4	Professors of TEAM are all excellent and I could prepare well for going to Master Degree. However, the counselor was really bad and I could not communicate with her at all. She was very stubborn and did not try to find the better way other than her own way. Especially, she misunderstands a lot about health insurance policy, medical check for entrance and so on. I did not have any trouble on the evaluation, but one of my friends had a terrible score though he did very well in class apparently. I was very surprised to see that the counselor did not do anything for him for the situation. I guess she does not like to do any 'extra job'. I already graduated from the university in Japan when I entered HCC, and I asked her to transfer my credits. She said it was impossible! I wanted to study more at HCC and continue my study at UHH, but I gave up and took entrance exams of graduate school in Japan all because of the poor counseling system of HCC. I am a Graduate School student now in Japan and very happy with that, but her behavior while I was in HCC was intolerable. Many Japanese students are leaving HCC for the same reason if she still works there.	1/26/2016 4:37 PM
