 122L (or prior completion of either); and Etro 143L
An introductory course in digital circuit fundamentals. Topics include numbering systems, IC logic gates, Boolean Algebra in addition to the study of flip-flops, registers and counters, decoders, and multivibrators, A/D and D/A interfacing principles which will be applied to understanding the concepts of microprocessors. A follow-up study on these topics are covered in Etro 280: Microprocessor Architecture, Programming, and Interfacing. (3 lec hrs.)

Etro 143L—Digital Electronics Lab (1)
Formerly Etro 37L
PreReq: Etro 120 and Etro 120L
CoReq: Etro 122 and Etro 122L (or prior completion of either); and Etro 143
This course demonstrates the principles studied in Etro 143 by means of laboratory experiments. Digital electronics concepts presented in the lectures are verified and reinforced using simulations programs before building and testing digital logic and microprocessor circuits. (3 lab hrs.)

Etro 160—Laser Safety and Applications (1)
PreReq: Eng 20R or ESL 9 or “B” or better in Eng 51 or placement in Eng 21; and “C” or better in Math 66 or placement in Math 26
Introduces students to laser applications and safety. Topics covered: physical properties of light and how it is used to generate laser beams for industry use; effects of laser radiation on the anatomy and physiology of the eyes and other human organs and protective measures to use; calculations and measurement of laser beam intensities to determine necessary safety measures. Hands-on experiments will familiarize users with proper use of lasers and safety practices. (1 lec hr.)

Etro 161—Introduction to Optics and Photonics (3)
PreReq: “C” or better in Etro 160
Introductory photonics course covering the physics of light, geometric optics, lenses, mirrors, polarizing lenses, interference/diffraction waves, laser physics, optical imaging and bio-photonics. Lab experiments and projects reinforce the theory and provide practical experience for those interested in pursuing a career in this field. (6 lec/lab hrs.)

Etro 166—Introduction to Fiber Optics (3)
PreReq: Eng 20R or ESL 9 or “B” or better in Eng 51 or placement in Eng 21; and “C” or better in Math 66 or placement in Math 26
An introduction to fiber optic communications providing basic background information. Features hands-on training using industry standard termination tools/procedures and test equipment in installation, testing, and maintenance of fiber optic cabling systems. Provides a comprehensive overview of fiber optics as used in communications systems including telephone, CATV, and computers. Serves as a preparation course for the certified fiber optics installer or technician certification exam. Covers basics of the technology and its components for fiber optic communications; types of fiber, cabling, connectors and splices, couples and other passive components, transmitters and receivers, optical switches, modulators, tools, and test equipment. (3 lec hrs.)

Etro 257—RF Communications (2)
Formerly Etro 45
PreReq: Etro 122 and Etro 122L
Covers the basics of electronics circuits used in RF and digital communications, navigation, microwave, radar, oceanography, industrial, medical, and consumer line products. Includes the field of wireless communications that has come into its own with the overwhelming use of cellular, wireless LANs, and wireless sensor networks. (2 lec hrs.)

Etro 280—Microprocessor Architecture, Programming, and Interfacing (3)
Formerly Etro 40
PreReq: Etro 143 and Etro 143L
Provides the students with training on various microprocessor trainers to introduce their architecture, machine language programming, and the interfacing to the various I/O devices for industrial and automation applications. (3 lec hrs.)

Etro 287—Computer Systems and Networking (3)
Formerly Etro 43
PreReq: Etro 143 and Etro 143L
CoReq: Etro 287L
Course prepares students for work in maintaining, servicing, troubleshooting, and repairing PCs, peripheral devices, operating systems, communication systems and networks. Students will build, upgrade, install, maintain, and troubleshoot computer and networking hardware. Topics include cabling of voice and data networks, LANs and WANs architecture and protocols, networking devices, wireless networking, and network security. (3 lec hrs.)

Etro 287L—Computer Systems and Networking Lab (1)
Formerly Etro 43L
PreReq: Etro 143 and Etro 143L
CoReq: Etro 287
A lab to reinforce content of the Etro 287 lecture. Students gain hands-on experience working with computer hardware, peripheral devices, operating systems, and with wired and wireless networks by working on a series of laboratory assignments. Students will build, upgrade, install, maintain, and troubleshoot computer and networking hardware. Operating system installation, optimization, and troubleshooting also included. (3 lab hrs.)
Which English Course Should I Take?

English (Eng) courses cover two different areas: Reading and Writing, and different progressions for native speakers of English and non-native speakers of English (ESL). If you have any questions, see an advisor or counselor.

Placement testing is required for all Eng courses. Other HawCC courses may have Eng prerequisites too, so closely check the prerequisites for each course to see what must be taken before enrolling in that course. For example, Psy 100 requires Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100.

Also, carefully review the Eng requirements for your major. See your program advisor if you have any questions.

### Progression I: Native Speaker of English

- **Reading:** DOE-AEP* ⇒ Eng 18 ⇒ Eng 20R ⇒ Eng 21 ⇒ Eng 102
- **Writing:** DOE-AEP* ⇒ Eng 20W ⇒ Eng 22 ⇒ Eng 100

### Progression II: Non-Native Speaker of English (ESL)

- **Reading:** IEP-ESOL** ⇒ ESL 7 ⇒ ESL 9 ⇒ Eng 21 ⇒ Eng 102
- **Writing:** IEP-ESOL** ⇒ ESL 11 ⇒ ESL 13 ⇒ ESL 15 ⇒ Eng 100

### Progression for Vocational-Technical Majors

- **Reading:** DOE-AEP* ⇒ Eng 18 ⇒ Eng 20R ⇒ Eng 21 ⇒ Eng 102

---

* DOE-AEP: classes offered through the Department of Education - Academic Enhancement Program

---

### English

All students are required to take a reading and a writing placement test before enrolling in any reading or writing class at HawCC. Concurrent UH H classified majors should check the Placement Testing information in this catalog.

**Eng 18—Reading Essentials (3)**

*PreReq: Placement in Eng 18*

A reading fundamentals course designed to develop reading comprehension, vocabulary acquisition, and study skills. Some of the activities will include building vocabulary skills through phonics, context cues, and word structure; improving comprehension by finding the main ideas, making inferences and recognizing patterns of organization; developing study skills by practicing good time management and taking organized notes; and learning to use information retrieval skills. (3 lec hrs.)

**Eng 20R—Reading and Learning Skills (3)**

*PreReq: Eng 18 or placement in Eng 20R*

A reading and learning skills course designed to develop vocabulary, comprehension skills, and the ability to think clearly. Activities will include improving listening skills, notetaking, textbook reading, independent lab work and learning/study skills necessary for college survival. Writing will be used to promote reading and study skills. (3 lec hrs.)

**Eng 20W—College Writing and Grammar (3)**

*PreReq: Placement in Eng 20W*

Instruction and practice in writing varied and effective sentences with correct sentence structure, grammar, word choice, punctuation, and spelling. Instruction and practice in writing and editing paragraphs which demonstrate proficiency in sentence skills. Exit examination required. (Not applicable to AA and AS degrees) (3 lec hrs.)

**Eng 21—Developmental Reading (1)**

*PreReq: Eng 20R or “C” or better in ESL 9 or placement in Eng 21*

Reading to find main ideas and specific details, to draw inferences, and to develop critical judgment. Training to develop flexible reading rates, study skills, and vocabulary. Drill and practice in independent reading activities. (3 lec hrs.)

**Eng 22—Introduction to Expository Writing (3)**

*PreReq: “C” or better in Eng 20W or placement in Eng 22; and Eng 20R or Eng 51 or placement in Eng 21*

Instruction and practice in writing clear, effective, well-developed paragraphs and short essays using various modes of development. Exit examination required. (3 lec hrs.)

**Eng 51—Occupational Reading (1)**

Deleted.
Eng 55—Business Communications (3)
PreReq: "C" or better in Eng 20W or "C" or better in ESL 13 or placement in Eng 22 or placement in ESL 15; and Busn 121 or Busn 123
Recommended: "C" or better in Eng 22 or "C" or better in ESL 15 or placement in Eng 100
A course in writing purposeful, effective business letters through experience in analyzing problem situations. Fundamentals of written communication skills will be emphasized. (3 lec hrs.)

Eng 60—Technical Report Writing (3)
Deleted.

Eng 100—Expository Writing (3)
PreReq: Eng 21 or "B" or better in Eng 51 or placement in Eng 102; and "C" or better in Eng 22 or "C" or better in ESL 15 or placement in Eng 100
Instruction and practice in writing clear, effective university-level prose. Attention to all stages of the process—generating ideas, drafting, revising, and editing. (3 lec hrs.)

Eng 102—College Reading Skills (3)
PreReq: Eng 21 or placement in Eng 102; and Eng 20W or ESL 13 or placement in Eng 22
Emphasis on reading college-level materials, including improvement in the following areas: problem solving skills, reading and interpreting literature, college vocabulary, study skills, library research skills, and speed reading skills to become a flexible reader. (3 lec hrs.)

Eng 103—Critical Reading, Thinking, Problem Solving (3)
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
Emphasis on critical reading, thinking, and problem solving skills, and interpreting literature. Use of higher level reading skills of analysis, interpretation, and integration to develop increased thinking and reading proficiency at the college level. (3 lec hrs.)

Eng 105—Reading Film (3)
PreReq: "C" or better in Eng 22 or "C" or better in ESL 15 or placement in Eng 100
Introduces students to the study of film techniques, types, and interpretation. Using a variety of films, especially those with a connection to Hawai‘i, the course surveys a wide range of topics, including cinematography, editing, genre, production, history and analysis. Fictional films and their alternatives including the documentary will be studied to develop visual literacy - the ability to read moving images. (3 lec hrs.)

Eng 204—Creative Writing (3)
PreReq: "C" or better in Eng 100
Students will practice writing poems, scenes, and short stories. Includes creative writing assignments and discussions of each student’s writing. May be repeated for credit, up to 9 credits. (3 lec hrs.)

Eng 205—News Writing (3)
Cross-listed as Jour 205
PreReq: "C" or better in Eng 100; and "C" or better in Eng 102
Recommended: Knowledge of word processing
An introductory course in writing, newsgathering, editing, and journalistic ethics. Covers the basics of writing for publication in newspapers, magazines, and the Internet. (3 lec hrs.)

Eng 215—Research Writing for Humanities and Social Sciences (3)
PreReq: "C" or better in Eng 100; and "C" or better in Eng 102
Recommended: Students should have experience in using computers for research and writing.
Building on reading and writing skills acquired in English 100 and English 102, course emphasizes academic reading, writing, and research skills for students in Humanities and Social Sciences. Focuses on blending at least two or three rhetorical modes, using MLA and APA documentation styles, in writing informative, analytical, and argumentative essays supported by research. (3 lec hrs.)

Eng 255—Types of Literature: Short Story and Novel (3)
PreReq: Eng 100
An introduction to two major types of English literature: the short story and the novel. Students will read, analyze, and discuss works of fiction as well as learn how to apply principles of interpretation to other literary works. The goal of the course is to help students achieve a greater understanding, appreciation, and enjoyment of literature. (3 lec hrs.)

Eng 256—Types of Literature: Poetry and Drama (3)
PreReq: Eng 100
An introduction to two major types of English literature: poetry and drama. Students will read, analyze, and discuss poems and plays as well as learn how to apply principles of interpretation to other literary works. The goal of the course is to help students achieve a greater understanding, appreciation, and enjoyment of literature. (3 lec hrs.)

Eng 257A—Themes in Literature: Multi-Cultural Literature (3)
PreReq: Eng 100
This course introduces students to persistent themes that appear in the English language literature of 19th and 20th century Hawai‘i. Literary contributions from a wide range of sources representative of Hawai‘i’s rich cultural and ethnic diversity will be studied in their historical and cultural context. Emphasis will be placed on the themes that help readers to appreciate the ideological and aesthetic qualities specific to Hawai‘i’s literature as well as those that identify Hawai‘i as part of a global community. (3 lec hrs.)

Eng 257E—Themes in Literature: Multi-Cultural Literature (1)
PreReq: Eng 100
This course is a multi-cultural literature course designed for students who want to learn more about the various ethnic groups in the U.S. through analysis of various literary works. In addition, the course will focus on how various ethnic groups have felt the impact of other cultures, especially the Euro-centric, in the economic, educational, historical, religious and social areas. This course will also show how certain themes, such as the family, cultural heritage, community assimilation, and the spiritual are reflected in the selected literature. (3 lec hrs.)

English as a Second Language

ESL 7—Reading and Study Skills I (3)
PreReq: Placement in ESL 7 and placement in ESL 11
CoReq: ESL 11 and ESL 25 (or prior completion of either)
This course is the first in a two-level general reading program focusing on reading comprehension, vocabulary development, and study skills for non-native speakers of English. This course provides students with the necessary foundation in reading skills for liberal arts and occupational/technical study. Students must have the ability to understand classroom instruction and read simple directions in English to take this class. Additional time in the reading lab is required. (3 lec hrs.)
ESL 9—Reading and Study Skills II (4)
PreReq: "C" or better in ESL 7 or placement in ESL 9
Recommended: ESL 25
This course is the second in a two-level reading program focusing on improving reading comprehension, increasing reading speed, expanding vocabulary, and enhancing study skills for non-native speakers of English. This course provides students with the necessary foundation in reading skills for liberal arts and occupational/technical study. Additional time in the reading lab is required. (4 lec hrs.)

ESL 11—Basic Grammar and Writing (5)
PreReq: Placement in ESL 7 and placement in ESL 11
CoReq: ESL 7 or ESL 25 (or prior completion of either)
This is a foundations course in grammar and writing for non-native speakers of English. It emphasizes basic grammar, sentence structure, and paragraph writing. Students must have the ability to understand classroom instruction and read simple directions in English to take this class. Additional time in the ESL lab is required. (5 lec hrs.)

ESL 13—Grammar and Writing (7)
PreReq: "C" or better in ESL 7 or placement in ESL 9; and "C" or better in ESL 11 or placement in ESL 13
Recommended: ESL 25
This course is the second in a three-level writing program for non-native speakers of English. It is an introductory course in writing, which emphasizes building grammar, proofreading, and paragraph-writing skills. Additional time in the ESL lab is required. (7 lec hrs.)

ESL 15—Introduction to Expository Writing (ESL) (5)
PreReq: "C" or better in ESL 7 or placement in ESL 9; and "C" or better in ESL 9 or placement in Eng 21
Recommended: ESL 25
The third course in a three-level writing program for non-native speakers of English. This course emphasizes writing expository paragraphs and essays, summarizing and paraphrasing reading material, expands students' knowledge of grammar as it is used in complex sentence structures and improving proofreading skills. Additional time in the ESL lab is required. (5 lec hrs.)

ESL 25—Academic Listening and Speaking (3)
PreReq: Placement in ESL 7 and placement in ESL 11
This course is designed to improve the communication skills of non-native speakers of English. It includes instruction and practice in academic listening comprehension, lecture note taking, small group and public speaking, and pronunciation. Students must have the ability to understand classroom instruction and read simple directions in English to take this class. (3 lec hrs.)

Entrepreneurship

Ent 120—Starting a Small Business (3)
PreReq: "C" or better in Eng 21 or "C" or better in Eng 22 or "C" or better in ESL 15 or placement in Eng 100 or placement in Eng 102
This course is a practical approach to planning and starting a business in Hawai‘i. The student will prepare a comprehensive business plan. Topics covered are market analysis, site selection, suppliers, product and price mix, transportation, advertising and promotion, record keeping, and financial statements. (3 lec hrs.)

Family Resources

FamR 230—Human Development (1)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Concepts, issues, theories of human growth and development from conception to death. Focus on the interrelation of physical cognitive, and psychosocial development of the individual throughout the life span. (3 lec hrs.)

Fire and Environmental Emergency Response

Fire 101—Essentials of Fire Suppression (3)
PreReq: Eng 21 or placement in Eng 102
Provides students with a comprehensive initial introduction to suppression of structural fires. Introduces definitions, terminology, and a brief history of structural fire suppression. Provides students with a basic knowledge of fire behavior, how and what materials burn, extinguishment systems, and basic methods of suppression. (3 lec hrs.)

