Re: ad-hoc GE Committee Report to the Academic Senate for March 20, 2015

ad-hoc GE Committee Report to the Academic Senate for 3/20/15

The ad hoc GE committee met three times since the last Senate meeting: 3/4/15, 3/11/15 and 3/18/15. The committee continued its work on guidelines that we are creating to assist faculty in completing the GE designation application form at the March 4, 2015 meeting.

At the March 11, 2015 meeting, Robert Yamane spoke with the committee about the CTE GE proposal he is creating. A discussion including questions and answers regarding the proposal followed.

The ad hoc GE committee most recently met on March 18, 2015 and unanimously approved a motion requesting that the CTE GE proposal be routed through our committee prior to senate action. We want to ensure that the college's established GE process is followed, allowing for transparency and broad-based dialogue to serve all of our degree-seeking students.

The ad-hoc GE Committee will continue to meet weekly to discuss a variety of topics. Currently there are no new proposals for the committee to review.
