| Repeating Failed Courses - Students who receive an F or NC earn no credits. Students may repeat any course in which they received an F or NC for that semester. For courses taken as a repeat, the last grade received for the course shall be included in the student's cumulative GPA. The grade from the previous attempt shall be excluded from the GPA. Grades for each attempt are permanently recorded on the transcript. | Repeating Courses With certain restrictions that are noted below, undergraduate students may retake a course with the intention of earning a higher grade. When a course is repeated, the GPA is computed by using the most recent grade received. If "W" is the "repeat" grade, the initial grade will be used to compute the GPA. If "F" is the "repeat" grade and the initial grade was "D" or higher, students will retroactively lose the credits that they | Beginning fall 2015, the last grade received for a repeated course shall be included in the student's cumulative GPA and the grade from the previous attempt shall be excluded from the GPA. Grades for each attempt remain a part of the student's permanent academic record. If a W is the repeat grade, the initial grade earned will be used to compute the GPA. If a D- or F is the repeat grade and the initial grade was | Repeating Courses Students can repeat courses once without restrictions except when permission to repeat selected courses is determined by program-specific requirements; students are advised to check with their programs regarding specific requirements. For any subsequent repeats, students must register during late registration on a space-available basis with instructor approval. All entries remain a part of the student's permanent | Repeating a Course Students may repeat any course in which D, F, N, W, or L was received. Credit is allowed only once for a repeated course. The first and all subsequent grades will remain on the student's Academic Record and all grades will be used to compute the grade point average (G.P.A.) and to determine academic status. □ Certain courses may be repeated for additional credits. The course | Repeating a Course: Credit can be earned only once for a course. If a course is repeated, the first and all subsequent grades will remain on the student's academic record. Repeated course grades will appear on the student's academic transcript but will have an "E" notation next to them to indicate that these grades are excluded from the student's GPR. The grade that counts in the calculation of the GPR is identified by an "I" notation, for | Repeating Courses - If you received a grade of "D" or lower, you may repeat the course and receive the higher grade and grade points. Credit is allowed only one time. You do not need instructor approval to repeat the course. | Repetition of Courses No student may attempt the same course more than two times without special approval. The third or any subsequent attempt of the same course requires the approval of the Dean of Student Services or designee. Withdrawal from a course after the erase period will count as an attempt of the course. This policy does not apply to: 1. Courses which are identified in the | Repeating Courses Students may repeat any UH Maui College course once with the instructor's permission, then may repeat a course only with the permission of the Vice Chancellor of Academic Affairs. The credit from a repeated course is entered once toward the credit earned and applied only once toward a certificate or degree requirement, unless specified otherwise in the course description. All grades are reflected on the transcript, but | A student may repeat any course taken at the College but will receive additional credit only if the course description in the catalog states that the course may be repeated for additional credit. With the exception of courses which specifically allow repeating for additional credit, credit will be allowed only once for a course, and the student will receive the higher grade and grade point. The lower grade, however, shall |