Fire 107—Firefighting Strategies and Tactics (3)
PreReq: Fire 101, 151, 156
Introduces essential elements, definitions, and terminology involved in analyzing the nature of fire, and determining needs and requirements to extinguish fires. Students develop an understanding of complexities involved in suppressing fires. Students will learn manpower, equipment, and practices with an emphasis on pre-planning, study of conflagration problems, and fire-ground organization. This is a building block for future tactics and strategy classes taught by State and Federal fire programs. (3 lec hrs.)

Fire 111—Management in the Fire Service (3)
Deleted.

Fire 151—Introduction to Wildland Fire Control (3)
PreReq: Eng 21 or placement in Eng 102
Introduces definitions, concepts, theories, and principles of modern wildland fire control. Provides students with an overall introduction to theory and application in basic wildland fire suppression, fire behavior, wildland fire operations, suppression methods, tools, and equipment. An emphasis on safety. Completion of this course meets current NWCG 310-1 standards for Firefighter Type 2, and the required training for issuance of a Red Card. (3 lec hrs.)

Fire 153—Advanced Wildland Firefighting (3)
PreReq: Fire 151
Designed to meet the training needs for both Advanced Firefighter/Squad Boss and Incident Commander Type 5 positions. Covers how to: properly document the appropriate information during fire suppression activities; incorporate and maintain open lines of communication with all appropriate fire suppression personnel; apply LCES (Lookouts, Communications, Escape Routes, and Safety Zones) to fire line tactics; and demonstrate the steps required to properly size up a fire situation and determine appropriate tactics. (3 lec hrs.)

Fire 154—Wildland/Urban Interface Operations (3)
PreReq: Fire 151
An introduction to the strategies, tactics, techniques, tools, and safety considerations related to fire operations in the wildland/urban interface. Involves aspects of suppression and prevention. (3 lec hrs.)
Fire 156—Incident Command System (3)
PreReq: Eng 21 or placement in Eng 102
Course describes the Incident Command System (ICS). Collectively, these features identify the unique quality of ICS as a management system for all emergency and planned event incidents. Principle features are: management by objectives, chain of command, transfer of command, organizational flexibility, integrated communications, common terminology, and developing an Incident Action Plan. In addition, Homeland Security Presidential Directive-5 requires all federal, state and local agencies to adopt the National Incident Management System (NIMS) which ICS is part of. (3 lec hrs.)

Fire 157—Intermediate Wildland Fire Behavior (3)
PreReq: Fire 151
Designed to instruct prospective fireline personnel in wildland fire behavior for effective and safe fire management operations. Fire behavior is not an independent phenomenon - it is the product of the environment in which the fire is burning. Certain types of fire behavior are considered unusual or unexpected only because of the failure to evaluate properly the conditions, influences, and forces that are in control. To predict fire behavior, and to control and use fire effectively and safely, one must understand and use the interactions of fire with its environment. Examines the fire environment: what it is, how it varies and why, and how fire itself alters the total picture. (3 lec hrs.)

Fire 202—Fire Hydraulics (3)
PreReq: Fire 101; and "C" or better in Math 25 or 25X or "C" or better in Math 26 or placement in Math 100
Introduces terminology, definitions, and basic and complex formulas involved in fire service hydraulics. Helps students gain an understanding of the complexities involved in modern apparatus pumping and water delivery systems. Focuses on commonly used equipment and applying simple and complex mathematical formulas (theory), plus standard rules applied in fire service to gain an overall understanding of hydraulics and hydraulics application. (3 lec hrs.)

Fire 207—Hazardous Materials Awareness and Operations (3)
PreReq: Fire 101 and Fire 156
Students are introduced to initial response for Hazardous Material Incidents. Upon completion, the student will meet the training requirements of the National Fire Protection Association (NFPA), Office of Safety and Health Administration (OSHA), and the Office of Domestic Preparedness (ODP) to perform at the Awareness and Operations level. Topics include: personal safety, regulations, toxicology, Incident Command System, decontamination, chemical resources, initial response, assessment, and strategic and tactical options for HAZMAT incidents. (3 lec hrs.)

Fire 208—Aircraft Rescue Fire Fighting (3)
PreReq: Fire 101 and Fire 156
Introduction to definitions, concepts, methods, and requirements of an airport firefighter’s duties and responsibilities. Two major areas of concentration: the Federal Aviation Regulation (FAR 139) and the National Fire Code (NFC 1003). (3 lec hrs.)

Fire 210—Fire Administration (3)
PreReq: Fire 101 and Fire 151 and Fire 156
Provides the student with an overall understanding of the science, leadership, and modern management in the fire service. Topics include: developing a game plan for personal success, the principles of leadership and management, leadership ethics, managing emergency services, analytical approaches to public fire protection, and community disaster planning. (3 lec hrs.)

Food Science and Human Nutrition

FSHN 185—Nutrition (3)
Biological concepts that form scientific framework of human nutrition; study of characteristics of major nutrient groups and relationship to diet and health. Designed specifically for FSer students as a Natural Science elective. (3 lec hrs.)

Food Service

FSer 80—Supervisory Management (3)
Application of principles of supervision in the hospitality industry. (3 lec hrs.)

Geography

Geog 101—Geography and the Natural Environment (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Survey of the natural environment of the earth; distribution and interrelationships of climate, vegetation, soils and landforms with a focus on Hawai’i and the Pacific. Emphasis will be placed on current environmental problems and issues as they are related to course content. (3 lec hrs.)

Geog 101L—Geography and the Natural Environment Lab (1)
CoReq: Geog 101 (or prior completion)
Analysis of the natural environment through the use of maps, airphotos, field and laboratory observation and experimentation. Emphasis on Hawai’i and upon human modification of the environment. (3 lab hrs.)

Geog 102—World Regional Geography (1)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Survey of the world’s major geographic regions with focus on the interrelationships between the physical and human elements of these regions. Geographic aspects of contemporary economic, social and political conditions will be studied as they relate to human use of, and impact on, the land and resources. (3 lec hrs.)

Geog 122—Geography of Hawai’i (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
This course will survey the physical and cultural geography of the Hawaiian Islands. Physical geography will emphasize the volcanic landforms, coastal features, climate and vegetation. Cultural aspects will include population, settlement, agriculture, economics and land use. Students will be expected to learn the names and locations of physical and cultural features of the Hawaiian Islands. (3 lec hrs.)

Hawai’i Community College  2009-2010  Course Listings

107
HwSt 105—Hawai‘i Plant Culture (3)  
Formerly HwSt 125  
An introductory course to the study of Hawai‘i plants, and their functions and uses within a Hawai‘i cultural context. Learners are expected to participate in multi-sensory learning. (3 lec hrs.)

HwSt 106—Mele Hawai‘i (3)  
Formerly HwSt 126  
An introductory course in the study of mele Hawai‘i or Hawai‘i oral arts. Students are expected to participate in all learning opportunities by learning and performing mele. (3 lec hrs.)

HwSt 107—Hawai‘i: Center of the Pacific (3)  
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102  
An introduction to the unique aspects of the Native Hawaiian point of view in Hawai‘i and the larger Pacific with regards to origins, language, religion, art, history, and modern issues. (3 lec hrs.)

HwSt 119—Hawai‘i Island Trail Culture (3)  
Formerly HwSt 242  
Explore trails, wahi pana (noted places), cultural sites, and stories connected with Hawai‘i Island traditions. Activities include moderate hiking with most classes in the field. May be repeated for credit provided that a different topic is studied, up to 12 credits. (3 lec hrs.)

HwSt 123—Hawaiian Language (1)  
Deleted.

HwSt 124—Hawaiian Myths and Legends (3)  
Deleted. (See HwSt 104)

HwSt 125—Hawaiian Plants and Their Uses (3)  
Deleted. (See HwSt 105)

HwSt 126—Introduction to Hawaiian Music (3)  
Deleted. (See HwSt 106)

HwSt 128—Hawaiian Arts and Crafts (1)  
Deleted. (See HwSt 103)

HwSt 129—Hawaiian Chants and Classical Dances (3)  
Deleted. (See HwSt 130)

HwSt 130—Hula I: ‘Aihaʻa (3)  
Formerly HwSt 129  
An introductory course in hula. Studies the foundations of hula chants and dances as a sacred dance form. Through traditional hālau hula (hula school) traditions, structure, rituals, and belief, this course prepares the learner for public demonstration. (3 lec hrs.)

HwSt 130—Papa ‘Olapa (Ancient Hula) (3)  
Deleted. (See HwSt 131)

HwSt 131—Hula Noa (Secular Hula) (3)  
Deleted. (See HwSt 230)

HwSt 131—Hula II: ‘Olapa (3)  
Formerly HwSt 130  
PreReq: “C” or better in HwSt 130; and Eng 18 or (ESL 7 and ESL 11) or placement in Eng 20R or placement in ENG 20W or placement in ESL 9 or placement in ESL 13; and Math 1ABCD or placement in Math 22  
This second course in the hula series introduces the learner to the evolution and practice of hula culture of the mid to late 19th century. Through traditional hālau hula (hula school) traditions, emphasis is placed on the development of personal hula etiquette and public demonstration and articulation of learning. (3 lec hrs.)

HwSt 140—Mahi’ai I: Kanu’ai (3)  
Formerly HwSt 160  
The first mahi’ai course in a series of four in Hawai‘i cultivation practices. Covers the history, lore, and geographically specific methods of mahi’ai. Emphasis on the cultivation of kalo and related staple foods. (3 lec hrs.)

HwSt 141—Introduction to Ho‘oponopono (3)  
Deleted.

HwSt 141—Mahi’ai II: ‘Au’ai (3)  
Formerly HwSt 161  
PreReq: “C” or better in HwSt 140; and Eng 18 or (ESL 7 and ESL 11) or placement in Eng 20R or placement in ENG 20W or placement in ESL 9 or placement in ESL 13; and Math 1ABCD or placement in Math 22  
The second mahi’ai course in a series of four in Hawai‘i cultivation practices. It continues the look at the history, lore, and methods of mahi’ai. The emphasis on cultivation of kalo and related staple foods continues. (3 lec hrs.)

HwSt 150—Lawai’a I: Ku‘ula Kai (3)  
Formerly HwSt 170A  
The first in a series of courses in traditional Hawai‘i marine resource knowledge. Will engage the learner in traditional Hawai‘i thought and practice concerning the subsistence and environmentally respectful practice of fishing. (3 lec hrs.)
HwSt 151—Lawai'a II: Kaneloa (3)
Formerly HwSt 170B
PreReq: "C" or better in HwSt 150; and Eng 18 or (ESL 7 and ESL 11) or placement in Eng 20R or placement in ENG 20W or placement in ESL 9 or placement in ESL 13; and Math 1ABCD or placement in Math 22
The second in a series of courses in traditional Hawai'i marine resource knowledge, or Lawai'a. Course continues to engage the learner in traditional Hawai'i thought and practice concerning fishing with an added emphasis on wai (fresh water resources) and kai (sea water resources). (3 lec hrs.)

HwSt 160—Kalo (Taro) Culture I (3)
Deleted. (See HwSt 140)

HwSt 161—Kalo (Taro) Culture II (3)
Deleted. (See HwSt 141)

HwSt 161—Kahu Ku'una II: Foundations of Hawai'i Stewardship (3)
PreReq: "C" or better in HwSt 160; and Eng 18 or (ESL 7 and ESL 11) or placement in Eng 20R or placement in ENG 20W or placement in ESL 9 or placement in ESL 13; and Math 1ABCD or placement in Math 22
The second in a series of four classes providing learners with opportunities to broaden their understanding of Hawai'i stewardship practices. With a focus on a historical timeline, this course explores the foundations of Hawai'i stewardship practices pre- and post-1819 and its evolution. (3 lec hrs.)

HwSt 170A—Lawai'a Culture I (3)
Deleted. (See HwSt 150)

HwSt 170B—Lawai'a Culture II (3)
Deleted. (See HwSt 151)

HwSt 180—Hawai'i Leadership (3)
Formerly HwSt 250
PreReq: "C" or better in HwSt 101 or higher (minimum 3 credits); and "C" or better in Haw 101 or higher; and consent of instructor
Introduction to principles of Hawai'i leadership. Course requires active participation in a specific leadership opportunity. May be repeated for credit, up to 9 credits. (3 lec hrs.)

HwSt 201—Hawai'i Culture II: 'Ai Noa (3)
Formerly HwSt 221
A study of the significant historical events in Hawai'i, from the abolition of the kapu system in 1819 to the present, that transformed its native people and their culture. Examines the issues facing Native Hawaiians in today's society. (3 lec hrs.)

HwSt 204—Ka'ao: Epic Foundations (3)
Formerly HwSt 224
PreReq: HwSt 104; and Haw 102 or higher
Examines in depth and complexity the indigenous Hawai'i national epics or Ka'ao. Course will delve deeply into Hawai'i mythic images and their impact on Hawai'i poetry, beliefs, practices, philosophy, and world view. (3 lec hrs.)

HwSt 205—Native Hawaiian Beliefs and Practices (3)
Deleted. (See HwSt 102)

HwSt 206—Hawai'i Oral Arts (3)
Formerly HwSt 232
PreReq: "C" or better in HwSt 106; and "C" or better in Haw 102 or higher
An in-depth, experiential study and application of Hawai'i oral arts through poetics, myth, and chant. (3 lec hrs.)

HwSt 221—Hawaiian Culture in Transition (3)
Deleted. (See HwSt 201)

HwSt 224—Epic Saga of Pele and Hi'iaka (3)
Deleted. (See HwSt 204)

HwSt 230—Hula III: 'Auana (3)
Formerly HwSt 131
PreReq: "C" or better in HwSt 131; and Eng 20R or Eng 20W or ESL 9 or ESL 13 or placement in Eng 21 or placement in Eng 22 or placement in ESL 15; and Math 22 or placement in Math 24
This third course in the hula series introduces the learner to the practice of hula termed "modern hula". Through the traditional hālau hula (hula school) traditions, emphasis is placed on individual and group mastery of hula for public demonstration and articulation of learning. (3 lec hrs.)

HwSt 231—Hawaiian Culture I (3)
Deleted. (See HwSt 101)

HwSt 231—Hula IV: Hu'elepo (4)
Formerly HwSt 235
PreReq: "C" or better in HwSt 230; and Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102; and "B" or better in Math 22 or Math 24 or placement in Math 26; and consent of instructor
Recommended: A valid passport will be required if travel is to a foreign country.
The final course in the hula series. Prepares the learner for the debut of their comprehensive learning through a hula exchange with another hula community. (4 lec hrs.)

HwSt 232—Hawaiian Culture II, Oral Arts and Traditions (3)
Deleted. (See HwSt 206)

HwSt 232—Ho'opa'a I: Ipu Heke (3)
Formerly HwSt 236
PreReq: "C" or better in HwSt 231; and "C" or better in Haw 102 or higher; and consent of instructor
An advanced course that will provide a fundamental extension from dancer to chanter/instrumentalist. The primary instrument of the course is the ipu heke or double gourd drum. Making of the ipu heke and its use as an instrument to accompany chants and dances are the primary foci. Designed to accompany the instructor in the introductory hula courses of the Hawai'i life Styles degree program. May be repeated for credit, up to 12 credits. (3 lec hrs.)
HwSt 233—Ho'opa'a II (3)
Formerly HwSt 237
PreReq: "C" or better in HwSt 232; and "C" or better in Haw 201 or higher; and consent of instructor
An advanced course, second in a series, that will provide a fundamental extension from dancer to chanter/instrumentalist. Instruments of focus may include: pahu (drum), lapaiki (small drum), puniu (knee drum), papa hei (treadle board), kala'au (percussion sticks), or similar. Designed to accompany the instructor in the introductory hula course of the Hawai'i life Styles degree program. May be repeated for credit, up to 12 credits. (3 lec hrs.)

