Hawai'i Community College is committed to a barrier-free campus and provides accommodations to ensure students with disabilities have equal access to education. The Disability Services provides assistance to a student who self identifies as having a documented physical, learning, psychological, or sensory disability (either permanent or temporary) which limits the ability to fully participate in course study and campus activities at Hawai'i CC.

Under the **Americans with Disabilities Act (Title II)** and the **Rehabilitation Act of 1973 (Section 504)** individuals with disabilities have protections against discrimination and are assured access to programs, services, and activities. 'No qualified individual with a disability shall, on the basis of their disability, be excluded from participation in, be denied benefits of, or otherwise be subjected to discrimination under any program or activity which receives or benefits from Federal financial assistance.'

Students who can provide documentation that indicates the existence of a disability as well as its substantial impact in limiting one or more major life activities, including learning, are eligible for services. The documentation should indicate whether the absence of special accommodations would limit or deny equal access and, thus, result in discrimination.

Students with documented disabilities should contact the campus Counselor for students with disabilities. Call to make

an appointment and complete an intake application for services. Students must bring documentation of the disability. Services and accommodations may include:

Students with disabilities must self-disclose to the Hawai'i CC Disability Service Provider and provide accommodation documentation to the Distance Education (DE) instructor. The coordination of access to services and accommodations will be provided by Hawai'i CC in consultation with the campus delivering the course and receiving tuition, according to the system-wide guidelines. (Policy Haw 5.200)

Students with disabilities who enroll in DE courses at another campus are responsible for notifying their home campus Disability Services Office. In conjunction with their home campus Disability Services Office, students will need to self-identify themselves with the Disability Services Office where the course is being offered in a timely manner. That campus' Disability Services Office will determine the accommodations for the students and send out accommodation notices.

If there are any questions or discrepancies with information noted in STAR, seek counseling by contacting the Counseling Office in Hilo at (808) 934-2720, or the Office of Student Services at Pālanui at (808) 969-8816.

Transferring from Hawai'i CC to a UH System Community College

The student should determine if the program he/she wishes to pursue is offered by that community college. If it is, the next step would be to complete the Change of Home Institution form and submit it by that campus' application deadline. Because each institution has different procedures, students should contact the other campus to verify how and when to request a transfer credit evaluation of courses taken at Hawai'i CC. Students wishing to apply for financial aid should contact that campus' Financial Aid Office to obtain any supplemental forms needed besides the Free Application for Federal Student Aid (FAFSA).

Transferring from Hawai'i CC to a UH System Baccalaureate Program

A Hawai'i CC student can transfer to UH Mānoa, UH Hilo, or UH West O'ahu to pursue a bachelor's degree. A student interested in transferring to one of these campuses should refer to that institution's college catalog or website to check on the requirements for transfer students.

In general, a student will need at least 24 transfer level college credits and have at least a 2.0 GPA (resident) or 2.5 GPA

(non-resident). Some majors will require a higher GPA. The GPA is used for admissions purposes, but is not transferable.

If a student has less than 24 transfer level credits, the high school record will be used for determining admission. This will include the high school GPA, SAT or ACT scores, and college prep courses taken.

A student who has earned an articulated Associated in Arts (A.A.) degree from a UH Community College shall be accepted as having fulfilled the general education core requirements at all other UH campuses. However, in addition, a student must also complete any specialized lower-division, major, college and degree/graduation requirements, such as writing-intensive or foreign language requirements. Some of these additional requirements may be completed within the AA degree.

Students should develop an academic plan which anticipates transferring to a specific four-year campus. A student planning to transfer either before or after completing the AA degree is advised to see a Hawai'i CC counselor for assistance in selecting AA degree courses, which also will meet requirements of the campus and the program to which the student will be transferring.

The student must submit a UH System Application by the deadline and also request an official copy of his/her Hawai'i CC transcript to be submitted with their application and another transcript to be sent *when the final grades are entered* and *after the degree is conferred*. The latter should be requested if applicable.

Automatic Admissions

Students graduating from any of the University of Hawai'i's seven Community Colleges with an A.A. degree or selected A.S. degrees will be notified that they may be eligible for automatic admission to UH Mānoa, UH Hilo, or UH West O'ahu. (Policy EP 5.209)

Under automatic admission, the application fee is waived, priority registration provided, and student transcripts analyzed to help identify likely majors. Qualified students will receive an admission letter via their UH e-mail account informing them of their eligibility and must respond in order to take advantage of this opportunity.

Please contact the Hawai'i CC Counseling, Advising and Support Services Center in Hilo at (808) 934-2720, or the Office of Student Services at Pālanui at (808) 969-8816 for more information.

Transferring from Hawai'i CC to a Non-UH System Campus

A Hawai'i CC student who plans to transfer to another campus should obtain information regarding the following: majors offered, cost (including transportation), financial assistance available, size (student population and physical layout), housing, student services, academic support programs, extra-curricular activities, climate, urban/rural/suburban setting, and requirements for transfer students. This information is in the college catalog. Many colleges and universities now have their college catalog on the internet.

A Hawai'i CC student who plans to transfer to a non-UH campus will need to obtain application information and the application forms, and request the necessary official transcripts from Hawai'i CC be sent to the campus to which the student will transfer. The student should also obtain any supplemental financial aid forms aside from the FAFSA if he/she plans to apply for financial aid.

Determining course equivalency is at the discretion of the receiving campus. Students are encouraged to contact an Academic Advisor at the transfer campus for assistance in selecting courses at Hawai'i CC that will transfer.
