3. Chair's Report: UHCCP #4.203 Institution Set Standards (Update)	Chair Giordanengo reported the following: 1. The EC is working on UHCCP #4.203, and hoping to have a resolution about how the college feels about it in January. Manoa and Leeward are also making resolutions. Senator DuPuis stressed that UHCCP #4.203 asks for 5% increases in many of the categories listed every year. When Morton was asked, he said it's in the Strategic Plan from P20, and dependent upon graduation rates projected by 2030. However, community colleges are not represented on the Commission that evaluates the Plan. Concerns were made about the process and that the 5% increase is to be added continuously even as we grow as a College. Language of the resolution is a concern in terms that it becomes a "policy" that establishes institution set standards for "student achievement." The Faculty Policy Committee (FPC) will develop a Resolution about the new Course Evaluation System (CES) for the January Senate meeting. Chair Giordanengo will share with the Senate the email sent to the FPC, including a list of who was on the committee. Chair Giordanions vs. General Education will also be forthcoming in January. Version 5 of the revised Academic Senate Charter will be given to the DCs in a couple of weeks. 20 people are needed to sign a petition to open the Charter up for discussion. Discussion to start in February.	RESPONSIBLE