HwSt 235—Hula Ensemble (4)
Deleted. (See HwSt 231)

HwSt 236—Ho'opa'a I - Ipu Heke (3)
Deleted. (See HwSt 232)

HwSt 237—Ho'opa'a II (3)
Deleted. (See HwSt 233)

HwSt 240—Mahi'ai III: Huki'ai (3)
Formerly HwSt 260
PreReq: "C" or better in HwSt 141; and Eng 20R or Eng 20W or ESL 9 or ESL 13 or placement in Eng 21 or placement in Eng 22 or placement in ESL 15; and Math 22 or placement in Math 24
The third in a series of four courses in Hawai'i cultivation practice. Emphasis on the harvest of kalo and related staple foods and preparation of mala'ai (dryland) and lo'i (wetland) patches for replanting. (3 lec hrs.)

HwSt 241—Hawaiian Trail Culture of Puna and Ka'u on Hawai'i Island (3)
Deleted.

HwSt 241—Mahi'ai IV: Ku'ira'i (4)
Formerly HwSt 261
PreReq: "C" or better in HwSt 240; and Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102; and "B" or better in Math 22 or Math 24 or placement in Math 26; and consent of instructor
The capstone mahi'ai course in a series of four in Hawai'i cultivation practices. Review of previously learned material. Emphasis on the preparation of kalo and related staple foods for consumption. (4 lec hrs.)

HwSt 242—Hawaiian Trail Culture of Kona and Kohala on Hawai'i Island (3)
Deleted. (See HwSt 119)

HwSt 250—Hawaiian Leadership (3)
Deleted. (See HwSt 180)

HwSt 250—Lawai'a III: Loko I'a (3)
Formerly HwSt 270
PreReq: "C" or better in HwSt 151; and Eng 20R or Eng 20W or ESL 9 or ESL 13 or placement in Eng 21 or placement in Eng 22 or placement in ESL 15; and Math 22 or placement in Math 24; and consent of instructor
The third in a series of four courses in traditional Hawai'i marine life knowledge and practice. Focus is on practice of traditional Loko I'a from the construction to harvest. Special emphasis on the varieties of Loko I'a found island/state wide. (3 lec hrs.)

HwSt 251—Hawaiian Leadership in Action (3)
Deleted. (See HwSt 280)

HwSt 251—Lawai'a IV: Kipapalauulu (4)
PreReq: "C" or better in HwSt 250; and Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102; and "B" or better in Math 22 or Math 24 or placement in Math 26; and consent of instructor
The capstone course in a series of four courses in the Lawai'a track. Course is a culmination of all previous work in the Lawai'a track with the specific focus on the learner's active engagement in the community. Learners will be expected to apply all previously learned material in an active, participatory project in their communities. (4 lec hrs.)

HwSt 260—The Lo'i Kalo (Wetland Taro) (3)
Deleted. (See HwSt 240)

HwSt 260—Kau Ka'una III: Protocols (3)
PreReq: PreReq: "C" or better in HwSt 161; and Eng 20R or Eng 20W or ESL 9 or ESL 13 or placement in Eng 21 or placement in Eng 22 or placement in ESL 15; and Math 22 or placement in Math 24; and consent of instructor
The third in a series of four classes in Hawai'i stewardship which focuses on the development and preparation of protocols necessary for the engagement of fieldwork. (3 lec hrs.)

HwSt 261—Huki 'Ai: Harvest and Marketing (3)
Deleted. (See HwSt 241)

HwSt 261—Kau Ka'una IV: Application of Hawai'i Stewardship (4)
PreReq: "C" or better in HwSt 260; and Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102; and "B" or better in Math 22 or Math 24 or placement in Math 26; and consent of instructor
The capstone course in a series of four classes providing learners with opportunities to extend their understanding and demonstrate their proficiency in Hawai'i stewardship. (4 lec hrs.)

HwSt 268—Hawai'i Pamaomao I (3)
Deleted. (See HwSt 281)

HwSt 269—Hawai'i Pamaomao II (1)
Deleted. (See HwSt 282)

HwSt 270—Loko I'a (3)
Deleted. (See HwSt 250)

HwSt 280—Hawai'i Leadership II (1)
Formerly HwSt 251
PreReq: "C" or better in HwSt 180; and consent of instructor
Advanced principles of Hawai'i leadership. Requires active participation in a specific leadership opportunity with expanded focus on coordination and facilitation of a community event. May be repeated for credit, up to 9 credits. (3 lec hrs.)
HwSt 281—Hawai'i Pamamao I (3)
Formerly HwSt 268
PreReq: “C” or better in HwSt 230 or “C” or better in HwSt 240 or “C” or better in HwSt 250 or “C” or better in HwSt 260; and consent of instructor.
Recommended: Students should be able to commit to raising funds for travel, and have the ability to travel during the class dates. A valid passport will be required if travel is to a foreign country.
Provides an opportunity for expanding learners’ world view. Grounded in Hawai'i cultural practice, ritual, and protocol. Learners will engage in a cultural/educational exchange between Hawai'i culture and another region or country in Oceania and the World. Students should be prepared to register for the companion course, HwSt 282 Hawai'i Pamamao II, in the following semester. May be repeated for credit, up to 12 credits. (3 lec hrs.)

HwSt 282—Hawai'i Pamamao II (3)
Formerly HwSt 269
PreReq: “C” or better in HwSt 281; and consent of instructor.
Recommended: Students should be able to commit to raising funds for travel, and have the ability to travel during the class dates. A valid passport will be required if travel is to a foreign country.
Provides advanced students an extended learning opportunity to travel to another region or country in Oceania and the World to engage in a cultural and educational exchange with other communities. Course is highly performance-based in areas of Hawai'i cultural practice, protocol, language, and social conduct. May be repeated for credit, up to 12 credits. (3 lec hrs.)

Health

Hlth 31—First Aid and Safety (1)
The prevention of accidents and first aid care. Includes cardiopulmonary resuscitation. (1 lec hr.)

Health, Physical Education, and Recreation

HPER 122—Aerobics (1)
Designed to improve cardiovascular fitness, strength, flexibility, and coordination through a systematic program of rhythymical activities. (2 lec/lab hrs.)

HPER 129—Step Aerobics (1)
Introduction to bench stepping as a means to developing cardiovascular fitness. (2 lec/lab hrs.)

History

Hist 123—PhilippineHistory (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Survey of the history of the Philippine islands from the beginning to present. (3 lec hrs.)

Hist 151—World Civilization I (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
A broad survey of world history from its prehistoric origins through the 16th century. (3 lec hrs.)

Hist 152—World Civilization II (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
A broad survey of world history from the 16th century to the present. (3 lec hrs.)

Hist 153—Hawai'i and the World I (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
History of Hawai'i from the earliest times until the reign of Kamehameha within the context of world history. (3 lec hrs.)

Hist 154—Hawai'i and the World II (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
History of Hawai'i since the reign of Kamehameha within the context of world history. (3 lec hrs.)

Hist 241—Civilization of Asia I (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Recommended: Hist 151
A survey of Asian civilization from earliest times and traditional society to contact with the West with emphasis upon the cultures of China, Japan, Korea, Southeast Asia. (3 lec hrs.)

Hist 242—Civilizations of Asia II (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
A survey of Asian civilizations from the time of contact with the West, and the response of these civilizations to the impact of the Western World. This course is part of a two term sequence: 241: to 1500; 242: from 1500. (3 lec hrs.)

Hist 274—Writing Personal History (3)
PreReq: Hist 151 or 152 or 153 or 154; and Eng 100
A ‘personal history’ course focusing on the study and writing of biography/autobiography, family/genealogy, local/ahupua’a, and regional history. (3 lec hrs.)

Hist 281—Introduction to American History I (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
An interpretive survey of United States history, 281: 1500-1877; 282: 1877-present. (3 lec hrs.)

Hist 282—Introduction to American History II (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
An interpretive survey of United States history, 281: 1500-1877; 282: 1877-present. (3 lec hrs.)
**Course Listings**

**Hospitality and Tourism**

**HosT 25—Guest Service Procedures (3)**
*PreReq: Placement in Eng 20R or in Eng 51 or in ESL 9 or higher*
A general survey of guest service principles, procedures, and foundations. Understanding the venues of communication to provide the ultimate guest service. Understanding the customer and handling their complaints, managing stress and time, creating customer loyalty, and connecting Hawaiian values to outstanding guest service. (3 lec hrs.)

**HosT 44—Principles of Hotel Management (3)**
*PreReq: HosT 101; and Eng 22 or Eng 55 or ESL 15 or placement in Eng 100*
Introduces, examines, and explains the basic principles of supervision and management. Focuses on the elemental roles, functions, and responsibilities shared by both supervisors and managers, and the rudimentary skills and techniques that must be employed in the day-to-day work setting to achieve positive, productive results. (3 lec hrs.)

**HosT 47—Hospitality Marketing (3)**
*PreReq: “C” or better in HosT 101; and “C” or better in Eng 22 or “C” or better in Eng 55 or “C” or better in ESL 15 or placement in Eng 100*
Introduces basic marketing principles including marketing environments, the marketing mix, segmentation, pricing, consumer behavior, marketing functions and organization, and promotional activities. Studies hotel-motel marketing techniques. Examines the relationship and coordination of hotel marketing activities in the community and marketplace. (3 lec hrs.)

**HosT 101—Introduction to Hospitality and Tourism (3)**
*Recommended: ESL 25 for English as a Second Language students*
Provides an overview of the travel industry and related major business components. Analysis of links between hotel, food, transportation, recreation, and other industries comprising tourism. (3 lec hrs.)

**HosT 150—Housekeeping Operations (3)**
Studies the professional management of housekeeping operations including the planning, organizing, staffing, and control techniques required to assure quality service. (3 lec hrs.)

**HosT 152—Front Desk Operations (3)**
*PreReq: Placement in Eng 20R or in Eng 51 or in ESL 9 or higher*
Study of philosophy, theory, equipment, and current operating procedures of a hotel front office, concentrating on development of human relation skills necessary for effective guest and employee relations and the technical skills necessary to operate a manual and computerized front office operation. (3 lec hrs.)

**HosT 260—Hospitality Law (3)**
*PreReq: “C” or better in HosT 101; and “C” or better in Eng 22 or “C” or better in Eng 55 or “C” or better in ESL 15 or placement in Eng 100*
Course will outline the different points of law as it relates to the Hospitality Industry. It alerts operator of hotels and restaurants to a number of potential legal problems and pitfalls. (3 lec hrs.)

**Human Development**

**HD 100—Self-Development (3)**
Designed to assist students in increasing their personal effectiveness through the exploration of such topics as academic adjustment, personal development, and career life planning. (Not acceptable as a social science elective) (3 lec hrs.)

**HD 214—Aging (3)**
The emotional, physical, and social processes of aging. (3 lec hrs.)

**Human Services**

**HSer 110—Introduction to Human Services (3)**
An overview of the field of human services including history, present and future perspectives, strategies of intervention, organization and delivery of services, issues and requirements for service givers, and kinds of employment. Also, the course surveys selected human service agencies available within the local community (principally Hilo). (3 lec hrs.)

**HSer 111—Introduction to Human Services: Therapeutic Aide (3)**
*PreReq: Eng 22 or ESL 15 or placement in Eng 100*
Comment: Course allows those working as T.A.’s to update their skills
Designed to provide students with a basic understanding of the human service field through the lens of a therapeutic aide worker. Focuses on attitudes, knowledge, and skills necessary for employment as a therapeutic aide within the mental health system. Emphasizes cultural awareness, crisis intervention skills and knowledge of child and adolescent mental health disorders. Enables therapeutic aides already working in the community to update their essential skills and to have a broader understanding of their responsibilities. (3 lec hrs.)

**HSer 140—Individual Counseling (3)**
*PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102*
*CoReq: HSer 110 (or prior completion)*
Designed to upgrade the understanding and counseling skills of people interested in the helping professions by study and evaluated practice in: establishing a trust relationship; interviewing; empathetic listening; values clarification; and problem solving. (3 lec hrs.)

**HSer 141—Introduction to Ho'oponopono (3)**
Cross-listed as Subs 141
This is an experiential course that focuses on counseling and resolving conflict among families, individuals and other groups using Hawaiian cultural methods of Ho'oponopono (family) and Ho'oku'u Ka Hewa (individuals and other groups). Students will examine Hawaiian historical foundations, spiritual principles, values and beliefs, protocol and rituals; ancient and modern processes; and levels of involvement and responsibility among participants. (3 lec hrs.)
HSer 193—Human Services Practicum I (3)
PreReq: HSer 110 or HSer 111
Supervised experience in human services providing counseling, practical support, education, information and/or care-giving in community agencies in the local community. (2 lec hrs., 3 lab hrs.)

HSer 245—Group Counseling (3)
Cross-listed as Subs 245
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Provides theoretical and experiential training in facilitating groups. Examines the process of facilitation and group membership. Exploring task facilitation, psycho-educational counseling, and psychotherapy groups. Addresses ethical issues and self-care of the group facilitator. (3 lec hrs.)

HSer 248—Case Management (3)
Cross-listed as Subs 248
PreReq: HSer 110 or Subs 268; and Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
Provides knowledge and practical skills to become competent case managers in human services agencies. Develops professional skills in order to teach those who need assistance to manage their own lives within the scope of their resources and abilities. Presents culturally sensitive strategies and strength-based model of case management. Special attention given to diverse populations utilizing case management systems. (3 lec hrs.)

HSer 256—Domestic Violence and Child Abuse (3)
Cross-listed as AJ 256 and WS 256
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
This course focuses on domestic violence and child abuse. The cycle of violence, causes, effects and symptoms of child abuse will be explored. Legal, public policy, criminal justice, health and social services responses and interventions to family, child and intimate partner abuse will be examined. (3 lec hrs.)

HSer 262—Adolescent Counseling (3)
Cross-listed as Subs 262
PreReq: HSer 110 or Subs 268; and Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
Focus on interpersonal skills needed in counseling adolescents (ages 12-18 years). Topics include developing effective substance abuse prevention and treatment approaches; screening and assessment; case management; individual, group, and family therapy; treatment in the juvenile justice system; and legal and ethical issues. (3 lec hrs.)

HSer 293—Human Services Practicum II (3)
PreReq: HSer 110 or HSer 111; and HSer 193
A continuation of HSer 193 in another agency setting. Supervised experience in human services providing counseling, practical support, education, information and/or care-giving in community agencies in the local community. (2 lec hrs., 3 lab hrs.)

Hum 100—Introduction to the Arts (3)
PreReq: Eng 20W or ESL 13 or placement in Eng 22 or placement in ESL 15; and Eng 21 or placement in Eng 102
An introduction to the arts through the study of aesthetics, creativity, values, and meaning through the underlying elements and principles inherent in the visual arts, music, dance, theatre, and all artistic endeavors. (3 lec hrs.)

Hum 160—Modes of Thought (3)
Cross-listed as SSci 160
Recommended: Eng 21 or Eng 22
Literature-based Western tradition survey. Emphasis on intellectual history and the approaches to issues used in the humanities and social sciences. Values definition and clarification. (3 lec hrs.)

Hum 275—Psychology and the Expressive Arts (3)
Cross-listed as Psy 275
PreReq: Psy 100 or Psy 170 or Hum 100
The theory and practice of studying the personality through the visual arts, writing arts, dance, music, and drama towards a therapeutic end for the individual utilizing group dynamics. May be repeated for credit up to 6 credits. (3 lec hrs.)

Industrial Education, Building and Construction

IEdB 20—Careers in Building and Construction (3)
Recommended: Eng 20R or ESL 9 or Eng 51 or placement in Eng 21; and computer literacy
Introduction to construction/construction careers using the Contextual Model. Students will be asked to think and solve problems related to construction projects, from origination of an idea through actual completion of the construction process. Students are required to sequence the project; identify by career the people involved with the project; and identify permits, licenses, and organizations with jurisdiction over various aspects of the project including relevant city, county, state and national codes and regulations that apply to the project. Introduction to safety, common materials, hand and limited power tool application, current construction techniques, and blueprint reading. (6 lec/lab hrs.)

Information and Computer Science

ICS 100—Computing Literacy and Applications (4)
PreReq: Eng 20R or ESL 9 or Eng 51 or placement in Eng 21; and Math 50 or Math 24 or 24X or placement in Math 26
An introductory survey of computers and their role in the information world emphasizing computer terminology, hardware, and software. Opportunities for hands-on experience using applications software may include spreadsheets, word processing, presentations, communications, and databases. (3 lec hrs., 2 lec/lab hrs.)

