1. Representing the FPC committee, Erick and I were asked, this spring, to serve on a HawCC CES committee, to be developed to decide if/how CES results will be shared within each department, with the department chairs. It has been recommended that the committee include a student, a faculty senate representative and a senior administrator. This was a request from Don Straney, the UH System Vice President for Academic Planning and Policy, to all the colleges in the UH system. The Faculty Policy Committee has not received any updates about the CES committee status and have asked Sam Giordanengo, as Academic Senate chair to follow up with the HawCC Admin team. The deadline set by Don Straney for this process to be complete is July 1st 2018 in order for the planned CES implementation in fall 2018.
2. The 2014 Bullying Survey was updated and finalized by the FPC during the Tuesday March 20th Faculty Policy Committee meeting. The FPC respectfully requests that the survey be included for discussion and approval at the next Academic Senate meeting. If approved, the FPC recommends that the Bullying Survey is opened to faculty, lecturers and staff on the morning of Monday March 26th and closed at the end of the day on Friday April 6th. The FPC will be meeting on April 10th and April 12th to review and summarize the responses to be shared at the April Academic Senate meeting.
