

We the Student Representatives (Student Government and Student Activities Board) of Hawai'i
CC call for:

- Recognition by HawCC administration that our new Constitution and Bylaws has been supported by 478 HawCC students. Upon recommendations by VP Morton, we will be making changes to these documents in the summer & hold another official vote in the 1st week of Fall 2015.

- Support by HawCC administration to allow the Student Government & Activities to work out detailed constitutions and bylaws for each organization that will establish a clearer understanding of the budgeting, processing, and programming of each CSO. Major changes of those new documents is:
 1. Student Government & Student Activities will operate separately.
 2. Maintain full control over ASUH/AFSA HawCC funds & assets.

- A HawCC Student Government and Student Activities Board free from undue influence by HawCC Administration so that we can operate autonomously.

- A spacious and adequate office space to base our operations.

- Fair, equitable, and timely process of our fiscal paperwork.

- Full access to budget records in order to oversee and manage Student Funds and assets.