ICS 101—Digital Tools for the Information World (4)
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100; and Math 25 or 25X or Math 26 or placement in Math 100
Hands-on computer class with emphasis on producing professional-level documents, spreadsheets presentations, databases, and web pages for problem solving. Includes concepts, terminology, and a contemporary operating system. Meets requirements for College of Business (UHM and UHH) and UHM’s Biology program and Botany Department. (3 lec hrs., 2 lec/lab hrs.)

Information Technology

ITS 103—Introduction to the Programming Process (4)
CoReq: ICS 101 (or prior completion with a “C” or better)
A first course emphasizing the development of problem solving and logical skills required to program in a business environment. Algorithms and programs are designed and implemented in the structured procedural style. Basic debugging and documentation techniques are also covered. (3 lec hrs., 2 lec/lab hrs.)
ITS 104—Computer Hardware Support (4)
PreReq: ICS 101 (or prior completion)
A first course in computer support intended to provide the skills needed to prepare the student to support personal computer hardware. The course prepares students to address the most common PC hardware concerns. It includes both concepts and hands-on real-world experience. (3 lec hrs., 2 lec/lab hrs.)

ITS 108—Computer Software Support (3)
PreReq: ITS 104
The second course in computer support intended to provide the skills needed to prepare the student to support personal computer operating systems. The course prepares the student to address the most common PC operating system concerns. This course includes both concepts and hands-on real-world experience. (3 lec hrs.)

ITS 118—Visual Basic Programming for Business Applications (4)
PreReq: “C” or better in ICS 101 and “C” or better in ITS 103
A second course in programming introducing the development of business applications. Event-driven programming and object-oriented concepts are covered utilizing Visual Basic. Programming constructs, practices, and style are emphasized as well as program testing, debugging and documentation. (3 lec hrs., 2 lec/lab hrs.)

ITS 121—Computing Topics (3)
PreReq: variable per topic
Introductory topics varying semester to semester to maintain currency with rapidly changing technologies in Hawai‘i’s business industry. Topics may include operating systems, specific hardware systems, other software packages and programming languages not covered in IT program courses. May be repeated for credit provided that a different topic is studied. (3 lec hrs.)

ITS 151—Applied Database Programming in an Object Oriented Environment (4)
PreReq: “C” or better in ITS 118
This is a course in developing interactive Database Management Systems (DBMS) in an Object Oriented Database Environment. This requires experience with object oriented programming in an interactive mode. Application requirements are explained through presentation of a set of data structures, or logical schema, for sample applications. Structured programming techniques, good programming style, and event driven programming emphasized. Students will develop complete event driven menu based database systems. (3 lec hrs., 2 lec/lab hrs.)

ITS 193—Cooperative Education/Internship/Practicum (3)
PreReq: “C” or better in ITS 151 and “C” or better in ITS 215 and “C” or better in ITS 218; and Eng 100; and SpCo 151
Cooperative internship integrating classroom learning with supervised, structured and unstructured work experience. Offers an opportunity to enhance workplace soft skills as well as technical skills. Assignments determined by students’ interests, program content and job availability. (1 lec hr., 8 practicum hrs.)

ITS 215—Network Administration (4)
PreReq: ITS 108
The setup and operation of a local area network utilizing Microsoft Windows Server network operating system. Managing hardware, software, file systems, user accounts, and security. System management for performance optimization, name space, protocol support, and preventative maintenance. (3 lec hrs., 2 lec/lab hrs.)

ITS 218—Help Desk Support (3)
PreReq: ITS 108
Provides an introduction to the wide range of topics required of an entry-level user support specialist. The responsibilities of support positions vary widely, and with the broad foundation of topics covered in this course, specialists entering the support industry will be ready to meet employer needs. Emphasizes the knowledge, skills and abilities commonly found in user support position descriptions and on the tasks employers expect support staff to be able to perform. (3 lec hrs.)

ITS 221—Advanced Computing Topics (3)
PreReq: variable per topic
Advanced topics varying semester to semester to maintain currency with rapidly changing technologies in Hawai‘i’s business industry. Topics may include advanced courses in programming languages or networking, systems analysis, electronic commerce and other topics as they emerge. May be repeated for credit provided that a different topic is studied. (3 lec hrs.)

ITS 284—Data Communications Fundamentals (3)
PreReq: “C” or better in ITS 215
Familiarizing students with the terms and concepts used in the computer networking industry. Providing them with a conceptual framework of data communications. Assisting students to understand computer networks and enabling them to make informed decisions on network design and technology. (3 lec hrs.)

Interdisciplinary Studies

IS 55—In Focus: Template for Success (3)
PreReq: consent of instructor
A course designed for students who are at risk for academic failure. The course teaches practical life skills that will empower you to create your own success in life. Activities are designed to help you excel in college, succeed in the workplace, learn to solve real-life problems, and make wise choices. Additional topics include effective money management, stress management, and using technology for success. (3 lec hrs.)

IS 100V—Introduction to Student Government (1-3)
PreReq: consent of instructor
Problems and issues of student government activities. May be repeated for credit, up to 6 credits. (variable hours)

IS 101—Building Bridges to Self, College, and the Community (1)
PreReq: Placement in Eng 21
This course builds the academic, technological, social, and personal skills needed to succeed in college and the work world, including goal setting and teamwork. Self reflection and community engagement support the development of problem solving, critical thinking, stress management, and global understanding skills. Course builds a foundation for any first year student to succeed in the college environment as well as explore applications to social science disciplines including psychology, sociology and political science which underpin personal and social change. (3 lec hrs.)

IS 105B—Self Awareness and Decision Making (1)
PreReq: Eng 21 or placement in Eng 102
Designed to assist students in developing self-awareness and self-esteem for problem solving and decision making. Emphasis will be on values, goals, locus of control, and life transitions. (1 lec hr.)
IS 105C—Personal Enhancement (1)
PreReq: Eng 21 or placement in Eng 102
Designed to improve one’s self-concept and self-confidence and to achieve a sense of stability and overall well being. This course explores such topics as stress management, conflict resolution, and health and fitness awareness. (1 lec hr.)

IS 105D—Career/Life Exploration and Planning (1)
PreReq: Eng 21 or placement in Eng 102
Designed to assist students in identifying possible careers that would match their values, interests, and skills. Introduces students to job search resources and can assist them with future résumé writing and job interviews. (1 lec hr.)

### Japanese

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Jpns 101</td>
<td>Elementary Japanese I (4)</td>
<td>Introductory Japanese language course, emphasizing reading, writing, speaking, and listening. (5 lec hrs.)</td>
</tr>
</tbody>
</table>
| Jpns 102 | Elementary Japanese II (4) | PreReq: Jpns 101
Continuation of Jpns 101. The study of the basic structure of the Japanese language with emphasis on listening, speaking, reading and writing skills. (5 lec hrs.) |
| Jpns 121 | Elementary Japanese Conversation I (3) | Development of conversational skills—listening, comprehension, and speaking—for persons in business or occupations dealing with Japanese-speaking clientele. (3 lec hrs.) |
| Jpns 122 | Elementary Japanese Conversation II (3) | PreReq: Jpns 121
An intermediate course with emphasis on the creative skills of conversation—adding some reading and writing of the language—for persons in business or occupations dealing with Japanese clientele. (3 lec hrs.) |

### Journalism

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Description</th>
</tr>
</thead>
</table>
| Jour 205 | News Writing (3) | Cross-listed as Eng 205
PreReq: “C” or better in Eng 100; and “C” or better in Eng 102
Recommended: Knowledge of word processing
An introductory course in writing, newsgathering, editing, and journalistic ethics. Covers the basics of writing for publication in newspapers, magazines, and the Internet. (3 lec hrs.) |

### Law

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>

</table>

### Learning Skills

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>LSK 30</td>
<td>College Study Skills (3)</td>
<td>Designed to give students an opportunity to learn and practice fundamental learning skills necessary for success in college. This course will build a strong foundation of study skills, including reading skills, memory strategies, listening skills, writing, note taking, and speaking skills, as well as time management and goal setting. (3 lec hrs.)</td>
</tr>
</tbody>
</table>

### Linguistics

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Description</th>
</tr>
</thead>
</table>
| Ling 102 | Introduction to the Study of Language (3) | PreReq: “C” or better in Eng 21 or placement in Eng 102; and “C” or better in Eng 100
A broad introduction to the nature and workings of language through linguistic analysis: an overview of phonology (sound system), morphology (word structure), syntax (sentence structure), semantics (meaning), ethnolinguistics, and historical-comparative linguistics. (3 lec hrs.) |
| Ling 121 | Introduction to Language (3) | Cross-listed as Anth 121
PreReq: “C” or better in Eng 22 or “C” or better in ESL 15 or placement in Eng 100
An introduction to the study of language from an anthropological perspective. Broad topics include ethnolinguistics (language and culture), sociolinguistics (language and society), psycholinguistics (language and cognition), and core subfields in linguistics: phonology (sound system), morphology (word structure), and syntax (sentence structure). More emphasis will be given to anthropological methods and cultural concepts in Anth 121 than in Ling 121, where linguistic approaches are emphasized. (3 lec hrs.) |
| Ling 235 | Intermediate Linguistic Analysis: Regional Survey of Austronesian Languages (3) | Cross-listed as Anth 235
PreReq: (“C” or better in Anth 121 or “C” or better in Ling 102 or “C” or better in Ling 121) and (“C” or better in Eng 100 and “C” or better in Eng 102)
Building on skills acquired in Linguistics 102 or Ling/Anth 121, this course emphasizes intermediate phonological, morphological, syntactic, and historical-comparative analyses of language; it typologically surveys the Austronesian (AN) language family (including several Polynesian languages), focusing on its geographical distribution, major languages, the branching of its family tree, and its linguistic/cultural diversity. Data from non-AN Southeast Asian and Indo-European languages will be included to introduce key concepts and provide contrast. (3 lec hrs.) |

### Machine Technology

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mach 20</td>
<td>Introduction to Machine Shop Technology (1)</td>
<td>A beginning course in Machine Shop Technology that covers the occupational outlook and job descriptions for a machinist and other careers in metal related trades. General shop and personal safety are also stressed. (2 lec/lab hrs.)</td>
</tr>
</tbody>
</table>
### Mach 20—Introduction to Management (3)
An introduction to the management process. Principal functions of planning, organizing, directing, and controlling are integrated with behavioral concepts. (3 lec hrs.)

### Mach 21—Measurement and Layout (1)
A course on systems of measurements, tools, and methods used in making accurate measurements. Also covers tools and procedures used in making precise layouts. (2 lec/lab hrs.)

### Mach 22—Hand Tools and Bench Work (1)
A course in the proper use and maintenance of the basic hand tools of a machine shop. Bench work includes the operations of laying out, fitting, and assembling. These operations may involve sawing, chopping, filing, polishing, scraping, reaming, and threading. (2 lec/lab hrs.)

### Mach 23—Basic Machine Tools (1)
A course in the proper use and maintenance of the basic machine tools. Equipment includes the metal cutting saws, drilling machines, grinders, and external threading machine. (2 lec/lab hrs.)

### Mach 24—Lathe I: Facing and Turning (2)
**CoReq:** Mach 21, 22, and 23
A beginning course on the use of the engine lathe. Topics covered are methods of mounting work, cutting tool shapes and preparation, turning, facing, knurling, speeds, and feeds. (4 lec/lab hrs.)

### Mach 25—Shape Altering and Tapering on the Lathe (2)
**CoReq:** Mach 24 (or prior completion)
Second of two beginning courses on the use of the engine lathe. Operations covered in this course are grooving, form turning, tapering, drilling, boring, and reaming. (4 lec/lab hrs.)

### Mach 26—Lathe II (6)
Engine lathe operations including taper and angular turning, boring, cutting internal and external acme screw threads, face plate set-up, and metalyzing by spray build-up and sizing. Stress is placed on accuracy and measurement by the use of micrometers, vernier calipers, dial indicators, and gauge blocks. (12 lec/lab hrs.)

### Mach 27—Vertical Milling & Introduction to CNC (4)
**PreReq:** Mach 26
**CoReq:** Mach 28
An introduction to common milling operations, including the nomenclature, functions, lubrication, maintenance, setup, and safety in milling operations. Basic machining operations commonly done on the vertical milling machine include common work holding devices, milling cutters and tool holding devices. Also an introduction to Computer Numerical Control (CNC), use of Cartesian coordinates, absolute and incremental measurements, datum points, and applications of the Digital Read Out (DRO). Emphasis on the use of the CNC function in the shop floor mode and setup and machining of programmed functions. (8 lec/lab hrs.)

### Mach 28—Shaper, Line Boring, and Advanced Machines (2)
**PreReq:** Mach 26
**CoReq:** Mach 27
This course will include safety, maintenance and basic operations of the shaper, portable line boring machine, and advanced operations on the lathe and drill press. This course is designed to be offered concurrently with Vertical Milling. Due to the limited work stations, this course is a part of a multiple activity laboratory offering. (4 lec/lab hrs.)

### Mgt 20—Introduction to Management (3)
**PreReq:** Eng 20R or ESL 9 or Eng 51 or placement in Eng 21
An introduction to the management process. Principal functions of planning, organizing, directing, and controlling are integrated with behavioral concepts. (3 lec hrs.)

### Mgt 22—Human Resources Management (3)
**PreReq:** Eng 20R or ESL 9 or Eng 51 or placement in Eng 21
An introduction to the principles, organizations and techniques of personnel administration. Procurement and placement, improvement of performance, management and labor relations, remuneration, security, and other services provided by the personnel section. (3 lec hrs.)

### Mgt 124—Principles of Supervision (3)
**PreReq:** Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
To enhance the understanding of the supervisory process and the management of human resources. Focuses on supervisory position function, activities, and topics for supervisors to understand and apply. (3 lec hrs.)

### Marketing

<table>
<thead>
<tr>
<th>Mkt 30—Principles of Retailing (3)</th>
<th>Deleted. (See Mkt 130)</th>
</tr>
</thead>
</table>
| Mkt 60—Principles of Advertising (3) | **PreReq:** Eng 20R or ESL 9 or Eng 51 or placement in Eng 21  
An introduction to advertising and its marketing role in selling a product.  
A nontechnical, practical approach involving basic media evaluation, media rates and purchasing methods, and advertising creation and production. (3 lec hrs.) |
| Mkt 65—Principles of Visual Merchandising (3) | Deleted. |
| Mkt 120—Principles of Marketing (3) | **PreReq:** Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102  
Introduction to marketing concepts and the application to the process of marketing products, services, and ideas to provide value and benefits to both for-profit and non-profit organizations. Students will develop an understanding of the marketing process, analyze marketing opportunities, and develop strategies to fulfill the needs of target markets. (3 lec hrs.) |
| Mkt 121—Marketing Topics (3) | **PreReq:** Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102  
Marketing topics varying semester to semester to maintain currency with the dynamic nature of a global marketplace. Topics may include marketing research, fundamentals of purchasing, fundamentals of inventory management and control, international marketing, and other marketing topics deemed relevant. (3 lec hrs.) |
| Mkt 110—Principles of Retailing (3) | Formerly Mkt 30  
**PreReq:** Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102  
An introductory review of retailing and its relationship in the marketing and free enterprise system. Emphasis is on the basic functions of a retail store, finance, inventory, and expense control, operations, personnel, merchandise, and sales promotion. (3 lec hrs.) |
Mkt 150—Principles of Selling (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
A study of the principles and methods of selling and its role in the marketing process. Emphasis is on the sales process and the various aspects involved in making a sales presentation. Students will select a product, service or intangible, develop a complete sales presentation and role play the presentation for analysis and evaluation. (3 lec hrs.)

Mkt 151—Principles of Customer Service (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Course builds and maintains the critical skills and understanding necessary to be a dynamic and successful member of today’s rapidly growing service economy. Students will gain insight into customer behavior and attitudes and will develop strategies to create positive customer relationships encountered in various situations on the job. (3 lec hrs.)

