

Tips for Students

CONNECT – visit your instructors during office hours or gather with classmates to form a study group. Meet with student services staff to learn how you can achieve your goals. Ask tons of questions. Everyone wants to help. Let them.

MAKE A FRIEND – introduce yourself to your classmates and get to know them. It helps to share an experience with others.

ATTEND A WORKSHOP – your success depends on your attitude and level of commitment. Tap into your creativity, learn strategies for success, or network to find new career pathways.