Mkt 157—Principles of Web Design I (3)
PreReq: “C” or better in Eng 21 or “C” or better in Eng 22 or “C” or better in ESL 15 or placement in Eng 100 or placement in Eng 102
Recommended: Basic knowledge of and experience with PCs, application software, and the Internet.
Introduces students to the basic design and construction of a Web site in relation to best practices. Review of Internet history, concepts, and terminology. Hands-on activities include exposure to asset creation tools, but will focus on Web elements, layout and design, production tools, and user interface. Students will be taken through the process of constructing a Web site from start to finish. (2 lec hrs., 2 lec/lab hrs.)

Mkt 158—Principles of Web Design II (3)
PreReq: Mkt 157
A continuation of Principles of Web Design I expanding on design and construction principles. Exposure to additional best practices, and hands-on activities will focus on accessibility and internationalization, audio/video asset editing tools, interactivity, testing, and implementation. Students will design and construct a Web site as a capstone project. Basic Web server setup and maintenance will be introduced. (2 lec hrs., 2 lec/lab hrs.)

Mkt 159—Principles of PHP and MySQL (3)
PreReq: Mkt 158
Introduces students to PHP and MySQL to develop an interactive Web site. Students will install PHP and create a basic MySQL database in a Web server then create applications such as, but not limited to, a simple product catalog and customer or member only sites that require visitors to register and log in with a password. (2 lec hrs., 2 lec/lab hrs.)

Mkt 185—Principles of E-Marketing (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Conducting business in today’s digital age means using the Internet and other forms of digital sales and marketing. This course provides the foundation for marketing using the Internet. Course work includes managing e-Commerce through customer service, interfacing with customers by e-mail, understanding the digital mentality and netiquette, fulfilling e-Commerce orders, what not to do online, and thriving in the virtual international marketplace. (3 lec hrs.)

Mkt 193A—Marketing Practicum I (2)
Deleted.

Mkt 193B—Marketing Practicum (3)
PreReq: Mkt 120 and Mkt 121
This practicum provides marketing majors with the opportunity to integrate the knowledge and skills acquired into the work environment as they complete meaningful productive tasks. Students will complete a project that requires utilization of critical thinking skills to synthesize course work and develop original ideas. (1 lec hr., 8 prac hrs.)

Mathematics
All students are required to take a math placement test before enrolling in any math class at HawCC.

Math 1A—Basic Mathematics A (1)
PreReq: Placement in Math 1
CoReq: Math 1B and Math 1C and Math 1D
Students will review the procedures used to solve problems involving whole numbers. Covers addition, subtraction, multiplication, and division of whole numbers; exponential notation; and order of operations. Other topics included are estimations, factorization, divisibility, and determining least common multiples. (1 lec hr.)

Vocational Math Progression

```
Vocational Math Progression

</tr>
<tr>
<td>MATH 66</td>
</tr>
</tbody>
</table>
```

Math 1B—Basic Mathematics B (1)
Math 1C—Basic Mathematics C (1)
Math 1D—Basic Mathematics D (1)

Students will review the procedures used to solve problems involving whole numbers. Covers addition, subtraction, multiplication, and division of whole numbers; exponential notation; and order of operations. Other topics included are estimations, factorization, divisibility, and determining least common multiples. (1 lec hr.)
Math 1B—Basic Mathematics B (1)
PreReq: Placement in Math 1
CoReq: Math 1A and Math 1C and Math 1D
Students will review the procedures used to solve problems involving fractions. Covers addition, subtraction, multiplication, and division of fractions; concepts of fractions; order; exponentiation; and order of operations. (1 lec hr.)

Math 1C—Basic Mathematics C (1)
PreReq: Placement in Math 1
CoReq: Math 1A and Math 1B and Math 1D
Students will review the procedures used to solve problems involving decimals. Covers addition, subtraction, multiplication, and division of decimals; concepts of decimals; rounding decimals; converting fractions to decimals; converting decimals to fractions; and order of operations. (1 lec hr.)

Math 1D—Basic Mathematics D (1)
PreReq: Placement in Math 1
CoReq: Math 1A and Math 1B and Math 1C
Students will review the procedures used to solve problems involving ratio and proportion and percents. (1 lec hr.)

Math 22—Pre-Algebra Mathematics (4)
PreReq: “C” or better in Math 1ABCD or placement in Math 22
Designed to prepare students for an elementary algebra course as well as various technical math courses. Topics include: operations with integers and rational numbers, use of variables, algebraic expressions, the process of solving single- and multi-step equations, introduction to graphing linear equations, ratios, proportions, and percents. Optional topics may include geometry, mensuration, and polynomials. (4 lec hrs.)

Math 24—Elementary Algebra I (3)
PreReq: “C” or better in Math 22 or placement in Math 24
This course is the first half of a standard one-year course in elementary algebra. Topics to be covered include: the concept of a variable, evaluation of expressions, and simple algebraic modeling. Students will solve and graph linear equations and inequalities. (3 lec hrs.)

Math 25—Elementary Algebra II (4)
PreReq: “C” or better in Math 24
This course is the second half of a standard one-year course in elementary algebra. Topics to be covered include polynomials, products and factors, solutions and graphs of quadratic equations, rational expressions and equations, and radical expressions and equations. (5 lec hrs.)

Liberal Arts Math Progression

\[\text{MATH 1ABCD} \rightarrow \text{MATH 22} \rightarrow \text{MATH 24} \rightarrow \text{MATH 25} \rightarrow \text{MATH 26} \rightarrow \text{MATH 120, MATH 100, 107, 108} \rightarrow \text{MATH 27} \rightarrow \text{MATH 110, MATH 115} \rightarrow \text{MATH 135} \rightarrow \text{MATH 140} \rightarrow \text{MATH 205} \rightarrow \text{MATH 206}\]
Math 26—Elementary Algebra (5)
PreReq: “B” or better in Math 22 or placement in Math 26
Topics include: operations with real numbers, linear equations and inequalities in one variable, polynomials, factoring, rational numbers and rational expressions, linear equations and inequalities in two variables, linear systems of equations and inequalities in two variables, roots and radicals, and quadratic equations. (5 lec hrs.)

Math 27—Intermediate Algebra (3)
PreReq: “C” or better in Math 25 or 25X or Math 26 or placement in Math 27
Reviews real numbers, polynomials, algebraic fractions, first degree equations, and inequalities. Studies quadratic equations, exponents, radicals and rational expressions and equations, complex numbers, graphing equations and inequalities in two variables, systems of equations in two and three variables, applications of first and second degree equations and an introduction to functions. (3 lec hrs.)

Math 50—Technical Mathematics I (3)
PreReq: “C” or better in Math 1ABCD or placement in Math 50
An applied mathematics course that includes an integration of topics in arithmetic, algebra, geometry, tables and graphs, and problem solving. (3 lec hrs.)

Math 51—Algebra Topics for Electricity (3)
PreReq: “C” or better in Math 22 or placement in Math 51
Application of algebraic principles in solving practical problems concerning simple DC electrical circuits. Topics will include: Ohm’s Law; series, parallel, and combination circuits; power and efficiency. (3 lec hrs.)

Math 55—Technical Mathematics II (1-3)
PreReq: Math 50
Advanced topics in technical mathematics including applications of algebra, geometry, and/or numerical trigonometry to shop problems. May be repeated for credit, provided that a different topic is studied. (variable hours)

Math 66—Trig & Algebraic Topics for Drafting and Electronics (4)
PreReq: “C” or better in Math 22 or placement in Math 24 or 24X
A course covering the fundamental concepts of arithmetic, algebra, geometry, and trigonometry, including application problems. (4 lec hrs.)

Math 100—Survey of Mathematics (3)
PreReq: “C” or better in Math 25 or 25X or “C” or better in Math 26 or placement in Math 100; and Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Designed to acquaint non-science majors with mathematical reasoning and problem solving, and to expose students to the power and utility of mathematics through its relationship to the world. Foundation topics covered are problem solving, elementary logic, and numeration systems; additional topics may include one or more of the following areas: algebra, geometry, probability, and statistics. Proofs and historical perspectives are included as appropriate. (3 lec hrs.)

Math 107—Mathematics for Education I (4)
PreReq: Math 25 or 25X or Math 26 or placement in Math 107; and Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Concepts, properties and applications of topics of number systems. Intended for pre-service and in-service elementary school teachers. (4 lec hrs.)

Math 108—Mathematics for Education II (4)
PreReq: Math 25 or 25X or Math 26 or placement in Math 108; and Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Concepts, properties and applications of topics from probability, statistics and geometry. Intended for pre-service and in-service elementary school teachers. (4 lec hrs.)

Math 110—College Algebra (3)
PreReq: “C” or better in Math 27 or placement in Math 110; and Eng 21 or placement in Eng 102
A continuation from Intermediate Algebra. Topics include: algebraic equations and inequalities, absolute value, polynomials, rational, exponential and logarithmic functions, conic sections, systems of equations and inequalities, matrices and determinants. Additional topics may include sequences and series, combinatorics, probability and/or mathematical induction. (3 lec hrs.)

Math 115—Statistics (3)
PreReq: “C” or better in Math 25 or 25X or “C” or better in Math 26 or placement in Math 115; and “C” or better in Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Presents basic introduction to topics in statistics including: descriptive statistics, elementary probability theory, normal and binomial distributions, and methods of statistical inference. Emphasis is on interpretation and application. (3 lec hrs.)

Math 120—Trigonometry for Surveying (4)
PreReq: “C” or better in Math 25 or 25X or “C” or better in Math 26 or placement in Math 120
Designed for students in Forest TEAM & related careers. Application of trigonometry to surveying. Topics included are solving right triangles to find angle measures and lengths of sides; specifying directions (finding bearings and azimuths to plot surveys); converting between bearings and azimuths; computing precision; using Law of Sine and Law of Cosine to find the measures of angles and lengths of sides of oblique triangles; computing areas of triangles and other polygonal regions using geometric and trigonometric formulas, computing, correcting and balancing latitude and departure, computing error of closure, and finding the coordinates of the survey. (4 lec hrs.)

Math 135—Pre-Calculus: Elementary Functions (4)
PreReq: “C” or better in Math 27 or placement in Math 135
Functions and relations, polynomial and rational functions, exponential and logarithmic functions, matrices, sequences and series. Instruction will be given on the use of appropriate technology to facilitate conceptual understanding of functions (numerically, graphically, symbolically, and verbally). (4 lec hrs.)

Math 140—Pre-Calculus: Trigonometry and Analytic Geometry (4)
PreReq: “C” or better in Math 135 or placement in Math 140
Properties of trigonometric functions, analytical geometry, conic coordinates, conic sections, and vectors. (4 lec hrs.)

Math 205—Calculus I (4)
PreReq: “C” or better in Math 140 or placement in Math 205
Basic concepts of differentiation and integration with applications. (4 lec hrs.)

Math 206—Calculus II (4)
PreReq: “C” or better in Math 205
The second course in the calculus sequence, which focuses on techniques of integration and on integrals of specific functions and their applications. Explores infinite series. (5 lec hrs.)
the requirements towards a CHO Certificate of Completion.

NURS 12—Common Diseases, Nutrition, Making Medications

The following three courses (Nurs 12, 13, and 14) comprise

+Micr 130—Microbiology (3)
  
  PreReq: Eng 21 or “B” in Eng 51 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
  
  CoReq: Math 25 or 25X or Math 26 or placement in Math 27; and Micr 130L
  
  Recommended: One semester of college chemistry or one year of high school chemistry
  
  This is a survey course of microbiology including topics in infectious disease, microbial taxonomy, morphology, genetics, immunology, microbial ecology, and applied microbiology. (3 lec hrs.)

+Micr 130L—Microbiology Lab (1)
  
  CoReq: Micr 130 (or prior completion)
  
  This course provides hands-on experience in introductory microbiology. (3 lab hrs.)

Nursing, Adult Residential Care Home Operator

Prerequisite—Nurse’s Aide OBRA Certification

The following three courses (Nurs 12, 13, and 14) comprise the requirements towards a CHO Certificate of Completion.

NURS 12—Common Diseases, Nutrition, Making Medications

Available, Effective Communication with Health Care Providers (2)

PreReq: Nurse’s Aide OBRA Certification
  
  CoReq: Nurs 13 and Nurs 14
  
  Purposes and provisions of Chapter 11-100.1 (Hawaii Administrative Rules) with focus on nutrition, medication, and documentation. Body systems, normal aging, chronic disease and observation of residents for signs and symptoms of common diseases are covered. The role and lines of responsibility of the care home operator in provision of health maintenance and screening, nutrition, medications, and prescribed medical treatments for the residents is also covered. Communication with health care providers is included. (2 lec hrs.)

Nurs 13—Helping Therapies and Behavior Management (1)

PreReq: Certified Nurses’ Aide Certificate
  
  CoReq: Nurs 12 and Nurs 14
  
  Prepares care home operators to assist in provision of occupational, physical, recreational and diversional therapies and to identify their role in caring for residents who are mentally retarded or emotionally ill. (1 lec hr.)

Nurs 14—ARCH Regulations, Accounts, Community Resources (1)

PreReq: Certified Nurses’ Aide Certificate
  
  CoReq: Nurs 12 and Nurs 13
  
  Acquaints care home operators with specific regulations of Chapter 96, “Title II”; prepares them to compile accounting records; assists them to identify resources available to residents and operators. (1 lec hr.)

Nurs 15—ARCH Regulations and Record Keeping (2)

Designed in cooperation with the Department of Health to prepare Registered Nurses and Licensed Practical Nurses to be Residential Care Home Operators. Acquaints students with rules and regulations of Hawaii Administrative Rules, Title 11, Chapter 100. Emphasis is placed on interpretation and applications of Chapter 100. Restricted to Registered Nurses and Licensed Practical Nurses only. (2 lec hrs.)

Nursing, Practical

Nurs 101—Personal Vocational Relations (1)

PreReq: “C” or better in Nurs 122
  
  Assuming the responsibilities and opportunities associated with a career in practical nursing. Ethical implications, legal aspects, and career requirements discussed. (1 lec hr.)

Nurs 120—Practical Nursing I (13)

PreReq: Sci 51 (or prior completion with a “C” or better)
  
  Introduction to basic nursing theories and skills. Concepts related to the nurse-patient relationship, pharmacology, nutrition, and rehabilitation are included in the course. Application of knowledge in patient-care situations under supervision of faculty. Open to Practical Nursing Majors only. (7 lec hrs., 18 lab hrs.)

Nurs 122—Practical Nursing II (14)

PreReq: “C” or better in Nurs 120 and “C” or better in Sci 51
  
  CoReq: FamR 230 (or prior completion with a “C” or better)
  
  Integrates anatomy and physiology, human behavior, and nursing care. Emphasis on understanding and implementation of general nursing care of patients with medical, surgical, and emotional disturbances. Application of knowledge in patient-care situations including administration of medications under supervision of faculty. (8 lec hrs., 18 lab hrs.)

Nurs 126—Child Health (3)

PreReq: “C” or better in Nurs 122 and “C” or better in FamR 230
  
  Theory and clinical experiences in caring for sick children of various age groups in the hospital. Concepts of normal growth and development are considered in the assessment, planning, and implementation of care for individual patients. Offered during summer session only. (1 lec hr., 6 lab hrs.)

Nurs 128—Maternity Nursing (3)

PreReq: “C” or better in Nurs 122 and “C” or better in FamR 230
  
  Caring for the normal family unit during the antepartal, intrapartal, and postpartal periods including care of the newborn infant. Clinical experiences in doctor’s office, hospital maternity and newborn units. Offered during summer session only. (1 lec hr., 6 lab hrs.)
Nurs 251—Mental Health and Psychiatric Nursing (3)
PreReq: "C" or better in Nurs 157
Second level course in which concepts regarding promotion, maintenance and restoration of mental health are presented within the framework of the nursing process. Emphasis is on triaging, assessing and treatment of cardiovascular, respiratory, and multi-trauma emergencies. Physiology and pathophysiology of cardiovascular, respirator, and multi-trauma emergencies will be presented. (2 lec hrs.)

Nurs 254—Family Health Nursing Care I (5)
PreReq: "C" or better in Nurs 157
Second level course in which concepts regarding promotion, maintenance and restoration of health are applied to the nursing care of the childbearing woman and family are presented within the framework of the nursing process. Emphasis is on the roles and responsibilities of the new graduate. (1 lec hr.)

Nurs 255—Family Health Nursing Care II (5)
PreReq: "C" or better in Nurs 157
CoReq: Nurs 257
Second level course in which concepts regarding promotion, maintenance and restoration of health are applied to the management of clients experiencing complex disruptions in functioning. Concepts are presented within the framework of the nursing process. Emphasis is on the beginning level of management of the nursing care of a group of clients. Application of principles occurs in Nurs 257 clinical settings. Employment opportunities and effective job-seeking strategies are addressed. (2 lec hrs., 9 lab hrs.)

Nurs 257—Advanced Adult Health Nursing (5)
PreReq: "C" or better in Nurs 157
CoReq: Nurs 260
Second level course in which concepts basic to promotion, maintenance and restoration of health are applied to the management of elderly clients experiencing disruptions in ego and body integrity/defense, oxygenation, metabolism, fluid and electrolyte balance, sensory-perceptual, mobility and coordination, digestion and elimination due to developmental and/or pathophysiological processes. (4 lec hrs., 18 lab hrs.)

Nurs 260—Nursing Management (2)
PreReq: "C" or better in Nurs 157
CoReq: Nurs 257
Second level course in which principles of management, organizational structure, leadership, decision making and change are presented within the framework of the nursing process. Emphasis is on managing the nursing care of groups of clients in hospital, long term care and community settings. Clinical experiences in institutional and community based settings. (2 lec hrs., 9 lab hrs.)

Nurs 264—Introduction to Emergency Nursing (2)
PreReq: "C" or better in Nurs 157 or Registered Nurse
Recommended: Ability to use e-mail and Internet
This is an elective, second level course in which advanced nursing theory related to the care of the emergency department client is presented within the framework of the nursing process. Emphasis is on triaging, assessing and treatment of cardiovascular, respiratory, and multi-trauma emergencies. Physiology and pathophysiology of cardiovascular, respirator, and multi-trauma emergencies will be presented. (2 lec hrs.)
Nurs 266V—Contemporary Nursing Topics (1-3)
PreReq: Nurs 157
Second level elective course. Advanced nursing care topics relevant to current nursing issues and community needs will be offered. Course content and topics may vary among semesters. May be repeated for credit provided that a different topic is studied. (variable hours)

Nurs 298V—Directed Clinical Studies (1-3)
PreReq: Consent of the Director of Nursing Programs
Application of knowledge and advanced nursing skills in selected clinical areas. Students may identify own clinical objectives under the guidance of nursing faculty. This will be a planned clinical supervision by nursing faculty in selected clinical settings. May be repeated for credit, up to 4 credits. (variable hours)

Oceanography
Ocn 201—Science of the Sea (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102; and Math 25 or 25X or Math 26 or placement in Math 27
Geological, physical, and biological aspects of the ocean; structure, formation, and features of ocean basins; seawater properties and their distributions; currents, waves, tides; characteristics of marine organisms; marine ecological principles. (No more than 3 credits may be granted for the completion of both Ocn 201 and Geol 201 at UHH College of Arts and Sciences.) (3 lec hrs.)

Ocn 205—Intermediate Oceanography (3)
PreReq: "C" or better in Ocn 201
An examination of the methods and results of marine science applied to various problems in geological, physical, chemical, and biological oceanography. Topics from Ocn 201 reexamined in more detail. (3 lec hrs.)

Pharmacology
Phrm 203—General Pharmacology (3)
PreReq: Biol 141 and Biol 141L; and Math 25 or 25X or Math 26 or placement in Math 27
Drugs discussed with emphasis on sites and mechanism of action, toxicity, fate and uses of major therapeutic agents. Intended for undergraduates in the health sciences and related fields. (3 lec hrs.)

Philosophy
Phil 100—Introduction to Philosophy: Survey of Problems (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Major philosophers, methods, and issues in philosophy. Discussion of such problems as our knowledge of reality, the freedom of the will, the relations between the mind and body, morality, ethics, and the existence of God. (3 lec hrs.)

Phil 101—Introduction to Philosophy: Morals and Society (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Examination of social and individual values, obligations, rights, and responsibilities. Application of classical ethical theories to contemporary moral issues. (3 lec hrs.)

Phil 102—Introduction to Philosophy: Asian Traditions (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Universal themes and problems, methods and fields of Philosophy from the historical as well as positional perspectives of Asian traditions of Hindu, Buddhist, Taoist, Confusian and Shinto philosophical world views. (3 lec hrs.)

Phil 110—Introduction to Logic (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Development of basic methods and techniques of analysis and an understanding of principles and concepts involved in critical thinking. Emphasis on logical validity, deductive and inductive reasoning, fallacious arguments, Symbolic logic, Fuzzy logic, and the Scientific Method and the criteria of reasonable evidence. (3 lec hrs.)

Phil 120—Science, Technology and Values (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Addresses the relationship between science, technology and human values with a focus on contemporary problems posed by developments in modern science. Discussion on modern results and historical development of astronomy, evolution and atomic theory. Understanding the impact of cognitive and other values on world views. (3 lec hrs.)

Phil 211—History of Western Philosophy I (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
An introduction to the history of philosophy based on translation of text Originally written in classical Greek or Latin, from the Pre-Socratics, to Plato, Aristotle and the Roman thinkers. (3 lec hrs.)

Phil 213—History of Western Philosophy III (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Introduction to the history of philosophy based on texts or translations of 'modern' works, that is, works originally written in a modern European language from the Renaissance to 19th century. (3 lec hrs.)

Phil 255—Cosmology (3)
PreReq: "C" or better in Eng 100
An interdisciplinary general survey of modern science and philosophy from the humanistic perspective. A scientific description of the Universe as a whole and the implication for human life will be studied. The primary philosophical problems of cosmology will be discussed along with the problem of understanding the world and our place in it, as well as our knowledge of it as a part of the Universe. (3 lec hrs.)

Physics
Phys 25—Measurements Toolbox (3)
Using a combination of methods and actual measuring tools, the measurement topics required in science will be learned and experience gained in applying the measures. (3 lec hrs.)

Phys 50—Technical Physics (3)
PreReq: Math 22 or Math 50 or Math 51 or placement in Math 24 or 24X
A study of matter and energy with emphasis on practical applications. Selected topics from mechanics, heat, sound, or electricity. (3 lec hrs.)
Phys 100—Concepts of Physics—A Survey (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102; and Math 22 or placement in Math 26
Students learn the concepts and methods of modern physics. Emphasis on comprehension of the scientific approach to problem solving and understanding of fundamentals of physics in motion, forces and energy, heat and sound, structure of matter, electricity and magnetism, light and relativity. Course designed for liberal arts students and as preparation for mathematics-based physics courses. (3 lec hrs.)

Phys 56—Hydraulics (3)
Studies and technical application of the transmission of energy and the effects of liquid in motion. (3 lec hrs.)

Rel 150—Introduction to the World's Major Religions (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Introduction to the study of world religions: Judaism, Christianity, Islam, Hinduism, Buddhism, Confucianism, Taoism, Shinto, Islam in Asia, Primal Religions (Shamanist/Animist), and New Modern Religious Movements (Bahai, Rastafarianism, etc.). (3 lec hrs.)

Rel 151—Religion and the Meaning of Existence (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Introduction to contemporary religious issues, their background and development, with emphasis on the question, “What is the meaning of existence?” (3 lec hrs.)

Rel 152—Asian Religions (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Introduction to the study of Asian Religions: Hinduism, Buddhism, Confucianism, Taoism, Shinto, Islam in Asia, Primal Religions (Shamanist/Animist), and New Modern Asian Religious Movements. (3 lec hrs.)

Rel 153—Western Religions (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Introduction to Western Religions: Ancient Religions of the Mediterranean, Primal religions of America and the Pacific, Judaism, Christianity, and Islam. Focus is on modern versions of Christianity and new Religious Movements in the United States. (3 lec hrs.)

Psy 270—Intro to Clinical Psychology (3)
PreReq: Psy 100
An introduction to the scientific and professional aspects of clinical psychology. Basic concepts related to assessment, treatment and clinical models will be explored and examined. (3 lec hrs.)

Psy 275—Psychology and the Expressive Arts (3)
Cross-listed as Hum 275
PreReq: Psy 100 or Psy 170 or Hum 100
The theory and practice of studying the personality through the visual arts, writing arts, dance, music, and drama towards a therapeutic end for the individual utilizing group dynamics. May be repeated for credit up to 6 credits. (3 lec hrs.)

Religious Studies

Psy 100—Survey of Psychology (Introductory) (3)
PreReq: Eng 21 or "B" or better in Eng 51 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
Principles of human behavior, individual difference, motivation, emotion, perception, learning. (3 lec hrs.)

Psy 170—Psychology of Adjustment (3)
PreReq: Eng 21 or "B" or better in Eng 51 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
Understanding, evaluating and improving adjustment. Ideas and techniques concerning behavior change and personal growth. (3 lec hrs.)

Psy 214—Research Methodology (4)
PreReq: Psy 100 and Psy 213; and Eng 100; and Math 115
Examines methods of critically reading, interpreting and evaluating psychological research. Explores ethical issues in research methods of scientific observation, development of experiments using a variety of research design and writing using APA style. (4 lec hrs.)

Psy 230—Human Sexuality (3)
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
The biological, psychological, and sociological determinants of human sexuality are explored. Some specific topic areas include: the anatomy and physiology of sexual behavior and reproduction, gender role and sexual differences, sexual variations in behavior, clinical dysfunctions and treatment, and contemporary issues. (3 lec hrs.)
Course Listings

Social Science

SSci 25—Issues in Ecology (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
This interdisciplinary course is concerned with developing a basic understanding and awareness of environmental issues and problems, their causes, and solutions. Students explore social, economic, and political aspects of issues such as pollution, population, and resources. (3 lec hrs.)

SSci 45—Urban Community (1)
The local community, its functions and its relationships to the island and state nation and world. Technology, work, public policy, and institutions will be examined. Field work. (3 lec hrs.)

SSci 60—Family and Community (3)
Overview of family and community in our contemporary society. The course studies how to identify family and community issues, strategies and resources to address problem areas, and how to develop skills which strengthen families and responsible citizenry. (3 lec hrs.)

SSci 111—Humanity, Society, and Technology (3)
Humanity’s existence in a changing society brought about by rapid technological advancements. Trends, current issues, and future global alternatives for man’s survival. (3 lec hrs.)

SSci 150—Ecology and Society (1)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Examines how the relationship between the individual and the natural environment is mediated through society. Involves learning to identify systems of culture and political economy in terms of institutionalized relationships to nature. Students develop a basic awareness of environmental issues and problems, their causes, and solutions. (3 lec hrs.)

SSci 160—Modes of Thought (3)
Cross-listed as Hum 160
Recommended: Eng 21 or Eng 22
Literature-based Western tradition survey. Emphasis on intellectual history and the approaches to issues used in the humanities and social sciences. Values definition and clarification. (3 lec hrs.)

SSci 241—Labor Problems and Trade Unionism (3)
Problems and economics of labor, history, structure, government, activities of trade unions; social and labor legislation. (3 lec hrs.)

SSci 250—Environmental Issues (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100; and Math 26 or placement in Math 27; and SSci 150; and consent of Instructor
This interdisciplinary course will require students to synthesize skills, knowledge and understanding of environmental issues. Students will be required to, individually or in a group, independently research and evaluate an issue relevant to our environment in Hawai‘i, such as development, pollution, conservation, or natural resources. This includes interacting with the community, such as service learning. (3 lec hrs.)

Sociology

Soc 100—Survey of General Sociology (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Survey of basic social relationships, social structures and processes. (May be applied toward Sociology major in UHH College of Arts and Sciences) (3 lec hrs.)

Soc 208—Criminology (3)
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
This course explores crime and the body of knowledge regarding it as a social phenomenon. An emphasis is placed on the analysis of crime, crime causation, crime variables, impact on society, and societal reactions to crime. (3 lec hrs.)

Soc 218—Social Problems and Social Issues (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100
An introduction to the major social problems and issues of contemporary society, including their nature, social causes and possible solutions. (3 lec hrs.)

Soc 251—Introduction to Sociology of the Family (3)
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
Examines family patterns, mate selection, parent-child interaction, socialization of roles, legal issues, and current trends in family organization and functions. (3 lec hrs.)

Soc 265—Community Development (3)
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
Course introduces students to the theory, methods, and practical application of community development studies. The course will review diverse types of successful community organizing projects with concern for the ethics, strategies and means available for successful community development. The course will involve significant participation in organizing community groups. (3 lec hrs.)

Soc 289—Sociology of Knowledge (3)
PreReq: Eng 22 or ESL 15 or placement in Eng 100
Recommended: Soc 100
The sociology of knowledge studies the connection between modes of consciousness and knowledge and social structure. This course examines how forms of consciousness like art, political ideologies, popular culture, science, religious beliefs and philosophy reflect a society’s institutions. It reviews the historical processes by which society forms and is formed by ideas. (3 lec hrs.)
Soc 290—Hawai'i’s People (3)
Sociologically-oriented approaches to create an awareness of individual cultural backgrounds and the culture of other ethnic groups in Hawai'i and in the continental U.S. (May be applied toward Sociology major in UHH College of Arts and Sciences) (3 lec hrs.)

Speech and Communication

SpCo 51—Oral Communication Techniques (3)
A practical skills-oriented course stressing a great deal of practice in speech skills. (3 lec hrs.)

SpCo 130—Business and Organization Communication (3)
PreReq: “C” or better in Eng 22 or “C” or better in ESL 15 or placement in Eng 100
Recommended: ESL 25 and/or Eng 55
Develops competence in oral and written communication within business and organizational contexts. Provides theory and practical skills to be a confident and effective communicator in a variety of business and organizational settings. (3 lec hrs.)

SpCo 151—Introduction to Speech and Communication (3)
PreReq: “C” or better in Eng 22 or “C” or better in ESL 15 or placement in Eng 100
Principles, theories and practices in one-to-one, small group, and one-to-many communication situations through participation in structured activities. (3 lec hrs.)

SpCo 231—Oral Interpretation of Literature (3)
PreReq: SpCo 151
The study of literature through performance. Practice in rhetorical and literary analysis culminating in performance of literary selections for an audience. The study of and practice in performance criticism. (3 lec hrs.)

SpCo 233—Oral Traditions: Story Telling (3)
PreReq: “C” or better in Eng 22 or “C” or better in ESL 15 or placement in Eng 100
CoReq: Eng 102 (or prior completion)
An introduction to a variety of Oral Traditions from different cultural groups along with the skills required to perform storytelling successfully. Half the content of this course will be dedicated to Hawaiian/Pacific/Asian cultures. Audience, context and outcome analysis form the basis of all public communication planning, and form the core of the theoretical foundation. In addition, course will pose special questions related to the origin and intent of particular literature. Students will select, analyze, rehearse and perform three types of storytelling presentations such as ancient mythology, folktales, wisdom tales, and modern genres. Students will be encouraged to invent and compose their own stories in some appropriate genre. Students will be encouraged to perform one of the three options in the community at an appropriate function of their choice. All performances are critiqued orally and with a written instrument. (3 lec hrs.)

SpCo 251—Public Speaking (3)
PreReq: Eng 100
Analysis, preparation and delivery of speeches. Emphasis on content, organization and style. (3 lec hrs.)

SpCo 260—Media and Society (3)
PreReq: Eng 100
An introductory survey course that explores the history, architecture, impacts, and major theories of mass media. It fuses theory with practice by including a component on media message production that permits students a hands-on learning style with actual media production skills and vocabulary. (3 lec hrs.)

Substance Abuse

Subs 140—Individual Substance Abuse Counseling (1)
CoReq: Subs 268 (or prior completion)
Focuses on theoretical approaches and interviewing skills used in counseling chemically dependent individuals. This course also examines ethical issues and self-care in substance abuse counseling utilizing didactic and experiential learning. (3 lec hrs.)

Subs 141—Introduction to Ho'oponopono (3)
Cross-listed as HSer 141
This is an experiential course that focuses on counseling and resolving conflict among families, individuals and other groups using Hawaiian cultural methods of Ho'oponopono (family) and Ho'oku'u Ka Hewa (individuals and other groups). Students will examine Hawaiian historical foundations, spiritual principles, values and beliefs, protocol and rituals; ancient and modern processes; and levels of involvement and responsibility among participants. (3 lec hrs.)

Subs 245—Group Counseling (3)
Cross-listed as HSer 245
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
Provides theoretical and experiential training in facilitating groups. Examines the process of facilitation and group membership. Exploring task facilitation, psycho-educational counseling, and psychotherapy groups. Addresses ethical issues and self-care of the group facilitator. (3 lec hrs.)

Subs 248—Case Management (3)
Cross-listed as HSer 248
PreReq: HSer 110 or Subs 268; and Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
Provides knowledge and practical skills to become competent case managers in human services agencies. Develops professional skills in order to teach those who need assistance to manage their own lives within the scope of their resources and abilities. Presents culturally sensitive strategies and strength-based model of case management. Special attention given to diverse populations utilizing case management systems. (3 lec hrs.)

Subs 262—Adolescent Counseling (3)
Cross-listed as HSer 262
PreReq: HSer 110 or Subs 268; and Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
Focus on interpersonal skills needed in counseling adolescents (ages 12-18 years). Topics include developing effective substance abuse prevention and treatment approaches; screening and assessment; case management; individual, group, and family therapy; treatment in the juvenile justice system; and legal and ethical issues. (3 lec hrs.)
Subs 268—Survey of Substance Abuse Problems (3)
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
This course provides students with a general and basic understanding of substance use, abuse, and dependency. Students will explore the historical and societal perceptions of substance use, patterns and trends of use, and societal and legal responses to drugs and alcohol. Methods of ingestion, effects on the individual, prevention, intervention, and treatment will be identified and analyzed. (3 lec hrs.)

Subs 270—Twelve Core Functions of Substance Abuse Counseling (3)
PreReq: Subs 268
This course focuses on the treatment process including intervention and prevention issues as it applies specifically to the substance abuser. Ethical and legal issues for the substance abuse counselor will be identified. A primary theme in this course will be the explanation of the Twelve Core Functions of a Substance Abuse Counselor. (3 lec hrs.)

Subs 275—Families and Addiction (3)
PreReq: Subs 268
Identifies the effects of chemical use and abuse on the family from the systemic, disease, and addiction perspectives. Includes developmental stages and task of family recovery and current treatment approaches, including family psychoeducation group counseling. (3 lec hrs.)

Subs 280—Co-occurring Disorders (3)
PreReq: Subs 268
CoReq: Subs 270 (or prior completion)
Encompasses the relationship between chemical dependency and mental illness. This course examines the identification and assessment of individuals diagnosed with co-occurring disorders, current treatment approaches, case management, and challenges that arise in the treatment of individuals with substance abuse and mental illness. (3 lec hrs.)

Subs 294—Substance Abuse Practicum I (3)
CoReq: Subs 140 and Subs 268 (or prior completion of either)
An exploratory internship for majors who wish to gain field experience in a substance abuse agency setting. The focus is to introduce students to the practical experience of the Twelve Core Functions of a Substance Abuse Counselor by observation and practice when appropriate. (3 lec hrs.)

Subs 295—Substance Abuse Practicum II (3)
PreReq: Subs 294
CoReq: Subs 270 (or prior completion)
Course provides advanced fieldwork experience in the same agency selected for Practicum I, or in another agency. Students will design and implement more advanced personal objectives than those for Subs 294, while continuing practical experience and training in the Twelve Core Functions. Students will be required to attend classroom seminars to process and discuss field placement experiences. (3 lec hrs.)

Univ 101—Freshman Experience Seminar (3)
Designed to assist first year students in knowing HCC, its programs, services, and place in the tradition of higher education. Students will learn about their role, the skills they will need, expectations of others, career options, and the student’s contributions to this multi-cultural setting. Admission is limited to classified freshman students. (3 lec hrs.)

University

Welding and Sheet Metal

Weld 17—General Welding (3)
For non-majors. Theory and basic manipulative techniques in the safe operation of equipment for oxyacetylene welding and cutting and for shielded metal arc welding. Emphasis on safety, machines and accessories, electrode identification and selection, identification of metals, and basic manipulative skills. (3 lec hrs.)

Weld 20—Introduction to Welding (8)
CoReq: Weld 23
Welding shop safety, proper use of oxyacetylene and electric arc welding equipment, care and use of tools and machines, flat position welding of ferrous metals, layout and fabrication procedures, jig and fixture development. (1 lec hr., 14 lec/lab hrs.)

Weld 23—Basic Metalwork (4)
CoReq: Weld 20
Shop safety, care and use of hand tools and machines, sketches and blueprints, soldering techniques, drilling and punching procedures, and riveting and seams. Sheet metal uses, fastening devices, basic supplies, and metal characteristics. (8 lec/lab hrs.)

Weld 24—Measurement and Layout (2)
An introductory course in linear and angular measurement; applications of math calculation on practical shop projects using common measuring and layout tools; direct measurement and simple layout using basic geometric construction and principles of squaring; blanking and procedures for development of simple patterns with allowances for common edges and seams; use of common three factor equations and application on cylindrical objects and rectangular objects with edges and seams; emphasis on accuracy in linear and angular measurement, squaring, and direct measurement layout. (4 lec/lab hrs.)

Weld 25—Metal Fabrication I Sheet Metal (2)
An introduction to manual processes in sheet metal fabrication; direct measurement layout and introduction to pattern development including parallel line development; procedures for layout, blanking, cutting, and forming, use of mechanical joints, fasteners and soldering; sheet metal fabrication of common fittings; emphasis on pattern development and sheet metal processes; sheet metal fabrication of round fittings and application to pipe. (4 lec/lab hrs.)

Weld 26—Basic Arc Welding (2)
This is a theory and practice course in SMAW safety and set-up; electrical principles and terminology; manipulative techniques in flat and horizontal welding; common SMAW power sources; electrode identification; selection; application, and manipulative techniques; basic materials, their identification and weldability; introduction to evaluation of welds and common shop tests to determine weld quality; and common joints and fit-up in structural steel and plate. (4 lec/lab hrs.)

Weld 27—Metalworking Lab I (2)
CoReq: Weld 24 or 25 or 26 or 28 or 29 (or prior completion of any)
Open laboratory for students to complete assigned work or to develop proficiency in basic skills. The student must be enrolled in one of the courses listed above, or have credit in the courses that require this additional lab time. With instructor approval, course may be repeated for credit, up to 6 credits. (4 lec/lab hrs.)
Weld 28—Metalworking (2)
Introduction to the metalworking trades; safety and common industrial shop practices; interpretation of shop drawings and sketches; commonly used materials and supplies; basic hand tools; metalworking machinery and bench work common to metal fabrication; emphasis on hand processes and fabrication with light gage materials and flat stock. (4 lec/lab hrs.)

Weld 29—Oxy-acetylene Welding, Brazing, and Cutting (2)
This is a theory and practice course designed to provide instruction in the areas of oxy-acetylene welding safety; proper use of oxy-acetylene welding equipment; flat, horizontal, and vertical welding of ferrous metals; bronze welding and silver brazing methods and applications; and oxy-acetylene cutting of ferrous metals with a manual torch and radiograph. (4 lec/lab hrs.)

Weld 30—Intermediate Welding and Fabrication (8)
CoReq: Weld 33
Horizontal, vertical and overhead position welding, brazing and soldering of ferrous and nonferrous metals. (1 lec hr., 14 lec/lab hrs.)

Weld 31—Intermediate Welding (2)
PreReq: Weld 26
Theory and practical course in shielded metal arc welding; joint designs, preparation, and fit-up; mild steel electrodes and low hydrogen-type electrode applications and weld techniques; development of manipulative skills on common welding joints with mild steel and low hydrogen-type electrode in the horizontal, vertical, and overhead positions; emphasis on proficiency in vertical up welding with mild steel and low hydrogen-type electrodes; and preparation for AWS structural welding limited certification test in the vertical position. (4 lec/lab hrs.)

Weld 32—Sheet Metal Fabrication (4)
CoReq: Weld 30
Sheet metal pattern development and forming and shaping various sheet metal projects such as gutters, gutter miters, hangers, flashings, downspouts, expansion joints, etc. (8 lec/lab hrs.)

Weld 34—Welding Fabrication (2)
PreReq: Weld 26
Basic welding fabrication with emphasis on safety and common industrial shop practices; interpretation of shop drawings and sketches; commonly used materials and supplies; layout on plates and structural steels; common joint designs and fit-up; oxy-acetylene cutting of plate and structural steel; basic structural framing; use of jigs and fixtures; common practices to control expansion and contraction of weldments and welding procedures. (4 lec/lab hrs.)

Weld 35—Metalworking Lab II (2)
CoReq: Weld 31 or 34 or 36 or 39 or 40 (or prior completion of any)
Open laboratory for students to complete assigned work or to develop proficiency in basic skills. The student must be enrolled in one of the courses listed above, or have credit in the courses that require this additional lab time. With instructor approval, course may be repeated for credit, up to 6 credits. (4 lec/lab hrs.)

Weld 36—Gas Metal Arc Weld (GMAW) (2)
Introductory course in semi-automatic welding with wire feeders; safety, basic electricity in welding, power sources, wire feeders, MIG gun and cable assembly, filler wires, shielding gases, selection and set-up of GMAW welding processes; set-up for solid micro-wire in short-circuiting mode for thinner metals or set-up for heavier welding in spray transfer mode; welding techniques and procedures for all-position welding. (4 lec/lab hrs.)

Weld 37—Flux Cored Arc Weld (FCAW) (2)
Introductory course in semi-automatic welding with wire feeders; safety, basic electricity in welding, power sources, wire feeders, MIG gun and cable assembly, filler wires, shielding gases, selection and set-up of FCAW welding; set-up with constant voltage and constant current power sources; types and size wires for positioned, all-position, and dual-shield FCAW; welding techniques and procedures for all-position FCAW welding. (4 lec/lab hrs.)

Weld 38—Gas tungsten arc weld (GTAW) (2)
Introductory course in GTAW with air-cooled and water-cooled TIG torches; safety, basic electricity in welding, power sources, TIG torches, types of weld current, types and sizes of tungsten electrodes, shielding gases and flow meters, types and sizes of filler metal, set-up GTAW for commonly welded ferrous and nonferrous metals; joint design and fit-up for GTAW welding; welding techniques for GTAW of common ferrous metals, stainless steel, and aluminum. (4 lec/lab hrs.)

Weld 39—Metal Fab II Radial Line Development (2)
PreReq: Weld 25
Manual and machine process in sheet metal fabrication; direct measurement layout and pattern development including radial line development; procedures for layout, blanking, cutting, forming, use of mechanical joints, fasteners, and soldering; sheet metal fabrication of symmetrical and uniform tapering fittings; radial line development of patterns and sheet metal process. (4 lec/lab hrs.)

Weld 40—Qualification Procedures (2)
PreReq: Weld 26
A practical course in industrial standards for quality control in welding and welding fabrication; introduction to the common codes, specifications, and standards used for procedure qualification and welder certification emphasis on specific parts of these codes applying to workmanship and qualifications; certification requirements and applications of these codes to specific types of welded construction or fabrication; and development of qualification procedures and testing for welder certification with AWS D1.1-86 Structural Welding Code. (4 lec/lab hrs.)

Weld 41—Advanced Welding (8)
CoReq: Weld 43
Advanced techniques in electric arc welding; prepares students for the qualification tests in the vertical and overhead positions on the guided bend testing machine. (1 lec hr., 14 lec/lab hrs.)

Weld 43—Sheet Metal Pattern Development & Fabrication (4)
CoReq: Weld 41
Sheet metal pattern development procedures, techniques in construction of geometrical forms, concepts of multiview drawings and planes of projection, and principles of parallel and radial line development and triangulation. (8 lec/lab hrs.)

Weld 50—Special Processes in Welding (8)
CoReq: Weld 53
Pipe joint preparation; all-position pipe welding with electric, ferrous and nonferrous metal; welding with oxyacetylene and electric arc; and aluminum and stainless steel welding with tungsten inert gas (TIG) and metallic inert gas (MIG). (1 lec hr., 14 lec/lab hrs.)

Weld 53—Pattern Development (4)
CoReq: Weld 50
Pipe joint preparation and pipe pattern development for basic fittings for heating and air-conditioning type of work. (8 lec/lab hrs.)
**Women’s Studies**

**WS 151—Introduction to Women’s Studies (3)**
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
This course will present an interdisciplinary examination of the evolving role, status, and identity of women in a multicultural society. Emphasis will be given to patterns of social change and their effect on contemporary issues. (3 lec hrs.)

**WS 256—Domestic Violence and Child Abuse (3)**
Cross-listed as AJ 256 and HSer 256
PreReq: Eng 21 or placement in Eng 102; and Eng 22 or ESL 15 or placement in Eng 100
This course focuses on domestic violence and child abuse. The cycle of violence, causes, effects and symptoms of child abuse will be explored. Legal, public policy, criminal justice, health and social services responses and interventions to family, child and intimate partner abuse will be examined. (3 lec hrs.)

**Zoology**

**Zool 101—Principles of Zoology (3)**
PreReq: Eng 21 or Eng 22 or ESL 15 or placement in Eng 100 or placement in Eng 102
CoReq: Zool 101L (when offered)
The biology of animals: kinds of animals, their structure, evolutionary relationships, physiology, ecology and development. (3 lec hrs.)

**Zool 101L—Principles of Zoology Laboratory (1)**
CoReq: Zool 101 (or prior completion)
Laboratory to accompany Zool 101. Laboratory exercises on the biology of animals, their structure, evolutionary relationships, physiology, and ecology. (3 lab hrs.)

---

**Course Listings**

Hawai’i Community College  2009-2010
Kenoa Dela Cruz
Recipient, Chancellor’s Award for Outstanding Service to the College

Rufina Fritz
Recipient, Campus Award for Outstanding Staff Member

Doug Dykstra
Recipient, 'A'ali'i Award

Sherri Fujita
Recipient, Innovation Award

Taupōuri Tangarō
Recipient, Regents’ Award for Excellence in Teaching
The faculty of Hawai‘i Community College are highly trained and experienced in their respective fields. In the vocational technical fields they hold a minimum technical or bachelor's degree while most in business education and the liberal arts hold masters and/or doctoral degrees in their fields.

Many faculty have extensive work experience in their fields. The Trade & Industry faculty, for example, are experts in their areas, each with an average of over ten years of industry work experience. They bring to the classroom a keen insight into the demands and needs of modern high tech industry. In addition, professional staff development activities keep all faculty abreast of trends and developments in their fields and enhance their effectiveness in classroom teaching.

The University of Hawai‘i is an Equal Opportunity/Affirmative Action Employer.

</table>
CLAYERIA, SANDRA  
Instructor, Human Services  
Certificate 1991, Hawai‘i Community College  
B.A. 1995, M.Ed. 2005, University of Hawai‘i at Hilo

CLINE, STEPHEN H.  
Instructor, English, UH Center at West Hawai‘i  
B.A. 1972, M.A. 1993, California State University

CONNORS, CHARLES  
Media Specialist, UH Center at West Hawai‘i

CREMER, ERIK T.  
Acting Instructor, Nursing  
B.S. 1973, University of California at Davis  
Certificate 1987, University of Hawai‘i at Hilo  
A.S. 1994, Hawai‘i Community College  
M.S. 1997, University of Hawai‘i at Mānoa

CROWELL, KAREN J.  
Instructor/Counselor, Student Services  

DEAN, DIANE  
Student Services Specialist, Talent Search, UH Center at West Hawai‘i  
B.A. 1978, Boston College

DELA CRUZ, KENOALANI C.K.  
Assistant Professor/Counselor, Student Services  
B.A. 1997, M.Ed. 2001, University of Hawai‘i at Mānoa  
Wo Learning Champion, 2007

DOWNS, ERNELLE K.B.  
Instructor/Coordinator, Community Liaison and Recruitment, Chancellor’s Office  
B.A. 1997, University of Hawai‘i at Hilo  
Wo Learning Champion, 2005  
Chancellor’s Award for Outstanding Service to the College, 2007

DULLEY, ROBERT A.  
Associate Professor/Counselor, Student Services  
TESL Certificate 1987, Humboldt State University  
B.A. 1988, Humboldt State University  
M.A.Ed. 1992, Humboldt State University

DUYAO, ANDREA A.A.  
Administrative Officer, Business Office  
B.A. 1990, University of Hawai‘i at Hilo  
Campus Award for Outstanding Staff Member, 2008

ENOKI, LYNNE A.  
Professor Emeritus, English

ESPANIOLA, CHANNEL K.  
Early Childhood Specialist, Children’s Center  
A.S. 1998, Hawai‘i Community College

FERANDEZ, DANIEL P.  
IT Specialist, Academic Support Unit  
A.S. 1994, Hawai‘i Community College

FERREIRA, DIANE S.C.  
Professor Emeritus, English

FLOOD, SHAWN  
Institutional Support/Analyst  
A.A.S. 1998, Linn-Benton Community College  
B.S. 2001, University of Phoenix

FLORES, ERIK KALANI  
Assistant Professor, Hawai‘i Life Styles, UH Center at West Hawai‘i  
B.A. 1982, University of Hawai‘i at Hilo

FREITAS, ROCKNE C.  
Chancellor  
B.S. 1968, Oregon State University  
M.Ed. 1983, University of Hawai‘i at Mānoa  
Ed.D. 1995, University of Hawai‘i at Mānoa

FRITZ, RUFINA C.  
Secretary, Business Education

FUJI, HAROLD H.  
Associate Professor, Automotive Technology  
A.S. 1973, University of Hawai‘i at Hilo  
BOR Excellence in Teaching Award, 1997

FUJIJA, SHERRI L.  
Instructor, Office of Continuing Education and Training  
B.A. 1985, University of Westminster  
M.Sc. 1986, Imperial College London  
Certificate for the Teaching of English as a Foreign Language for Adults, 1989, University of Cambridge  
M.A. 2006, University of Birmingham

FUKUI-STOOS, LORIANNE L.  
Student Services Specialist, Student Services  
B.A. 1995, University of Hawai‘i at Hilo

GALI, DARNETTE  
Office Assistant, Counseling and Support Services  
A.S. 1993, Hawai‘i Community College

GARNETT, ROBERT C.  
Assistant Professor/Librarian, UH Center at West Hawai‘i  
B.A. 1997, Chapman College

GARDNER, ROBYN A.  
Professor, English  
B.A. 1999, M.A. 2005, California State University - Stanislaus

GODDEN, RAE A.  
Educational and Academic Support Specialist, Educational Talent Search, UH Center at West Hawai‘i  
B.A. 1977, Chapman College

GOYA, MARY E.  
Professor, Early Childhood Education  
B.Ed. 1973, M.Ed. 1978, University of Hawai‘i at Mānoa  
Kunimoto Memorial Award for Outstanding Contributions to Career & Technical Education, 2002

GREGORY, LAUREL A.M.  
Associate Professor/Librarian, UH Center at West Hawai‘i  
BOR Excellence in Teaching Award, 2006

GUERRERO, BARRY J.  
Professor Emeritus, English

HA‘ALILIO, PEARLA L.  
Student Services Specialist, UH Center at West Hawai‘i  
B.A. 2000, University of Hawai‘i at Hilo

HALEAMAU-KAM, RAYNETTE  
Instructor/Counselor, UH Center at West Hawai‘i  
B.A. 1992, University of Hawai‘i at Hilo  
M.Ed. 2004, University of Hawai‘i at Mānoa  
Chancellor’s Award for Outstanding Service to the College, 2008

HAMASAKI, JOYCE E.  
Associate Professor, Nursing  
B.S.N. 1980, University of Hawai‘i at Mānoa  
M.S. 1982, University of Hawai‘i at Hilo  
B.A. 1999, University of Hawai‘i at Mānoa

HAMMOND, THOMAS M.  
Professor Emeritus, Science

HARADA, GENE F.  
Professor, Carpentry  
A.S. 1975, University of Hawai‘i at Hilo  
Provost’s Award for Outstanding Service to the College, 1995  
Chancellor’s ‘A‘ali‘i Award, 2007
HEERLEIN, PAUL E.
Assistant Professor/Coordinator Food Service, UH Center at West Hawai'i

HIGA, SHELDON Y.
Account Clerk, Business Office
A.S. 1982, University of Hawai'i at Hilo
A.S. 1984, B.S. 1985, Mount Marty College

HIRAKAWA, KEAHILANI C.
Office Assistant, UH Center at West Hawai'i
Certificate 1987, Hawai'i Community College

HOPSON, MICHAEL R.
Educational Specialist/Coordinator, Library/ Learning Resource Center, UH Center at West Hawai'i
B.S. 1970, University of Washington
M.Ed. 1981, Western Washington University

HORIMOTO, SUSAN M.
Administrative Officer, Business Office
B.A. 1986, University of Hawai'i at Hilo

HUI, MEIDOR
Instructor, Art
B.A. 1997, University of Hawai'i at Hilo
M.F.A. 1999, San Francisco Art Institute

HUDSON, PAMELA J.
Professor, English
A.B. 1965, Stanford University
M.A.T. 1967, Harvard University

IIDA, JANE Y.
Professor Emeritus, Mathematics

IKEDA, DAVID T.
Professor, Agriculture
B.S. 1966, M.S. 1970, M.B.A. 1984, University of Hawai'i at Mānoa

ILAE KALEIMAMAHU, LEIALOHA T.
Instructor, Hawai'i Life Styles
A.A. 1996, Hawai'i Community College
B.A. 2000, M.Ed. 2005, University of Hawai'i at Hilo

IMAI, CAROLYN K.
Janitor, Planning, Operations and Maintenance
Diploma 1968, Hawai'i Technical School

IMANAKA, DENNIS T.
Groundskeeper, Planning, Operations and Maintenance

ISHII, LIUANE KELLEY
Secretary, Nursing and Allied Health Division
C.C. 1998, A.A. 2008, Hawai'i Community College

JAMES, JOHN-GABRIEL H.
Instructor, History
B.A. 1995, University of Hawai'i at Hilo
M.A. 2004, University of Hawai'i at Mānoa

JAMES, KATHRYN C.
Acting Instructor, Nursing
B.A. 2006, Cumberland University

JONES, LUCY L.
Instructor, Human Services, UH Center at West Hawai'i
B.A. 1965, M.A. 1966, California Western University
M.A. 1986, Fuller Theological Seminary
Ph.D. 1992, United States International University

KAHALE, KYLE-FRANCOIS K.
Instructor, Construction Academy
A.A.S. 1999, Hawai'i Community College
B.A. 2005, University of Hawai'i at Hilo

KAHUMOKI, NADINE N.
Account Clerk, Business Office
A.S. 1999, Maui Community College
A.A.S. 2004, Hawai'i Community College

KALUE, MANIKAALANI N.
Instructor, Hawai'i Life Styles
B.A. 2002, University of Hawai'i at Hilo

KAMA, SANDRA A.
Secretary, Vice Chancellor for Academic Affairs

KAMALII, RICHARD A.
Janitor, Planning, Operations and Maintenance

KANAHELE, PUALANI O.
Director of Research and Development for Hawaiian and Related Programs
B.A. 1982, University of Hawai'i at Hilo
Doctor of Humane Letters, honoris causa, 2005, University of Hawai'i
BOR Excellence in Teaching Award, 2002

KÅNE, KAREN S.
Assistant Professor/Counselor, Student Services
B.A. 1986, University of Hawai'i at Hilo
M.Ed. 1998, University of Hawai'i at Mānoa

KANOHO, NOZOMI K.
Assistant Professor, Administrative Affairs
A.A. 2001, Hawai'i Community College
B.A. 2004, University of Hawai'i at Hilo

KAWA'AIHAI, DONALA K.
Instructor, Marketing
B.B.A. 2002, University of Hawai'i at Hilo
M.B.A. 2004, Hawai'i Pacific University

KEALI'IKA'ANA'KOA'OLEHAILILANI, KEKUHI K.
Instructor/Coordinator, Hawai'i Life Styles Programs

KIMURA, GUY Y.
Professor/Coordinator, The Learning Center
B.Ed. 1977, M.Ed. 1987, University of Hawai'i at Mānoa
Campus Outstanding Staff Award, 1993
Provost's Award for Outstanding Service to the College, 2002

KIMURA, GWEN L.C.
Professor, Reading
B.Ed. 1977, M.Ed. 1981, University of Hawai'i at Mānoa
BOR Excellence in Teaching Award, 1993

KOJIRO, CLYDE S.
Professor, AECTech
Certificate 1969, Hawai'i Technical School

KOTECKI, KATHLEEN J.
Associate Professor, Nursing
B.A. 1977, Mills College
M.N. 1996, University of Phoenix

KUALI'I, APRIL D.
Office Assistant, Financial Aid Office

KUIWAYE, GLENN-DEE N.P.
Office Assistant, Construction Academy
LARISH, MICHAEL D.
Associate Professor, English
1983, University of Hawai'i at Hilo
M.A. 1989, Ph.D. 1999, University of Hawai'i at Mānoa

LAU, KELLEY E.
Student Life Coordinator, Student Services
B.A. 2007, University of Hawai'i at Hilo

LAURICH, BERNHARD K.
Assistant Professor, Physical Sciences
B.S. 1977, M.S. 1981, Ph.D. 1986, University of Stuttgart

LEIALOHA, KAREN E.
Professor/Counselor, Student Services
B.A. 1970, M.S. 1972, University of Missouri

LEIALOHA, MICHAEL N.
Vice Chancellor for Administrative Affairs
B.S. 1966, Weber State University
B.B.A. 1979, University of Hawai'i at Hilo
Chancellor's Award for Outstanding Service to the College, 2004

LEITE, DOUGLAS P.
Instructor, Machine, Welding and Industrial Mechanics
Certificate 1966, Hawai'i Technical School
Certificate of Training 1967, United States Air Force

LEWIS, PATRICIA K.
Office Assistant, Liberal Arts Division
Certificate 1980, Durham Business College

LIGHTNER, JAMES M.
Assistant Professor/Hospitality Division Chair, UH Center at West Hawai'i
B.S. 1961, U.S. Coast Guard Academy
M.B.A. 2002, University of Hawai'i

LOEDING, DAVID R.
Student Services Specialist/Registrar, Student Services
B.S. 1978, St. Cloud State University

LOSALIO-WATSON, JOEANNE K.
Secretary, UH Center at West Hawai'i

LOUIS, RACHEL
Administrative Officer, UH Center at West Hawai'i
B.B.A. 2000, University of Hawai'i at Hilo

LUKER, DENISE
Instructor, Mathematics
A.A., A.A. 1988, Fullerton College
B.S. 1994, California State Polytechnic University
M.S. 2002, California State University - Long Beach

LUNDBERG-SPRAGUE, SHERYL E.
Student Services Specialist/Financial Aid Officer, Student Services
B.A. 1991, University of Hawai'i - West O'ahu
MBA 1993, Chaminade University of Honolulu
Campus Outstanding Staff Award, 1997

MADALONIZ, BRADLEY J.
Janitor, Planning, Operations and Maintenance

MAEDA, ANNETTE Y.
Professor, English
B.A. 1975, 5th Year Certificate 1977, M.A. 1978, University of Hawai'i at Mānoa
Wo Learning Champion, 2008

MAKIUAKANE-SALAVE'A, JAMIE KI'U
Administrative and Fiscal Support Specialist, Financial Aid Office
B.A. 2003, University of Hawai'i at Hilo

MANUEL-CORTEZ, DORINNA H.
Student Services Specialist, Admissions and Registration
B.A. 1992, Pomona College

MARLOW, CHARLEEN A.
Professor, Psychology
B.A. 1968, M.A. 1972, University of Hawai'i at Mānoa

MARLOW, JOHN W.
Professor, Speech
B.A. 1973, San Diego State University
M.A. 1981, University of Hawai'i at Mānoa

MECKLENBURG, ERIC
Instructor, English
B.A. 1989, University of Colorado
M.F.A. 1995, Emerson College

MEDEIROS, MARVIN
Janitor, UH Center at West Hawai'i

MEDEIROS, PAULA M.
Secretary, Liberal Arts Division

MEDEIROS, WENDELIN T.
Office Assistant, UH Center at West Hawai'i
Campus Award for Outstanding Staff Member, 2004

MEDINA, ARTHUR JR.
Building Maintenance, Planning, Operations and Maintenance
Certificate 1974, Trade School Tucson Arizona
Diploma 1989, Milwaukee School of Engineering

MELENDEZ, CHARLEEN
Janitor, Planning, Operations and Maintenance

MEOLA, KALYAN V.
Educational Specialist, The Learning Center
A.A. 2003, Hawai'i Community College
B.A. 2006, University of Hawai'i at Hilo

MIDEL, CHRISTOPHER N.
 Instructor, Construction Academy
A.A.S. 1998, A.A.S 2000, Hawai'i Community College

MIMAKI, JAMES
Professor Emeritus, English

MINE, JODI A.K.
Budget Specialist, Administrative Affairs
B.B.A. 1992, University of Hawai'i at Hilo

MIYASHIRO, DARRELL S.
Instructor, Machine, Welding and Industrial Mechanics
A.S. 1988, University of Hawai'i at Hilo

MOORE, DONNA J.
Associate Professor, English
B.A. 1971, M.A. 1981, California State University, San Francisco

MOORE, JULIA L.
Associate Professor, Nursing
B.S.N. 1990, M.S.N. 1993, M.P.H. 1993, University of Hawai'i at Mānoa

MORAN, SHARON E.
Associate Professor, Nursing
B.S.N. 1985, Consortium of the California State University
M.P.H. 1990, University of Hawai'i at Mānoa
M.S.N. 2005, Samuel Merritt College-California

MOTOMURA, HARVEY S.
Associate Professor, Electronics Technology
A.S.E. 1967, National Technical School
A.A. 1974, Imperial Valley College
B.S. 1976, San Diego State University
M.Ed. 1989, University of Hawai'i at Mānoa
MUKAI, IRIS M.
Admin Officer, Business Office
B.S. 1974, University of Hawai‘i at Mānoa
Campus Award for Outstanding Staff Member, 2006

MURAKAMI, VIOLET S.
Assistant Professor, Business
B.A. 1977, University of Hawai‘i at Mānoa
M.F.A. 1992, San Francisco State University

NAKAMATSU, SHANA M.
Personnel Clerk, Human Resources
B.A. 2005, University of Hawai‘i at Hilo

NAKAGAWA, APRIL H.
Secretary, Applied Technical Education Division
A.S. 1983, Hawai‘i Community College

NAKAI, MIRANAI

NAHALE-A, EMERSON KIHEI
Instructor, Hawai‘i Life Styles
B.A. 1995, University of Hawai‘i at Hilo

NAHMI-MIJO, TRINA
Professor, Psychology

Community Partnerships
Community connections, partnerships and collaboration are central to the mission of the College. Hawai‘i Community College is responsive to the needs of the community and works proactively with the community on workforce training and economic development. Advisory councils in each of our training areas advise faculty of training needs and new developments in the field. These councils are listed under “Curricula and Programs.” In addition, the Chancellor of the College seeks advice from community and business leaders on ways the College can assist in economic development for the community. Two of the College’s federally-funded programs also have community-based advisory committees that guide the development of those projects.

Chancellor’s Community Advisory Committee
John DeFries, Director, Hokulia Foundation
Richard Ha, CEO/Owner, Hamakua Springs
Allan Ikawa, President/CEO, Big Island Candies
June Jones, Athletics Department, Southern Methodist University
Russell Kokubun, Senator, State of Hawaii
Phoebe Lambeth, Manager, Hawaii Pacific Oncology Center
David Ramos, David Ramos CPA & Associates
Hannah Springer
Dwight Takamine, Representative, State of Hawaii
Barry Taniguchi, President/CEO, KTA SuperStores
